FLORAL PARK, N. Y.

ILLUSTRATED CATALOGUE

CHOICEST

FLOWERS!

J. ROSCOE FULLER,

B. R. BERGEN.

PLEASE NOTE—That we have given our customers the benefit of the new reduction in Postage throughout this Catalogue.

FULLER'S SEEDS, BULBS AND PLANTS, are Warranted True to Name and Reliable in Every Respect—None Better.

SENTINEL PRINTING OFFICE, HEMPSTEAD, N. Y.

OUR PRIZE COLLECTION

For \$1.00, worth \$4.00.

THE GREATEST BARGAIN.—Every person who is blessed with good judgment will send for the Prize Collection, if there is nothing else in the whole Catalogue. Don't miss this offer.

For \$1.00 we will send a box of Seeds and Bulbs that cannot be purchased from Catalogue for less than \$4.

NAMES WANTED.

50 cts. worth of Seeds for five names.

Send us the Names and Address of five who buy seeds, bulbs and plants, and we will add 50 cents worth of Seeds to your order to pay you for your trouble.

Seeds will not be sent for names except with a cash order.

THE MOST LIBERAL OFFERS EVER MADE.

It is our purpose to offer a few Collections of Bulbs, Seeds and Plants at extremely low prices, so that all can have a bed of choice flowers at little cost.

Collection No. 1—20 Packets Choice Flower Seeds for 50 cents.

This special offer of 20 packets of Choice Flower Seeds for 50 cts. is made so that all who have gardens might have an opportunity of thoroughly testing the fine quality of our seeds. We wish you to bear in mind that these packets are all full size and cannot be purchased separately for less than \$2.00.

Collection No. 2.—Special Offer 15 Packets Choice Vegetable Seeds for 50 cts.

This makes a complete Kitchen Garden for a small family. Our packets are regular size and contain the choicest quality of seed, and cannot be purchased separately for less than \$1.50.

Collection No. 3.—Ten Named Gladiolus for 50 cts.

Angele. Pearly white; showy and effective.

Brenchleyensis. Bright vermilion-scarlet.

Ceres. Pure white, spotted with purplish-rose.

Eugene Scribe. Flowers large and wide; perfect.

Felicien David. Light cherry, extra fine.

Golden Sceptre. Beautiful clear yellow.

Lord Byron. Brilliant scarlet, blotched and flushed pure white.

Madame Monneret. Soft lovely pink; late variety.

Napoleon III. Bright scarlet; white stripes in the petals.

Princess of Wales. White, flamed with carmine-rose.

Collection No. 4—Ten Named Gladiolus for 75 cts.

Addison, **Africaine,** **Golden Scepter,**
Martha Washington, **Meyerbeer.** **Shakespeare,**

La Candeur,
Stella,

Le Poussin,
Sultana.

It will be seen that this is a collection of extra choice, and in many cases very rare and high-priced sorts, and cannot be purchased separately for less than \$3.40.

Collection No. 5—12 New Seedling Gladiolus for 40 cts.

This is a selection of our magnificent new Seedlings, all of which are very fine.

Collection No. 6—12 Choice Mixed Gladiolus for 20 cts.

These represent a large range of fine colors and choice varieties.

Collection No. 7—12 "Excelsior" Pearl Tuberoses for 50 cts.

These are large flowering Bulbs which will give magnificent bloom.

Collection No. 8—8 Beautiful Lilies for \$1.00.

This is a collection of 8 named Lilies of our own selection. It will include none but beautiful sorts, and some that are very choice and rare.

Collection No. 9—4 Ever-blooming Roses for 50 cts.

This will include one plant each of the following colors; red, white, pink and yellow. They will be extra strong and healthy plants.

TO OUR CUSTOMERS.

Again we have the pleasure of presenting you our **New Guide** for 1889, and cordially solicit your orders. Our facilities for successfully conducting a mail order business are unsurpassed, so that we are enabled to give to our friends and patrons the following **GUARANTEE** that all Seeds, Bulbs and Plants sent out by us shall reach their destination in good condition, and that they will grow with proper treatment, and be as represented, in so far that if they prove otherwise, we will refill the order or return the money.

What Customers Should Do.—Forward money with the order and at our risk, when sent by Post Office Money Order or Postal Note on Floral Park. Greenbacks, gold or silver coin by Registered Letter, Bank Draft on New York or Express Companies. Money Orders or Postage Stamps carefully inclosed with the order. Be sure to give your Name and Address plainly. Keep a correct copy of your order that you may know when the package arrives, if all is correct, as people often forget what they order and complain without cause.

We send Seeds, Bulbs and Plants **Free** by mail at the Price named in this Catalogue. If a package is ordered to go by Express, we do not pay the charges, but somewhat larger Plants can be sent in this way, and we always add extra ones enough to more than pay the cost.

In Ordering always be careful to write your Name plainly, giving Post Office, County and State, and give Shipping instructions, if the order is to go otherwise than by mail.

Discounts.—We make the following discount to those who will get up a club or order largely for their own use; considering our very low prices we think them very liberal. Please notice that these discounts cover everything offered in this Catalogue, and not merely seed by the packet.

Those sending \$3.00	can select articles amounting to	\$3.30
" " 5.00	" " " "	5.60
" " 10.00	" " " "	12.00
" " 25.00	" " " "	30.00
" " 50.00	" " " "	62.00
" " 100.00	" " " "	125.00

We advise the formation of large clubs, and the above discount will certainly pay any one for some trouble in that direction. We will also add that everyone who sends an order to the amount of \$10 or more, will receive a magnificent present, in the way of some new and choice articles.

We respectfully solicit your orders on the above very favorable conditions. Every possible care and precaution will be used by us to prevent any mistakes from occurring, but should any such occur, we wish to be advised at once, and they will be cheerfully rectified, as it is our aim and desire that every transaction with us shall be perfectly satisfactory.

Grand Specialties and Novelties.

STORM KING FUCHSIA.

This is the great **Storm King** so much has been said about. Our stock is true. True stock is very scarce.

As will be seen by the cut, this grand plant is of the most beautiful weeping habit. The branches drooping as they do, lend the plant a charming grace which is rarely found. Branches numerous, leaves small and numerous and of the most beautiful glowing green. The buds for two weeks before they expand are balls of bright scarlet crimson, and are one of the principal beauties of the plant, as they hang suspended among the dense green foliage. The flowers continue to grow larger and larger for several days after they expand, and reach an enormous size. The sepals are of the same glowing scarlet crimson of the buds, while the large double corolla is of delicate waxy whiteness, elegantly pencilled with deep bright crimson. No finer contrast of colors can be imagined. Strong plants, 25 cents each; \$2 per dozen.

GERANIUM, "WHITE SWAN."

This is the finest of all double white Geraniums. It has been awarded the highest prize of the National French Horticultural Society, and all others where shown. It is of rugged, compact short-jointed growth, thickly studded with flower spikes surmounted by an immense snow-white truss of perfect proportions, individual florets open clear and free, set together so as to form an exceedingly large and most beautiful head of bloom. This is the most perfect of all the whites, **pure white**, and does not become tinged as most do with pink stains. An excellent bedding variety outside. Fine plants 20 cents each; 3 for 50 cents.

STORM KING FUCHSIA.

THE TRAILING FUCHSIA.

Procumbens. As a Fuchsia this is indeed a novel and interesting sort, and one of great value and beauty, especially for hanging pots and baskets. It is probably the prettiest trailing plant in existence; 20 cents each; 3 for 50 cents.

CRIMSON KING.

We have no hesitation in pronouncing this the finest novelty in choice plants which has come out in the past five years. The largest Fuchsia we have yet seen—larger than *Champion of the World*; is of the richest violet shade. 50 cts. each; 3 for \$1.

WHITE SWAN.

SOMETHING FOR EVERYBODY.

THE BEAUTIFUL NEW FAIRY LILY.

FAIRY LILY.

Stems about a foot high. Flowers very large, pure white and sweet scented. Bulbs do not grow very large. This is one of the most beautiful, and one of the sweetest and prettiest of all flowers. It can be easily grown by any one, either in the garden or in pots. It is perfectly hardy south of Baltimore, and can be left in the open ground over winter. In the northern States bulbs should be lifted in October and stored in the cellar over winter like *Gladiolus*, or they can be planted in pots. A six inch pot is large enough for 3 or 4 bulbs. They make beautiful pot plants, either for summer or winter. Though this beautiful plant has been in cultivation but few years, it has gained great popularity. We now possess one of the largest stocks in the word, and make a special offer of large sized bulbs which bloom soon after planting. We offer bulbs at this low price (bringing them within the means of every lover of flowers in the land) to thoroughly introduce it, knowing that it is destined to be loved and cultivated by all.

We send fine large bulbs by mail postpaid, as follows:

1 bulb to any address for 15 cts.	6 bulbs to any one address for 60 cts
2 " " " " 25 "	12 " " " " 1.10 "
3 " " " " 35 "	25 " " " " 2.00 "

We keep them on hand neatly packed ready for mailing at any time.

ARC-EN-CIEL.

The flowers of *Passiflora Arc-en-Ciel*, or Arch of Heaven, have the same delightful fragrance as the *Narcissus*. In color the raised part is pure white, the centre citron colored, the outer circle dark and the inner white, shaded to blue. 20 cents each; 3 for 50 cents.

EVENING GLORY, OR MOON FLOWER.

This plant is a rapid growing climber, suitable for trellises, fences, verandas, arbors, etc. Its flowers are pure white, five inches in diameter, moon-like, expanding at evening, they produce a striking effect. Plants produce 30 to 100 blossoms. Flowers open in the afternoon and close at noon next day. 20c each.

WHITE PASSIFLORA.

Akelia Alba, fl. pl.

