No. 3.

Hoopes, Brother & Thomas,

Maple Avenue Nurseries

West Chester, Pa.

SEMI-ANNUAL TRADE LIST.

AUTUMN, 1895.

While we exercise the greatest care to have all our trees and plants genuine and reliable, and hold ourselves prepared to replace, on proper proof, all that may prove untrue, we do not give any warranty, expressed or implied, and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not, at any time, be held responsible for a greater amount than the original price of the trees.

TWO MEDALS AND DIPLOMAS,

AWARDED BY

UNITED STATES CENTENNIAL COMMISSION.

NOTICE TO PURCHASERS.

THIS list is intended for Nurserymen, Florists and Dealers only, and supersedes all previous editions. The prices are for the quantities named. Five Hundred, Fifty, and Five, will be furnished at the Thousand, Hundred, and Ten rates, respectively. On smaller quantities a discount from our retail prices will be made to the trade. Dealers will be furnished at the lowest rates, when their bills for stock purchased at one time exceed two hundred dollars.

Our Nurseries,

Covering 600 Acres, with a large amount of glass, are in the immediate vicinity of West Chester, which is situated twenty-seven miles west of Philadelphia, and with which we have nearly hourly communication by two railroads—one a direct road, the other a branch of the Pennsylvania Central, and from which we have a siding to our packing-house. By the latter route we are enabled to ship to all parts of the country, without transfer in Philadelphia, and at very low rates to distant points.

Our Office,

Situated at Maple Avenue Station, is ten minutes' walk from the Main Station in West Chester. Trains leave Broad Street Station, Philadelphia, for Maple Avenue, 6.15, 7.15, 8.50, 9.45, 11.45 A. M.; 12.45, 2.49, 4.25, 4.45, 5.40, 6.45, 8.15 and 11.45 P. M. Return, 5.55, 6.25, 6.41, 7.47, 9.16, 10.21, 11.55 A. M.; 1.58, 4.43, 6.25 and 10.25 P. M. Leave Broad Street Station for West Chester, 6.15, 6.49, 7.15, 7.17, 8.46, 8.50, 9.45, 11.12, 11.45 A. M.; 12.45, 1.28, 2.40, 2.53, 3.47, 4.25, 4.32, 4.45, 4.55, 5.40, 5.44, 6.19, 6.45, 8.15, 8.23, 10.32, 11.43, and 11.45 P. M. Return, 5.10, 5.54, 6.00, 6.24, 6.40, 6.47, 7.35, 7.40, 8.25, 9.10, 9.15, 10.20, 11.25, 11.54 A. M.; 1.05, 1.57, 3.00, 4.42, 4.50, 6.05, 6.24, 7.15, 10.05 and 10.24 P. M.

The Packing Season

Generally commences from the first to the middle of March in the Spring, and about the first of October in the Autumn. The season is not regulated, however, by any definite date, nor by the state of vegetation at the locality of the planter, but by the condition of the trees when received. Parties south of us may receive our trees some weeks after their season has opened, yet when planted they will give entire satisfaction.

Packing.

All orders for forwarding by freight or express, except in car-load lots are carefully packed in bales or boxes, for which a charge is made sufficient to remunerate for the cost of material and time.

Shipping.

Our shipping facilities to the West by fast freight lines, and to New England and the South by various steamship lines, are unexcelled in rapidity of transit and low rates of freight charges.

Purchasers are requested to name the mode of conveyance by which they desire their shipments, OTHERWISE WE WILL DESPATCH TO THE BEST OF OUR JUDGMENT. AFTER DELIVERING TO THE FORWARDERS, ALL ARTICLES ARE ENTIRELY AT THE RISK OF THE PURCHASER; AND SHOULD ANY LOSS OR DELAY OCCUR, THE FORWARDERS ALONE MUST BE HELD RESPONSIBLE.

All packages delivered free of cartage at the Freight and Express Offices in West Chester.

Parties desiring stock shipped per express C. O. D., MUST accompany their order with cash to one-half the amount, otherwise no attention will be paid to the same

Claims.

All claims for errors and deficiencies must be made within TEN DAYS after receipt of the stock. We desire to be notified of mistakes as early as possible, so that we may rectify the same without delay.

