GRALLERT & CO.

Colma Nurseries

Colma Station,

San Mateo County, Cal.

Our Green Houses are within two minutes walk from the Southern Pacific Railroad Depot.

The cars of the San Francisco and San Mateo Electric Railroad pass our establishment.

Visitors are always welcome and shown over the premises.

TO OUR PATRONS

When ordering, write your Name, Post Office, County and State plainly, that no errors may occur. As our prices are very low, our terms are strictly cash with the order.

Send money by Bank Draft, Post Office Money Order, Express Office Money Order, or Registered Letter.

We pay the postage on all our dollar collections sent by mail.

While we can send most of our plants offered for sale in this catalogue by mail, it will be to the advantage of our patrons, to have their plants sent by express. We are then enabled to give larger plants and leave all the soil on the roots. No orders sent C. O. D. unless one-fourth of the amount accompanies the order as a guarantee of good faith.

No charge will be made for packing.

We exercise the greatest care to have all plants true to name and to fill orders correctly. Should errors occur, please notify us at once, and we will make such corrections as will be satisfactory.

After delivery to forwarders in good condition, all goods travel at customers risk.

GRALLERT & CO'S POPULAR \$1.00 COLLECTIONS.

The selection of varieties must be left to us. When ordering state only the number of the collection wanted.

First Award for Best Collection of Carnations at the Fall Show
of the State Floral Society, San Francisco,
November 3, 1894.

CARNATIONS.

The divine flower is becoming a great favorite among flower lovers, and no garden ought to be without a few of the improved varieties of Carnations. The improvements in Carnation varieties have been very great the last few years, and we have spared no expense, to make our collection of Carnations the best on the Pacific Coast.

Our assortment is the best ever offered to the public of the Pacific Coast.

We have for sale plants from 2½-inch pots, which can be sent by mail, and will begin flowering; if properly taken care of, in August and September.

The larger size of plants we offer, can be sent by express only, or, if shipped a short distance, by freight. These will begin flowering as soon as established and will be very satisfactory to the purchaser.

NOVELTIES, 1895.

These Novelties will be ready for distribution April 15, 1895.

We have not yet tested these varieties, and the descriptions are those of the introducers.

Prices: Plants from 2½-inch pots, 50 cents each.

Alaska—Purest white. A seedling from Lizzie McGowan and Puritan, but much more vigorous and a much more abundant flower than McGowan. The plant grows erect and self sustaining. Flowers as large or larger, longer stemmed and more symmetrical than the parent flowers and a most excellent shipper and keeper.

Bride of Erlescourt—Finest and most perfect white ever raised; a perfect large flower of the purest white, fragrant, and the stems unusually stout and erect.

Corsair—A seedling of McGowan and partaking largely of the general characteristics of its parent; it may in fact be designated a scarlet Lizzie McGowan. It is a good scarlet, well built flower, at least three times the size of Portia, abundantly produced on good, stiff stems, from 12 to 20-inches in length.

Daisy Bell—White, variegated; large flower.

Eldorado—A yellow variety of free blooming habit; petals edged with a narrow band of pink.

Eulalia—Light yellow, handsomely penciled with light pink; petals deeply fringed.

Kitty Clover—A prolific, continuous bloomer; light yellow, striped lightly with red and white; finely formed, perfect fringed flowers.

Lawrence Thompson—Color a little darker than "Scott;" very pleasing; habit, strong; blooms early and continuous, with long, stiff stems.

Little Gem—This may be regarded as a very dwarf-growing form of J. J. Harrison. The markings of the flower being very similar, but a little smaller in size. The flowers, however, are produced in wonderful profusion and are abundant long before any other Carnations appear in flower.

Lizzie Gilbert—Bright scarlet, strong grower, good long stem, does not break in the calyx, is fragrant, early, and not a cropper.

Magnet—This is a magnificent Carnation, being the color of a freshly cut American Beauty rose. The flowers are large and massive, and so abundantly produced as to greatly interfere with the production of suitable cuttings.

The New Violet "THE CALIFORNIA" Beats the Record.

Minnie Cook—This is the largest and heaviest Carnation of the fancy type yet produced. It may be regarded as a mammoth Chester Pride with similar markings and several times the size and a wonderfully vigorous grower. Stems from fifteen to thirty inches long. The flowers are massive and perfect in form, and its delicate markings of pink and carmine combine to make it a thing of beauty indeed.