This plant produces hundreds, and even thousands of pure white double blossoms, and continues in bloom from July to October. For bouquets and cut flowers it is very valuable, and is one of the very best of all plants for cemetery planting. 20 cts. each, three for 50 cts., five for 75c., ten for \$1.25.

PASSION FLOWER

Constance Elliott.

A most valuable novelty. Vine a rapid grower, short jointed and quite hardy. The flowers are of medium size, ivory-white in color and exquisitely fragrant. 20 cts. each 3 for 50 cents.

AKELIA ALBA, fl. pl.

The flowers are of medium size, ivory-white in color and exquisitely fragrant. 20 cts. each 3 for 50 cents.

SELECT ASSORTMENT OF CHOICE FLOWER SEEDS, Which Flower the First Season.

We have taken the greatest pains to improve many of the different kinds of Annuals, and as far as possible procure superior strains of all, knowing that on these the garden is dependent for most of its Summer and Autumn display. In this we have been very successful. Our stock of Asters, Balsams, Dianthus, Mignonette, Portulaca, Petunias, Pansies, Poppies, Phlox, Stocks, Verbenas, Zinnias and many others, superior, in most cases, to anything in the market. This is the testimony of thousands who have used our seeds.

ABRONIA.

A handsome trailing plant which makes a pretty green foliage and bright flowers. The flowers are in clusters and much like a Verbena.

Umbellata. Fine rosy lilac..... 3 Pkt \$0 05

AGERATUM.

A highly ornamental class of free flowering plants which are useful for pot culture as well as the open ground. The dwarf varieties make splendid borders for beds, as they are compact and always loaded with flowers.

Mexicanum. Lavender blue; tall..... 5
Album. Pure white; tall..... 5
Little Gem. Dwarf and compact; a perfect mass of blue flowers all the time..... 5
Tom Thumb. White; dwarf and compact.. 5

ALYSSUM.

The Sweet Alyssum is one of the most fragrant and useful of all annuals for bouquets and floral work. Sow seed very early in open ground and it will soon bloom.

Sweet. Pure white..... 5

ANTIRRHINUM MAJUS.

(Snap-Dragon.)

Unsurpassed for summer and fall flowering. The strains we sell are particularly fine, and will fairly vie with the Carnation in the variety of their stripes and spots. Perennials.

Antirrhinum Majus Tom Thumb. Dwarf growing; mixed; one foot..... 5
Fine Mixed. From named collections; two to three feet..... 5

AMARANTHUS.

Valuable for its varieties of handsome foliage, whether grown in the conservatory or garden. The colors will be more brilliant if planted in moderate rich soil.

Amaranthus Tricolor. Leaves yellow, red and green; well known as "Joseph's Coat." Very showy in beds alone..... 5

Bicolor Olbiensis. Dark purple foliage, edged at the terminals with bright crimson. Four ft. high..... 5

Salicifolius. Two and a half to three feet high, pyramidal in form, branching close to the ground. Leaves beautifully undulated, varying from green to bronze, and later to a bright orange red color, forming magnificent bright colored plumes..... 5

ASTER.

The numerous forms of Aster, and the now great variety of rich colors of its perfectly double flowers, make it a leading favorite. For a late summer and fall display it has not an equal. No garden should be without a good variety of these beautiful flowers; they are easily grown, succeeding admirably in any soil, producing a display of richly colored double blossoms which any one may be proud of. Do not fail to plant a good variety of these grand flowers.

ASTER.

Truffaut's Peony-flowered. Mixed colors. A beautiful and favorite variety..... 3 Pkt \$0 05
Fuller's New Rose. Finest mixture in all colors. Plants of this variety grow large and strong, and bear from 50 to 100 fine double flowers of large size and great beauty. It is our favorite variety..... 5
Quilled German. Fine mixed, petals beautifully quilled..... 5
Washington. Mixed colors; flowers are enormous size and very double..... 5
Dwarf Chrysanthemum Flowered. Mixed colors; very fine..... 5
Dwarf Bouquet. Mixed, very dwarf and pretty..... 5
Imbrique Pompon. Mixed, fine..... 5
All Colors Mixed, large Pkt. 10c.

BROWALLIA.

This is now considered indispensable in all massing and ribbon-line gardening, in fact for all bedding purposes it is used almost as freely as the Coleus. Half-hardy Annuals.

Browallia Elata Cerulea. Blue. One and a half feet..... 5
Alba. White. One and a-half feet..... 5
Roetzlii. Mixed colors, blue and white; flowers double..... 10

BALSAM.

Our seed is Long Island grown, and is without doubt the best strain in existence. The flowers

BALSAM.

grown from it are used largely by florists for making baskets and table decorations, and have a wide reputation, in the world. Their flowers are of gigantic size, and so double and perfect that they resemble small Camellias, and are borne in such wonderful profusion, that we have counted 500 to 600 blooms upon a plant at the same time. All plants will produce fine double flowers.

White. Magnificent.....	\$0 05
Pink. Splendid deep color	5
Scarlet. Very bright.....	5
Striped. White and purple.....	5
Variegated. Scarlet and white.....	5
Lavender. Beautiful.....	5
Light Pink. Very delicate.....	5
Fancy Spotted Mixed. Crimson, purple, magenta, etc., all spotted white.....	5
Mixed Colors. Of all the above.....	5
One paper each of above 8 kinds, 30 cts.	

BELLIS (Double Daisy.)

The beautiful little Daisy which scarcely needs description, in bloom from April to June.

Double, Mixed Colors. White, pink, rose, etc	5
Double, White. Pure in color and profuse in bloom	5
Longfellow. Double, dark crimson; new and fine.....	5

CALLIOPSIS, or COREOPSIS.

Few, if any, annuals are more useful than these; the colors are rich and striking, flowers are numerous and beautiful.

Calliopsis Mixed. Two feet.....	5
---------------------------------	---

CANNA.

Stately and highly ornamental foliage plants growing from 5 to 10 feet high, and forming a most beautiful object for the lawn or for large circular beds. Some have light green leaves and others of a brownish-red color. The flowers are of scarlet and yellow colors and showy. Soak the seed well in hot water before sowing.

Finest Mixed Sorts.....	5
Warscewicz. Dwarf, 3 feet, elegant dark brown foliage.....	10

CENTRANTHUS.

This is one of the most beautiful of all annuals. The flowers are small and borne in large clusters.

Mixed Colors. White and pink.....	5
-----------------------------------	---

CANDYTUFT.

A pretty, hardy annual. It blooms freely and produces fine effects and is particularly valuable for bouquet-making, and cut flowers.

All Colors, Mixed.....	5 Pkt. \$0 05
New White. Splendid for floral work.....	5
Rocket. White, flowers borne in pyramidal spikes.....	5
Tom Thumb. Mixed colors; very dwarf, 4 to 6 inches high, compact and freeflowering; new and splendid.....	5

CALENDULA.

These are now among the most beautiful and popular of garden annuals. Sow seed early in the open ground and they will bloom profusely from June until the ground freezes. Fall frosts do not injure them.

Mixed Colors. All fine double sorts.....	5
Meteor. Very double; petals small and each one marked with two shades of yellow; very effective.....	5
Prince of Orange. New; deep orange-yellow	5

CELOSIA (Cockscomb.)

One of the most beautiful flowers that can be grown in the open ground. They are not difficult to grow, as is usually supposed. Start in heat and transplant to rich garden soil last of May.

Dwarf. Mixed, including Glasgow prize, and all the beautiful large-flowered dwarf sorts, some of which produce heads over two feet in circumference.....

Feathered. Mixed colors. This grand variety produces numerous large feathery plumes of gay colored flowers which keep perfect a long time.....	\$0 05
New Japan. Very beautiful; should be in every garden.....	5
New Variegated. The combs of this variety are variegated with bright crimson and yellow, forming a most beautiful contrast.....	5

All Colors Mixed, large Pkt. 10 cts.

CLARKIA.

The Clarkia delights in a cool and shady situation, and produces masses of gay-colored flowers. Highly prized in Europe.

Mixed Colors. Double and single	5 Per Pkt. \$0 05
---------------------------------------	-------------------

CONVOLVULUS MINOR.

Dwarf Morning Glory. Mixed colors. The Dwarf Morning Glories are very beautiful indeed, the plant being a mass of bloom.

CELOSIA-COCKSCOMB.

SINGLE DAHLIAS.

COSMOS HYBRIDUS.

This plant is of strong growth, having elegant foliage. For fall blooming it has no superior. Seed sown in April and May and transplanted to open ground produces plants five or six feet high by September, and from then till November will be covered with hundreds of blooms 3 inches across.

Seeds of all colors, mixed 5c. per pkt.

CHRYSANTHEMUMS.

The great and growing demand for the annual varieties, has brought Chrysanthemums into

general favor, and are indeed charming. Sow seed early in open ground and they will bloom profusely all summer. 3 Pkt

Eclipse. A very showy variety, the form of the flowers somewhat resembling the well known *Burridgeanum*, but surpassing it greatly by its striking colors, which are pure golden-yellow with a purplish-scarlet ring or center on the ray florets, the disk dark brown \$0 10

Inodorum. Dwarf growing, double white varieties; very free flowering and beautiful for pot culture. 10

Mixed Annual Varieties 5

Indicum. This is the perennial class, of which we offer the finest seed obtainable, from our magnificent collection. Mixed, including Japanese, Chinese, etc 15

DATURA.

The Datura or Ghost Flower is a very interesting plant. It grows several feet high and branches freely producing large trumpet-shaped flowers.

Mixed Sorts. 5

GAILLARDIA LORENZIANA.

DAHLIAS.

Few are aware that Dahlia plants from seed sown in the spring will bloom beautifully the first summer, and give quite as good, if not better satisfaction than bulbs. From one or two papers of seeds many plants can be raised which will be of the greatest variety of colors, and most perfectly double.

Single Dahlias. Finest mixed 10
Double " " " 10
Zimpani 10

DIANTHUS.

