Information for Purchasers

PRICES: All prices quoted in this list are for stock at Fresno, Freight and Express Charges are to be paid by purchasers. Prices quoted in this list supersede all others.

QUANTITY RATES: Stocks mentioned in this list will be furnished as follows: 5 of a kind at the 10 rate, 50 of a kind at the 100 rate; 300 of a kind at the 1,000 rate.

ERRORS: Errors or complaints must be reported within ten days after receipt of goods.

PACKING CHARGES: We charge for same only to cover the cost of material used.

TERMS AND REMITTANCES: All of our stock is sold for cash, unless other arrangements are made. Remittances can be made to us by either Postoffice or Express Money Order, Registered Letter, Bank Draft, or check. It often happens that our customers find it more convenient to send us a personal check on their local bank and such checks will be accepted for collection.

On all orders placed in advance we ask that a deposit of not less than 20% be forwarded with the order and we will then reserve the stock for shipment at any time designated by the customer.

THE ORDER BLANK accompanying this price list is for the convenience of customers and we would appreciate their using it, as it will facilitate the filling of their orders.

All Prices Quoted in this List Subject to Change with Notice.

RULE—Square Method. Multiply the distance in feet between the trees by the distance the plants are apart in the rows, and the product will be the number of square feet for each plant or hill, which, divided into the number of feet in an acre (43,560) will give the number of plants or trees to the acre.

All of our fruit trees are graded by caliper rather than by height. By doing this we are able to give our customers a more uniform grade of trees than by the old method of grading. Trees graded by caliper, when planted in orchard form and cut back, will be of uniform size and much more satisfactory to the planter. The following is the basis of sizes and caliper measurements for deciduous trees with the exception of Figs and Walnuts.

- 6 to 8 grade trees to caliper not less than $\frac{3}{4}$ inch.
- 4 to 6 grade trees to caliper not less than $\frac{1}{2}$ inch.
- 3 to 4 grade trees to caliper not less than $\frac{3}{8}$ inch.
- 2 to 3 grade trees to caliper not less than $\frac{1}{4}$ inch.
