WHOLESALE PRICE LIST

OF

SNEED NURSERIES,

JOHN F. SNEED, Proprietor.

(SUCCESSOR TO J. F. & A. F. SNEED.)

TYLER, TEXAS.

TO THE TRADE:

I respectfully invite your attention to my Annual Wholesale Price List for Fall 1892 and Spring 1893. I wish to remind my patrons that my stock is VERY FINE and in a healthy condition, and I feel assured that all who patronize me this season will be well pleased.

I do not hesitate to say that according to grade my prices will compare favorably with any first-class Nursery.

It has always been my purpose to do an honest business or not at all. Therefore I guarantee everything I sell true to name. Should anything prove not true I will replace the same free of charge, or refund the money, as the purchaser shall choose.

I take this occasion to sincerely thank my customers for liberal patronage the past season, and will spare no pains to continue to merit the same. I earnestly desire a trial order from those with whom I have not dealt.

LOCATION.

My Nurseries are located two miles south of court house, Tyler, Texas, on International & Great Northern railroad.

SHIPPING FACILITIES.

Tyler has three railroads, which run in different directions, tapping all the main lines, giving direct, cheap and rapid transit to all points.

PACKING.

My regular shipping season commences about November 1 and closes about April 1. I box and bale, packing trees in wet hay and moss when required, so they can be shipped long distances with perfect safety. I charge actual cost for boxes and burlaps. No charge for packing and delivering at express office or depots.

TERMS OF PAYMENT.

Cash or satisfactory security, or references given. C. O. D. orders must be accompanied by one-fourth cash to secure attention.

IMPORTANT.

Orders should be sent in early, and plain shipping directions should be given. In the absence of these I will forward to the best of my judgment, but in no case do I assume responsibility after consignment to purchaser, unless for my own mistakes. Claims for loss or delay in transit should be made on the carriers immediately.
