RETAIL

CATALOGUE

GREENHOUSES

AND OFFICE

Cor. 4th and Los Angeles

LOS ANGELES, CAL.

All Mail Should be Addressed to Box 601

ANNOUNCEMENT.

WE herewith present to the public our First Annual Catalogue of Plants and Trees. Having purchased in May last of the Germain Fruit Company their Nursery Department, consisting of stock and buildings situated at the corner of 4th and Los Angeles Streets, we are now prepared with a full line of Plants and Trees in fine condition, to supply the wants of the public.

In presenting this list we may say to those who formerly purchased plants of the Germain Fruit Company, that you are not strangers to us, as we were in their employ for some years, and to the general plant-buying public that we know what good stock is.

Our list may seem plain to some who have become accustomed to the exaggerated pictures of some catalogues, but when we use pictures we want them to be the best reproductions of photographs from nature. Until we are able to furnish them we would rather give our patrons some extra plant than to spend money on chromos.

We exercise the greatest care to keep our trees and plants true to name and hold ourselves in readiness at any time to replace, on proper proof, all stock which may prove otherwise, it is mutually understood and agreed to between the purchaser and ourselves that our guarantee of genuineness shall in no case make us liable for any sum greater than originally received for such plants as prove untrue to name.

All orders for Plants, Cut Flowers and Floral designs will receive our careful attention, and be packed in the best possible manner.

All orders should be plainly written on a separate sheet of paper from the letter, writing the name of one variety only on a line, giving the quantity of that particular plant wanted and carry out the price.

State clearly how you wish your goods shipped, whether by freight or express, and if postoffice is different from railway station or express office, give the name of both. Give the name of Post-office and State every time you write.

Orders from unknown correspondents must be accompanied by cash or satisfactory reference.

No goods sent by Express C. O. D., unless one-half the amount is sent with the order.

Plants by mail will be charged with the amount of postage.

Remittances may be made by Express Money Orders, P. O. Money Order, Bank Draft or Registered Letter. Amounts less than one dollar may be sent in stamps, 2-cent preferred.

All communications should be addressed to

P. O. Box 601.
TELEPHONE 1337.

CHRISTENSEN & HUSTON,
LOS ANGELES, CAL.

EVERGREEN TREES AND SHRUBS.

Abelia Rupestris. A graceful shrub with small trumpet-shaped rose and white flowers borne in great profusion. Price 25 to 75c.

Abutilon. "Flowering Maple." Pretty shrubs for the border. Price 10c each, \$1.00 per dozen; large plants, 25c; per dozen, \$2.50.

Abutilon Boule de Neige. Pure white.

" **Duc de Malakoff.** Orange with dark veins.

" **Messapotamicum.** Scarlet and yellow.

" **Scarlet Gem.** Deep red.

" **Santana.** Pink.

" **Thompsonii.** Foliage spotted with yellow; flowers, yellow veined, red.

" **Thompsonii Plena.** Similar to above; double flowers.

" **Vexillarium.** Trailing habit. Yellow and red flowers.

Achania Malavica. A beautiful spreading shrub with intensely red flowers, produced almost continuously. Price, 25c.

Acacia. Australian trees which do well in California. All of them have yellow flowers. Price, 15c. each; \$1.50 per dozen.

Acacia Dealbata. "Silver Wattle." Compound leaf.

" **Decurrens.** "Black Wattle." A fine tree of rapid growth. Attains a height of about 30 feet.

Acacia Longissima Floribunda. Long, simple leaf; very free flowering.

" **Lophanta.** "Crested Wattle." Rapid growing variety with compound leaf and spreading habit.

Acacia Melonxylon. "Blackwood." Rapid grower with simple leaves. Makes a fine tree for sidewalk.

Acacia Mollissima. A beautiful spreading tree, producing an abundance of bright yellow flowers, which, with its feathery foliage makes a very pretty tree for lawn or shrubbery.

Acacia Ornithophora. A shrubby variety with short, sharp spines, sometimes used for hedges.

Aralia Papyrifera. Large, broad leaves, borne on long stalks. Small, white flowers borne in large clusters. Price, 50c. each.

Araucaria Bidwellii. A beautiful symmetrical, Coniferous tree, with deep green shining leaves. Price, 15 to 18 inches, \$1.50 each; large plants, \$5.00.

Araucaria Excelsa. "Norfolk Island Pine." A tall, conical growing tree, with branches growing in benches at right angles to the stem. Fine close foliage. Price, 1 foot, \$1.00; each, 2½ to 3 feet, \$3.00 each.

Araucaria Imbricata. "Monkey Puzzler." Very stiff foliage; closely set on the branches, each leaf terminating in a sharp thorn. Small plants, 75c. each.

Arbor Vitæ (see Thuja.)

Aucuba Japonica. "Gold Dust Shrub." Large green leaves, spotted with bright yellow. Price, 25 to 75c. each.

Azalea. Beautiful bell-shaped flowers borne so profusely as to cover the foliage in winter and early spring. Require a sheltered and partially shaded situation, and light, fibrous soil. Fine plants of European stock. Price, \$1.50 to \$2.00 each.

Brachychiton Acerifolium. "Flame Tree." Attains large size. Deep green foliage and scarlet flowers produced in terminal panicles during July and August. Price, 25 to 75c. each.

Brugmansia Suavolens. "Trumpet Flower." "Ghost Plant." Large shrubs with pendant, white trumpet-shaped flowers a foot or more in length. 25c. each.

Buxus Sempervirens. "Tree Box." Pretty slow-growing shrubs, with dense foliage. Small plants, 15c. each; specimen plants, \$2.00 each.

Buxus Suffruticosa. Dwarf Box. 15c. each.

" " **Variegata.** 15c. each.

Camelia Japonica. A slow growing shrub, with glossy, dark green leaves and double flowers of waxy appearance. They like a shady situation, as our hot summer sun is liable to burn the leaves. We offer double white, double red, double rose, and double variegated red and white. Price, 75c to \$3.00.

Camphor see *Laurus Camphora*.

Casuarina. Trees which attain a considerable size, with leafless rush like graceful pendant branches. We offer three varieties—*Stricta*, *Equisetifolia* and *Quadrivalvis*. Price, 25c. each.

Cedrus Deodora. "Indian Cedar." A stately tree of vigorous growth, with drooping branches. Foliage, light silvery green. Price, 12 inches high, 50c. each; large specimen plants, \$2.50.

Cedrus Libani. *Cedar of Lebanon*. Wide spreading, horizontal branches; light green foliage; vigorous growth. Price, 12 inches high, \$1.00

Cestrum Aurantiacum. A fine shrub with orange colored flowers in axillary clusters. Price, 25c. each; \$2.50 per dozen.

Cestrum Laurifolium. "Night Blooming Jasmine." Flowers greenish yellow. Very fragrant at night. Price, 25c. each, \$2.50 per dozen.

Ceratonia Silequa. "St. John's Bread." "Carob Bean." Yellow flowers, fleshy pods, edible. Price, 50c. each.

Coprosma Baueriana. A pretty shrub with beautifully marked green and yellow foliage. One of the best variegated shrubs. But little known. Price, 25 to 75c. each.

Cupressus Guadaloupensis. "Blue Cypress." Soft, graceful foliage of a silvery blue shade. Makes a pretty tree. Price, 10c. each; \$1.00 per dozen.

Cupressus Macrocarpus. "Monterey Cypress." The well-known hedge and windbreak tree. Price in boxes, \$1.00; 10 boxes, \$7.50; in pots, 10c. each; \$5.00 per hundred.

Cupressus Lawsoniana. "Lawson's Cypress." A beautiful, native tree with drooping, feathery foliage. Price, 25c. each; large specimens, \$1.50.

Cupressus Italica. A tall, compact tree, the upright growing branches closely hugging the stem, giving it the appearance of a column. Price, 25 to 50c. each.

Cryptomeria Japonica. "Japan Cedar." A beautiful erect growing tree, making a fine specimen. Price, 12 to 18 inches, 50c. Four feet, \$1.00 each.

Cryptomeria Elegans. Much denser in habit than *Japonica*. The tips turn red in winter, giving it a pleasing bronze effect. Price, 75 cents each.

