TO OUR OLD CUSTOMERS.

We tender our warmest thanks for liberal patronage in the past. The large increase in our business, is due in a great measure to customers who have so kindly recommended our seeds to their friends. By request of customers, we have frequently sent Price Lists to their friends in other States. This has brought many orders, so that our seed business—first started to supply the home trade—is fast extending through the country.

TO OUR NEW CUSTOMERS.

We sell our own seeds ; the greater part grown for ourselves under contracts made with Growers of established reputation—the different varieties from their originators when possible—and in this way are sure of genuine, first quality seeds, true to name. Better seeds cannot be obtained. The same stock is sold by “ large ” dealers at double our price, in some instances, but won't grow any better for this. We give full value for money received, and fill orders in the most liberal manner ; but cannot, like some enterprising seedsmen, agree “ for one dollar, to send seeds to the value of one dollar and a half.” We have a full stock of all the seeds in our List, besides other varieties not so commonly called for ; greater than is carried by many of the firms that issue large and showy catalogues.

FOR OURSELVES.

We have been in the seed business for fourteen years, without change of firm or location, and satisfy the wants of a most critical trade, consisting in great part of market gardeners and truckers. Founded on quality, our seed business has grown to extensive proportions without the aid of blatant advertising or gaudy catalogue.

All orders are packed under personal supervision, from our extensive stock, and shipped **direct** to any part of **the United States**.

Correction of Errors—We take the utmost care in filling orders. In case an error is made, we desire to be informed, and promise to make such corrections as will be perfectly satisfactory.

Respectfully yours,

FRED. P. BURR & CO.

PEEP O' DAY PEA.

After trials with many strains of extra early Peas, keeping in mind its pedigree and Northern growth, we put the **Peep O' Day** on the market in 1885, and still claim it to be the *Best Extra Early Pea* ever introduced. It grows to a uniform height of $2\frac{1}{2}$ feet, and excels in yield, as it does in earliness, any extra early Pea we have ever tried. Unlike other early June Peas, its *pods are large and completely filled with good size Peas of very fine flavor.*

25c. per quart. \$1.50 per peck.
\$5.00 per bushel.

MIDDLETOWN, CONN., Dec. 30, 1889.

Peep O' Day Peas get there every time; we have tried them before. They are *first and best.*

Yours for Seeds, JOHN MATTHEWS.

FRED. P. BURR & CO.:

MIDDLETOWN, CONN., Jan. 14, 1889.

We planted two bushels of Peep O' Day Peas in 1887, also in 1888, and on the same day planted two other kinds, highly recommended, that we sent direct to the dealers for, and bought at a much higher price. Your Peas were the earliest both times. We gladly recommend them to market gardeners, as they are certainly worthy of it. Cordially yours,

O. H. WELLS.

MIDDLETOWN, CONN., Feb. 15, 1890.

Besides being the earliest, I think Burr's Peep O' Day Peas the largest yielder of any extra early Pea ever raised.

Truly yours, THOMAS LYNCH.

MESSRS. FRED. P. BURR & CO.:

MIDDLETOWN, CONN., 1889.

DEAR SIR: I used your Peep O' Day Peas last season for the first time; as I found that many "truckers," who were marketing the first Peas in this section, were using your strain. They are the earliest Peas I ever had, and remarkably productive. All the seeds bought of you were first class all the way.

Truly yours, IRA J. TRENCH.

List of Vegetable Novelties.

YOSEMITE MAMMOTH WAX BUSH BEAN.

The largest of all Wax Beans. The pods average eight inches long, very large round, nearly solid pulp, entirely stringless, cook tender and fine flavored. Of fine appearance, being a rich golden color, combining large size, superior quality and great productiveness. It will please all.

Packet, 10 cents ; pint, 35 cents ; quart, 60 cents.

WAX BEAN

GOLDEN-EYED WAX BUSH BEAN.

Extremely early and productive, vines being covered with a profusion of yellow, waxy pods, held well above the ground, and absolutely free from rust.

Pint, 20 cents ; quart, 35 cents.

GOLDEN CLUSTER WAX POLE BEAN.

Begins to bear early in July and continues till Fall. The pods eight inches long, of a beautiful yellow color, and so freely produced as to nearly hide the poles. Flavor most delicious.

Packet, 10 cents ; pint, 25 cents ; quart, 40 cents.

BURPEE'S BUSH LIMA.

Genuine Large Lima Beans, growing on stiff, erect bushes, twenty inches high. It is an immense yielder, each bush being covered with large pods, filled with *very large beans*, of the same size and flavor as the large pole Lima ; wholly unlike the small bush Lima. Wholesale price on application.