Ophelia—Large pink, rather darker than "Scott."

Princess Bonnie—Light pink ground, prettily marked and penciled with a darker shade.

Rose Queen—Soft, pure rose color; the flowers are large and well formed; a free and continuous bloomer.

NOVELTIES, 1894.

These new varieties have been grown by us one season, and we can recommend the following varieties as first-class flowering Carnations:

Prices: Plants from 2½-inch pots or flats, 25 cents each, \$2.50 per 12; strong, 1-year-old plants, 75 cents each.

Special Offer: The set of Nine Novelties will be sent free by mail after receipt of \$2.00.

Helen Keller—Very large flowers; strong, long flower stems; white, striped bright rose. This is the best variegated Carnation in the market.

Goldfinch—Yellow-edged pink; a free-blooming yellow variety. The color of this new yellow variety is a little lighter than Buttercup, but it is a freer bloomer.

Bouton d'Or—Yellow marked with crimson; very fine.

E. A. Wood—Pink, variegated; very large.

Adelaide Kresken—A very free bloomer; strong grower, good calyx; the flower (of a beautiful rosy pink color) averaging 3-inches in diameter.

Sweetbrier—An exquisite shade of light pink (between Grace Wilder and Daybreak); a strong grower; an early, very free-blooming variety, fragrant, good size, large stem.

Annie Pixley—Light pink, fair sized flower, strong calyx, very long, stiff stem.

Uncle John—A very fine white variety; flowers pure white, 3-inches in diameter; long, stiff stem; profuse bloomer.

The Stuart—Rich scarlet; a sterling novelty.

NOVELTIES, 1893.

The year 1893 will be a landmark in Carnation history, as this year gave us two of the best pink Carnations in existence, viz.: Wm. Scott and Mme. Diaz Albertina.

The other novelties introduced the same year are also showing vast improvements, and we can faithfully recommend the following varieties as valuable acquisitions.

Prices: Plants from 2½-pots, 10 cents each; 12 for \$1.00; strong plants, 50 cents each; \$5.00 per 12.

Special Offer: This set of Thirteen Novelties will be sent free by mail after receipt of \$1.00.

Pink.

Albertini, Mme. Diaz—Delicate fresh pink; strong grower and free bloomer, with a large, full-centered flower—a very grand acquisition.

Brigham, Dr. C. B.—A California seedling; strong stem, dark pink, well-shaped flowers; good bloomer.

Battles, Grace—Delicate pink, large petals, good growth, calyx does not burst; a very promising novelty.

Craig, Edna—Soft bright pink with broad, heavy-fringed petals; large, strong grower.

Don't fail to buy Carnation Mrs. E. Reynolds

Reynolds, Mrs. Elizabeth—Clear bright pink; very large flowers; strong grower and good keeper. As we grow a very large quantity of this variety, we are able to sell this sterling novelty at \$1.00 for 15 plants from 2½-inch pots and large plants at 40 cents each, \$4.00 for 12.

Richardson, Girad L.—This is a California seedling of great merit. The color is dark pink, the petals are deeply serrated, giving the flowers a very fine appearance; flowers of medium size, strong stem and not-bursting calyx.

Wm. Scott—Wilder pink; fine in every respect.

White, Variegated, Etc.

Blanche—White; strong, free bloomer; flowers deeply fringed.

Western Pride—White, striped bright scarlet; lovely flake variety; fine keeper.

Smart, Dr.—Pink cream, striped crimson.

Richmond—Brilliant carmine.

Spartan—Deep carmine, rather dwarf, very prolific.

Wabash—Bright crimson, very strong, free bloomer; fine.

General Collection.

Prices: Plants from 2½-inch pots or flats, 10 cents each, \$1.00 for 15; strong plants, 25 cents each, \$2.50 for 12.

Pink.

Angelus—Bright pink; strong, good grower; long stems; flowers over 2-inches in diameter; plant of good habits and healthy; most profuse bloomer; early.

Aurora—Light pink, a delicate color, large flower, free bloomer, dwarf habit; a very fine variety.

Ben Hur—Light pink; an exquisite variety.