The Dianthus or Chinese Pink, which is closely allied to Carnation and Picotee, has long been a great garden favorite. It is, in fact, one of our most useful plants, furnishing abundance of gay and pretty flowers. They live over winter and bloom finely the second season.

Hedewigi. Flowers single, 3 inches across of rich and beautiful colors. 5

Eastern Queen. Single, 3 or 4 inches across, splendidly striped and stained 5

Several fine mixed sorts. 5

ESCHSCHOLTZIA.

These are very easily grown as they flourish in any situation, and bear very large showy blossoms. The foliage is finely cut and perfectly elegant. Sow early in open ground.

Mixed Colors. Very showy for masses 5

FOUR O'CLOCK.

One of the showiest and most desirable annuals we have; grows easily and blooms continually.

Four O'Clock. Best mixed varieties. 5

EUPHORBIA.

A tall-growing plant which in late summer presents crowns of white leaves which make a very ornamental bed.

Variegated 5

CONVOLVULUS MINOR.

Dwarf Morning Glory. Mixed colors. 5

EUCHARDIUM BREWERII.

A very beautiful plant from California, forming distinct and compact bushes, covered nearly all the season with bright rose flowers having marked white centers; a good annual, allied to the Clarkias [Ⓟ] Pkt \$0 05

GAILLARDIA.

Very showy and worthy a place in every garden, though they are as yet little cultivated. They always attract attention by their gay colors.

Mixed Colors. 5
Lorenziana. Large globular heads of crimson and yellow blossoms; new 5

GLADIOLUS.

Showy summer and fall blooming bulbs, flowering the second year from seed.

Gladiolus, Lemoinei Hybrids. We have in our collection none but the choicest seedlings, most of which will produce the finest colored flowers. 10

GODETIA.

The Godetia is useful in more ways than one. Seeds sown early in pots bloom in a few weeks and makes a gay display. Sown early in the open ground they are soon in bloom. [Ⓟ] Pkt

Mixed Colors.... \$0 05

Lady Albemarle.

Flowers 4 inches across and of intense carmine, shaded towards the edge with delicate lilac. 5

Spotted Carpet. A charming dwarf variety of this popular genius. The plants never exceed six inches in height, and forms curious, carpet-like bushes, a foot or more across, which are densely covered with from 250 to 300 exceedingly chaste and pretty flowers, snowy white, with a bright carmine rose spot at the base of each petal. 10

GODETIA-L. ALBEMARLE. [Ⓟ] Pkt

GILLIA.

A very pretty, hardy annual. The flowers are borne in great abundance and make up splendidly in bouquets.

Mixed Colors. Blue, white rose, etc. 5

GYPSOPHILA PANICULATA.

A lovely plant, with the most delicate misty white flowers, in elegant loose panicles. For using as a decoration in bouquets or vases of cut flowers it has no superior. Blossoms first season, and continues to blossom several years. Make handsome specimens dried. 5

ICE PLANT.

A very pretty little trailing plant, much used for garnishing, the leaves of which are covered with crystalline globules, thus giving it the appearance of being coated with ice: half-hardy annual. 5

HELIANTHUS (Sunflower.)

The Sunflower, so long neglected, is now very popular. For situations where tall plants are wanted, as around trees, among shrubbery, or against fences, it is indispensable. [Ⓟ] Pkt

New Double Dwarf. Very large and perfectly double flowers \$0 05

Oscar Wilde. Small single flowers in great number 5

Geneva Giant. 12 to 15 feet high, with one flower, which is of enormous size. 5

IPOMOPSIS.

Remarkable handsome free-flowering plants, with long spikes of dazzling orange and scarlet flowers. **Fine Mixed.** 5

LOBELIA.

A most elegant and useful genus of plants, of easy culture, and well adapted for bedding, edging, pots, or rockeries. They are employed as universally in general summer gardens as scarlet Geraniums, to beds of which they form a neat and attractive edging. Seeds should be covered lightly. 5

LARKSPUR.

An old and well-known hardy annual. Sown early in open ground. The flowers are borne in compact spikes and are showy and are desirable for any situation.

Mixed Colors. Best sorts. 5

LUNARIA.

(Honesty.)

Early summer free-flowering plants, with silvery seed pods, admired for winter decoration with ornamental grasses, etc.; hardy.

Lunaria Biennis. Purple; very showy. 5

LUPINUS.

Bearing large spikes of blue and white pea-shaped flowers. All colors mixed. 5

MALVA MOSCHATA ALBA.

A very sweet-scented flower of the snowiest-white, shining like satin; belonging to the same family, it is somewhat like an Hibiscus in shape; the flowers are quite lasting and it will prove desirable for all cut flower decorations. 5

MARIGOLD.

Well-known, free-flowering plants, with handsome double flowers, of rich and beautiful colors. The African is the most striking in large beds or mixed borders, where they attain a large size during the summer and produce a great profusion of handsome double flowers, lasting a long time. Both classes much admired. Half-hardy annuals.

Marigold, African Mixed. Selected from the finest double flowers; very beautiful; lemon and orange. 5

French Double. Mixed. 5

Prince of Orange. The plant grows twelve to eighteen inches high, and produces large, brilliant, deeply imbricated flowers in great profusion from early summer until after frost. The color is very striking, being a pale straw yellow striped with a most intense shade of orange, which imparts a glowing tone to the whole flower. 5

MIGNONETTE.

An old favorite, too familiar to need description, save of those newer sorts recently introduced, such

as Hybrid Spiral, which is a strong grower with spikes 8 to 10 inches in length; Golden Queen, whose flowers are of a particularly golden yellow and very fragrant.

MIGNONETTE.

Bird's Mammoth.

The largest variety grown; under proper cultivation spikes average 12 to 15 inches long, are very full and exceedingly fragrant; as a winter flowering or forcing sort, it is unequalled 5

Common Sweet. Per $\frac{1}{2}$ oz. 15c. 5

Golden Queen. Dense pyramidal habit, throwing up numerous flower stalks bearing spikes of yellowish blossoms; new 5

Giant Pyramidal. A distinct and improved variety, of robust, pyramidal growth and very large flowers 5

Hybrid Spiral. Entirely distinct from any of the older varieties of Mignonette. It is a strong grower and a most abundant bloomer, producing flower spikes from 8 to 11 inches; deliciously fragrant. 10

MIMOSA.

(Sensitive Plant.)

An interesting plant; its leaves curling and closing up if touched. 5

MYOSOTIS.

(Forget-me-not.)

These are admirable for pot culture for winter blooming, as well as for growing in open ground. Nothing is finer for bouquets than the charming Forget-me-not.

Dwarf, mixed colors. Small bushy plants with large blossoms 5

NASTURTIUM.

NASTURTIUM.

For showy and constantly bloom few garden flowers equal the old Nasturtium, which, by the way, has been greatly improved during the past few years.

Mixed Seed. Many colors. Per pkt. . . 5

NIGELLA.

An easy grown, free-blooming annual of great beauty, and is often called "Love-in-a-Mist," or "The Lady in Green."

Mixed Colors. . . . 5

NIGELLA.

PANSY.

It is needless for us to say anything in praise of this lovely flower. Everybody knows, loves and

cultivates the Pansy. They give such a profusion of bright bloom during spring and autumn months that they are a necessity to every garden. We have taken the greatest pains to procure our seed from prize strains only, and it is unsurpassed. Seed can be sown at almost any part of year, but the best time to sow for summer and fall show is early spring. They then bloom summer and fall.

PANSIES.

For early spring show, August or September is a good time to sow seed, giving the plants slight protection over winter, though they seldom winter kill. If all flowers are picked as soon as they fade the plants will bloom much more freely, giving larger blooms and better colors.

New Imperial German Pansies. This is the genuine German strain. For mould and perfection of form, variety and intensity of color, none equal it. 5

Giant Odier Cassiers. An elegant new strain of the popular Odier. 5

Atropurpurea. Dark purple-violet. 5

Alba Marginata. Silver edge; very fine. 5

Emperor William. A splendid blue. 5

Gloriosa. (Quadricolor). Four blotched; new 5

King of the Blacks. (Roi des Noirs.) Deep coal black. 5

PANSIES—Continued.

Lord Beaconsfield. Purplish-crimson, margined white.....	½ Pkt \$0 05
Light Blue	5
Odier French Blotched. Beautiful	5
Prince Bismarck. Gold bronze; marmorated	5
Purple. With gold edge	5
Red Bronze, Fancy. Bright coppery-red colors; mixed	5
Striped Fancy. Beautiful variety	5
Snow Queen. Pure white	5
Very Fine Mixed Pansy Seed ¼ oz. \$1	5

One packet each of the 15 varieties, 50 cents.

POPPY.

Very showy and desirable, as they are easily grown and make a brilliant appearance; they should be generally cultivated.

DOUBLE POPPY.

Giant Carnation Flowered. Double flowers of brightest colors; they are perfectly grand 5
Papaver Danebrog. (*The Danish Flag*.) Scarlet and pure white, in the shape of a cross..... 5
Mephisto. New, fiery deep scarlet bearing on each petal large blackish violet spots. 10
Crimson King. Deep dazzling crimson; large 5

and double 5
Umbrosium. Grows about 18 inches high, of bright scarlet, marked with a black spot on each petal 5
Fine Double Poppies. We have a superior strain of these, with flowers as fine as largest double Dahlias; the colors are distinct, and range from red to pure white, maroon and crimson..... 5

PHLOX DRUMMONDI.

Little need be said in favor of this grand annual. Everybody knows and cultivates it for its brilliant colors. It is truly called the "Flame Flower." A bed in bloom dazzles the eyes with its brilliancy, and the different colors sown produce a beautiful effect. Sow seed in the open ground early.