20 cents per packet ; 50 cents for three packets.

FRED. P. BURR & CO.'S

List of Vegetable Novelties.

KING OF THE GARDEN LIMA.

The genuine K. O. G. is the largest, earliest and most productive Lima bean. The dry beans are about the size of the large Lima, but, while green, are of unusual size. The immense pods grow in clusters, and contain rarely less than five beans. We have the statements of several customers that their crops per thousand poles of K. O. G. Limas in 1891, was double the yield they ever had with any other Lima. Our stock is genuine, direct from originator. We have several bushels in the pod; call and see them. It don't pay to plant any other Limas.

Pint, 20 cents; quarts, 40 cents.

IMPROVED GOLDEN WAX BEAN.

This Bean has all the good qualities of the old Golden Wax, with these improvements: It is much more prolific, the pods somewhat larger and handsomer, and has proven *absolutely rust proof*, through the dry season of 1891, as well as the previous wet season.

Pint, 20 cents; quart, 30 cents.

GIANT PASCAL CELERY.

We were among the first dealers to introduce this superb Celery in the United States. But about two feet tall; its stalks are remarkably wide, thick and solid; crisp, brittle and absolutely stringless. In flavor it surpasses any other celery; blanches very easily, requiring only a few days' earthing up, and keeps the longest of any celery.

Packet, 10 cents; ounce, 35 cents.

NOTICE.

While we take the greatest care to have all seeds pure and reliable, we do not give any warranty, and will not be responsible for the crop in any respect. *If not accepted on these terms, the seeds must be returned at once, and money paid will be refunded.*

TELEPHONE PEA.

This wonderful Pea grows about 4 feet high; its very stout vines, loaded with immense pods often containing 11 mammoth peas of the finest flavor. We consider it the finest late pea ever introduced, and it should be planted by all of our customers this season. Those who do not know its superb qualities will be more than pleased.

Pint, 20 cents; quart, 30 cents.

GIANT SUMMER CROOK-NECK SQUASH.

This Squash is double the size of the common Summer Crook-neck, while it is equally early, and in flavor surpasses all Summer Squashes. Makes delicious pies in Summer. We thoroughly tested its merits, and introduced it to our customers through our Catalogue of 1890; being one of *the first retail seedsmen in the United States to introduce this Squash*. All of the "large" and "enterprising" seed dealers now give it, this season, a prominent position among their novelties.

Packet, 10 cents; Six for 50 cents.

Telephone Pea.

MIDDLEFIELD, CONN., Jan. 7, 1892.

The Peep O' Day Peas are the earliest I ever grew; and in quickness of growth, evenness of ripening, and in quality, surpass anything in their line I have ever grown. I can say that I have used your seeds for the last four years, and quite a quantity, too, and have in every instance found them to be reliable and true to name; and when I buy again, you will get my order.

Yours truly, SAMUEL MARVIN.

PRICE LIST OF

VEGETABLE SEEDS

Flower and Field Seeds, Bulbs, Etc.

SEEDS BY MAIL.—We send all seeds in packets, and all fine seeds by ounce, quarter pound, and pound, free by mail at the prices quoted.

To the price on Peas and Beans add ten cents per pint and fifteen cents per quart; and on Corn ten cents per quart, to pay postage. *No charge for package or carting.* Two-bushel grain sacks, in which to ship, twenty cents each, which amount must be added to every order for one-half bushel or more, up to two bushels.

TO DEALERS AND MARKET GARDENERS.

We can and will meet the prices of any reliable dealers for the same quantity of seeds. Whether you have bought or not, we cordially invite you to visit our store and inspect the largest assortment of seeds ever shown in this county. An early call is suggested, as our largest customers order early and have their goods packed all ready for shipment. Our facilities for supplying all large trade are UNLIMITED.

CHANGES.—Owing to the great fluctuations of the market as the season advances, we cannot be bound by these prices for any length of time, although it will be our endeavor to make as slight variations as possible.

All Seeds Less than One-Fourth ($\frac{1}{4}$) Pound at Ounce Price, Less than Four (4) Quarts at Quart Price.

REMITTANCES should be either by Money Order, Registered Letter, or Bank Draft on New York or Boston. Small orders, not exceeding one dollar, may be sent in stamps or postal notes at our risk.

WESTFIELD, MASS., Jan. 12, 1892.

I grew Peep O' Day Peas last season for market. They are extremely early, good size and very productive; excelling in these respects any extra early I ever grew. What pleased me most was this; Every season customers keep asking, "When will you have some other Peas besides these little June Peas? They are almost tasteless." But last season, when the Peep O' Day Peas were gone, they kept asking for *them*, and preferred them to the green-wrinkled late varieties.