Daphne Oderata. Deep green foliage; fragrant white flowers in spring. Price, \$1.50 each.

Daphne Oderata Variegata. Leaves margined with yellow, rose-colored flowers. Price, \$1.50 each.

Diosma Ericoides. "Breath of Heaven." Fragrant heathlike foliage and small white flowers in terminal clusters. Very sweet. A pretty little shrub for single, or makes a fine hedge; very effective. Price, 15c each; \$1.50 per dozen.

Deeringia Amherstii Variegata. A graceful shrub. Foliage prettily variegated white and green. A rapid grower. Price, 25c each.

Duranta Plumerii. A pretty shrub with blue flowers. Price, 25 cents.

Escalonia Floribunda. A graceful shrub with terminal clusters of pure white flowers. Price, 25c each.

Escalonia Rubra. Red flowers. Price, 25c each.

Eucalyptus Amygdalina "Mesmate" gum. Price, 15c each.

" *Callosa*. Price, 15c each.

" *Citriodora*. "Lemon-scented gum." Price, 25c each.

" *Corynocalyx*. "Sugar" gum. " 15c "

" *Ficifolia*. "Scarlet flowered." " 25c "

" *Globulus*. "Tasmanian blue gum." Price in boxes, \$1.00; ten boxes, \$7.50; in pots, 10c each; \$5.00 per hundred.

Eucalyptus Longifolia. "Wooly Butt" Price, 15 cents each.

" *Pilularis*. "Black Butt." Price, 15c each.

" *Piperita*. "Peppermint scented." Price, 15c each.

" *Regnans*, Royal Mountain Ash. " " "

" *Resinifera*, Forest Mahogany. " " "

" *Robusta*. A fine tree for street planting. Price, 15c each; \$1.50 per dozen.

Eucalyptus Rostrata, "Red Gum." Price, 15c each.

" *Saligna*, "Weeping Gum." " " "

" *Siderifolia*, Red Iron Bark. Price, 15c each.

" *Tereticornis*, Gray Gum. " " "

Euonymus Japonica. Bright green, glossy leaves. Price, 15c each.

" " *Aurea*. Golden-leaved. " " "

" " *Argentea* Silver-leaved. " " "

" " *Radicans*. Small. " " "

Fabiana Imbricata. A heathlike plant with white tubular flowers. Price, 25c each.

Ficus Australis, "Southern rubber plant." Makes a beautiful compact head. Hardy here. Price, 2½ feet, \$1.50 each.

Ficus Bengaliensis, "Sacred Hindoo Fig." Broad, deep green leaves. Price, \$2.50 each.

Ficus Elastica, "Rubber tree." A beautiful tree with pendant leaves, often a foot or more in length. Rather tender, but a fine house plant. Price, one foot high, \$1.00 each.

Ficus Macrophilla, "Moreton Bay fig." A grand tree. Hardy here at Los Angeles. Price, one foot, 75c; two foot, \$1.50.

Ficus Repens. A trailing variety. Will cling to a wall or trunk of other tree. Price, 25c to 75c each.

Fuchsias. Pretty shrubs with graceful pendant flowers, thriving best in a partially shaded situation protected from strong winds. Price, 10 to 25c each; \$1.00 to \$2.50 per dozen.

Fuchsia, Black Prince (single). Spreading corolla, rosy pink, sepals red, fine habit, very free.

Fuchsia, Double Purple. A very vigorous growing variety, red sepals and purple corolla; not quite so large a flower as Phenomenal, but much better in habit and freer bloomer.

Fuchsia, Earl of Beaconsfield (single). Very long tube, white tinged with red corolla, bright orange.

Fuchsia, Edmund About (double). Sepals bright red, corolla white.

Fuchsia, Hoffgartner Otto (single). Broad, open corolla, rich purple, sepals red.

Fuchsia, Lamanais (double). Sepals red, corolla white, suffused with rose.

" *M. C. Waite* (single). A strong growing variety with deep purple corolla and purplish white sepals.

Fuchsia, Mrs. E. G. Hill (double). Large white corolla, dark red sepals.

" *Rose of Castile* (single). An old favorite, with plum-colored corolla, sepals nearly white.

Fuchsia, Speciosa (single). Sepals flesh-colored, corolla rosy carmine; very free flowering.

Fuchsia, Storm King (double). Very dwarf, free flowering, carmine sepals and white corolla.

Fuchsia, Tower of London (single). Red sepals and violet corolla.

" *White Lady* (single). White corolla, carmine sepals.

" *Procumbens*. A distinct species, with small purplish flowers produced in the greatest abundance; growth very vigorous.

Grevillia Robusta. A handsome tree of rapid growth, with fernlike foliage and orange-colored flowers, used extensively for sidewalk and avenue planting. Price, 2 to 3 feet high, 20c each; \$15.00 per hundred.

Guava Strawberry. A beautiful shrub with glossy oval leaves, dense habit, and makes a fine ornamental shrub, but it is for the fruit that it is the most extensively grown. The fruit is small and round, with the flavor of the strawberry, and is used for making jelly. Price per box, \$4.00; in pots, 10c each; \$7.50 per hundred.

Heath (*Erica Mediterranea*). A dwarf, compact growing shrub with deep green, small foliage and purplish pink flowers. Price, 25c each.

Habrothamnus Coccineus. A strong growing shrub producing terminal clusters of pendant tubular flowers of a purplish red color. Price, 25c each.

Heliotrope. Well known trailing shrubs with clusters of small, very sweet-scented flowers, produced in the greatest profusion almost continuously. We offer three varieties—purple, light blue and white. Price, 10c to 25c each.

Hibiscus. Fine shrubs with large, very showy flat bell-shaped flowers in great profusion the greater part of the year. Price, 25c to 50c each.

Hibiscus, Roseo sinensis, single red.

" *Minniatus*. Large double, intense scarlet, very showy.

" *Zebrinus*. Striped double flowers.

Ichroma Tubiflora. A companion in habit and flower to *Habrothamnus*—purplish blue flowers in clusters. Price 25c each.

Jacaranda Mimosæfolia, "Fern Tree." A very handsome tree with large compound leaves; the leaflets are small and set closely together, and altogether it is a most graceful tree; flowers trumpet-shaped, blue, in terminal clusters. Price, 15c and 25c each.

Justicia. Fine shrubs with large clusters of tubular flowers. Price, 25c each.

" **Alba.** White.

" **Carnea.** Flesh color.

" **Magnifica.** Rose color.

Lantana, "Tree Verbena." Shrubs of rather rambling habit, but can be pruned into small trees, or they may be trained to a fence or porch; flowers small in small clusters, but produced in the greatest profusion the entire season and the colors are very bright. We have them in four sorts—white, yellow, white and pink and yellow and red. Price, 10c to 25c each.

Laurus Camphora, "Camphor Tree." Glossy light green foliage, erect, dense head; fine for avenue, sidewalk or lawn. Price, 12 to 18 inches high, 25c each.

Laurus Nobilis, "Sweet Bay." Very ornamental shrub, with fragrant leaves and berries. Price, 50c each.

Laurustinus (Viburnum Tinus). A handsome winter blooming shrub with clusters of small white flowers in greatest abundance; used extensively for hedges. Price, small, for hedges, 10c each; \$5.00 per hundred; large, 25c each; fine specimen plants, 75c each.

Ligustrum Japonicum, "Japan Privet." A large shrub or small tree, with dark green, glossy leaves and small white flowers; it also makes a good hedge. Price, small plants, 10c each; \$5.00 per hundred.

Ligustrum Nepaliense, "Chinese Privet." A neat shrub with small leaves set closely together on the branches; white flowers in great profusion; makes a fine hedge. Price, small plants, 10c each; \$5.00 per hundred.

Ligustrum Vulgare. Extensively used for hedges and edging for borders. Price, 10c each; \$5.00 per hundred.

Loquat. A handsome ornamental tree, with large dark green crumpled leaves and white, fragrant flowers; the fruit is edible, ripening in April. Price, 25c to 75c each.