Alba. Pure white..... 5
Alba Oculata. White, purple eye..... 5
Black Warrior. Very dark..... 5
Coccinea. Brilliant scarlet; splendid..... 5
Elegans. Has a very large white disc; extra fine..... 5
Isabellina. Pale yellow..... 5
Rosea. Marble slate blue..... 5
Striata. Striped, scarlet and white..... 5
Splendens. The richest colored and most effective of all the large flowering varieties... 5
Grandiflora Mixed. Most brilliant and perfectly formed flowers..... 5
Finest Mixed Varieties...... 5

One packet each of the ten varieties 40 cts.

PETUNIA.

For years the Petunia has been one of the leading window and garden flowers, and few can be more generally satisfactory. Always full of bloom, it is ever an object of great beauty. The double and large single sorts are generally selected for window culture, and bloom freely all times of year. For bedding out in summer they are equally valuable. A bed of Petunias is a mass of gay colors from early spring to late fall.

Grandiflora Mixed. Very choice and beautiful..... ½ Pkt \$0 05

FULLER'S New Hybrids. Striped and blotched; a magnificent strain, producing a great profusion of crimson and white flowers, beautifully blotched, striped and marked... 10

PORTULACA.

One of the easiest cultivated summer flowers and one of the most effective. It does best in sunny places; produces a profusion of various colored flowers, and is very desirable for hot, exposed places rock work, or where bright color is used.

DOUBLE PORTULACA.

Single Varieties. All colors mixed 5
Double Varieties. All colors mixed 10

RICINUS.

(Castor-Oil Bean.)

Picturesque foliage plants that speedily attain gigantic proportions, and are ornamental till frost.

gated. This is one of the greatest acqui-
 sitions of recent introduction. The flowers are
 of medium size, fine form, very double, and
 as finely striped and variegated as the best
 marked carnations and picotees. The seed
 we offer is the best strain under cultiva-
 tion..... 10

EVERLASTING FLOWERS AND GRASSES.

Everlastings are becoming very popular in this country, not only on account of their summer attrac-
 tions, but because they continue their beauty for years after being cut, and may be made up into various
 forms for decorations, and used at a time when it would be inconvenient to obtain fresh cut flowers.

Acrolinium. A free-growing Everlasting with delicate flowers. Mixed colors\$0 05

Gomphrena. Known as Globe Amaranthus; is a species of Cockscomb. Mixed colors..... 5

Gloxionides. Mixed colors, variegated with elegant Gloxinia spots\$0 65

LILY SEED.

Lilium Tenuifolium. The beautiful early flowering scarlet lily. This seed should be sown early in September or October for fall, and as early as possible in March or April if sown in the spring. Sow in friable, well-drained soil, one-half-inch deep; press the seed down firm, cover one-fourth inch, water well, and then draw the balance of dry soil over the rows, protected by litter of some kind during the winter. We have had bulbs from seed bloom the second year. Per packet, 10c.

Lilium Pulchellum. Is treated exactly similar to L. Tenuifolium. Per packet, 10c.

CONSERVATORY AND GREENHOUSE SEEDS.

Our Seed is New and Fresh, and Germinates Quickly.

Greenhouse Seeds should be sown in pots or boxes at any time during Spring and covered with glass until they germinate. We think it better to start the seed in the Spring, or before July.

ABUTILON.

3 Pkt

Fine Mixed. Splendid greenhouse shrubs with maple-like leaves and beautiful bell-shaped flowers of various colors. Plants grow rapidly from seed and bloom in about four months from the time of planting.\$0 10

BEGONIA.

Tuberous-Rooted Hybrids Mixed. Our seed

is saved from the finest varieties of this splendid plant, seedlings will bloom in six or eight mos. 20c.

Double Mixed. Splendid

double flowers of various colors. 30

BEGONIA.

CARNATION.

This elegant flower should be grown more generally from seed. Seed germinates as freely and plants are as easily raised as its first cousin the Dianthus. Plants from seed sown in April will bloom in August and continue all winter.

Good Mixed. 30 10

Perpetual Flowering. From our collection 25

CINERARIA.

CINERARIA.

Hybrids. Large flowering, mixed. One of the most beautiful and popular of all greenhouse plants, bearing hundreds of large showy flowers of various colors and markings. They are very easily raised from seed

15

Double Extra Choice, mixed, magnificent. 25

CYCLAMEN PERSICUM.

3 Pkt

The seed we offer of this favorite winter and spring-flowering plant has been saved from the best varieties, and cannot fail to produce flowers of the most charming and diversified shades of color.\$0 20

CENTAUREAS.

The best white leaved bedding plants for summer effect; of compact habit and silvery foliage.

Gymnocarpa. Beautiful white fern-like leaves; very valuable for white lines in ribbon planting, or for single specimen plants. . . 5

ECLIPSE BEET.

CABBAGE-HARRISON'S MAMMOTH.

G. S. B. CELERY.

NOVELTIES IN VEGETABLES.

We watch all Vegetable Novelties as they come out, and offer such as prove really excellent. The following can be relied upon as being in all respects exactly as represented and should have a place in every garden. Good vegetables are just as easily grown as poor ones, and one should plant the best varieties that exist.

CLEVELAND'S IMPROVED RED VALENTINE BEAN.

Desirable for either market or family use, being early, productive, tender and of excellent flavor. The pods are round somewhat curled, and the seeds when ripe salmon speckled with purplish rose. Pint, 30 cts.; quart, 50 cts. \$0 10

Cranberry (Bush) Dwarf. This is an entirely new and distinct sort which we procured last year. It has many qualities superior to any other bush bean. Pint, 40 cts.; quart, 70 cts. 10

CLEVELAND'S IMPROVED RED VALENTINE BEAN.

ECLIPSE BEET.

This is without doubt the best variety of the early sorts, and as its excellence becomes known, it is rapidly coming into favor. It is very early, maturing next to the Egyptian. The bulbs are of a bright scarlet color, very smooth, globular in shape; quality is excellent. Highly prized by market gardeners. Oz., 15 cts.; lb., 80 cts. 10

CABBAGE.

HARRISON'S MAMMOTH.

This new variety of cabbage may be planted early or late, and will produce alike good results. It is fully equal to many of the earlier sorts in quality and earliness, and grows to a much larger size. It forms firm, hard heads, which do not burst after heading, and is very desirable for a winter keeper, the heads being of great thickness. 10

Burpee's Surehead. Produces large, round, flattened heads of the flat Dutch type and is remarkable for its certainty to head. 10

CAULIFLOWER.

Early Snowball. The earliest of all Cauliflowers and the surest to head. Of dwarf habit and short outer leaves, allowing it to be planted quite close. It is of good size ..\$0 15

CELERY.

Golden Self-Bleaching. A splendid sort, perfectly solid, crisp, brittle and delicious flavor 10

CUCUMBER.

New Giant Pera. This is a new and distinct variety of cucumber, of perfectly smooth skin and grows to a very large size, free from spines, retaining its green color until nearly ripe, then turning to brown\$0 10 \$030

LETTUCE.

Golden Stonehead. A new variety, with very solid heads; of superb quality....10 30

CORN.

Baby Sugar Corn. A new variety of sweet corn; the best of all early varieties; highly prized for table use. Qt. 50c; pt. 30c..... 10

MUSKMELON.

Emerald Green. The sweetest of all and quite unlike any other melon; the skin is perfectly smooth, yet ribbed, and of a very deep green color. It is almost solid there being scarcely any cavity for the seeds; flesh salmon color and ripens to the thin green rind; the vines are thrifty and very prolific.....10 20

WATERMELON.

B. S. CORN. Burpee's Hungarian Honey. Mr. Burpee says: This new and superb variety is decidedly the richest, sweetest flavored of all watermelons..... $\frac{1}{2}$ oz. 25c. 10

FULLER'S EUREKA POTATO.

POTATO.

Fuller's Eureka Potato. This is a new variety and is considered one of the most certain croppers in cultivation. Its quality is excellent, and its ability to resist blight makes it particularly valuable. Its tubers are uniform in shape, large and oblong, and when baked or boiled are unsurpassed in flavor. It is medium early. Price of tubers by mail, postpaid, 15 cts. each; two for 25 cts.; twelve for \$1.

North Pole Potato. A very handsome potato, with white skin and flesh, very mealy. Price of tubers by mail, postpaid, 10 cts, each; three for 25 cts.; fifteen for \$1.

ONION.

Mammoth Silver King. This enormous Onion grows to the weight of three or four pounds, while its flavor is most exquisite, rich, tender and delicious. It is so mild, sweet and tender that it can be eaten raw like an apple.....\$0 10 \$0 30

PEA.

Cleveland's Alaska. Easiest pea known being very uniform in growth and ripening two days earlier than Rural New Yorker, and 90 per cent. of the pods can be gathered at the first picking. Pods fine shape, dark green color, remarkably well filled, often 7 to 9 peas. Pt. 25c; Qt. 40c; 10

PUMPKIN.

Burpee's Quaker Pie Pumpkin. This is a very distinct and valuable variety10 20

FULLER'S SURPRISE TOMATO.

TOMATO.

Fuller's Surprise Tomato. One of the best varieties for market use in cultivation, ripening all over alike, and leaving no green spots about the stem. It is very early, solid, rich-flavored; very productive ..10 30

SELECT LIST OF CHOICE SUMMER FLOWERING BULBS.

GLADIOLUS.

The Gladiolus is the most showy of all Summer Flowering Bulbs; in fact, no flower equals it for a brilliant display, and none are more easily grown. Bulbs should be planted in the open ground from last of April to first of July, and they will bloom from July to October. Plant three inches deep and four inches apart. In October the Bulbs should be lifted, dried, and stored in the cellar over winter. They produce the finest effect when planted in clumps or masses, and a bed of a hundred or more is a grand sight. Too much cannot be said in praise of our seedlings and mixtures. They produce a gorgeous array of choice colors.

