Terms and Conditions:

This list is for the trade only, as the prices are net wholesale for items which we have in quantity. Prices are f.o.b. our warehouse. Prices in this wholesale list cancel all previous lists and are subject to change without notice.

Plants are quoted in 10 and 100 lots, 50 of one variety and size at the 100 rate.

Stock specially selected by customers at the Nurseries will be charged for according to value, irrespective of list prices.

VISITORS WELCOME. You are invited not only to visit the office, but to go over the extensive grounds as well. There are more than 600 acres in the farm.

TERMS, CASH WITH ORDER, except to persons who satisfy us as to their responsibility, when for their convenience accounts will be opened.

AUTO-TRUCK DELIVERIES based on actual cost, if no Government regulations to interfere, are made within a reasonable distance of our Nurseries.

Often we can work out combination trailer loads, and so if you do not anticipate needing a full load, write or call us about delivery with other orders going in your general direction. Please place orders that you wish to call for at the nursery as far in advance of need as possible. We give fast, efficient service, but cannot always dig orders the same day they are received.

GUARANTEE. We guarantee our stock to be true to name, properly packed and shipped according to directions. In no case shall our liability be more than the amount paid us therefor. No warranty as to productiveness of any tree or plant we sell is given. Orders shall be void should unavoidable injury befall the stock.

Again we want to invite you to visit our nurseries and see for yourself the excellent quality of our stock, and the large quantities available. We grade liberally.

Official Inspection. We furnish with each shipment a certificate that our Nurseries have been examined by the State Entomologist of North Carolina and found free from contagious diseases.