Our Sweet Corn is Eastern grown, field ripened, and cured on the stalk, and for earliness, sweetness and purity cannot be excelled. The Early Cory is the *earliest* corn, as well as one of the sweetest. Thorough tests have proved this, and the Cory is now the most popular extra early Corn.

POTATOES.

It is generally conceded advisable to get seed from a distance, especially that grown north of where the planting is to be done. What is the advantage of the Northern grown seed if not that nature is more constrained, and thus puts more vitality into seeds than she would under more

favorable conditions? Our Seed Potatoes are grown in Aroostook County, Maine, especially for seed, from the choicest stock, and cannot be excelled. The choicest Seed Potatoes are cheap this year, even in the far North. For this reason we have put in a large stock, knowing that many who are fully aware of the advantage of changing their old and worn out potatoes for new and vigorous Northern stock, are prevented from doing it by the high prices usually required for seed, and will gladly take advantage of the low prices this year.

Potatoes and Manures.—In recent experiments, the best results came from the combined use of commercial fertilizers and barnyard manures. Kainit was less effective than the muriate of potash, and nitrate of soda was not found valuable for potatoes.—*American Agriculturist*, January, 1892.

DURHAM, CONN., January 30, 1892.

All the seeds bought of you last Spring was received O. K., and they all proved good and true. They gave the best results of any seeds I ever bought, not one failure. Your onion seed came up too thick, for I wasn't used to such seed, and put them in rather heavy, as usual. I shall never send away for seeds again. You may book my order for this Spring, as enclosed.

Yours truly,

H. W. BAILEY.

SQUASH—Winter.

Fordhook Squash.

This new Squash is dry, very thick-meated, sweet, of a straw yellow color, and *keeps till June*. It is very prolific and solid, having a small seed cavity, and ripens the earliest of all Winter varieties. A valuable squash for Winter use, and should be planted in every kitchen garden, as a large crop can be grown on a very small plot of ground.

Market Gardeners and those who use a large variety of seeds, are specially invited to call, and will be treated in the most liberal manner.

VEGETABLE PLANTS.

A full assortment of the following varieties, grown specially for our trade by experienced cultivators, will be found at our store in the proper season for transplanting..

NOTICE—We reserve the right to hold wholesale orders for plants, two days before shipment, should we so desire. For this reason: when a favorable day for planting comes, in the right season, our local demand for plants is so great as to exhaust the largest stock in a few hours; and to fill a wholesale order we might have to disappoint a score of customers.

Don't wait till the last minute, but send in orders as soon as you know what plants are needed, and we will fill them in the earliest possible time.

A CHOICE COLLECTION OF

AMERICAN, FRENCH, AND GERMAN

FLOWER SEEDS.

FRED. P. BURR & CO., Cor. Main and Union Streets, Middletown, Conn.

We learned years ago that the reliable way to get a complete mixture of Flower Seeds, was to take the separate colors and *mix them ourselves*. The great popularity Burr's Flower Seeds have attained, is owing to the thorough variety of our mixtures. Everyone who cultivates flowers—and that means more than it did years ago—knows the disappointment felt when the bed of their favorite flowers, so carefully tended till blossoming time, contained but one or two colors. Perhaps the “mixed” phlox was all white; the pansies all yellow; the sweet peas all pink; the “mixed” asters all blue. We spare no effort to have our Flower Seeds of the best quality.

SPECIAL.—With each 25 cents worth of our Flower Seeds, we will include one Double Pearl Tuberose; first quality, flowering bulb.

God Almighty first planted a Garden. And indeed it is the Purest of Humane pleasures. It is the Greatest Refreshment to the Spirit of Man, Without which Buildings and Pallaces are but Grosse Handyworks: And man shall ever see that when Ages grow to Civility and Elegance they come to Build Stately, sooner than to Garden Finely: as if Gardening were the Greater Perfection.—*Bacon*.

SELECT LIST OF FLOWER SEEDS.

SELECT LIST OF FLOWER SEEDS.

SWEET PEA.

The yearly introduction of many new varieties, of size and beauty formerly unknown, has added immensely to the popularity of this dainty and exquisite flower. We have always given special attention to Sweet Peas, our stock being grown in England and California, and have a larger sale for them than for any other flower seeds—not even excepting our popular Kaleidoscope mixtures of Asters and Pansies. Our Kaleidoscope collection of Sweet Peas is the finest ever put up. In addition to the old varieties, mixed with Eckford's unnamed Hybrids, it contains the following new and costly sorts: Delight, Captain of the Blues, Empress of India, Miss Hunt, Mrs. Gladstone, Mrs.

