GARDEN SEEDS.

—GROWN, AND FOR SALE BY—

A. T. COOK,

SEED - GROWER,

CLINTON HOLLOW,

DUTCHESS COUNTY,

NEW YORK.

—♦♦♦—
"A wilderness. says neighbor Black.
A desert waste and wild.
Where rank weeds choke, and ravens croak.
And poison reptiles hide.
Ay, so it is. says neighbor White,
But hapily, you and I
Might clear the ground our homes around;
Come neighbor, let us try."

TO MY FRIENDS AND CUSTOMERS
AND ALL OTHERS WHO WANT TO BUY SEEDS

DIRECT FROM THE GROWER.

KIND FRIENDS:—In again sending you my annual SEED CATALOGUE, I take this opportunity of thanking you for the liberal patronage bestowed on me, and for the many kind letters and testimonials, in regard to the good quality of my seeds. I do not boast of having the largest seed house in the country, or of issuing the most magnificent catalogue, filled with illustrated beauty, and bewitching rhetoric, (which all understand the customer really has to pay for in high priced seeds.) But rather, I am glad to say that what I do, I mean to do well, and by personally growing most of the seeds,—carefully testing them,—and putting them up myself,—I KNOW WHAT I AM SELLING. and am able to supply good-sized packets at a reasonable price.

My seeds for 1887, are EXTRA FINE.

They are raised for MY CUSTOMERS.

I send out no seeds on commission.

Terms, CASH with the order.

Postage—stamps taken same as cash.

Money Order office Poughkeepsie, N. Y.

COOK, Clinton Hollow, Dutchess Co. N. Y.

K I N D W O R D S .

From S. C. Gifford, BROOKLYN, N. Y.

Mr. A. T. Cook:—The seeds all came to hand in good time and splendid condition. Please accept my thanks. I was greatly surprised and pleased at the quantity and quality of the same. Your generosity and promptness, exceeds any I have ever dealt with, and I shall freely use my influence among my friends in your behalf.

From Mrs. D. Mc. Lin, HILLSBORO, OREGON.

Mr. A. T. Cook:—Your garden seeds are very good I know by experience, and I can get them from you for just half what I have to pay for them here: and about twice the amount in a packet.

From A. I. Root,

MEDINA, OHIO.

Friend Cook:—The seeds and potato-eyes all came to hand in excellent order. Many thanks for the extras.

From Lafayette Deal,

LONOKE, ARK.

The seeds you sent me last Spring proved a perfect success, I never had seeds do better. My neighbors were also well pleased with theirs.

From J. T. Dubberly, SURRENCY, GA.

I have tried your seeds, and am well pleased with them. They ALL grow, and I get more seeds for the money than from other dealers.

From I. W. Haynes, TURNERSVILLE, TENN.

Mr. A. T. COOK:—I received the seeds in good condition. Please accept thanks for your kindness in sending such large packets and so many more than I ordered. I have planted your seeds for three years and am more than pleased with them. I think your Strawberry Tomato the best thing for preserves, pies, etc. that grows in Tennessee. I enclose another order, and will do all I can for you.

Address, A. T. COOK. [SEEDSMAN] Clinton Hollow, Dutchess Co., N. Y.

From Cynthia P. Shurmon; FRANKLIN, TEXAS.

Dear Sir:—For enclosed \$4.00 please send 10 INTRODUCTION BOXES of Garden Seeds. Your seeds have given the greatest satisfaction. I cannot say too much in your favor.

From H. A. Mc. Quiston. FAIR HAVEN, OHIO.

KIND FRIEND:—Those packages of seeds, plants, and potato-eyes, arrived safely. You are very, very liberal, in sending so many extras with such nice articles. They were most thoroughly wrapt,—strong enough to have gone round and round the world.

From Jennie Palmer. East Randolph, N. Y.

The Complete COLLECTION of garden seeds I got of you last Spring proved entirely satisfactory. I cannot prize your seeds too highly.

From Mrs. H. M. Fredenburg. TYLER Minn.

Dear Sir:—Enclosed find an order for three Collections of seeds, also for other seeds and plants.

We have had your seeds the past two years, and they have done splendidly. I never saw such beets, cabbages, turnips, &c. as we raised from your seed last year.

Vegetable, and Flower Seeds.

I have taken much pains to give a select list of only the best varieties, rather than a bewildering long one. I hope every one who has not planted my seeds, will give me at least a trial order.