	Each
Adanson. Dark amaranth, stained white, large and very fine.	\$0 20
Africaine. A new French variety; very dark with white stains.	50
Angele. Beautiful white.	20
Antonius. Cherry-red flamed carmine; white throat.	15
Brenchleyensis. Bright, deep scarlet; one of the best.	20
Ceres. Pure white, blotched carmine; fine.	25
Eugene Scribe. Light pink, flamed carmine; one of the very best.	20
Felicien David. Light cherry, with large white blotches; extra fine.	25
Galathea. Carnation, striped with carmine.	15
Golden Sceptre. Beautiful clear yellow, spike large and of beautiful form. A superb new sort which cannot be too highly recommended.	25
La Candeur. Fine clear white, beautiful form.	40
Le Poussin. Light red, with large white throat.	40
Lord Byron. Bright scarlet; white throat.	25
Mad. Monneret. Delicate rose, large and beautiful spike.	30
Martha Washington. Fine lemon-yellow, lower petals sometimes marked rose. It branches freely and produces several large beautiful spikes; new and excellent.	50
Meyerbeer. Intense rosy-scarlet, grand spikes.	30
Napoleon III. Bright scarlet and white; fine.	25
Princess of Wales. White, flaked with crimson; a magnificent sort.	30
Shakespeare. Pure white, marked with violet crimson, spikes and flowers very large; beautiful shape.	40
Stella. White, flamed carmine; fine.	20
Sultana. White, blotched crimson.	25

HARDY GLADIOLUS.

Mary Lemoine. Delicate pink and yellow, with crimson blotches large flower.	20
Purpurea Auratus. Yellowish with purple blotches, very graceful spikes of flower; fine for cutting.	10
Saundersoni. A grand variety bearing beautiful light scarlet blossoms, the throat of which is thickly spotted with white.	35

SEEDLING GLADIOLI.

We raise annually many thousands of seedling Gladioli from seed selected from the finest varieties in existence. Many of our seedlings are equal to the very finest named varieties. They give the greatest satisfaction to all who have ever planted them. 40 cts per doz.; 100 for \$2.00.

MIXED GLADIOLI.

Extra Superfine Quality. All colors mixed; 20 cts. per doz.; 100 for \$1.50.

TUBEROSES.

The Tuberose is one of the choicest of flowers. They produce long spikes of pure white, wax-like, double flowers of great fragrance and beauty. By many their fragrance is considered to be the finest of all flowers, and surely no flower has a purer wax-like appearance. The bulbs we offer are very large and fine and will bloom profusely the coming season. Bulbs can be planted from April to June in pots or the open ground; plant three inches deep in good rich soil.

Excelsior Pearl. Short stalks, long spikes, large flowers, full, double and sweet; extra fine large flowering bulbs each, 5 cts.; doz., 50c.

Excelsior Pearl. Select bulbs of immense size; 8 cts.; doz. 75c.

New Variegated. The leaves of this variety are bordered with white; flowers very large and of exquisite fragrance.

EXCELSIOR PEARL TUBEROSE.

It makes a most magnificent plant. It blooms several weeks earlier than other sorts; doz., \$1.50; each 15 cts.

Common Double. 4 cts. each; 40 cts. doz.

GLOXINIAS.

One of the choicest and most beautiful of all bulbous plants, producing bell-shaped flowers 3 inches long and of the richest and most varied colors, the spots and markings being extremely beautiful. They succeed well in pots or vases and require protection from the sun in extremely hot weather. They succeed best as a house or conservatory plant and are certainly unsurpassed for beauty. White, blue, scarlet, blood-red, etc., 50 cts. each; 3 for \$1; 12 for \$3.75. All different and beautiful colors.

MADEIRA VINE.

A beautiful rapid-growing climber, bearing graceful racemes of very fragrant white flowers. The vine is very pretty and useful. 10 cts. each; 75 cts. doz.

MILLA BIFLORA.

A splendid novelty. Bulbs bloom freely all summer, the blossoms being pure white, large and star-shaped, usually borne in pairs. The flower stems are twelve to eighteen inches high. The effect when grown in masses is charming. The flowers when cut and placed in water keep perfect a long time. Very desirable for pot culture as well as for the garden. 15 cts. each; \$1.50 doz.

BEGONIA—Tuberous Rooted.

These bulbs now rank among the finest for summer flowering. A plant presents a most magnificent sight and is covered with flowers the whole season. They are best adapted for pot and vase culture and require the same treatment as Gloxinias.

All Colors. Mixed; 3 for 75c.; 30c. each.

Double. Mixed colors; 50 cts. each.

CALADIUMS.

Fancy. These have large elegant leaves, spotted marked and variegated with white, pink, scarlet, etc., and are best suited for pot culture in shady situations. They are among the very finest foliage plants. 25 cts. each; 3 for 60 cts.

Esculentum. A splendid tropical plant, growing 4 to 5 feet high, with immense leaves, beautifully veined and variegated with different shades of green. As a single plant for the lawn or flower-bed it is very fine. Grow only in open ground. 15 cts. each; \$1.50 doz.

CALADIUM.

CANNA, EHEMANNI.

This is the king of the tuberous-rooted plants. As an ornamental foliage plant it is unsurpassed, and also as a blooming plant it is one of the grandest. Plants grow seven or eight feet high, producing large racemes of bell or trumpet shaped flowers four or five inches long, drooping like a Fuchsia, which are of the most lovely brilliant rosy pink color. 25 cts. each; 5 for \$1.

TRITOMA, GRANDIFLORA.

Few flowers produce such a striking effect and are so attractive as this grand herbaceous plant. Hardy with good protection. 20 cts. each. \$2 doz.

Summer Flowering Oxalis.

A much neglected useful little plant. Nothing is so valuable for edging the borders of walks or flower-beds as this beautiful summering Oxalis. Bulbs, when planted three inches apart, produce an unbroken row of elegant foliage and flowers. Bulbs, should be planted in May. In Autumn they should be lifted and stored in the cellar like Gladiolus. 12 for 10 cts.; 25 for 15 cts.; 50 for 25 cts.; 100 for 40 cts. **Dieppa**, pure white. **Lasandria**, fine rosy-pink.

TRITOMA.

HARDY BULBS AND PLANTS.

LILIES.

The cultivation of most varieties of Lilies is very simple. Good friable garden soil, with a little protection of leaves, etc., in winter, is all that is needed, that is, if you get good, sound home-grown bulbs. They are one of the finest classes in existence. The various varieties bloom from early spring until frost. If you have never grown Lilies, you should try them. Begin with a few. If you have a collection of Lilies, we know that you are pleased with them.

Lilium Harrisii, or Floribunda. This grand variety of the well-known L. Longiflorum has long, pure white and richly fragrant flowers. It was introduced from Bermuda five years ago, and its most valuable quality is its free and early flowering habit. It is "forced" very extensively by florists, and a good blooming plant of it forms a lovely window ornament.	Each	
6 for \$1.....		\$0 20
Auratum. The Golden-banded Lily of Japan, large and sound home-grown bulbs, which will give satisfaction. Doz., \$2.50.	25	
Batemanniæ. New and beautiful; deep apricot tint, unspotted.	25	
Brownii. Queen of the trumpet-formed Lilies, white, with chocolate marks; very fragrant; a grand sort.....	1	00
Japonicum Colchesteri. Closely allied to L. Brownii; foliage is a little lighter green, bulb larger and white; flower immense trumpet, of inexpressible form; inside snow-white, outside chocolate with a golden ground.....	1	00
Canadense. Our bell-shaped native Lily; drooping yellow and red flowers.....	10	
Candidum. The well-known hardy Garden Lily; snow-white, fragrant blossoms.	10	
Chalcedonicum. Intensely scarlet recurved blossoms, resembling a Turk's cap.....	50	
Longiflorum. The well-known beautiful snow-white, fragrant Lily; fine for forcing.....	15	
Krameri. Two to four feet high; flowers broadly funnel-shaped, varying from distinct pink or blush to rich soft rose; spotless and very fragrant; one to five in number. Blooms in July, and a native of Japan. This is a Lily which has few equals..	\$0 30	
Pomponium Vernum. This magnificent species resembles a gigantic Tenuifolium, growing about three feet in height, having numerous fiery scarlet flowers.....	50	
Speciosums. Are probably as a whole the most desirable section of Lilies; the varieties are distinct, graceful, beautiful and free bloomers.		
Speciosum Album. Pure white, and very fragrant.....	35	
Monstrosum Album. An interesting and distinct variety, with a broad, flat stem; pure white flowers; very floriferous.....	25	
Album Præcox. Color pure white, with a slight rose tint on the ends of the petals; form perfect.....	40	
Roseum. White, spotted with rose.....	15	
Rubrum. Rose, spotted with crimson.....	15	
Monstrosum Roseum and Rubrum. Distinct varieties, with broad flat stems and of colors similar to the preceding. Either variety.....	20	
Punctatum. White, spotted and suffused with light rose.....	50	
Superbum. This far excels them all, bearing a pyramid of yellowish-red flowers.....	10	
Tenuifolium. Very slender, with narrow foliage and small intense scarlet flowers.....	35	
Tigrinum. (Tiger Lily.) Orange-salmon, spotted black.....	10	
Flore Pleno. (Double Tiger Lily.) Of stately habit; bright orange-red flowers.....	15	
Wallacei. A Japanese variety, clear buff flower, spotted with black.....	25

LILLIUM HARRISII. Each

EULALIA ZEBRINA.

EULALIA.

These plants form some of the most beautiful objects that can be grown. They are large spotted and striped grasses, forming a dense clump and growing five to ten feet high. They bear large feathery plumes which are exceedingly large and handsome, especially when dried and used for winter decorations.

Each

Zebrina. Long wavy leaves, spotted with creamy yellow; elegant. \$0 25

Japonica. Leaves striped with white. 15

PANSIES.