Magnolia Grandiflora. A beautiful tree with large, leathery green leaves, reddish beneath, with large white flowers; exquisitely scented. Price, 1 to 2 feet 50c; large, 4 to 6 feet, \$1.50 to \$3.00.

Mahonia Aquifolia. Very dark green spring leaves, yellow flowers and blue berries. Price, 25c to \$1.00 each.

Mellaleuca Nudosa. A small shrub, with small, glaucous foliage; does well near the coast. Price, 25c each.

Mellaleuca Alba. Small dense foliage; white flowers in compact bunches along the stem. Price, 25c each.

Myrtus Communis, "Common Myrtle." Small, fragrant leaves and white flowers. Price, 15c each; \$1.50 per dozen.

Myrtus Mycophylla. Small-leaved myrtle. Price, 15c each.

Nerium Oleander. A large shrub, or it may be trained into a small tree; long, narrow, leathery leaves, and large clusters of flowers. Price, 25c each.

Nerium Single White.

" **Constance Gazell.** Single violet.

" **Laurifolium.** Single pink.

" **Madona Grandiflora.** Semi-double white.

" **Nankeen.** Single yellow.

" **Double rose color.**

" **Rose Chain.** Single pink.

Olea Fragrans. Leaves with serrated edges and small, fragrant white flowers. Price, \$1.00 each.

Olea Sinensis. Orange flowers. Price, \$2 each.

Pepper Tree. See *Schinus Molle*.

Parkinsonia. Small spreading tree with small leaves on long pendant stalks. Price, 25c each.

Pinus insignis. The well-known Monterey pine; the most useful of all the pines for California planting; used for wind-breaks. Price, 10c each; \$1.00 per dozen.

Pittisporum Engenoides. A beautiful, large shrub of upright growth, with crenulated yellowish green leaves; a handsome plant for lawn or shrubbery. Price, 25c to 50c each.

Pittisporum Tobira Variegata. A spreading shrub, with dense, light green leaves, margined with white; fragrant white flowers. Price, 25c each.

Pittisporum Undulatum. A beautiful shrub of good habit, deep green foliage and fragrant white flowers. Price, 15c and 25c each.

Polygala Dalmatiana. A profuse flowering shrub with purple, pea-shaped flowers. Price, 25c each.

Retinospora Squarossa. Dwarf Japanese shrub of slow growth. Price, \$1.00 to \$1.50 each.

Schinus Molle. The well-known "Pepper Tree" used for sidewalk planting. Price, 10c and 15c each; \$1.00 and \$1.50 per dozen.

Sciadopitys Verticillata, "Umbrella Pine." A beautiful, slow-growing conifer, native of Japan; leaves long, glossy green, produced in whorls at the end of the season's growth. Price, \$1.50 each.

Solanum Bataceum, "Tomato Tree." Forms a globular head with large leaves and egg-shaped, edible fruit; makes a beautiful low tree. Price, 25c each.

Thuja Orientalis, "Chinese Arbor Vitæ." A compact growing conifer with flat branches. Price, 15c each.

Thuja Aurea Compacta, "Golden Arbor Vitæ." Very dense, compact growth; the new growth is a bright yellow; fine specimens. Price, \$1.00 each.

Thujopsis Dolabrata. A robust growing conifer much like the Arbor Vitæ. Price, 25c and 75c each.

Veronica. Fine shrubs, with dense, glossy foliage and compact habit. Price, 25c each.

Veronica Andersonii. Blue flowers.

" *Glaucia*. Small foliage; light blue flowers.

" *Kermisenus*. Reddish purple flowers.

PALMS, DRACENAS AND OTHER PLANTS OF LIKE HABIT.

Areca Baueri. A graceful palm of rapid growth, with long, curving leaves; will not stand frost. Price, 75c each.

Areca Lutescens. A beautiful decorative plant with long pinate leaves; not hardy, but makes a fine house plant. Price, 4 inch pots, 50c each; large plants, \$3.00.

Areca Rubra. A handsome palm with long pinnate leaves having a ruby tinge when young, changing to bronze green; not hardy. Price, 50c and \$1.50; large specimens, \$15.00.

Areca Verschaffeltii. A beautiful variety, with dark, shining green foliage with a light-colored band through the center of each leaf. Price, 18 to 24 inches, \$1.50 to \$2.00.

Brahea. See *Erythea*.

Caryota Urens. A very distinct palm with pinnate leaves, the pinnae being short and very broad; makes a fine lawn or decorative plant. Price, 50c and \$1.50 each.

Chamærops. Fan-leaved palms of moderate growth, but eventually attaining considerable height; all of the species are perfectly hardy here.

Chamærops Canariensis. Makes a fine plant for lawn or for house or conservatory. Price, 50c each.

Chamærops Excelsa. Very hardy, attaining a height of 20 to 30 feet, with deeply-cut leaves. Price, 25c to 50c each; large, \$1.00 to \$2.00; specimens in boxes, \$5.00.

Chamærops Humilis, "Dwarf Fan Palm." Quite hardy, making handsome specimens, growing to a height of 20 feet, but inclined to sucker. Price 35c to 75c each; large specimens in boxes, \$5.00.

Cocos Campestris. A hardy variety, making a fine appearance on the lawn. Price, 50c each.

Cocos Plumosa. A beautiful plant with very long, plume-like leaves; makes a fine house plant and does well on the lawn if somewhat sheltered from winds. Price, 18 inches and up, \$1.50 to \$5.00 each.

Corypha Australis. A hardy palm, with fan shaped leaves, attaining large size. One of the best. Price, 25 to 75c. each.

Erythea Armata. "Blue Fan Palm." A handsome palm from the islands of Lower California. Bluish, glaucous leaves. Hardy. Price, 25 to 50c. each.

Erythea Edulis. "Guadaloupe Island Fan Palm." A magnificent variety,

with bright, green leaves. Quite hardy; one of the best. Price, 50c. to \$1.50 each; large specimens, \$2.50 each.

Kentia Belmoreana. A beautiful, dark green pinnate-leaved plant of graceful habit. Price, 75c each.

Kentia Canterburyana. Very graceful, robust growing variety with green spreading leaves. Price, \$1.00 each.

Kentia Fosteriana. A vigorous, growing kind, with deep green pinnate leaves, sometimes attaining a height of 40 feet. Price, 75c. to \$1.00 each.

Latania Bourbonica. A most beautiful palm with gracefully curved fan-shaped leaves, and the one perhaps most frequently seen in rooms, and on verandas. Hardy, in sheltered places. Price, 50c. to \$1.00. Fine specimens \$4.00 each.

Phoenix Canariensis. "Canary Island Date." The fruit is not edible, but the most frequently met with here, as it is the prettiest of the dates. Perfectly hardy and is really grand where it has plenty of room to fully develope. Price, 25c. to \$1.50; large specimens, \$3.00 each.

Phoenix Dactylifera. An erect growing hardy palm, with long pinnate leaves. The fruit is the Date of Commerce. Price, 25c. to \$1.00 each.

Phoenix Reclinata. A handsome, large growing species, with broad pinnate leaves. Hardy. Price, 25c. to \$1.50 each.

Phoenix Tenuis. An erect growing variety with long plume like pinnate leaves. Quite hardy. Price, 25c. to \$1.50.

Ptychospermum. Very much like *Seaforthia Elegans*, but more hardy. Price, \$1.00 each.

Raphis Flabelliformis. An elegant, slender growing palm, producing several stems from the same plant and together they make a fine appearance with numerous small deeply cut palmate leaves. Price, \$1.50 to \$3.50 each.

Seaforthia Elegans. A very graceful pinnate-leaved palm of erect growth; very ornamental. Hardy, in sheltered situations. Price, \$1.00 to \$2.50.

Washingtonia Filifera. The well-known "California Fan Palm." A magnificent erect growing plant with immense fan-shaped leaves borne on stout stems with coarsely serrated edges. The leaves have numerous long thread-like filaments attached. Price, 15c. to \$1.50 each.

Cycas Revoluta. Commonly called Sago Palm. A slow growing plant with stout stems terminating in a crown of beautiful plume-like leaves of deep green. Price, \$2.50 to \$5.00 each, according to age.