My mixed vegetable seeds have been received with much favor. They are especially desirable for small gardens where an assortment is wanted. In no other way can such a variety be planted in the average garden. They are the choicest strains grown separate, and carefully mixed.

All my seeds are put up in IMPROVED PACKETS, which are very convenient for the customer. The Beans, Peas, and Corn are put up in full ounce packets, and all the other packets are good size.

LIBERAL DISCOUNTS.—As an inducement for the formation of clubs, or to market gardeners and those who order larger quantities than usual for their own use, I make the following LIBERAL DISCOUNTS ON SEEDS IN PACKETS,

NOVELTIES, and SPECIALTIES,

VEGETABLE PEACH.—I have the pleasure this season, of introducing this,—which I consider the most valuable, and unique Novelty offered to the public in many years. They grow on vines same as melons, are a beautiful golden yellow, almost exactly resembling oranges in color, shape, and size. The flesh is snow-white, and makes most excellent, and handsome preserves. Fried as Egg Plant, when green they are delicious, and for "Mangoes," they are so perfectly adapted I know of nothing better. They will keep in good condition two months after being picked from the vines. Very productive, early, and hardy,—have ripened their fruit in Canada—planted in June. I hope no one will fail to try this novelty. I have never grown anything in my gardens that called forth so much interest and admiration. Directions for growing,—use of fruit, etc. on each packet.

Packet, 15 cts. two for 25 cts. 10 for \$1.00

VARIEGATED POP CORN.—I now offer for the first time, this new and handsome variety. Ears beautifully variegated, red, white, and blue colors blended; early, productive, finest quality. A splendid kind to grow for market; sells at fancy prices everywhere. Pkt. 15 cts. 2 for 25 cts. 5 for 50 cts.

GARDEN DOCK.—This rare, distinct, and valuable variety, grows to a gigantic size; (I have measured leaves, 4 feet 7 inches long, by 10 inches wide.) It is rich and tender, and exceedingly fine flavored. This is by far the earliest of all greens, being ready for the table fully two weeks before asparagus; and considered by many much superior to that popular vegetable. A bed once started, will last for years. Every one should grow it. Pkt. 10 cts. 3 for 25 cts.

PEAS.—Bliss' American Wonder (true seed). Best in quality, immensely productive. I have counted 25 large pods on one vine. Height 10 to 12 inches. Earliest and sweetest wrinkled pea in cultivation.

Pint 35 cts. quart 60 cts.

SUNFLOWERS.—Mammoth Russian. Heads 10 to 22 inches in diameter; excellent for feeding poultry and horses. It is the **BEST EGG PRODUCING FOOD** known for poultry; they eat it greedily fatten well upon it, and obtain a bright, lustrous plumage, and strong healthy condition, better than on most any other food. It can be raised cheaper than corn. Pint 30 cts. quart 50 cts.

STRAWBERRY TOMATO.—I am headquarters for the genuine Strawberry Tomato, (Winter, or Ground Cherry,) seed. This distinct husk tomato, is unequalled for canning, preserving, and pies. Dried in sugar, as Raisins, or Figs,—or to use in fruit cake, they are unexcelled. They are a handsome golden color,—the size of large cherries, enormously productive, and will keep till mid-winter, or longer. They have a strawberry flavor, and many esteem them fully equal to that fruit to eat out of hand. This tomato is indispensable where fruit is scarce or likely to fall.

Extra selected seed, Pkt. 10 cts.
3 for 25 cts. oz. 35 cts.

PURPLE-HUSK TOMATO.—This new, and beautiful variety produces fruit in great abundance, from one to two inches in diameter, enveloped with a husk. In sections devoid of fruit, many esteem them highly; a great curiosity. Pkt. 10 cts. 3 for 25 cts.

POP CORN.—Cook's Improved Egyptian. I have been improving and perfecting this magnificent corn, for many years, and now offer a strain of seed that cannot be surpassed. Its productiveness is unapproached by any other variety, 3- to 6 ears on a stalk. [Have had 8 ears on a single stalk.] I once grew two and a half bushels of ears on just 50 hills. It pops splendid, bursting out very large, white as snow; tender, and delicious. Every one who keeps poultry, should raise a supply for feeding chickens, nothing can be better. Boys and Girls, as well as older ones, can get a nice income growing this corn to sell; it sells readily at from \$1.00 to \$3.00 per bushel of ears. I send out only **EXTRA SELECTED SEED**. Pkt. 10 cts. 3 for 25 cts. quart, 60 cts.