Fine young plants of Giant Perfecta and Imperial Germans, mixed. Per doz., 50 cts.; per 100, \$3.

HEMEROCALLIS, FLAVA.

Golden Lily.

Plants grow three feet high and bear through the summer numerous golden-yellow, sweet-scented, lily-like flowers, 5 inches. Among all our extensive list of yellow Lilies none produce as good flowers as this, though it is not properly a Lily. 20

HIBISCUS, Mixed Sorts.

Perfectly hardy in any place and each spring send up numerous branches, which from well established roots, grow from five to eight feet high, forming a very dense clump, which is truly a showy object. For hedges they are unsurpassed. The colors range from pure white, through all the shade of blush and pink, to deep brilliant rose. Roots, 6 for \$1; seeds, 5 cts. per paper. 20

TUBEROUS-ROOTED WISTARIA.

APIOS TUBEROSA,

Or the Tuberous-rooted Wistaria.

Each

A valuable hardy tuberous-rooted climber, closely resembling the common Wistaria in vine and foliage, and have clusters of rich deep purple flowers, which having a strong, delicious violet fragrance. Plant the bulbs near a trellis, fence, tree or any place where you may wish a climber. They grow to a great height and bloom profusely. The bulbs are perfectly hardy. Price of bulbs, which will bloom freely the first summer, 5 for 50 cts. \$0 15

HYACINTHUS, CANDICANS.

A new species of Hyacinth which blooms during August and September, grows three

to five feet high, with spikes of pure white flowers two feet in length 20

IRIS.

With the exception of the Lily, the Iris is, in England the most popular of all hardy plants, and well does it deserve special attention from all lovers of flowers. There is a fascinating beauty and fragrance about the Iris that is peculiar to this flower.

HYACINTHUS CANDICANS.

Kämpferi. Flowers are borne in profusion and are enormous size. A great variety of colors.

All colors mixed, 20cts. each; 3 for 50 cts.

Susiana. Blush, mottled brown and chocolate; flowers of gigantic size and beautiful form. 20 cts. each.

LILY OF THE VALLEY.

LILY OF THE VALLEY.

Nothing need be said in praise of this sweet flower. Large imported pips, which will flower at once, 50 cents per dozen.

Helianthus Multiflorus Plenus. Each
The only really pure yellow double sunflower with flowers of medium size. The effect of a single plant is really beautiful, with its very symmetrical pyramidal growth, its rich dark green leaves and gold colored blossoms \$0 20

PLATYCODON GRANDIFLORA.

A new hardy plant from Japan, producing all summer abundance of star-shaped flowers, three inches across, of beautiful blue and white colors. Plants grow three feet high. Roots 20 cents each; seeds 5 cts. per paper.

YUCCA FILAMENTOSA.

An evergreen. This plant is an object of beauty the year round, if only its leaves are seen; these are one to two feet long, bristling out at all angles with sharp points; flower stalk stout, four to five feet high, with 50 to 200 bell shaped creamy white blossoms hanging from branching arms. Perfectly hardy and lives to a great age. Plants 20 cts. each; \$2 per dozen; seeds 5 cts. per paper.

EUPHORBIA, COROLLATA.

A truly beautiful flower, which has received the popular name of White Forget-me-not. Flowers pure white, borne in immense sprays. 15c. each; four for 50c.

HARDY ORNAMENTAL FLOWERING SHRUBS.

We wish to call special attention to Hardy Shrubs. They are a necessity to every garden or lawn, as they furnish abundance of the prettiest flowers and foliage, and serve to form a most beautiful background or a screen for unsightly objects. For planting in cemeteries or parks they are valuable.

	Each
Althea. Variegated leaved; a very fine distinct variety, growth compact, about half of each leaf bright green and clear white; flowers bright pink and very double.....	\$0 20
Calycanthus. Sweet-scented Shrub; double, very fragrant; blooms often throughout the summer	20
Deutzia Gracilis. Two feet high, compact, very bushy and completely covered with pure white flowers; elegant	20
Forsythia, Viridissima. (Golden Bell), beautiful yellow, bell-shaped flowers; early and profuse bloomer; very showy	20
Hydrangea Paniculata Grandiflora. We believe this to be the most desirable hardy shrub in cultivation. Flowers white, borne in immense pyramidal trusses more than a foot long. It remains in flower two or three months.....	20
Mock Orange. Syringa; a rapid growing, medium-sized shrub, with very fragrant white flowers which closely resemble orange blossoms.....	20
Spirea Billardi. Fine long spikes of elegant rose-colored flowers.....	20
Snowball. Compact balls of elegant white flowers.....	20
Weigela, Rosea. Flowers beautiful rose color	20
Variegata. Similar to Rosea, except that the foliage is beautifully variegated with white.....	20

One Each of the above ten sorts, \$1.50.

HYDRANGEA PANICULATA GRANDIFLORA.

HARDY ORNAMENTAL CLIMBERS.

These hardy vines are very useful and beautiful. They can be trained on trellises, pillars, sides of houses, over windows, porches, fences, trees, etc., and make most beautiful objects. Honeysuckles are charming, and the Wistaria when in bloom is a plant of wonderful beauty.

CLEMATIS.

For a trellis or pillar vine nothing equals the Clematis in grandeur and beauty; their large, star-shaped flowers being produced in greatest profusion from June to October.

CLEMATIS COCCINEA. The Coral Clematis. We were the first to bring this little gem before the public. The flowers are of the richest coral scarlet. Six for \$1 \$0 20

CLEMATIS CRISPA. A most beautiful and distinct species, the flowers resembling in shape some of the elegant bell-shaped Lilies. The coloring is of the most beautiful lavender-blue tint on the surface and margins of petals. Six for \$1..... 20

CLEMATIS COCCINEA.

CLEMATIS JACKMANII. This, with rich deep velvety-purple flowers, covering a large space with a solid mass of color for a long time each summer; is a true valuable climber; it is perfectly hardy. Three for \$1..... 50

AMPELOPSIS, VEITCHI.

A new and rapid growing climber of great beauty, being of a graceful, drooping habit. Surpasses the Ivy for covering a building. Four for 50 cents. 15

HONEYSUCKLES.

Halliana. A new white monthly Honeysuckle. It is evergreen, retaining its freshness during the entire winter; flowers pure white turning to pure yellow, with the fragrance of Cape Jasmine. Three for 50 cents..... 20

Golden-Leaved. A most beautiful variety, the leaves being variegated with golden-yellow and green. Three for 50 cents..... 20

WISTARIA.

Sinensis. This popular hardy climber will grow twenty-five feet in a season, and bears early in spring long racemes of blue flowers in the greatest profusion. 20

Sinensis Alba. The True White Wistaria. Fine and distinct, having long racemes of pendulous flowers..... 75

HONEYSUCKLE.

ROSES.

Our policy in regard to the Queen of Flowers is to offer, out of the innumerable list of varieties presented, only such sorts as will give satisfaction, rejecting all that have not earned a high place by points of absolute merit.

EVERBLOOMING ROSES.

These will bloom very soon after planting, and increase in profusion until cold weather. Buds can be cut from a thrifty plant almost daily. They will not live out of doors all winter unprotected; cover lightly with loose leaves, salt hay or evergreen branches from the end of November to the beginning of April.

The Bride. A new Tea Rose of great size and delicious fragrance, and of the most lovely pure white color. It is a grand winter bloomer, and in all respects one of the finest of Roses.

Bon Silene. A glorious rose; rich deep color of carmine-red.

Coquette de Lyon. Rich canary-yellow; fine.

Catherine Mermet. A superb rose with rich creamy-pink flowers; perfectly shaped.

Etoile de Lyon. Fine brilliant yellow; new and splendid.

Hermosa. The gem among pink roses; truly an "every-day flower," flowering from June until December. Color a true pink, silvery in texture, of exquisite shape.

La Princess Vera. One of the most effective light colored roses, creamy-white.

Mad. Joseph Schwartz. Creamy-white, edged with flakes of carmine-rose.

Maria Guillot. A great and truly beautiful rose, with large flowers of pure white, shaded delicate lemon in the centre; fine habit.

Niphetos. Snowy white, of the most elegant shape; flowers long and of a peculiar shell-like formation, deliciously scented.

Perle des Jardins. Truly a "pearl of the garden;" no yellow rose has as popular flowers; rich in color, fragrant.

Queens Scarlet. Richest deep velvety-crimson flowers, sweetly scented.

Safrano. Like Bon Silene, it is par excellence in good qualities.

Sunset. Possesses all the qualities of Perle des Jardins; color, intense apricot amber and bronze.

15c. each; 6 for 75c.; 14 for \$1.40.

Polyanthus Roses.

The Polyanthus or Fairy Roses are about the size of a twenty-five cent piece, and borne in such clusters that the whole plant seems a mass of flowers; very sweet.

Mad. Cecile Brunner. Salmon rosy-pink, with buff shades; completely covered with its flowers of not more than one inch in diameter, but of tea-rose form.

Paquerette. Equally as floriferous as the preceding; covering itself entirely with pure snowy-white blossoms.

Perle d'Or. Flowers medium size, of fine form and texture; saffron-yellow, deeper in centre, with small white edge.

20c. each; 3 for 50c.

AMERICAN BEAUTY.

Hybrid Perpetual Roses.

Selected as the very best for garden decoration, for cutting, and for general purposes. It is a well-known fact that many of the so-called "Hybrid Perpetuals" only flower in June, and therefore are not perpetual.

Antoine Mouten. Globular rich silvery pink flowers; sweet scented.

Anna de Diesbach. Rich carmine-rose.

Coquette de Blanches. Flowers medium size, nearly pure white.

Crown Prince. Rich crimson-purple.

General Jacqueminot. Universally known and admitted to be the most popular of all roses; its rich scarlet-crimson flowers and true rose fragrance are greatly admired.