Dracena Draco. A stout growing species, with closely-set leaves of a glaucous appearance. A fine decorative plant. Price, 25c. to \$2.00 each.

Dracena Indivisa. A graceful plant of erect habit, with long, grass-like leaves in a close crown. A fine decorative plant and very useful for sidewalk and avenue planting. Price, 25c to \$1.50 each.

Doryanthes Excelsis. A magnificent plant, producing a flower stalk 20 to 30 feet high; crowned by a head of bright scarlet flowers. Price, 50c. each.

Forcroya Biddenhausii. A majestic agave-like plant; growing to a height of 12 feet or more; with long sword-like leaves 4 or 5 feet long. Price, 50c. to \$2.00 each.

Musa Ensete. "Abyssinian Banana." This is the largest and most showy of the Bananas; attaining a height of 20 feet or more, with leaves 10 or 12 feet in length, producing a very tropical effect. Price, 25c. to \$1.00 each.

Pandanus Javanicus. A graceful plant with long, narrow leaves, beautifully curved, striped green and white. Price, \$1.00 to \$5.00 each.

Pandanus Utilis. "Screw Pine." A handsome decorative plant, with leaves similar to above; of a reddish, green color, with numerous hooked spines on the edges and mid rib of the leaves. Price, 75c. to \$2.00 each.

Pandanus Veitchii. Beautifully striped green and yellow. Price, \$1.00 to \$5.00 each.

Yucca Pendula. A useful plant for lawns or for the center of vases, being well able to sustain heat and drouth, and of graceful form. Price, 25c. to \$1.00 each.

DECIDUOUS ORNAMENTAL TREES AND SHRUBS.

Aloysia Citriodora. "Lemon Scented Verbena." Narrow leaves with very decided lemon scent. Small white flowers in large loose panicles. Price, 25 to 75c. each.

Althea. Rose of Sharon. Fine shrubs, easily grown, flowering profusely from July to October. Two varieties, white and purple, both double. Price, 25 to 75c. each.

Grape Myrtle. Beautiful large shrubs or small trees, producing a profusion of feathery flowers in large panicles during summer. Color, beautiful rose. Price, 25 to 75c. each.

Deutzia Crenata Flora Plena. Strong bushy shrub, producing a profusion of flowers in racemes in Spring. Color, white tinged pink. Price, 25c.

Deutzia Gracilis. Dwarf, single white. Price, 15c.

Erythrena Christigalli. "Coral Flower." A strong growing shrub, producing its deep red, pea-shaped flowers in long spikes in summer. Price, 50c. to \$1.00 each.

Hydrangea. Beautiful shrubs, producing immense heads of flowers at the end of each shoot about midsummer, and remaining in bloom about six weeks. It enjoys a free soil, plenty of water and a partially sheltered place. Price, 25c. to \$1.00 each.

Hydrangea Nigra. Flowers, rose color.

" Otaska. White, with bluish tinge.

" Thomas Hogg. White.

Kerria Japonica. A slender, green-wooded shrub, with bright yellow double flowers. Price, 25c. each.

Lilac. (Syringa.) Well known shrubs, producing great panicles of fragrant flowers in great profusion in April and May. Two varieties, white and purple. Price, 35 to 50c.

Mock Orange. (Philadelphus.) Vigorous shrubs, with white, bell-shaped flowers, freely produced in spring. Price, 25 to 50c.

Peach. Double flowering white. A variety producing very large double white flowers. Price, \$1.00 each.

Pomegranate. Well known shrubs producing during summer a great number of bright, scarlet, very showy flowers. Price, 50c. each.

Salisburia Adiantifolia. "Maiden Hair Tree." A very symmetrical tree with curious, broad, blunt, pendant leaves of light green. A striking object on the lawn. Price, 75c. each.

Snowball. "Guelder Rose." An old and well known favorite shrub. Flowers, white, in large clusters in spring. Price, 25c. each.

Spirea. Graceful shrubs with small, white flowers in clusters along the stems making long sprays. Single and double. Price, 25c. each.

Tamerix. Shrubs with minute light green foliage and very small, bright pink flowers in large racemes. Will grow well almost anywhere, either in the hot, dry interior, or along the exposed sea coast. Price, 25c. each.

Texas Umbrella Tree. A beautiful, regular spreading tree, with dense foliage. One of the most noticeable of our ornamental trees, and a great favorite for avenues and sidewalks. Price, 50c. to \$1.50 each.

Weigelia. Showy shrubs; natives of Japan, producing trumpet-shaped flowers in great profusion during spring and early summer. Price, 25c. each.

VINES AND CLIMBERS.

Ampelopsis Quinquefolia. "Virginia Creeper." A rapid growing vine with digitate leaves, which turn to rich crimson in autumn. It has the habit of clinging firmly to walls or the trunks of trees. A very useful vine. Price, 15 to 25c. each.

Ampelopsis Veitchii. "Japan or Boston Ivy." A small leaved variety, with much the same characteristics. Price, 25c.

Antigonon leptopus. A magnificent climber with carmine rose colored flowers, borne in long spikes. Very fragrant. Price, 50c.

Aristolochia Elegans. A fine climber with cordate, deep green leaves and

curious flowers, greenish white outside and internally chocolate maroon with yellowish lines running irregularly through it. Very attractive. Price, 25c.

Asparagus Tenuissimus. An elegant climbing plant with very fine feathery foliage; much used with cut flowers. Sometimes called Asparagus Fern. Price, 15 to 35c. each.

Asparagus Plumosus Nanus. Another climbing Asparagus, with broad, flat sprays of feathery foliage; much finer than any fern. 50c. to \$1.50 each.

Bignonia Tweediana. A rapid growing evergreen vine with small foliage and bronzy tint while young. Flowers, large trumpet-shaped, bright yellow; in great profusion in early summer and less abundantly throughout the rest of the year. One of the most attractive vines grown in Southern California, and one that should be more largely planted. Price, 25c. each.

Bignonia Venusta. A beautiful vine with large clusters of deep orange tube shaped flowers. Blooming as it does from November to March, it is a most desirable vine, as it will attain a height of 30 feet or more. Price, 25c. to \$1.00.

Bignonia Violacea. Large, glossy evergreen foliage, and violet trumpet-shaped flowers in Spring. Price, 25c. each.

Bougainvillia. Magnificent climbing shrubs, requiring a sheltered position, fully exposed to the sun and where they can have the benefit of the heat from the wall of a house if possible. Curious magenta or red bracts, enclosing small purple flowers in long racemes. Price, 75c. to \$1.00 each.

Clematis. Climbing deciduous plants with large flowers, some of which are six inches across, and ranging in color from purple and blue to white; double and single. Price, 50 to 75c.

Clanthus Puniceus. "Parrot's Bill." A half climbing plant with large, bright crimson flowers. Price, 25c.

Cobea Scandens. A rapid growing vine with trumpet-shaped blue flowers. Price, 15c.

➤ **Dolichos Lignosus.** "Australian Pea Vine." A rapid growing, delicate-looking vine, with an abundance of small pea-shaped flowers. Price, 15c. each.

Hedera Helix. "English Ivy." Fine for covering fences, walls or trunks of trees. Price, 10c.; \$1.00 per dozen.

Hedera Hibernica and Variegata. "Irish Ivy." Smaller leaved and more compact growers. Price, 10c.; \$1.00 per dozen.

Hoya Carnosa. Wax Plant. Large, fleshy leaves and clusters of flesh-colored star-shaped flowers. Flower stems should not be removed, as it has the faculty of producing flowers year after year on the same stem. Requires a warm, sheltered position, and rather poor, well-drained soil. Price, 25c.; large specimens, \$5.00.

Humulus. "Hop Vine." Rapid growing vines. Useful where a quick shade is wanted. Price, 10c. per root.

Ipomea Learii. "Blue Dawn Flower." Very vigorous climber, with blue flowers shaped like a Morning Glory. Perennial. Price, 15c.

➤ **Ipomea Noctipheton.** "Moon Flowers." White flat flower, with long tube opening at night. Very fragrant. Price, 15c.

➤ **Ipomea Quinquefolia.** More delicate looking, but a rapid grower, with mauve colored flowers with maroon throat. Price, 15c.

