This stock will mature and be ready for shipment the latter part of November.

Varieties marked with an Asterisk (*) can also be supplied "**on own roots**" and are grown at our branch nurseries in Orange County, California.

Varieties marked "Newest in roses," which will be imported, will be ready for shipment about February 1st.

The quotations named are **net**. Packing material additional. Early shipments will be made from San Jose.

These roses are tied in bundles of ten, and we would appreciate it if orders were made as far as possible in multiples of this number.