Terms, Cash.

The following Catalogues will be mailed on application, viz.:

- No. 1. Descriptive Catalogue of Fruits, three 2-cent stamps.
- No. 2. Illustrated and Descriptive Catalogue of Ornamental Trees, etc., 10 cents.
- No. 3. Wholesale Trade List, free.

HOOPES, BROTHER & THOMAS.

WEST CHESTER, PA., August, 1895.

Fruit Department.

These prices are for our selection of varieties, but we will adhere as closely as possible to the wish of the purchaser. In no case will we supply long lists of selected varieties of either Fruit or Ornamental Trees at wholesale rates, but will allow a discount on our retail prices proportionate to the amount of the order.

PERSIAN, small flowers, 3 to 4 feet, extra fine	1 25	10 00	
EMODI, 3 to 4 feet. Very distinct	1 25		
JOSIKEA (Chionanthus-leaved Lilac). A very distinct and beautiful species. We offer strong one year-old budded plants, 12 to 18 inches	1 50	12 00	
ROUGE DE MARLY, the variety used by the Parisian florists for forcing, 2 to 3 feet	1 00		
WEeping (Pekinensis pendula), <i>new</i> , grafted on straight single stems, a decidedly pendulous and graceful form. The flowers resemble the ordinary Persian Lilac. 3 to 4 feet stems, one and two-year buds	4 00	30 00	
NEW VARIETIES, strong two years' buds (described below). Price, except otherwise noted	1 50	12 00	
Having tested a large number of the most popular and highly recommended foreign varieties as they were annually introduced, and selected only those for propagation that possessed a high order of merit, we confidently believe the following list embraces all the finest qualities known to this charming shrub			
AMBROISE VERSCHAFFELT, very pretty pale pink, with large trusses. Good grower and distinct, 3 to 4 feet.			
CERULEA SUPERBA, immense trusses of bluish-lilac flowers. Strong grower, 3 to 4 feet.			
FLORA PLENA, one of the oldest of the double Lilacs, and an excellent kind. Simply a double VULGARIS, 3 to 4 feet.			
GLOIRE DE CRONCELS, bright reddish color, very distinct and fine. One of the best, 3 to 4 feet.			
LANGIUS, peculiar flesh-colored tint, fine truss. Very distinct and pretty, 2 to 3 feet.			
LAVANENSIS, a beautiful double rose lilac. Strong grower and showy, 2 to 3 feet.			
MATHIEU DE DOMBASLE, one of the very best. Large truss of double rich reddish lilac, 2 to 3 feet.			
MADAME MOSER, beautiful pure white, or strong growth and large foliage, 2 to 3 feet.			
NIGRICANS, trusses large and compact, very deep reddish lilac. Foliage dark green, 3 to 4 feet.			
PYRAMIDALIS, an exceedingly fine novelty with large full semi-double flowers. Rose colored, 3 to 4 feet.			
PROFESSEUR STOCKART, dwarf grower, with large trusses of reddish-lilac flowers. Free bloomer, 2 to 3 feet.			
RENONCULE, exceedingly double, short compact truss. Pale reddish lilac, 4 to 5 feet.			
RUBRA INSIGNIS, large clusters of large flowers, reddish lilac. Strong grower, 2 to 3 feet.			
SOUVENIR DE LA SPATH, the most distinct and beautiful variety in the collection, trusses immense, very compact, florets very large, deep purplish red, 2 to 3 feet	2 00	15 00	
SAUGEANA, a member of the Persian group, with reddish-purple flowers. Fine strong grower, 2 to 3 feet.			

