HOLLAND IS FAMOUS FOR...

"Indeed"
 for its
 quality flower-
 bulbs, but there
 are many other reasons
 why Holland is so well
 known and has become,
 considering its size, such
 an important "dot" on the
 globe; for example its work-
 manship, its traditions, its
 delicacies and its art, as
 shown by us in this
 catalog, which you
 will find very
 interesting,
 for sure.

On this and the next pages you will find the 'most popular flowerbulb varieties. In order to help you plan your "Spring Garden" we have numbered each variety according to its blooming time, so as long as you plant one item from each page or category, next spring your garden will be a continuous showplace for 6 till 8 weeks.