➤ **Ipomea Digitata, (Mexicana.)** Tuberous rooted, deeply-cut leaves. Flowers, purplish rose with purple throat. Price, 15c.

Jasmine Fragrant shrubs with star-shaped flowers. Price, 25 to 50c. each.

"Fruiticans. Yellow.

"Grandiflorum. "Catalonian." White.

"Gracillimum. Glossy, oval leaves, white flowers.

"Officinale. White flowers in terminal clusters.

"Revolutum. Strong grower. Yellow.

"Sambac. Robust climber. White.

Lonicera Sinensis. "Chinese Honeysuckle." White flowers tinged with red. Price, 15 to 25c.

Lonicera Halliana. White flowers changing to yellow. Price, 15c.

"Brachopoda. Flowers yellow and white. Price, 15 to 25c.

"Aurea Reticulata. "Golden Veined." Price, 15 to 25c.

"Semperflorens. "Red Coral or Trumpet Honeysuckle." Price, 25c.

Mandevillea Suaveolens. "Chili Jasmine." Deciduous vines with pure white fragrant flowers. Price, 15c.

Madeira or Mignonette Vine. A very rapid growing tuberous rooted vine of

the easiest culture; fleshy, light green leaves, and racemes of fragrant white flowers. Price, 10c. each.

Maurandia Barclayana. A well-known vine with trumpet-shaped purple flowers. Price, 10c.

Menettia Bicolor. Handsome vine with tube-shaped flowers, bright red tipped with yellow. Price, 15c.

Passiflora Quadrangularis. A truly magnificent vine, large oval leaves and very large flowers, red with large blue crown with white rings; spicy fragrance. This vine growing on our office has attracted a great deal of attention, and been very much admired. Price, 25c. each.

Passiflora Coerulea. Blue. Price, 25c. each.

" *Constance Elliott*. White. Price, 25c. each.

Pilogyne Suavis. A beautiful, rapid growing vine with small white flowers. Price, 10c. each.

Phaseolus Caracalla. "Snail Flower." Curiously twisted flowers like a snail shell. White tinted, rosy pink. Fragrant. Rapid growth. Price, 15c. each.

Physianthus Albens. "Cruel Plant." Rapid growing vine with white flowers, which owing to their peculiar structure, entrap insects. Price, 15c.

Plumbago Capensis. A rapid-growing, half-climbing shrub which needs some support. Bright green foliage and abundant trusses of light blue flowers. Almost a continuous bloomer. Price, 15c.

Plumbago Alba. Identical in habit with the above, except in flower, which is white, faintly tinted blue. Price, 15 and 25c. each.

Rhyncospermum Jaminoides. A grand vine, with thick leathery ovate leaves and loose clusters of pure white, sweetly scented flowers. Price, 25 and 50c.

Senecio Scandens. "Parlor Ivy." "German Ivy." "Water Ivy." A well-known vine and a great favorite for baskets, and does well in the full sun or in the house. Price, 10c. each.

Senecio Macroglossus. Similar to above in growth and usefulness, with dark bronze green leaves and large, pale, yellow flowers like a Marguerite. Price, 10c.

Streptosolen Jamesonii. A beautiful half-climbing shrub, with immense heads of flowers, yellow, shaded scarlet. Requires protection from frost, as the flowers are borne on the ends of the shoots of the previous season's growth. Price, 15c.

Smilax. Undoubtedly the most useful vine in cultivation. It is the green most frequently used in the arrangement of cut flowers and the decoration of rooms. Price, 10c; 75c. per dozen.

Solanum Wendlandii. (*Guatamaliensis*) A rapid growing climber, with immense panicles of light blue flowers, freely produced almost the entire year. Price, 25 and 50c. each.

Solanum Jasminoides Grandiflora. A pretty, delicate-looking vine, with white flowers in clusters. Price, 15c.

Sollya Heterophylla. Beautiful small deep blue flowers in pendant clusters. Price, 25c. each.

Tacsonia Buchanii. Rapid growing vine, resembling the *Passiflora*. Flowers, bright pink. Price, 25c.

Tacsonia Insignis. Flowers, scarlet. Price, 25c.

Tecoma Capensis. A half climbing shrub with bright orange colored flowers. Price, 25c.

Tecoma Grandiflora. "Trumpet Vine." A deciduous species with large flowers, dark red, shaded orange. Price, 15c.

Tecoma Jasminoides. Beautiful climber, with white trumpet-shaped flowers shaded with lilac. Price, 25c.

Tecoma Mackenii. Robust growing vine with bright pink flowers. Price, 25c.

Tecoma Stans. Shrubby variety with small yellow flowers in large clusters. Price, 25c. each.

Wisteria Sisensis. A very rapid growing deciduous vine, with long pendant racemes of pale blue flowers in April and May. Price, 50c. each.

BEDDING AND BORDER PLANTS.

Achyranthes. Used for borders and carpet-bedding. Price, in boxes, \$2.00; in pots, 5c each; 50c a dozen.

Achyranthes Beimillerii. Rich red veined carmine.

" **Lindenii.** Long-pointed leaf; deep red wine color.

" **Verschaffeltii.** Deep red with lighter veins.

" **Aurea.** Greenish yellow with yellow veins.

Ageratum. Used for borders and bedding; dwarf; blue and white; two varieties. Price, in boxes, \$2.00; pots, 5c; 50c a dozen.

Alternanthera. Useful for bedding and edging. Price, in boxes, \$2.00; pots, 5c each; 50c per dozen.

Alternanthera Aurea Nana. Yellow and green.

" **Spectabilis.** Red and yellow.

" **Parachoides.** Bright red.

" **Versicolor.** Dark red and pink.

" **Spathulata.** Red, bronze and green.

Alyssum. Variegated green and yellow; pretty little border plant with white flowers. Price, 5c; 50c per dozen.

Bellis, Double English Daisy. Well-known dwarf, free-blooming plants; white and rose-colored flowers. Price, \$2.00 per box.

Carnations. Well-known plants, with various-colored flowers; very strongly clove-scented, keeping well when cut. We have a full assortment of colors in best named varieties; ready March 1st. Price, 10c each; \$1.00 per dozen.

Centaurea Candidissima. Very useful white-leaved plants for center of carpet-beds and for borders. Price, 10c each; \$5.00 per hundred.

Coleus. Well-known for their rich colors and rapid growth. We have a large assortment. Price, 10c each; 75c per dozen.

Cocoloba Plataclada. A curious plant with flattened, bright green stems and small green berries; does well near the coast. Price, 15c each.

Chrysanthemums. These popular flowers, coming, as they do, at a season when most of our summer flowers are past, together with their easy growth, profusion of bloom and great variety of color and form, make a fit ending to the year. They like a free soil and plenty of well-rotted manure, which is best applied on the surface after planting, and, as it is washed in by watering, should have further applications until the flowers begin to open, after which nothing but clear water should be used. They should, if possible, be planted in fresh soil every year, selecting the strongest of the suckers the beginning of May, and pinch the tops once or twice to make them branch more freely, and if large flowers are wanted all the buds except the terminal one of each branch should be picked off as soon as they appear. We grow about fifty of the best varieties. Price, 10c each; \$1.00 per dozen.

Cuphea Hyssopifolia. A very neat, compact little shrub, with small lilac flowers, freely produced. Price, 15c each.

Echevera Secunda Glauca. Dwarf, succulent plants, useful for edging beds and for borders of walks. Price, 5c each; \$4.00 per hundred.

Festuca Glauca. A dwarf grass of glaucous blue, sometimes useful in bedding. Price, \$2.00 per box.

Geraniums. We have a large assortment of these very useful border plants in all shades, from deepest crimson to pure white; double and single. Price, 10c each; 75c per dozen.

Geranium, Ivy-leaved, double white and double pink. Price 10c each; 75c per dozen.

Geranium, Bronze and Happy Thought. Price, 10c each; 75c per dozen.

" **Scented.** Four varieties, including Variegated Rose. Price, 10c each; 75c per dozen.

Geranium, Mad. Salleri. Very dwarf, variegated, for borders. Price, 5c each; \$2.50 per hundred.