	Per 10	Per 100	Per 1000
LILAC —VILLE DE TROYES, one of the finest, trusses and florets very large. Rosy or reddish lilac, 3 to 4 feet.			
VIRGINAL, very distinct, large pure white flower and truss. Growth strong, free bloomer, 2 to 3 feet.			
JAPONICA, a new and unique species from Japan, attaining the size of a tree, with large panicles of white flowers. Foliage very large, thick, and deep green color. Strong two-year-old plants, 4 to 5 feet	\$1 50	\$12 00	
VILLOSA, another new Japanese species with foliage resembling the White Fringe (Chionanthus), and producing immense panicles of white flowers late in the season, 3 to 4 feet, two years from bud	1 50	12 00	
LONICERA (Upright Honeysuckles)—ALBERTI, a very distinct and attractive little trailing shrub, with narrow leaves and small pink flowers, 18 to 24 inches	1 25		
GRANDIFLORA, large red bloom, 2 to 3 feet	1 25	10 00	
TARTARICA, pink flowers, 2 to 3 feet	1 00	8 00	
“ ALBA, white flowers, 2 to 3 feet	1 00	8 00	
MAAKIA —AMURENSE, 3 to 4 feet	2 50		
MYRICA —CERIFERA (Wax-Myrtle), 12 to 18 inches	1 00	8 00	
PHILADELPHUS —CORONARIUS, 2 to 3 feet	1 00	8 00	
DIANTHÆFLORA PLENA, double-flowering, 2 to 3 feet	1 50		
CORDIFOLIUS, GARDULATA, INODORUS, NIVALIS, SANGUINEA, SPECIOSUS and SATZUMANNI, 3 to 4 feet	1 00	8 00	
PRIVET —CALIFORNIA, 15 to 20 inches, branched, one year	30	2 50	\$20 00
CALIFORNIA, 18 to 24 inches, 2 years	40	3 00	25 00
“ 2 to 3 feet, 2 years	45	3 50	30 00
“ 3 to 4 feet, 3 years, very fine branched plants	50	4 00	35 00
IBOTA, very showy, 18 to 30 inches	1 00	8 00	
VARIEGATED-LEAVED, an elegant new form, standing the sun well and always very distinct, 18 to 24 inches	1 25		
VARIEGATED-LEAVED, 3 to 4 feet, fine specimens	1 50		
PRUNUS —TRILOBA, 3 to 4 feet, fine	1 00	8 00	60 00
RHODODENDRON —VASEYI, a deciduous-leaved Laurel, closely related to the Azaleas, with a profusion of lovely pink flowers in early spring. In 4-inch pots, new and rare	3 00		
RHODOTYPUS —KERRIOIDES, 12 to 18 inches	1 25		
RIBES —AUREUM (Missouri Currant), 3 to 4 feet	1 00	8 00	
ROBINIA —HISPIDA, 12 to 18 inches	1 25	10 00	
SPIRÆA —BILLARDI, REEVESI, REEVESI FL. PL., SALICIFOLIA ULMIFOLIA, CALLOSA and OPULIFOLIA, 3 to 4 feet	1 00	8 00	
CALLOSA ALBA, bushy, 2 to 3 feet	1 00	8 00	
CRISPIFOLIA (S. bullata), a curious little dwarf plant, attaining only a few inches in height, producing rose-colored flowers, 6 years, 9 to 12 inches, bushy	1 50		
OPULIFOLIA AUREA (Golden Spirea), 3 to 4 feet	1 25		
THUNBERGII, 2 to 3 feet	1 00	8 00	
TOMENTOSA. A pretty native species with dense panicles of rose-colored flowers, 3 to 4 feet	1 00	8 00	
PRUNIFOLIA, 18 to 24 inches	1 25	10 00	
VAN HOUTTII, very attractive, 3 to 4 feet	1 25		
“ ANTHONY WATERER .” A beautiful novelty introduced this season into our collections. “The ‘Garden and Forest’ thus alludes to it in a recent issue. “This is a seedling of that variety of Spirea Japonica which is known in gardens as S. Bumalda, and which is distinguished by its dwarf compact habit, its persistent flowering, and bright red flowers. Spirea Anthony Waterer originated in the Knaphill Nurseries, at Woking, in England, a few years ago, and differs from its parent in the deeper, brighter, and more intense color of the flowers. As it begins to flower freely when only a few inches high, and continues to produce its large flat corymbs from July until frost appears, this shrub promises to be a capital addition to the rather short list of autumn-flowering hardy shrubs. It has received a first-class certificate from the ‘Royal Horticultural Society.’ We offer nice young plants in 3-inch pots, grown from cuttings this season, and will surely bloom next 30 cents each	2 50	20 00
