# WHOLESALE TRADE LIST
OF
PLANTS
AND
ROOTED CUTTINGS

CROWN BY

Essex Heights Floral Co.
Belleville, New Jersey.

EDWIN J. VAN REYPER, Manager.

Making carnations one of our Specialties, we have this season over 50000 Plants, planted on tables for their blooms and cuttings; also three propagating houses 10 x 106 ft. devoted to their culture, so that we feel confident we shall be able to fill all orders at short notice. Our stock consisting of Sixty-five varieties is in extra fine condition, come and see it for yourself. Visitors are welcome at all times.

Terms 30 or 60 days by special agreement.
If remittance accompanies order, or goods are sent C. O. D. we will prepay the Expressage or Mailage.

By looking over our list you will see that the prices are very low for first-class, well rooted stock.

The prices are for rooted cuttings excepting where mentioned from pots.

## SEEDLINGS OF 1893.

<table>
<thead>
<tr>
<th>Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Florence Van Reyper</td>
<td>A large pure white, a cross between a white seedling and Lizzie McGowan.</td>
</tr>
<tr>
<td>Ruth Churchill</td>
<td>A very pleasing crimson the finest so far introduced a cross between Garfield and Anna Webb.</td>
</tr>
<tr>
<td>Grace Battles</td>
<td>A superior pink for commercial purposes. Among us particular merits are its clear, pure pink color, being very productive, and coming into bloom quickly after topping.</td>
</tr>
<tr>
<td>New Jersey</td>
<td>The finest scarlet yet introduced, a good straight up-right grower, the flowers being produced in abundance on long stiff stems.</td>
</tr>
<tr>
<td>Old Rose</td>
<td>Rose pink, the best of its color a grand acquisition to the trade, a good grower and very productive. Flowers finely fringed and on long stems.</td>
</tr>
<tr>
<td>Edna Craig</td>
<td>Very large clear pink, a good hipper, where ever exhibited it has received highest commendation.</td>
</tr>
<tr>
<td>Clara Mawer</td>
<td>A seedling that came up in a pansy bed of Mr W. Mawer, of Newark N. J. very large white. Early and continuous bloomer, of extra good quality.</td>
</tr>
<tr>
<td>Buttercup</td>
<td>The finest large yellow, streaked with Carmine.</td>
</tr>
<tr>
<td>Peachblow Coronet</td>
<td>White mottled with pink, very strong grower. Extra good.</td>
</tr>

'' '' '' Pots $2. '' ''

**CHRYSTANHEMUMS for 1893**

**Mrs. C. H. Strong**—Color a delicate rosy pink, silvery reflex; full incurred flower, the petals twisting to form a perfect ball, with the point of each petal protruding evenly over the entire surface, giving the flower a very unique appearance; an ideal florists flower. Received first-class certificate at Erie, Nov. 1882.

**Daybreak**—Color beautiful soft pure rose tipped with a very bright golden yellow both on front and reverse of petals; very distinct; large broad petals of good substance, incurred and reflexed; good for all purposes.

**William Brewster**—Color light crimson, reverse of petals chrome yellow with bright golden tips; each petal stands erect, tubular guard petals; large full flower. Shows no center; distinct in color from any known variety; good dwarf habit.

**Pink Coral**—Beautiful coral pink, reverse of petals silvery pink; broad petals of good substance, beautifully incurred, foliage good; a grand florists’ variety of good habit; has won first premium for basket of Chrysanthemums wherever shown.

**Dr. B. D. Schlauderker**—Bright golden yellow lightly streaked with red; full incurred flower forming a perfect ball; strong robust habit, flowers borne on stiff stems; after the style of ‘Anthony Wayne’ but much better and more distinct. First-class certificate at Erie.

**Cascade**—Lower petals crimson gradually shading to a bright Indian red, the upper petals crowning to a brilliant golden yellow; lower petals drooping, center petals slightly incurving; an enormous high built flower often measuring eight inches in depth by as many a cross; long stiff stems covered with foliage to the base of the flower Never exhibited.

**Emma Laura T**—Light canary yellow; medium sized full incurred, flowers very freely produced on long stiff stems, foliage clear to the flower; an improved variety of the ‘Ben d'Or type; grand for cut flowers.
WHOLESALE TRADE LIST

Lizzie Tong—A beautiful pearly white flower of immense size and good substance; the florets, which are spoon shaped, curl gracefully at the tips, reminding one of the snowy falls worn in the times of our great grandmothers; a great grower with a wonderful strong robust constitution: late, flowering end of November; a grand variety for all purposes.

Charlotte Russe—Base of petals a soft delicate cream. the tips of the petals, which curl up-wards, a bright golden yellow, the colors beautifully blended, shape of flower somewhat similar to “Excellent” strong grower.

Tong Junior—One of the novelties of the season: very large double incurved flower of fine globular form, perfect in every way: color carmine shaded amaranth, reverse of petals silverly rose: strong erect grower, fine foliage and constitution of the best; a fine exhibition plant.

Rayon d’Or—The most distinct variety in cultivation both in the form and color of the flower, which is a bright bronze yellow lightly mixed with rose and red; each petal droops gracefully and then curls upwards at the tip of each petal: full to the center, never showing an eye: habit the very best.

War Paint—An immense flower of the “Cullingfordii” type with flowers twice the size of that variety, borne on long stiff-stems, clothed with foliage: color distinct, a brilliant Indian red of the shade used by the Indians for war paint, reverse of petals old gold: strong robust constitution.

Ready Mar. Ist. Price, 75 cents each, the set for $8.00.

CHRYSANTHEMUMS OF 1892.

ATTENTION FLORISTS.
We are manufacturing the most perfect fertilizer known for the growing of flowers and grass. It is absolutely free from offense and contains no sand nor any kind of waste. It is drought proof and keeps a lawn green in the driest weather. It is composed largely of human excrement, marl, pure potash and other natural plant food. Send for a trial order, stating the percentage desired in potash, ammonia and available phosphoric acid, as we manufacture various grades. Our prices average less than two-thirds that of chemical fertilizers, and you secure better results.

Sample package of 25lbs. for trial, will be sent on receipt of 10 cts. 50lbs. 75 cts. 100 lbs. $1.00, together with quotations per ton on same goods. You pay the express or freight charges.

We refer by permission to these large growers.