Lobelia, Emperor William. Deep blue, for bedding. Price, \$2.00 per box.

Marguerites. White, three varieties. Price, 10c each; 75c per dozen; \$5.00 per hundred.

Marguerites. Yellow. Price, 10c each; 75c per dozen; \$5.00 per hundred.
 " Blue. " " " " " " " " " " " "

Mesembryanthemums. Succulent plants, useful for covering terraces and embankments where it is impossible to get a stand of grass. They are of dense, creeping habit, and quickly cover the ground and produce their bright flowers in great profusion during summer. Price, 5c each; \$2.00 per box.

Mesembryanthemum Capitatum. Large Magenta flowers.

" " Album. White.

" Densa. Small, closely creeping; rose-colored flowers; ✓
 best for terraces.

Mesembryanthemum Erectum. Rose-colored flowers, shaded scarlet and ✓
 yellow; very brilliant; erect growing.

Myosotis Dissitiflora, "Forget-Me-Not." Price, 10c each; \$5.00 per hundred.

Niremburgia Gracilis. Handsome plants with small foliage and bell-shaped lavender flowers. Price, 15c each.

Pansies. Too well known to need any description; should be planted early in the spring; best strains from open ground. Price, 40c per dozen; \$2.00 per hundred.

Pelargoniums, "Lady Washington" geraniums. Price, 20c each; \$2.00 per dozen.

Pelargonium, Belle of Paris. Maroon, edged white.

" Duchess of Bedford. White blotched purple.

" Elfride. Crimson, margined white.

" Gloire de Tours. Bright crimson.

" Lady Isabel. Rosy lilac, maroon blotch.

" Mabel. Dark maroon, pink margin.

" Minnie. Crimson, maroon blotch.

" Mad. Thilbaut. White, blotched rose.

" Vestal. Pure white.

" Unnamed varieties; a good assortment of colors. Price, 15c each; \$1.50 per dozen.

Penstemens. Pretty border plants with spikes of tubular flowers ranging in color from nearly white to red and crimson. Price, 10c each; 75c per dozen.

Petunias. Well-known bedding plants; purple, spotted and white double. Price, 15c each; \$1.50 per dozen.

Petunias, single mixed seedlings. Price, 5c each; 50c per dozen.

Pyrethrum Aureum, "Golden Feather." Dwarf yellow-leaved plant for edging. Price, \$2.00 per box.

Salvias. Showy bedding plants; four varieties. Price, 10c to 25c each.

Santolina Argenta. This is one of the neatest and most satisfactory plants for edging. Planted 8 inches apart and kept well trimmed, it will in a short time make a solid line of silvery green, and by occasional clippings can be allowed to remain for years. Price, 5c each; 50c per dozen; \$2.50 per hundred.

Stevia Serrata. An early winter blooming plant with long, loose sprays of small white flowers. Price, 15c each.

Tradiscantia, "Wandering Jew." Trailing plants; useful for baskets and rockeries in shaded situations. Price, 10c each.

Verbenas. Beautiful trailing plants, almost continuously in flower. A large assortment of colors, from pure white to deep crimson and purple. Price, 5c each; 50c per dozen; \$3.50 per hundred.

Vinca, Alba and Rosea. Profuse-blooming shrubby plants. Price, 15c each.

" Major Variegata. Useful trailing plants for vases and baskets. Price, 10c each.

Violets. Well-known winter-blooming plants. Marie Louise, deep blue; Neopolitan, Light Blue, Swanley Double White, Single Blue. Price, 30c per dozen; \$2.00 per hundred.

HARDY HERBACEOUS AND BULBOUS PLANTS.

Acanthus Molle. A very attractive plant with long, graceful, deeply-cut leaves. This is the plant which furnished the ancient Greeks with the elegant leaves for the Corinthian columns. Price, 50c to 75c each.

Agapanthus Umbellatus, "African Lily." An evergreen bulbous plant with

large pannicles of blue flowers borne on a stalk about four feet high. Price, 25c to 50c each.

Agapanthus Umbellatus Albus. White flowers. Price, 50c each.

" " *Variegatus*. Foliage striped white. Price, 50c.

Amaryllis Belladonna. Large bulbs, producing strong spikes of rosy-pink flowers. Price, 30c each.

Amaryllis Formosissima. Deep crimson. Price, 20c each.

" *Johnsonii*. Large flowers; red, with white stripe through the center of each petal. Price, 50c each.

Amorphophalus Rivierii. Stately bulbous plant with palmate leaves and large, calla-like flowers; deep maroon color. Price 30c each.

Aquilegia, "Columbine." Well-known herbaceous plants; assorted colors. Price, 10c each.

Arundo Donax Variegata. A striped variety of cane, growing to a height of ten feet or more and making a large clump; likes plenty of water and rich soil, but will succeed almost anywhere. Price, 25c to 50c each.

Bambusa. Beautiful grass-like plants, making large clumps; very effective on a large lawn or for a screen. Price, 50c to 75 each.

Begonias, tuberous-rooted. This class of begonias produce large, brilliant-colored flowers very freely if planted in a light, porous soil in partial shade. After they are through growing the tubers should be lifted and kept in dry sand in a moderate warm place until April, when they may be again planted. Single, price, 25c each; \$2.50 per dozen; double, 75c each.

Calla Ethiopica, "Lily of the Nile." This hardly needs any description in Southern California, as all have seen and admired its fine white flowers, so plentiful throughout the winter. Price, 10c each; \$1.00 per dozen.

Caladium Esculentum. Very ornamental plants with shield-shaped leaves, often 2 feet by 18 inches in size, making a fine effect on the lawn or in masses with cannas and other plants of like character. Price, 25c each.

Cannas. These effective ornamental plants have been greatly improved during the past few years, until now we have a class of free blooming, large flowered varieties which do not grow more than four feet, and some of them not more than half that height. Price, 25c each; \$2.50 per dozen.

Dahlias. Well-known summer-flowering plants of rapid growth, requiring a rich soil and plenty of water when growing; perfectly hardy, but do best when planted in new ground every year. We have a fine assortment of colors. Dry tubers for delivery from February to May. Price, 25c each; \$2.50 per dozen.

Gladiolus. Popular summer-flowering bulbs of the easiest culture, and well worthy of a place in every garden. Price, separate colors assorted, \$5.00 per hundred; all colors mixed, \$2.50 per hundred.

Hetichium Gardnerianum. A tropical-looking plant growing to a height of about four feet, with large leaves and flowers borne on spikes; yellow, spotted with orange. Price, 25c to 50c each.

Montbretia Crocosmæfolia. Bulbous plants bearing long spikes with numerous orange flowers, spotted with purple. Price, 10c each; 75c per dozen.

Pancratium Calathinum. Bulbous plant with white flowers. Price, 25c each.

Papyrus Antiquarum. The plant used by the ancient Egyptians for making the paper on which their records are found. A reed-like grass, with stems six feet or more tall terminating in a tassel-like crown of leaves. It delights in a rich soil and plenty of moisture. It may be grown on the margin of ponds, where it will make immense clumps. Price, 25c to 75 each.

Pampas Grass (*Gynerium Argentium*). A very large growing grass with long, feathery plumes of great beauty. Price, 10c each; \$1.00.

Paeonias Herbaceous. Well-known border plants with large flowers in various shades of pink and red. Price, 25c each.

Phormium Tenax, New Zealand Flax. Stiff, swordlike leaves and orange flowers on tall spikes. Price, 50c each.

Poinsettia Pulcherrima. Large terminal bracts of brilliant scarlet leaves, which last from December until February. A very effective plant. Price 25c to 75c each.

Richardia Alba Maculata, "Spotted Calla." A pretty summer flowering bulb with leaves covered with white spots and rather small white flowers with purple throat. Price, 15c to 25c each.

SUCCULENT PLANTS.