Magna Charta. Deep rose, shaded light crimson; flowers of immense size and extremely double.

Mad. Chas. Wood. Rich crimson flowers.

Mad'le Annie Wood. Magnificent variety; color, brilliant violet-crimson; fine fragrance.

Paul Neyron. An immense flower; rich rose pink with silvery reflex.

Prince Albert. Beautiful bright crimson.

Perfection des Blanches. Flowers large; pure snow white.

Victor Verdier. Brilliant rosy-carmine, beautifully edged with purple.

20c. each; 7 for \$1; 12 for \$1.50.

Hybrid Tea Roses.

A new class of hardy monthly roses, producing flowers as large and fragrant as the Hybrid Perpetuals, with the delicate colors and free flowering qualities of the Teas.

American Beauty. This new Rose is of the ever-blooming qualities of the Tea Rose, and the delicious perfume of the Moss Rose. Color a most elegant satin rose or deep pink.

Countess of Pembroke. Flowers of excellent form, quite full and highly scented; soft satin rose color of a novel tint.

La France. Delicate silvery-rose, shaded with cerise pink, very large, very double and of superb form.

William Francis Bennett. Hybrid Tea of great merit, particularly valuable for winter blooming. Buds are large, of vivid deep velvety crimson color; delicious perfume.

20c. each ; 3 for 50c.

Hardy Climbing Roses.

Hardy roses are valuable for training over ornamental arbors, trellises, pillars, verandas, etc. The varieties given below are hardy, and succeed well in all parts of the country. They are in bloom but once during the season, either June or July.

SUNSET.

Baltimore Belle. Pale blush, variegated carmine rose and white; very double; one of the best.

Gem of the Prairie. Bright violet-crimson; large, very double; fragrant.

Prairie Queen. Deep pink, striped white; large and full; free growth.

20c. each ; 3 for 50c.

Moss Roses.

These are much admired for the beautiful moss covering of their buds. They are more hardy than any other class, and while they will well repay good and thorough culture, most of them will thrive and grow under circumstances that would be ruin to other roses.

Captain Ingram. Brilliant carmine; large full flowers; very double and mossy.

Countess of Murinais. One of the finest pure white moss roses; buds are elegantly mossed; flowers large, full and fragrant.

Glory of Mosses. Magnificent, large and perfectly double; color, deep rosy-carmine.

Henry Martin. Rich glossy pink, elegantly tinged with crimson; large globular flowers.

25c. each ; 4 for 75c.

FUCHSIAS.

As a rule everybody sees a great deal to admire in the Fuchsia. There are many partially shaded sides of the garden, where they succeed admirably, more especially if the soil is made and occasionally soaked with water.

	Each
Carl Halt. White tube and sepals, white striped red corolla.....	\$0 15
Chas. Blanc. Flowers single; rosy-pink tube and sepals; corolla rich amaranth.....	15
Mrs. Geo. Rundle. Salmon-red or pink tube and sepals, with bronze-red corolla; the flowers are borne in long wreaths in the greatest profusion.....	15
Snow Cloud. Double white, large and free; extra.....	15

Phenomenal. The new Giant Fuchsia. The plant is a tall strong grower, like a tree. Its flowers are of enormous size.....

Each

\$0 20

ABUTILONS.

A charming class of free-flowering plants which grow and blossom the whole year. Their flowers are large and bell-shaped, and of elegant colors. The foliage is very beautiful.

Thompsonii Plena. This is the first double Abutilon, and is a most desirable plant, either for the greenhouse or window gardening.....	15
Snowstorm. Beautiful pure white.....	15
Ne Plus Ultra. Carmine.....	15
Wm. Fowler. Golden-yellow.....	15
4 for 50 cts.

IVY-LEAVED GERANIUM.

DOUBLE GERANIUM.

GERANIUMS.

From the large list of splendid new double and single Geraniums now offered we have selected a few as being particularly fine, and which can be furnished at a low price. They are of recent introduction and have received universal praise, which they justly merit. They all produce very large flowers and trusses which are of the most vivid colors and free flowering qualities. It is useless to say anything in praise of this showy flower. For bedding or for pot culture they are everywhere popular.

Double Geraniums.

	Each
Flocon de Neige.....	\$0 15
Queen of the Fairies.....	15
Mrs. E. G. Hill. Blush peach, shaded lavender; extra fine.....	15
L. Cannell. Very dark amaranth-red.....	15
Grand Chancellor Faidherbe. Deep crimson-maroon.....	15
James Vick. Salmon.....	15

Scented, Bronze and Fancy Geraniums.

Happy Thought. Leaves green, with a large yellow centre; fine.....	15
Lemon Scented. Very beautifully cut leaves and fine lemon fragrance.....	15
Madame Selloiroi. A grand new sort, forming a round, compact, pretty plant. Leaves are bright green, edged white.....	15
Marshall McMahon. Flowers scarlet, leaves yellowish, with a chocolate zone.....	15
Rose Scented. Leaves very fragrant, and useful for bouquets.....	15
Silver Cord. A beautiful new variety, the leaves of which are pure white, with green centre; extra fine.....	15

6 for 75 cts.

Single Geraniums.

	Each
Pauline Lucca. Large pure white.....	\$0 15
Master Christine. Fine pink. A splendid sort.....	15
W. C. Bryant. Large, dazzling scarlet.....	15
Jean Sisley. Bright scarlet, white eye. ...	15
Anna Scott. Deep crimson.....	15
Sophia Birkin. Light blush, with fine pink centre.....	15

6 for 75 cts.; 12 for \$1.25.

NEW DOUBLE-FLOWERED

Ivy-Leaved Geraniums.

This magnificent new form of Geraniums, recently introduced from England and France, is 'one of the most glorious gems of the floral world. Its bright, glossy, ivy-like leaves, graceful and trailing habit, and numerous trusses of large double gay colored flowers combine to form an object of the most striking contrasts and beauty. Always robust and healthy, they are of the easiest culture either in pots, hanging baskets or the open ground, in windows, conservatories or the garden.

Comtess de Choisieul. Flowers light rose-pink, shaded carmine; trusses large and produced very freely. The habit is trailing and vigorous, the plant often growing two feet in one season.....	20
Jeannie d'Arc. Flowers large, of the purest white; produced in immense trusses; most lovely.....	20
Spalding's Pet. Habit of growth erect and very free; flowers rich scarlet, semi-double; one of the most constant flowering kinds....	20

3 for 50 cts.

MISCELLANEOUS PLANTS.

VIOLETS.

Swanley White. In every way equal to its parent—Marie Louise—having the same freedom of flowering, the same perfume; the individual flowers are

SWANLEY WHITE.

equally as large and of the purest white. 15
Marie Louise. Fine, double, deep bluish purple. Desirable for pots or the garden, plants hardy; blooms as freely as white. 2 for 25 cts. 15

Cyclamen, Persicum. Valuable bulbous-rooted plants for house culture, giving abundance of bloom during winter. The

colors are exceedingly delicate, ranging from white to deep rose and crimson. \$0 20

Lemon Verbena. Every one is familiar with this plant, which is exceedingly popular for its fragrant leaves. 20

Smilax. Nothing can excel it in elegance of foliage and the sweet orange fragrance of its tiny flowers. It is extensively used in winter for bouquets, floral decorations of every description. It requires a warm and rather moist situation, with plenty of light. 20

CACTI.

Cacti. Our great One Dollar collection of Rare Cacti. Six assorted plants, all different, by mail, for \$1.

Philocereus Senilis. (Old Man Cacti.) Very rare and curious. 75

CHRYSANTHEMUMS.

No plant has been so greatly improved during the past few years as the Chrysanthemum, and surely there is not a more satisfactory one in cultivation at the present time. For blooming in October and November no plant can compare with them. For both out-door and in-door cultivation they are ahead of all other flowers.

Incurved Chinese.

Chrysanthemums are the glory of autumn, and the glory of all the Chrysanthemum tribe is a distinct form known as "Incurved."

Gloria Mundi. Bright yellow, dwarf habit.

Mr. Geo. Glenny. Beautiful straw color.

Miss Mary Morgan. Delicate pink or bluish; very fine.

Mrs. Geo. Rundel. Beautiful snow-white; magnificent.

Lady St. Clair. Pure white; large and fine.

Baron Beuste. Chestnut-red, tipped with gold.

15 cents each; 4 for 50 cents.

Anemone-Flowered.

These are very beautiful and distinct from all other sorts. They have three or four rows of beautiful broad petals and a center formed of small tubular star-like florets of a different color, which gives the flower a charming appearance. In this class there are both large flowering and pompons.

Gluck. Rich golden-yellow; very large.

Eugene Lanjaulet. Yellow, bright orange centre (Pompon.)

Jean Hachette. White, with beautiful yellow centre (Pompon.)

Timbal d'Argent. Large white; very fine.

Queen Margaret. Fine rosy-lilac.

15 cents each; 4 for 50 Cents.

Reflexed Chinese Chrysanthemums.

The "Reflexed" are large, double, flat-petaled varieties, which are exceedingly showy.

Pres. Lavelli. Reddish-brown.

Brazen Shield. Rich, brassy bronze, shaded purple.

Frank Wilcox. Golden amber.

Freyceuit. White-mottled pink.

New York. Magenta crimson; very rich color.

Webb's Queen. Blush; very fine.

15 cts. each; 4 for 50 cts.

CHRYSANTHEMUMS.

Pompon.

These are very beautiful indeed. Their small, perfect shaped flowers as double as roses.

Black Douglass. Large brilliant; flowers fine.

Amphillia. Rich chestnut.

Model of Perfection. Rosy lilac and white.

Mad. Marthe. Pure white, perfect in form.

Souv. de Jersey. Fine deep yellow; splendid.

Perle des Beauties. Rich amaranth purple.

