WHOLESALE
TRADE LIST.

— 1888. —

GEO. A. BACKUS,
NEWTOWN, QUEENS CO., L. I. N. Y.

W. H. CLEMENTS, Florist.

ROSES, PALMS, GREENHOUSE AND
BEDDING PLANTS.

It is with pleasure that we present to the trade our wholesale price list of Roses, Palms, Greenhouse and Bedding Plants, and take this opportunity to thank our many patrons for the favors they have shown us.

We grow and sell annually thousands of Bedding Plants; we also grow and import thousands of Palms and Roses; and to the best of our knowledge we have not had a dissatisfied purchaser.

We send out none but good healthy plants and only the best varieties.

We have also a fine collection of Orchids, a price list of which will be sent on application.

We do not offer any plants in this catalogue of which we have not a good and well grown stock from which to select.

Persons therefore who favor us with their orders whether selected by themselves, or left to us to select for them, and

whether ordered by mail or otherwise, may rely upon what they order, as we make it a strict rule that none but good healthy plants leave the greenhouses.

All plants are carefully packed and shipped by experienced hands, so they may be sent to distant parts with perfect safety.

No charges are made for packing or delivery to railroad or express companies.

Persons ordering with whom we have not had previous dealings, are requested to send the money with their orders or to furnish satisfactory reference; otherwise the bill will be collected by the express company delivering the goods.

All remittances should be made by Registered Letter, or Post Office Money Order on Flushing, L. I., or draft on New York City.

Newtown is situated about five miles from New York City and is reached by trains on the Long Island Railroad from Long Island City (there are about 24 trains daily, boats from Thirty fourth street or James' Slip Ferries connect with all trains;) the greenhouses are about five minutes walk from the depot at Newtown, where we will be pleased to meet all who are interested in the culture and sale of plants.
