Nursery P. O., St. Louis Co., Mo.

A. WIEBUSCH & SON PRtg. CO., ST. LOUIS, MO.

INTRODUCTORY.

IN presenting this Price-List to the Public, we wish to extend our most sincere thanks to our friends and patrons for past favors, and respectfully solicit a continuance of your patronage, which, with increased facilities, we will endeavor to merit in the future as in the past.

The varieties offered in this list are mostly such as have been well tried and found worthy of extensive planting; we now have a number of newer varieties which we will describe when fully tested.

We will constantly add all new and promising varieties to our already large Sample Orchard on the "Gen. Grant" farm with a view of testing their qualities, so that our patrons may rely upon getting a superior article. Any order entrusted to us will receive our personal attention, with a view of giving satisfaction to all.

We have commodious *Packing Sheds* and *Cellars* for use during *Shipping Seasons*, to facilitate prompt shipping and careful handling of *Nursery Stock*. Our regular shipping season in Spring commences about March 1st and extends to May 1st, and in Fall from October 1st to November 15th or until freezing up. We pack in boxes or bales with moss, so that the goods will go long distances without injury.

GUARANTEE.—We warrant everything true to name, and are especially careful to keep everything pure and true, but mistakes in this respect will sometimes occur, and in such cases, upon proper proof, will supply others in place, or refund the money paid. Beyond this we will not be bound. Everything is carefully labeled.

We respectfully solicit a trial order from those with whom we have not yet dealt, and especially invite inspection of *Stock* and *Nursery*, also a comparison of prices with other reliable firms.

☞ BEWARE OF PEDLARS. ☞

Again soliciting your patronage, we remain

Yours truly

H. J. Weber & Son.

Nursery P. O., St. Louis Co., Mo.

BRANCH NURSERIES: GEN. GRANT'S FARM,

Near South Webster Station, San Francisco R. R.

Special Varieties.

PEAR.

✓ **Idaho.**—Originated near Lewiston, Idaho. Size very large, nearly globular; color rich, light yellow, with small russet spots; cavity very deep and narrow and strongly furrowed, stem small; flesh white, fine grained, melting and rich. Said to be a vigorous grower, and its excellent quality gives promise of its becoming one of the most valuable pears.

Each 60 cents, \$5.00 per 10.

✓ **Cole's Seedless.**—A novelty, having neither seed nor core. This is a new pear, introduced into the South from Kansas, where it has been tested a number of years. Sept.

Each 75 cents.

PEACH.

✓ **Champion.**—Originated at Nokomis, Ill. Has been carefully tested for a series of years, very hardy having stood 18 degrees below zero in 1887—8, and producing an abundant crop the following year. Flavor delicious sweet, rich and juicy, surpassing all other early varieties. Skin creamy white with red cheeks; strikingly handsome. It is early, productive, largest size, high flavor and good shipper. Perfect freestone.

Each 50 cents, 10 for \$4.00.

✓ ERIE BLACKBERRY.

One of the best hardy varieties, having stood unharmed a temperature of 25 degrees below zero. Very productive, not having failed in producing a fine crop each year since it originated; foliage clean and healthy, free from rust, fruit large, round in form, a very fine berry.

Each 15 cents, 10 for 50 cents, \$4.00 per 100, \$30.00 per 1000.

✓ RED JACKET GOOSEBERRY.

As large as the largest, berry smooth; very prolific and hardy, quality and foliage the best, never been known to mildew. We need a gooseberry which can be grown in our own country, to take the place of Industry, which mildews so much that neither plants nor fruit can be grown, except in a very few localities.

Each 50 cents, \$4.00 per 10.

✓ EATON GRAPE.

Hardy, vigorous and productive, bunch very large, compact, berries very large, round, black with a heavy bloom, skin thin, but tough, pulp large, tender, separates freely from seeds. Promising variety.

2 year vines, 75 cents each, \$6.00 per 10.

✓ MOORE'S DIAMOND GRAPE.

Grape from seed of Concord, fertilized with Iona. In vigor of growth, color and texture, foliage and hardness of vine, it partakes of the nature of its parent Concord, while in quality the fruit is equal to many of the best tender sorts, and ripens from two to four weeks earlier than Concord. Very promising.

Each 25 cents, \$2.00 per 10, \$15.00 per 100.

Fruit Department.

APPLES.—Standard.

	Ea.	10.	100.
6 to 7 ft. 3/4 in. and up, extra select.....	\$0 25	\$2 00	\$15 00

No. I., 2 years old, good, strong plants.....	\$0 15	\$1 00	\$5 00
“ II., “ “ good size.....	10	75	3 00

✓ **Fay's Prolific**—The best new currant yet introduced, berries large, uniform in size, very productive and easy to pick. 2 year No. 1, each 25 cents, per 10 \$2.00, per 100 \$15.00.

✓ **La Versailles**—Large red, bunch long, an excellent variety, should be in every collection.

✓ **Red Dutch**—An old variety, excellent and well-known.

✓ **Victoria**—Large, bright red, long bunches, a good bearer.

✓ **White Dutch**—An excellent and well-known sort.

RASPBERRIES.

✓ **Cuthbert**—A strong, hardy variety, very large, rich crimson, handsome and highly flavored.