- Agave Americana*. (Century Plant.) Price, 25c. to \$5.00 each.
 " " *Variegata*. Leaves striped green and yellow. Price, 25c. to \$5.00.
Agave Angustifolia. A long, narrow leaved species. Price, 25c to \$5.00.
 " *Desertii*. Dwarf. With grayish green leaves. Price, 25c. to \$1.00.
Aloes. Three varieties. 25c. each.
Cactus. *Cereus Grandiflora* *Regalii*. The largest of the night bloomers; white; climbing. Price, 25c. to \$1.00.
Cactus Cereus Speciosissimus. crimson, day bloomer. Price, 25c. to \$1.00.
 " *Triangularis*. White. Night bloomer. Price, 25c. to 50c. each.
Crassula Arborea. Very fleshy, heart-shaped leaves; light green with yellow stems; flowers, white. Price, 25 to 75c.
Echeveria Arborea. Erect growing with glaucous foliage and long spikes of orange colored flowers. Price, 25c. each.
Echeveria Secunda *Glauc.* (See Bedding Plants.) Price, 5c. each; \$4.00 per hundred.
Gasterias "Tongue Aloe." Long tongue-like leaves, growing one above the other on opposite sides of the plant. Two varieties. Price, 25c. each.
Stapelia Variegata. Very dwarf plants with star-shaped flowers, brown with yellow spots. Price, 25c. each.

GREENHOUSE PLANTS.

- Acalypha Macafeeana*. A shrubby plant with large, pendant leaves; bronze green with pink margin; delight in plenty of heat, and should have full sun to bring out the colors; does well bedded out in summer. Price, 25c.
Aspedrista Lurida. Fine decorative plants for rooms where they will thrive without sun; broad, erect leaves, gracefully curved, growing from an underground root stalk, where the flowers may also be found in winter. Price, 50 to 75c each.
Anthericum Vitatum. Useful as a decorative plant and for the center of baskets and vases; long, narrow, grass-like foliage. Price, 25 to 75c.
Begonias. Very effective for the conservatory or house, some of them are noted for the beautiful marking of the leaves and others for the profusion of bloom and rich colorings. Price, 25 to 50c each.
Begonia Rex in variety. All of these are of the ornamental leaved section of low-creeping habit, with large leaves.
Begonia Argyrestigma Picta. Erect growing. Leaves, long green with white dots. Flowers, white.
Begonia Argentea Guttata. Branching habit. Bronze green leaves with white spots; greenish white flowers.
Begonia McBethii. Erect growth; small deeply cut leaves and white flowers.
Begonia Hybrida Multiflora. Branching habit; pink; continuous bloomer.
Begonia Hydrocotaphilla. A creeping variety with large, nearly round reddish leaves and flesh-colored flowers in large clusters on tall, stiff stems; in winter makes a good basket plant.
Begonia Metalica. Erect growing species with large leaves, bronze green; dark red depressed veins; flowers, pink.
Begonia Nitida. Tall growing variety, with white flowers.
Begonia Sandersonii. "Coral Begonia." Flowers coral red in pendant clusters; foliage, glossy green; habit, good.
Begonia Schmidtii. An early and profuse bloomer: flowers, rosy white; leaves, bronze green.
Begonia Semperflorens. Glossy green foliage and white flowers; freely produced.
Begonia Subpeltata Nigricans. Leaves deep red covered with silvery hairs; flowers, pink.
Begonia Weltoniensis. An evergreen tuberous rooted variety; fine habit; pink flowers.
Begonia Weltoniensis Alba. Similar to the last, with white flowers.
Cyperus Alternifolius, "Umbrella Plant." Tall, rush-like stems terminating

in an umbel of grass-like leaves, much used as a decorative plant in Jardiniers. Price, 25 to 75c. each.

Cyclamen Giganteum. Pretty winter-blooming bulbs, with leaves marked with white; pink, red and white flowers; does well planted out in shady situation, fine plants. Price, 25c. to 50c.

Dracena Guilfordii. A narrow-leaved variety, with stripes of yellow and rose color through the leaves. Price, 25 to 50c.

Dracena Haageana. Broad leaves, bright green. Price, 25 to 50c each.

Eranthemum Rubrum. Shrubby plants with deep red leaves and small flowers. Price, 25 to 50c. each.

Eranthemum. Tri-color leaves, red, white and green. Price, 25 to 50c.

Euphorbia Splendens. "Crown of Thorns." Very thorny plants, with clusters of bright scarlet flowers. Price, 25c to \$1.00.

Peperomia Maculosa. Shield-shaped leaves of glossy green veined with silver. Price, 25c.

Peperomia Magnolæfolia. A much branched plant of low habit; dark green glossy leaves. Price, 25 to 50c.

Peperomia Rasedæfolia. Small white fragrant flowers, freely produced during summer. Price, 25c.

Peristrophe Angustifolia Aurea. A pretty little plant with green leaves, yellow stripe through the center; fine basket plant. Price, 15c. each.

Philodendron. Odd looking plants with large leaves with irregular sized holes in them, presenting a curious appearance. Price, 50c. to \$1.50 each.

Pilea Serpyllifolia. "Artillery Plant." A compact, moss-like plant; at times covered with small flowers, which, in opening throw off the pollen in a perceptible cloud which resembles puffs of smoke. Price, 10c. each.

Streletzia Regina. A handsome plant with large pale green leaves and irregular shaped purple flowers.

FERNS.

Ferns are shade-loving plants, and to get the best results should have a light porous soil and plenty of drainage, and when growing should have abundance of water, and at no time should they become dry. Most of the varieties mentioned below are hardy here, and may be planted in a shady situation, sheltered from the winds. They will repay the attention given them.

Adiantum Capelis Veneris. Dwarf. Dense growth, erect fronds. Price, 3 to 50c. each.

Adiantum Cuneatum. The most extensively grown for decoration and for use in floral work. Large, graceful frond borne on long stems; makes a fine pot plant. Price, 50 to 75c. each.

Asplenium Bulbiferum. An interesting Fern, bearing small bulbs along the frond, which, in time produce young plants. Price, 25 to 75c each.

Cryptomium Falcatum. A beautiful plant with large fronds growing from a common center. Price, 25c. and \$1.00 each.

Nephrolepis Tuberosa. "Sword Fern." An erect growing species, with narrow like fronds growing two feet or more high. Does well in a room, as it stands a dryer atmosphere than most of the other Ferns. Price, 50 to 75c each.

Onychium Japonicum. A beautiful little fern with finely divided fronds and good habit; fine plants. Price, 75c each.

Pteris Cretica Alba Lineata. Fronds beautifully striped through the center with a broad band of white. Price, 50 to 75c each.

Pteris Serulata. Erect plume-like fronds; good habit; grows freely. Price, 25c to 50c each.

Pteris Longifolia. Tall, regular fronds; dark green. Price, 50c and 75c each.

Pteris Tremula. Large, spreading fronds, making a handsome plant for the house or conservatory. Price, 50c to \$1.00 each.

BASKET PLANTS.

A list of climbing and trailing plants suitable for baskets and vases, the descriptions of which will be found under other heads.

Asparagus Tenuissimus	Alyssum Variegated
Cuphea Hyssopifolia	Festeuca Glauca
Hedera Hibernica and Var	Lobelia
Lonicera Aurea	Maurandia
Mesembryanthemums	Nirembergia
Otohona	Petunias Single
Senecio Macroglossus and Scandens	Vinca Major Varie
Peristrophe	Pilea
Tradiscantia	

PLANTS FOR CENTERS.

Allernanthera	Acryranthes
Begonias	Anthericum
Coleus	Dracenas

We will send one dozen plants, our selection, including one plant for center, for \$1.00. In ordering, please say whether for basket or vase and whether to be in full sun or not.

EVER-BLOOMING ROSES.

Large, strong plants, save where noted, price 25c each, \$2.50 per dozen. Those varieties priced at less than above are small plants, ready March 1st. Where two prices are given we have both sizes.

Agrippina. Rich crimson.

Archduke Charles. Rosy crimson, changing to light rose.

Augustine Guinnoisseau, "White La France." This rose, while not quite white, is a very pleasing blush pink, in form and fragrance like the older La France. Price, 10c.

Bertha Clavel (Bourbon). Creamy white, rose center. Price, 15c.

Bon Silene. Deep rose; sometimes rosy crimson; beautiful bud; very fragrant.

Bougere. Soft rosy bronze; large full flowers; strong grower.

