LINDLEY'S LANDSCAPE DEPARTMENT. A great vogue for beautiful home-grounds is sweeping the country. Well-planted and well-kept lawns are as much a part of the modern times as motor cars and fashionable apparel. An outdoor living-room costs little and adds much to the joy of living. Let the sod provide a velvety carpet; use trees, shrubs, and evergreens to give privacy; add color and fragrance by using hardy plants. Now is an ideal time to plan improvements. You will thoroughly enjoy planting, and will be amazed that so much beauty, pleasure, and satisfaction can be had for so small cost. Lindley's Landscape Department is ready to assist you, whether your problem is a complete planting for a new home, changing a present planting, or adding new plants to your collection.

SHRUBS HIGHLY VALUED
Darlington Road Employees
Improve Plant Site

Darlington, Aug. 13.—Special: Five years ago employees at the Darlington county highway department contributed the sum of \$25 towards buying shrubbery to beautify the grounds at the plant here and today the shrubbery is valued at several hundred dollars.

Each fall the men purchase winter grass seeds to plant on the highway grounds surrounding the local plant and it is kept up by the men.

Twenty men are employed at the Darlington highway department.

Without any reasonable doubt, we are in a position to supply almost anything in this line that any one could be interested in, and we invite your correspondence. Please note particularly the two pages of cuts of OLD ENGLISH DWARF BOX at Wise, N. C., on pages 24 and 25 of this catalog. Then we have another source of supply of such stock as illustrated on this page, in a different section of the State. Our offerings of *Buxus sempervirens* are partly here and partly in a different nursery, which we have been commissioned to sell. All the stock has been reasonably priced, quality considered. A limited quantity of stock will be kept here for quick delivery in small lots.

This scene is a small portion of our Boxwood Nursery at Wise, N. C., on US #1, near the Virginia line. The trees are Chinese Elms. You are cordially invited to visit this place, and of course you know you are always welcome here. In this Nursery is where the famous collection of Old English Dwarf Box is located. Turn to page 24 and see some of the specimens pictured.

HOW TO ORDER. Always make out the order on a separate sheet from your letter. Write your name, address, post office, and shipping - point very plainly.

GUARANTEE. Lindley Nurseries, Inc., exercises the greatest care possible to keep their varieties true, and hold themselves in readiness to reship any trees or plants that may prove otherwise, or refund the original sum of money paid therefor, if reported to them within five years from date of order. It is mutually agreed that they are not further responsible in any case. We furnish with each shipment a certificate that our Nurseries have been examined by the State Entomologist of North Carolina and found entirely free from contagious diseases.

REPLACING. When stock is delivered in good condition, our responsibility ceases. However, if it has been properly cared for, we replace all dead plants at half list price.

SHIPPING AND PLANTING SEASON. In the South the weather conditions are usually so favorable that planting operations can be carried on all winter. We usually begin to ship October 25 and can make daily shipments until about April 1. Orders are entered as received and shipment is made as soon as we think advisable. Of course if the customer specifies any particular shipping date we endeavor to govern ourselves accordingly.

WHERE WE SHIP. We ship with perfect safety to all southern and border states.

IF FROZEN IN TRANSIT. Nursery stock frozen in transit will not damage if handled as follows: Immediately on finding sign of frost in boxes, close them tight and place in cellar or bury in sawdust or dirt, and do not handle the stock until all signs of frost have disappeared. It will require perhaps ten days to draw the frost in this manner. Do not expose to light or air while frozen.

AUTO-TRUCK DELIVERIES, based on actual cost, are made within a reasonable distance of our Nurseries. The advantages of truck delivery are many. Boxing is eliminated, stock arrives in much better condition, and the goods are landed on the ground within a short time after being dug.

PRICES in this Catalogue cancel all previous lists and quotations, and are subject to change without notice. **PRICES INCLUDE PACKING, EXCEPT ON SPECIAL BULKY PIECES,** for which cost of packing will be extra, **AND ARE F.O.B. OUR SHIPPING STATION,** or for local delivery on our regular routes.

TERMS, CASH WITH ORDER, except to persons who satisfy us as to their responsibility, when for your convenience **ACCOUNTS WILL BE OPENED DUE IN 30 DAYS FROM DATE OF INVOICE.** **OVERDUE ACCOUNTS** subject to interest at 6 per cent.

STOCK SPECIALLY SELECTED by customers at the Nurseries will be charged according to the value of the stock chosen, irrespective of Catalogue list price.
