GUERNSEY.

ONION SEED.

Upon no other crop does the quality of the seed have a greater influence than upon onions. Special care should be exercised by all dealers to obtain pure stocks.

LEONARD'S ONION SEED is endorsed by market gardeners everywhere. Each succeeding year adds to its popularity with them. This is the surest indication of merit.

ONION—LEONARD'S YELLOW GLOBE.

This stock gives better satisfaction for general use than any other. It forms a large sound bulb; has a small neck and dries down uniformly, which makes the harvesting easy. It is a fine keeper, does not split and get unshapely, but winters over splendidly and keeps until new onions come in prime condition always. We think it is the best onion for ordinary purposes. We have recommended it as the best for the past five years. For price see below.

Garden Seeds in Packages.

For the convenience of our customers we put up all the standard varieties of seeds in lithographed full-sized papers. These papers are packed neatly in handsome boxes. We make the boxes in two sizes, the larger one containing 500 packages, and the smaller 300 packages.

Price of 500 Packet Box, \$7.00

Price of 300 Packet Box, \$4.50

The Packets Retail at 5 Cents Each, Which Gives You a Profit of Over 300 Per Cent.

These seeds we **SELL OUT-RIGHT**, having found this method a great deal more satisfactory than the **OLD COMMISSION PLAN**.

We put a very low price upon these boxes, so that all merchants who are in a position to dispose of seeds may avail themselves of an opportunity to do so at small risk and good profit.

The boxes are finely lithographed, and make a handsome addition to the appearance of any store.