Bourbon Queen. Very pale blush pink. Price, 10c.

Bridesmaid. A sport from Catherine Mermet, retaining the habit and form of that flower, but the color is a deep pink, shaded on the margin with bright carmine. Price, 15c.

Catherine Mermet. Clear pink, with amber center; very full, with long pointed buds of fine finish; strong and free.

Comtesse Riza du Parc. Salmon rose, tinted with copper; globular; very vigorous.

Cornelia Cook. Creamy white; large long pointed buds; strong grower.

Coquette de Lyon. An old favorite, with long pointed buds; color bright yellow; free and vigorous. Price, 10c.

Devoniensis. Creamy white, rosy center; sometimes called the Magnolia rose.

Dr. Grill. Coppery yellow; reverse of petals China rose; large, well-formed flowers. Price, 10c.

Duchess de Brabant. Silvery blush suffused with deep rose; very free; vigorous.

Duchess of Albany, "Red La France." A sport from La France, with all its characteristics except in color, which is a much deeper pink.

Eliza Savage. Long pointed bud; white, with lemon center; very free.

Etoile de Lyon. Sulphur yellow, much brighter center; fine both in bud and flower. Price, 10c and 25c.

General de Tartas. Bright carmine rose; strong grower.

Hermosa. An old-time favorite, with bright rose-colored globular flowers; a profuse and continuous bloomer and very vigorous.

Homer. Rosy pink shaded salmon; good winter bloomer.

Kaiserina Augusta Victoria. A beautiful new white rose; very fine in bud and open flower. Price, 15c.

Laurette. Creamy white, slightly tinged with pink; full flower; makes a very strong plant.

- La France. Globular flower; bright pink; reverse of petals silvery rose; very sweet; the most popular rose grown.
- Lucullus. Very deep crimson, heavily shaded maroon; free bloomer; dwarf, compact habit.
- Malmaison. A magnificent rose; large, finely formed flowers; blush white. Price, 10c.
- Maman Cochet. Similar to Catherine Mermet, but of much stronger growth; very bright pink, shaded yellow. Price, 20c each.
- Mad. Caroline Testout. A sport from La France; color a deeper pink than the latter; a fine rose. Price, 15c.
- Mad. de Wattville, the "Tulip rose." Creamy yellow, tinged with carmine and deeply margined bright crimson.
- Mad. Falcot. Apricot in bud, changing to deep yellow as the flowers open; long pointed bud; full flower.
- Mad. Hoste. Large flower, and fine long bud; color very pale yellow, shading to deep yellow at the center. Price, 10c.
- Mad. Lambard. Salmon rose, shaded carmine; fine bud and beautiful flower.
- Mad. Margottin. Lemon yellow, deeper in the center, shaded coppery red; large.
- Mad. Pierre Guillot. Outer petals bright, clear pink, with rich coppery yellow shading, rich yellow center. Price, 10c.
- Mad. Pellesier. New. Deep yellow; fine form; vigorous. Price, 10c.
- Mad. Welche. Creamy yellow, deep orange center, shaded coppery red; large and well formed.
- Meteor. A hybrid Tea of strong growth and good habit; color deep crimson; fine double flower.
- Marie Van Houtte. Pale yellow, deeper at the center, bordered with rose; flowers full and freely produced; robust grower; a grand rose.
- Niphetos. Pure white, long globular buds, rather inclined to droop; moderate grower.
- Papa Gontier. Very large, finely formed buds and flowers brilliant carmine; reverse of petals purplish red; one of the best Teas. Price, 10c and 25c.
- Perle des Jardins. Beautiful deep yellow; large size and perfect form. Price, 10c.
- Queen's Scarlet. Dazzling crimson scarlet flowers in clusters; free and excellent rose. Price, 10c and 25c.
- Rainbow. Deep pink, striped with crimson; pointed buds, large and free.
- Regulus. Rosy white, shading to bright pink in center; a free summer blooming rose.
- Safrano. Saffron in bud, changing to buff as the flower opens; long pointed bud; very vigorous.
- Sombreuil. White tinged rose, globular flower; free, vigorous.
- Souvenir d'Un Ami. Pale rose suffused with salmon; large and fragrant.
- Sappho. Rich apricot yellow, shaded fawn and pale rose. Price, 10c.
- Sunset. Flowers large size, very full, color golden amber, shaded with salmon. Price, 10c.
- The Bride. A white sport of Catherine Mermet, partaking of the habit of Mermet, with pure white flowers, slightly tinged with pink on the outer petals at times. Price, 10c and 25c.
- Triumphe de Luxemburg. Coppery rose; large fine bud; free, good habit.
- Viscountess Folkstone. Beautiful light pink in bud, changing to creamy white as the flowers expand; very large.

HYBRID PERPETUAL ROSES.

Price, large plants 25c each; \$2.50 per dozen.

- American Beauty. Intense carmine rose; globular flowers; very free; every shoot producing a fine flower; deliciously scented. Price, 10 and 25c.
- Captain Christy. Delicate flesh color; deeper at the center; large, globular flowers.
- Duke of Edinburgh. Bright crimson; cupped form; very vigorous. 10c.
- General Jacqueminot. Brilliant crimson scarlet; one of the finest roses grown.
- Jean Liabaud. Intensely bright crimson with maroon shading; extra fine. 10c.
- La Reine. Beautiful clear pink; large and fragrant.

- Magna Charta. Clear, rosy red; shaded violet crimson; very large, fragrant; strong grower.
 Paul Neyron. Deep rosy pink; very large; cupped; habit vigorous.
 Prince Camille de Rohan. Very dark velvety crimson; very dark; large and full
 Ulrich Bruner. Cherry red; a good, free blooming rose of vigorous growth.
 White Baroness. Pure white; cupped form; borne on long stiff stems; a magnificent rose.

CLIMBING ROSES.

- Agatha Roux. A new rose of very vigorous growth; color, bright rosy pink.
 Banksia, White. One of the most rapid growing climbing roses in cultivation. The small double white flowers are borne in clusters the whole length of the canes of the previous season's growth, so that they should not be pruned before blooming, except to remove small and dead wood.
 Banksia, Yellow. Similar to above, with yellow flowers.
 Beauty of Glazenwood. This is an annual blooming rose, but in spring fully retrieves itself; large flowers, yellowish orange in greatest profusion.
 Celine Forestier. Pale yellow, deeper at the center.
 Climbing Hermosa. Clear rose; an abundant bloomer.
 Gold of Ophir. A very profuse blooming rose, with large flowers; deep yellow shaded rose and copper.
 Lamarque. Pure white, faintly tinged with lemon; large flowers in clusters; very vigorous grower.
 Marechal Niel. One of the most popular roses grown. Flowers, very large and double; color, deep golden yellow. Price, 10 and 25c each.
 Reine Marie Henriette. This is, without doubt, the best red climbing rose grown; an exceedingly strong grower and free bloomer; making large flowers and fine buds; color, deep cherry red.
 Reve d'Or. A magnificent rose with large globular flowers and long buds, color, deep yellow with tinge of buff.
 Salfaterre. Sulphur yellow; large flowers; very profuse.
 Wm. Allen Richardson. Medium sized flowers in clusters; color, deep orange yellow, shading to lemon on the edge of the petals.

MISCELLANEOUS ROSES.

- Clothilde Soupert. (Polyantha.) The largest of the everblooming Polyanthas; flowers very double; fine form; white, center petals clear pink in large clusters. Price, 10c.
 Little Gem. (Polyantha.) Very dwarf, small flowers in immense clusters; color blush changing to white.
 Mlle. Cecile Bruner. (Polyantha.) Vigorous, erect habit; color, salmon rose in bud, passing to pink and white as the flower opens.
 Lawrenciana. A miniature rose, resembling the Polyanthas in habit and size of flower; color, cherry red; very free.
 Persian Yellow. An annual blooming rose of irregular habit, with flowers of very deep pure yellow.
 Rugosa Rubra. Beautiful dark green; dense foliage and single flowers; deep rose, tinged violet; fragrant.
 Verdiflora. Odd rather than showy; the flowers are of a lighter green than the foliage.