CHINESE YAM, or Cinnamon Vine.—A pretty climber, 12 to 20 feet, very desirable for covering screens and arbors; or trailing about the door or window. Flowers, small white and grow in clusters. They have a sweet, cinnamon fragrance. Tubers hardy, and may remain in the ground all winter. They will grow larger and send up stronger vines from year to year. Pkt. [6 bulets] 10 cts. 3 for 25 cts.

COOK'S IMPROVED LIMA.—Best Lima Bean grown, either for home use or market, very productive, 12-10 days to two weeks earlier than Dreer's Improved. Pkt. 10 cts. 3 for 25 cts.

Pint 35 cts. quart 60 cts.

CHUFAS, or Earth Almonds.—These very closely resemble in sweetness and richness of flavor, a coconut. They are much grown in the South to fatten swine, poultry, etc. They succeed perfectly at the North: my plants yielding from three to six hundred fine chufas each. They are a rich and healthy food for poultry of all kinds. Directions for planting etc, on each packet. Pkt. 10 cts. 3 for 25 cts.

Pint 35 cts. quart 60 cts.

BEANS: New Golden Prize.—Early, and very productive: pods long, brittle, and **ENTIRELY SPRINGLESS:** of a rich golden wax color. I consider this decidedly the best dwarf bean, I ever raised.

Pint 35 cts. quart 60 cts.

SWEET CORN.—Cook's Extra Early. The **VERY BEST**, and earliest sweet corn grown: ears 6 to 8 inches long: very productive, and sweet. Especially valuable for the market-gardener, to completely control the early markets. Quart 60 cts.

POWELL'S PROLIFIC POLE BEAN

This wonderful and extraordinary new variety, surpasses anything ever before seen among beans: more than **THREE TIMES** as productive as any other kind. Quality **SUPERFINE**. Should be planted 5 feet apart; and a large pole (with branches left on) firmly set for them to run on: Supply very limited. Sold only in packets containing seven beans, and to **EACH** of the **SIX PERSONS** growing the greatest number of beans by count, from one vine, I will give the **MAGNIFICENT CHROMO**, "**YOSEMITE VALLEY**," 14 x 20 inches in size, and printed in 17 oil colors. All reports to be in by Nov. 10. Pkt 10 cts. 3 for 25 cts.

JAPANESE NEST-EGG GOURD.—This new and beautiful variety, varies in size from a pigeon's egg up to a goose egg, but mostly the size of hens eggs, and so exactly the color and shape, as to almost deceive the naked eye. The shells are hard and durable, and make the very best nest-eggs as they neither freeze or crack. The largest ones, (when sawed into), make excellent pots for starting tomato, strawberry, and other plants. The Nest-Egg Gourd, is a rapid and desirable climber: quickly covering old sheds or any unsightly object with a mass of green foliage, thickly dotted with beautiful white eggs. Boys you can make money growing this gourd, and selling them to your nabors, for nest-eggs. Packet. 10 cts. 3 for 25 cts. oz. 50 cts.

CABBAGE:—I offer only the best brand of Puget Sound Cabbage Seed. **UNQUESTIONABLY THE BEST IN THE WORLD:** Gardeners! plant them this year, and you will know what to buy in the future. Pkt. 5 cts. ounce 20 cts. 4 ozs. 60 cts.

MUSK-MELON. Golden Netted Gem.—Very early, prolific, sweet as honey, and a gem indeed. They are thick-meated, the flesh is light green in color, and uniformly of fine luscious flavor. Packet 5 cts.

COCOANUT SQUASH.—A magnificent little squash. Very prolific, yielding from six to a dozen to a vine. Very handsome, flesh sweet, solid, and excellent; a splendid keeper. The coconut will give a crop when all standard sorts fail.

POTATO SEED:—I offer a **VERY CHOICE STRAIN** of potato seed, one that will produce a great variety of kinds: some of which may prove of inestimable value. packet 10 cts. 3 for 25 cts.