15 cts. each; 4 for 50 cts.

Japanese Chrysanthemums.

The Japanese varieties are very fine, varied and irregular in form, gay and beautiful in colors. By many the Japanese are admired more than any other class of Chrysanthemums.

Belle Paule. Large rose and white.

M. Boyer. Beautiful pink.

Gloriosum. Immense flowers of a brilliant lemon color; petals gracefully curved and twisted.

President Arthur. Flowers 7 inches across, formed of long needle-like quills, which open in whorls. Color, rose.

M. Freeman. Beautiful pink, best of its color.

Nellie Bly. Golden-yellow; very bright.

15 cts. each; 4 for 50 cts.

New and Rare Chrysanthemums.

The following grand sorts are marvels of beauty, mostly new, and all very scarce.

Mrs. Cleveland. A pure white variety with long tubular petals; flowers very large; like President Cleveland.

Mrs. Langtry. An enormous incurved Japanese, flowers one foot across, outer petals long and quilled, inside ones flat and beautifully incurved; color, pure white; charming.

Mrs. Gilmore. Another incurved Japanese, exactly like Mrs. Langtry in size and shape, soft, delicate, silvery-pink in color; grand.

Isabella Bott. Enormous sized incurved flower, of snowy whiteness, and round as a ball; one of the very best.

25 cts. each; 4 for 75 cts.

FRUITS.

To accommodate many of our customers, who wish a few fruit trees and shrubs, and who cannot conveniently get them by express, we have carefully prepared a brief list of varieties which will suit any person exactly, in any part of the country, and which we can send by mail, postpaid at prices named, of course, if anyone can receive them by express, we can send larger ones in that way at same price. Of one thing our friends can be sure and that is, we offer them only the *very best* varieties.

RASPBERRIES.

Cuthbert. A large red variety of splendid quality and great productiveness. Hardy and vigorous. 10 cts. each; 3 for 25 cts.; 12 for 50 cts.

Golden Queen. A new golden-yellow berry of great size, productiveness and fine quality, rich, juicy and delicious. Vine a strong rank grower, fruit extremely large and very beautiful, selling in market above all sorts. 10c. each; 12 for 75c.

STRAWBERRIES.

Mammoth Beauty. A new sort possessing great merit, producing under ordinary culture a fair crop of good fruit; large, uniform in size and shape. 75 cents doz.

Parry. This is an enormous bearer on any soil in any part of the country. Berries uniformly of very large size and finest quality. 25 cts. per doz.

MAMMOTH BEAUTY.

BLACKBERRIES.

We offer two splendid varieties which are superior to all others.

New Tree Blackberry. New and very popular variety, the fruit is a large, glossy, black, immense bearer, holds its color after being picked for a long time; fruit sweet—core melting in the mouth. No one who has a piece of land can afford to be without it. 50c. each; 3 for \$1.

Erie. A new variety of great value, berries extra large, sweet, rich and juicy; a strong grower, hardy and vigorous, bearing its luscious fruit in great quantities. We consider it the most valuable of all blackberries. 20 cents each; \$1.50 per doz.

NEW TREE
BLACKBERRY.

Currants and Gooseberries.

Of these we offer but one variety of each, they being so much better than all others. They are of recent introduction and at present cost more than the older sorts, but it would be unwise for any one to let a little difference in price prevent them from planting these elegant sorts.

Currant, Fay's Prolific. Largest in size, best in flavor, and five times as productive as any other sort. Bright red, hardy and vigorous. 20 cts. each; \$1.50 per doz.

Gooseberry, Industry. It is the largest, most productive and finest flavored sort yet known; an enormous bearer and free from mildew. 25 cts. each; \$2 per doz.

MULBERRY.

Downing's Ever-bearing. The beauty of this as a lawn or street tree is quite enough to commend it; and it also yields an abundant supply of its large refreshing berries for three months of the year. 60 cts. each.

Russian. This valuable fruit and ornamental tree was brought to this country from western Russia, by the Mennonites. The tree is a very rapid grower. The tree grows to be very large, often reaching the height of fifty feet and from three to five feet in diameter, and is perfectly hardy. It commences to bear when two years old, and is a prolific bearer, the fruit being about the size of blackberries. Price, 25 cts. each; \$2 per doz.

DEWBERRIES.

In this new fruit (which might be called a climbing blackberry) we have the most delicious of all berries, and one of the most ornamental of all climbing vines. They should be trained on a trellis or tied to a stake like grape vines. They produce great masks of large, pure white, sweet-scented flowers, which are followed by clusters of delicious fruit, larger, richer, and far more prolific than blackberries, very juicy and sweet to the core. The fruit is borne in great quantity, and is admitted by all as the finest of all berries. When made into wine it gives a gentle stimulant which for invalids is unequalled, the flavor of the wine being as superior as the flavor of the fruit. It is perfectly hardy, and does not sucker from the roots, but is increased from the tips like Blackcap Raspberries. It will thrive in a very poor soil. This valuable berry in a few years will be everywhere planted as the finest of all small fruit, and one of the most ornamental climbers.

Mammoth. Large and fine. 15 cts. each; 4 for 50 cts.; 10 for \$1; 25 for \$2. Two-year old roots, 20 cts. each.

Lucretia. A new sort of immense size and delicious quality. Berries often two and one-half inches in length and borne in great clusters; Very juicy and sweet. 20 cts. each; 6 for \$1.00. 15 for \$2.

KILL THE INSECTS WITH

Tobacco Insecticide Soap.

Tobacco Insecticide Soap is the most effectual. It is made from a powerful form of tobacco-gum and is absolutely safe to handle, and will not injure the tenderest growth of plants. It is used by dissolving in hot water, at the rate of one ounce to two quarts of water. With this water the plants are sprinkled, syringed or sponged, and one or two applications will exterminate any kind of insect. It is sure death to green or black fly, (aphis), scale, mealy bug, red spider, etc. If used once or twice a month on plants they will never be troubled with insects. It is equally valuable for house plants, garden plants or shrubs, or animals infested with vermin. This and our Excelsior Fertilizer are two valuable articles to the successful cultivation of plants. Sold only in seven ounce cans at 30 cents each, by mail, post-paid.

GRAPES.

We offer seven sorts of this delicious fruit which for fine quality, hardiness, vigor and freedom from mildew in all parts of the country cannot be surpassed. They will succeed with anyone in any part of the country.

Agawam. Large clusters of large red berries of excellent quality, 20 cts. each; \$1.50 per doz.

Brighton. An early sort of the most delicious quality. Bunches large, of beautiful red color, vine hardy and vigorous; a grand sort. 20 cts. each; \$1.50 per doz.

Concord. The old reliable. 20 cts. each; \$1.50 per doz.

Niagara. Of hardy, vigorous and prolific as the Concord and the best of all white grapes. Flavor sweet and delicious, and bunches large, borne in great quantity. Ripens early. This grape has been more widely advertised and sold than any other sort. 25 cts. each; \$2.00 per doz.

Perkins. Bunches large of beautiful pink color, fine flavor, hardy and vigorous. 20 cents each; \$1.50 per dozen.

Pocklington, or "Golden Pocklington." A delicious sweet grape of a beautiful yellowish color, early, hardy and vigorous. A grand sort of recent introduction. 20 cts. each; \$1.75 per doz.

Telegraph. A pure black grape, of sweet and delicious quality. Bunches very compact and handsome; splendid. 20 cts. each; \$1.50 doz.

Special Offer. For \$1.00 we will send one each of the seven sorts. This is the greatest offer ever made for choice grapes.

EXCELSIOR FERTILIZER.

A New Odorless Fertilizer for Pot Plants.

Makes Plants Grow and Bloom Luxuriantly, and Drives Insects from the Soil.

This excellent Fertilizer is the only thing of the sort which can be used with good results to pot plants. It is used by dissolving a teaspoonful in a pint of water, and applying to the soil of pot plants every week or two. It starts the plants at once into a healthy and vigorous growth and abundant bloom. It drives worms and other troublesome insects from the soil. It has no disagreeable odor, and is the only Artificial Fertilizer which can be used without danger of injury to the plants. It is just the thing that has been wanted for a long time. Everybody is pleased with it. Trial packages of 6 to 8 ounces, 25 cents each, postpaid. Per dozen, by express, \$1.10. In bulk we will sell at 50 cents per pound, postpaid, or 30 cents per pound by express. In lots of 5 pounds or over, 25 cents per pound, by express.

ELLA MAY FULLER.

NEW CARNATIONS.

Carnations are growing in favor every year—they are so easily grown, bloom so constantly, the flowers are of such soft, rich and dazzling colors, and they keep a week when cut. The odor is probably the most spicy, fresh and pleasing of any flower, and never cloy. Plants after blooming all summer can be taken up in the fall and had to bloom in the winter.

Ella May Fuller.	A lovely New Carnation. Flowers large, well-formed, plant free grower and continuous bloomer, color very bright madder rose edged with white. A great improvement on "Hinsdale" and "Fascination." The best of the color. Five for \$1.	Each 25
Black Knight.	The best dark Carnation ever offered; continuous flowering, of the richest crimson; sweet-scented and long stemmed.	15
E. G. Hill.	Is pronounced by those competent to judge, to be the finest scarlet Carnation ever introduced. The color is a rich, deep scarlet.	15
James Y. Murkland.	Brilliant and perfectly shaped scarlet carnation; each flower is over two and a half inches in diameter, deeply fringed, and the calyx never splits.	15
Quaker City.	Pure white and of immense size. Extra.	15
May Queen.	New. Bright satiny rose pink—an exquisite shade.	20
Buttercup.	A lovely variety, with lemon-yellow flowers, striped with faint rose streaks.	20
Col. Wilder.	A very brilliant flower; vivid red, flaked with black.	20

One Each of the above eight sorts for \$1.10.
