NORTH MAIN STREET NURSERY.

Novelties and Standard Trees and Plants,

A SELECTION OF THE BEST.

J. W. ADAMS & CO., - - SPRINGFIELD, MASS.

Electric Cars, Red and Green Lines, both pass the Nursery.

✓ **Bay State Cherry.**— A fruit of the largest size and of excellent flavor. The trees bear full crops while very young. 75c. and \$1 each.

✓ **Walter Pease Apple.**— One of the largest and most beautiful of the autumn apples. The trees are very productive, and the fruit is of excellent quality; keeps well, and is in demand at extra prices. \$1 each.

✓ **Lombard Plum.**— This is still the most popular plum, because it is so productive. 75c.

✓ **Seckel Pear.**— The most delicious of all pears. It is also a healthy and productive tree, and should find a place in every garden. 75c. and \$1 each.

✓ **Mountain Rose Peach.**— A large red-cheek peach; very showy; excellent. 50c.

✓ **Borgeat Quince.**— Trees of this new variety are remarkable for their large thick leaves, thrifty growth, early bearing, and handsome fruit, which keeps sound until midwinter. \$1 each.

✓ **Green Mountain Grape.**— The earliest white grape which combines quality, vigor, and productiveness. \$1 each.

✓ **Houghton Gooseberry.**— A trial of many years of nearly all of the advertised sorts leads us to recommend this old variety; easily grown, and excellent in

quality. We caution our customers not to plant the cluster gooseberry, which seems too often to be sold for the Houghton. \$2 to \$3 per dozen.

Long Bunch Holland Currant. — Having strings of fruit four to six inches in length, and of better flavor than any other red sort. The plants have more vigor, and bear most abundantly. \$3 per dozen.

Golden Queen Raspberry. — This is equal in quality and productiveness to the Cuthbert, which is red. \$1 per dozen.

Minewaskii Blackberry. — Fruit quite large, juicy and delicious; ripe early in July, and continues two months in bearing; a new variety of great merit. \$1 per dozen.

The Bubach, Haverland and Jessie Strawberries are old varieties of great value. 30c. per dozen by mail; \$1 per 100 by express.

Middlefield. — A new sort, very highly recommended. 50c. per dozen; \$2 per 100.

Yale. — A large deep red and late berry; very fine fruit. \$2 per 100.

London Market Rhubarb. — Extra large, long, very tender and mild. 50c. each.

Asparagus, Conover's Colossal. — One-year-old plants, 75c.; two-year-old plants, \$1 per 100.

ORNAMENTAL TREES, ETC.

Cherry Crab. — An upright, small tree; beautiful in both flower and fruit for lawns or in gardens.

Maples, Wyer's Cut-Leaved. — A rapid growing silver maple of great beauty, when properly grown. \$1.50 to \$3 each.

Maple, Schwedleri. — A beautiful Norway maple with scarlet foliage changing to purple. \$1 to \$2 each.

Maple, Reitenbach. — A Norway maple with purplish foliage in August and September. \$1 to \$2 each.

Oak, Golden-Leaved. — The brilliant foliage continues through the summer and autumn months. \$2 to \$4 each.

Poplar, Van Gaert's Golden. — A showy and clean tree of rapid growth. 75c. to \$1 each.

Poplar, Boleana.—An upright tree with silvery white foliage of free growth. 75c. to \$1 each.

Beech, Purple-Leaved.—There are many varieties and some with leaves indistinct; and being seedlings, we sell them at \$1 to \$2 each. Grafted trees with large dark purple leaves are among the finest lawn trees. Three feet, \$2; four feet, \$2.50; six feet, \$4.

Birch, White, Cut-Leaved.—A tree for sandy soils. Pleasing and desirable for lawns, parks, cemeteries, and all ornamental purposes. Eight feet, \$2; ten feet, \$2.50; six feet, \$1.50; three to four feet, \$1 each.

Elm, Dover.—A European variety with large plicated leaves. The trees are very vigorous, erect, and ornamental. \$1 to \$3 each.

Elm, Camperdown.—An umbrella-shaped tree of striking habit, and, for some positions, desirable ornaments. \$2 each.

Willow, Laurel-Leaved.—A new shade tree with large, thick, and glossy foliage of rapid growth. It is so hardy that large numbers will be planted at the seaside as soon as sufficient quantities can be grown, since every purchaser of this valuable tree speaks in its praise. Six feet, 50c.; eight feet, 75c.; ten feet, \$1; extra size, \$2.50.

Linden, European.—Red-twigged and yellow-twigged varieties. Desirable trees for rich soils. Twelve feet, \$2.

Dogwood, Red Flowering.—Foliage grayish green, in autumn turning to deep red. \$1.

Elder, Golden-Leaved.—A showy shrub. Very distinct and easily grown. 50c. each.

Hydrangeas, Large Flowering.—One of the most popular shrubs grown, flowering in July, August and September. 25c., 50c., and \$1 each according to size.

Lilacs.—A large collection of many fine varieties.

Paeonies.—A superb collection. See catalogue.

Phloxes.—Several distinct kinds of dwarf habits.

Syringa, Golden.—Very conspicuous low shrubs with bright foliage. 50c. each.

Deutzia, Gracilis.—Low shrubs of great beauty, being profusely covered in May and June with clusters of white flowers. 25c. and 50c.

Deutzia Waterii. — A hybrid of *D. Gracilis* of much larger growth. Flowers open flat like a rose; a new variety; strong plants. \$1 each.

Exorchordia, Grandiflora. — This new shrub has pearly white flowers in May and June. 50c.

Hydrangeas. — Of these showy plants we have a very large stock of all sizes. 25c., 50c. and \$1 each.

Magnolias. — All of the hardy varieties which are now so much in demand. \$2 to \$4 each.

Pyrus, Jap. Maulei.

Spirea, Thunbergii.

Berberry, Ibota.

Syringa, Aurea.

Deutzia, Gracillis.

These are all low-growing shrubs of great beauty, and well adapted to small grounds.

Sambucus, Aurea.

Syringa Aurea.

Ptelea Aurea.

Shrubs with golden leaves; very conspicuous the entire season.

Gladiolus. — We grow these most beautiful summer bulbs by the thousand of almost every desirable color. See page 41 of our catalogue for description and prices.

Roses and their culture are fully described in our catalogue (page 35), which we mail free, on request. On a couple of pages will be found more practical information than can be gleaned from some of the large works on this interesting topic. Our plants are so superior to the cheap imported stock, which are thrown upon the market, that we ask for a trial order from people who wish to cultivate only the best in quality.

Intending buyers should write for our Catalogue, and then order by mail.