Each 5 cents, per 10 50 cents, per 100 \$2.50.

✓ **Marlborro**—The largest early red raspberry, a trifle later than Hansell. One of the best.

Each 10 cents, per 10 75 cents, per 100 \$3.00.

- ✓ **Brandywine**—Berry beautiful, high colored and firm, a good shipper. Each 5 cents, per 10 50 cents, per 100 \$2.50.
- ✓ **Souhegan**, (Black Cap)—Canes hardy and vigorous, one week later than Doolittle, but larger and more productive.
Each 10 cents, per 10 75 cents, per 100 \$3.00.
- ✓ **Gregg**, (Black Cap)—Very large, excellent quality, productive and very hardy.
Each 10 cents, per 10 75 cents, per 100 \$3.00.

STRAWBERRY PLANTS.

	10.	100.	1000.
Young, strong plants.....	\$0 15	\$1 00	\$5 00
- ✓ **Jessie** (S.)—A seedling of the Sharpless; very large, fine quality. One of the finest early strawberries grown.
- ✓ **Chas. Downing** (S.)—An excellent variety from Kentucky. Flesh firm, juicy, sweet. A good market berry.
- ✓ **Warfield** (P.)—Vigorous grower, fruit large, conical, regular form, slightly necked; color dark, glossy red; one of our most profitable berries.
- ✓ **Sharpless** (S.)—Very large, oblong and irregular, firm, sweet and delicate. Vigorous and productive; best when grown in hills, too vigorous for common field culture.
- ✓ **Cumberland** (S.)—A fine berry in all respects; large size, fine form, beautiful color, excellent quality. A general favorite.
- ✓ **Bubach No. 5.** (P)—Large and uniform size, fine form and color, vigorous and productive.
- ✓ **Haverland** (P)—Berries fine, uniform in shape, very large, excellent flavor, bright red color, fine market variety.

ASPARAGUS.

- ✓ **Conover's Colossal**—A mammoth variety, of vigorous growth, sending up from fifteen to twenty sprouts each year, from one to two inches in diameter, color deep green, and crown very close.
2 year old, per 10 15 cents, per 100 \$1.00.
- ✓ **Palmetto**—Of Southern origin; has now been planted in all parts of the country and reports indicate that it is equally as well adapted for all sections. It is earlier, a better yielder, more even and regular in its growth, and in quality equal to that old favorite Conover's Colossal.
2 year roots, per 50 \$1.00, per 100 \$1.50.

RHUBARB OR PIE PLANT.

Linnaeus—Large, early, tender and fine; the very best of all.

Large clumps, each 25 cents, per 10 \$2.00.

NUT BEARING TREES.

American Sweet Chestnut—A valuable native tree, both useful and ornamental; timber is very durable and possesses a fine grain for oil finish. Nuts sweet, of a delicious flavor and a valuable article of commerce. No farm should be without its grove of nut bearing trees. The Chestnut should be foremost wheresoever the soil is adapted to its growth.

6 to 7 feet trees, each \$1.00, per 10 \$7.50.

5 to 6 " " " 75 cents, per 10 \$6.00.

GRAPES.

BLACK GRAPES.

Concord—The most profitable grape grown, succeeds everywhere.

Nursery P. O., St. Louis Co., Mo.

MOORE'S DIAMOND.

FOR DESCRIPTION SEE PAGE 4.

READ CAREFULLY.

Terms, Conditions and General Remarks.

Terms invariably Cash, except when otherwise agreed upon.

Packing will be done in the best manner, in bales or boxes, at the cost of the purchaser, but no charge is made for delivering the boxes or bales at any depot in St. Louis.

All orders to be sent C. O. D. must be accompanied with one-half the amount in Cash.

Goods at the risk of the purchaser after shipment.

When named varieties cannot be furnished, we reserve the right to substitute such varieties as will fill the season as near as possible, unless prohibited in the order.

Persons unacquainted with the different varieties will generally get a much better selection by leaving the assortment to us, as we grow mostly such varieties as a long experience and an extensive and careful observation has taught us to be best suited to the public need.

We offer the preceding list to an intelligent and appreciating public, and solicit their patronage with entire confidence, that we can give them as full satisfaction as any other establishment.

The articles enumerated in this list will be furnished at annexed prices, only when the quantity specified is taken, except as follows: 5 at 10 rates, 50 at 100 rates, etc. But where long lists of only single trees and plants of different varieties are wanted, the retail price will be charged.

A liberal reduction from retail price will be made to planters who form clubs or buy large bills.

CLUB ORDERS must amount to at least \$50.00 and made by one person, also by him divided—otherwise they will be priced as single orders.

This list of Fruits comprises a complete assortment of the most valuable varieties, from the very earliest to the very latest, ripening about in the order as they appear in the Price List. Some of the new kinds will be furnished at the prices annexed.

In order to give the best satisfaction, all errors and complaints must be made immediately upon receipt of stock, so as to enable us to make them good, otherwise it is impossible.

PRICES in this list are for trees without packing. We charge for boxes packed as follows: 9 by 2½ ft. \$3.50; 8 by 2½ ft. \$3.00; 9 ft. by 20 in. \$2.00; 8 ft. by 20 in. \$1.75; 8 ft. by 15 in. \$1.00; bales 25 cts. to \$1.50 each.