Sankey, Purple Prince, Queen of England, Alba Magnifica, Apple Blossom, Orange Prince, Boreatton, The Queen, Isa Eckford, Princess of Wales, Cardinal, Duchess of Edinburg, Red and White, Butterfly, Etc., Etc. *Each packet of Kaleidoscope Sweet Peas will also contain the new YELLOW PRIMROSE, the rarest and costliest variety in the world.* Kaleidoscope, per large packet, \$0.15

SUMMER FLOWERING BULBS.

Tuberous Begonia, Single.

Begonias can be removed into larger pots if desired, and will nearly always start into renewed growth, and continue longer in bloom. The bulbs can be taken up after frost and kept over winter in a dry, warm place—as easy to keep and to plant as a potato. Single varieties, in finest mixture, 15 cents each; 4 for 50 cents; or 1 doz. for \$1.50.

GLADIOLUS BULBS.

Those who buy bulbs for their bloom, and do not care to pay double for the named sorts, will be pleased with our extra fine mixed American Hybrids. These include many new Hybrids of great beauty, and the variety is so complete that we warrant no two in each dozen to be exactly alike.

SUMMER FLOWERING BULBS.

DAHLIA ROOTS.

We have a choice collection of large flowering double sorts, grown for us last season from costly imported roots, of the following varieties, at 15 cents each, or the whole collection of six distinct sorts for 75 cents.

	Each.
Snow, pure white, early, free bloomer, - -	\$0.15
Sunbeam, terra cotta, with carmine center. -	.15
Apollyon, bright orange scarlet, showy, - -	.15
Golden Crown, clear bright yellow, finest, -	.15
Bicolor, crimson striped carmine, - - -	.15
The Bride, white, tipped lilac, - - -	.15

TUBEROSE.

The pure white, wax-like blossoms of the Tuberose are justly considered by many to be the most fragrant of all the summer flowers. The dwarf Double Pearl Tuberose is much superior to the tall Italian variety; the flower spike is larger, flowers much more double, and of a purer white. Our bulbs are all first size, Southern grown and selected, and will everyone bloom this season, if treated properly. The Tuberose is a native of the tropics, requires heat, with plenty of water, and will do well in any fairly rich, light loam, with sunny exposure. The bulbs are extremely sensitive to cold, and too early planting when the ground is cold for several days, will cause decay of the crown, or heart. Double Dwarf Pearl, largest selected, 5 cents each; six for 25 cents, or twelve for 40 cents.

Double Pearl.

TIGRIDIA, PEACOCK, OR MEXICAN SHELL FLOWER.

Tigridia.

If planted in a warm, sunny situation; they flower very freely through the summer.

Three bulbs of each variety, or nine in all, for 60 cents.

Madeira, or Mignonette Vine, 10c. each, 75c. dozen.

FLOWERING AND ORNAMENTAL PLANTS.

Hydrangea Grandiflora.

thera; Aster; Coleus; Daisy, English, double; Feverfew; Forget-me-not; Heliotrope; Hollyhock, Chater's superb double; Lantana, six varieties; Pansy; Pinks; Petunia, single and double; Verbenas, Etc. Price, 3 cents to 15 cents each; per dozen, 35 cents to \$1.00. Begonia, six varieties of Rex, 15 cents each; whole collection, 75 cents. Begonia Metallica, fine, healthy plants, 15c. to 35c. each. Chrysanthemum, the twelve elegant new named sorts, exhibited last fall in our store, 10c. each, or \$1.00 for collection. Cobea Scandens, a beautiful, rapid growing climber, 20c. each. Geranium, single, double, and ornamental leaved, 10c. to 20c. each. Hydrangea, fine plants, in bud, from 35c. to \$3.00 each. Honey-suckle, everblooming, white and yellow, 25c. each. Manettia Vine, 15c. to 25c. each. Moonflower, 15c. to 25c. each. Petunia, double, 10c. to 25c. each. Pelargonium, 20c. to 35c. each.

We handle a large and constantly changing assortment of Plants through the Spring months, all well grown, in bud, and ready for business. *We do not mail any plants.* One strong plant or rose, well grown, is of more value than a dozen baby "mailing plants," too immature to leave the nursery. Our plants are all potted, and can be removed without injury; and carefully packed, without charge for box or basket.

FAVORITE BEDDING PLANTS.—

Ageratum, blue and white, dwarf; Alyssum; Alternan-

Begonia Rex.