Wm. M. Johnson, of Tampico Ind. writes—
"The packet of Potato-seed you sent me done well. Some look like the peach-blow,—some are a beautiful pale pink, large and long for a seedling the first year, they are a beauty. Some large white, purple eyes:—some round, pale red, 30 to 50 in a hill:—some pale blue:—some white, flat, and three inches or more long:—two hills of black potatoes, &c. &c.
I never saw so many different colors and shapes. If they grow in the same ratio another year, they will be the largest ever raised in this section."

ARTICHOKE.—Mammoth White. Splendid for pickles, and nice to use on the table, like radishes. Very nutritious and fattening for all kinds of stock. Unexcelled as a green food for poultry in winter. They will yield at least 1000 bushels per acre. Price same as potatoes. (see next page.)

PLANTS.

CURRANT BUSHES.—CHERRY. 25 choice plants well packed in wet moss, and sent postpaid for \$1.00 100 for \$3.00.

ASPARAGUS PLANTS.—75 cents per hundred.

CELESTY PLANTS. I raise these by the hundred thousand, and can mail strong, well-rooted plants in June, July, and August, as follows:—
100 for \$1.00 500 for \$3.50 1000 for \$6.00.

ALL PLANTS sent by express,—if desired, at just half above rates. [Not prepaid.]

EGGS FOR HATCHING.

I take pride in caring for and breeding the varieties advertised, and feel that all entrusting their orders to me will get healthy, well bred stock.

Houdans.

The **HOUDANS** are one of the most valuable breeds raised. Hunch white spangled with black. They possess the non-sitting qualities of the Leghorn. are a third larger, have a crest, and triple comb. They are excellent table fowls the flesh being of the finest quality. They are great layers, of large, handsome white eggs. The chicks are hardy, feather early, and mature rapidly. Give this variety a trial.

Eggs \$1.50 per 13.

Wyandottes.

WYANDOTTES are a new breed, but they have already gained great popularity. They are handsome, compact birds, good layers and sitters, mature early and are a grand table fowl. I have a fine flock of nicely marked birds.

Eggs \$1.50 for 13.

Pekin Ducks

are the largest of the ducks. As layers they are not equalled by any other variety. They have orange legs, yellow bills, and creamy white feathers, which are as valuable as geese feathers. They cannot fly or climb fence any more than a mud-turtle. Their eggs hatch well, ducklings are thrifty and hardy, mature rapidly, require no more water to swim in than chickens, and are ready to market before other fowls are half grown.

Eggs \$1.50 per 13.

☞ I will send 39 eggs for \$4.00 65 for \$6.00.

All eggs fresh and true to name. I pack carefully and securely in new baskets, so as to carry safely any distance with lowest express charges.

POTATOES.

I make a specialty of growing **NEW** and **CHOICE** varieties of Potatoes; and offer this select list.

EARLY MAINE.—New: In earliness, quality and productiveness, this new variety surely takes the lead of all the list. It deserves a trial in every garden. 50 strong eyes, 50 cts.

EARLY SUNRISE.—Very early. Tubers oblong, solid, uniform, and handsome. Desirable for its extreme earliness, excellent quality, and great productiveness. 50 eyes, 50 cts.

☞ **COOK'S ROYAL.**—I now offer this magnificent new variety, which is worthy the attention of every potato grower in the country. Tubers oblong, flat, and **VERY HANDSOME**,

perfectly smooth, with eyes even with the surface. In yield it has proved remarkably prolific, a sure cropper, even in unfavorable conditions. Season, medium. It is a good keeper: pure white skin and flesh, and either baked or boiled, of a most delicious, and rich flavor. I am the originator, and have the entire stock: have put the price very low that all my friends may try it.

50 eyes, 50 cts.

WHITE STAR.—Medium early. Whether baked or boiled, its purity of color, fine floury texture, and delicate flavor, are very attractive. Very prolific, Tubers, large and handsome; has everywhere given the best satisfaction.

50 eyes, 50 cts.

☞ 50 eyes of each of the above four varieties only \$1.75, 100 eyes of each \$3.00.

I have received only the most favorable reports from all sections, from sending potato eyes. It is much the best and cheapest way to obtain new varieties. I leave a nice piece of potato with each eye, one eye being sufficient for a large hill. I send them correctly labeled, boxed, and postpaid, at above rates.

PRINTING.

Having a very complete printing office, well equipped with new type, (which is not fully occupied with my own business,) I am prepared to do printing for any of my friends at low rates. See the following prices at which I furnish **FIRST CLASS** paper stock, printed to order,