PANSIES.—We have 6,000 Pansies, grown from our choicest Kaleidoscope mixed seed. We shall sell them at 30c. per basket of 10 plants, all assorted, and in bloom.

ROSES.—We have a selection of the best Hybrid Perpetual Roses at 10c. to 50c. each; also, monthly Roses, same price. Moss Roses, field grown and wintered out one season—Comptess de Murinais, pure white; Henry Martin, fine pink; Hortense Vernet, rosy carmine; Luxembourg, crimson scarlet.

Verbenas, choicest; twelve in basket, all different, 50c. per basket.

Burr's \$1.00 Collection of Plants.—Roses, ten fine named varieties—Geranium, single or double, assorted colors—Geranium, single or double, all one color—Chrysanthemums, twelve choicest, new named varieties—Hanging Basket Collection—Vase Collection, very fine—Bedding Collection, ten assorted plants, great bargain—Bedding Coleus, fifteen assorted plants—Bedding Coleus, fifteen, all one color—also collections for 50c. We take special pains with our Flower Collections; they are great value for the money and never fail to suit.

MATTABESSETT LAWN SEED.

To make a fine lawn, beautiful an green through every season of the year, it is essential to have at least four varieties of seed. With but one variety, a lawn will be in good condition but one part of the year. In our **Mattabessett** mixture, special attention is given to secure varieties that mature at different seasons of the year. It is

composed of fine grasses only, suitable for a permanent, ever-green lawn, and *contains no coarse hayseed*. One quart will sow thoroughly a piece 15x15. Do not stint the seed. Per quart, 20c.; four quarts, 75c.; per bushel, \$5.00. Cheaper quality, \$4.00. White Dutch Clover Seed, per $\frac{1}{4}$ pound, 15c.; per pound, 45c.

LAWN FERTILIZER.—High Grade Ammoniated Bone, 25 lb bag, 75c.; 50 lb bag, \$1.10; 100 lb bag, \$2.00. The cost of this Fertilizer is less than the expense of carting and applying stable manure, and it will not fill a lawn with weed seeds. It will kill the grubs and worms, eradicate the moss, and quickly renovate old, worn-out lawns.

FERTILIZER FOR FLOWERING PLANTS.—Fine Bone Meal—a valuable and convenient Fertilizer for both potted and bedded plants. Can be easily applied at any time, and will quickly show its excellence. Price, per sack of 25 lb, \$1.00.

INSECTICIDES.—Ground Hellebore, in boxes only, small, 15c.; per pound, 25c. Paris Green, pure, in boxes only, small, 15c.; per pound, 25c.

Solid bright steel blade, full polished. It has none of the awkwardness of the old style bent shank Trowel, and is a most effective tool for lifting and setting plants, and has found great favor with florists as well as amateurs. Price 25c. each, by mail, in patent safety mailing tubes.

BULBS FOR FALL PLANTING.

We import direct from the best Holland sources, a choice variety of **Selected Dutch Flowering Bulbs**. Hyacinth, Tulip, Crocus, Narcissus, Oxalis, Snow Drop, Etc. Also Calla bulbs, Freesia, Easter Lily, Chinese Lily, Etc. These bulbs arrive about September, and *can be obtained only from September to December*. We receive many orders for these bulbs in the Spring, and are obliged to return the money. Our price list of Fall Bulbs will be issued next September and mailed on application, and to regular customers.

HAVENS' CLIMAX CONDITION POWDER

The only positive cure for Gapes and Poultry Cholera, and the best medicine for Horses, Cattle, Poultry, Sheep and Hogs. Liberal packets, 25c. Large boxes, \$1.00. Havens' Roupe Pills, 25c. a box. Rust's Egg Producer, 25c.; large box, \$1.00.

Spratt's Patent Meat "Fibrine" Dog Cakes (with Beet-Root)—These celebrated biscuits are the only ones supplied to all the Royal kennels, and to the "Kennel Club" and "Birmingham National" Dog Shows. Per 100 lb, \$7.00; whole cakes, packed in layers, in original cases.

PRUNING SHEARS.

A great bargain. Nine inches long, two flat brass springs (*not spiral springs*), equal to imported pruning shears costing double. Price 50 cents, mailed postage free.

Established 1872.

What Is It?

A purely vegetable food, containing no mineral or other poisonous substance, for Horses and Cattle.

What It Will Do.

Regulate the bowels, prevent indigestion, loss of appetite, worms, botts, colds, colic, hide-bound, epizootic. Will make the coat glossy, improve the wind and staying power of horses.

Price, in 12 pound cloth bags, 75 cents.

Incorporated 1887.