Cartledge, Thos.—A pure shade of carmine, a little darker than Tidal Wave, but excelling that variety in being stronger in growth; flowers larger and much fuller in centre, while the stems are long and erect; early; very prolific.

Century—Of a rich, glowing carmine color, full and double; rich, clove fragrance; early; constant bloomer.

Cherry Lips—Pink; large flowers on stiff stems.

Cleveland, Mrs.—Pink; very fine flower.

Creighton, Fred.—Wilder pink, good grower; long stems bearing delicate blossoms; rather late flowering.

Darling, Grace—Light pink; good shape; very fine variety of the "Wilder" type.

Daybreak—A very delicate light salmon; one of the very best varieties introduced in recent years; well-made flowers and stout, erect stems. This novelty ought to be in every collection.

Hanks, Nancy—A clear, pure "Grace Wilder" pink in color, but of much stronger growth than that variety; very attractive.

Joliffe, Miss.—Delicate salmon, dwarf grower; flowers medium size; very floriferous.

Longsdale, Edwin—A delicate salmon, a trifle darker than Daybreak; large, full flowers.

Mangold, Mrs. F.—Salmon; large flowers, full blooming.

Springfield—Rosy pink, very well adapted for pot culture.

Tidal Wave—Dark pink, dwarf, robust and very free.

Wiegand, Annie—A strong, free growing variety of the "Grace Wilder" type. Flowers large and nicely fringed; a delicate shade of carmine pink.

Wilder, Grace—Light pink, free bloomer, very fragrant; a good variety; the best standard pink.

Scarlet and Red.

Craig, Robt.—Red; very productive; late.

Dorner, Fred.—Scarlet; large flower; good grower; strong stem.

Garfield, Pres.—Deep scarlet; strong grower; good habit; late blooming.

Mrs. E. G. Hill is the finest early pink Mum.

Hector—Deep scarlet; long stiff stem; free bloomer; does not fade.

Pierson, Emily—Scarlet; strong grower; flower large and full; calyx does not burst; free and continuous bloomer.

Portia—Bright scarlet, medium-sized flower; healthy grower; upright habit; very productive.

Red Cross—Bright red; large.

White.

Fisher, Mrs.—A fine white Carnation; flowers large and full; fragrant; good keeper.

Hintzes, White—Creamy white; stems long and stiff; rich clove fragrance.

McGowan, Lizzie—A grand white variety; very large flowers; the calyx never bursts, and the flowers keep fresh a very long time; very fragrant.

Pearl—White, faintly tinted; large, full and crisp; a good bloomer; tips of calyx recurved; long, stiff stems.

Puritan—Pure white; flowers of large size, full, of good substance, fragrant and a good keeper; plant of excellent habit, medium height; an early bloomer, healthy and productive.

Silver Spray—The flowers are pure white, very large, of perfect form, finely fringed and very fragrant; all flowers on long stems.

Waneta—White, of medium size; free bloomer.

White Wings—White; free bloomer; excellent for cutting and pots.

Crimson.

Black Knight—Large crimson flowers on long stems; very fine.

Crimson Coronet—A very promising crimson; flower not very large, but with a stout, erect stem; strong grower.

Crimson King—Deep crimson; free bloomer; robust growth.

Freeman, J. R.—Cardinal crimson; a continuous bloomer; very fragrant.

Mangold, Fred.—Rich crimson; plants perfect in habit and vigorous in growth.

Pride of Kennet—Crimson; strong grower; good for pot culture.

Yellow.

Astoria—Yellow, marked with crimson and scarlet; a very good fancy variety.

Blizzard—Yellow, variegated with red; strong grower; good, long stems.

Buttercup—Yellow, striped scarlet; the best yellow variety; hard to propagate. 15 cents each, \$1.50 for 12.

Golden Gate—Pure yellow, without other color; full and double; free and continuous bloomer.

Golden Triumph—Canary yellow; strong grower; a very fine variety.

Old Gold—Bronzy yellow, a novel color.

Pride of Penhurst—Bright yellow.

Starlight—Light yellow, good flower; late.

NOVELTY.

NEW GIANT WHITE PARIS DAISY.

(*Chrysanthemum Frutescens*.)

A new, large flowering, semi double variety of the true "Marguerite" of the Paris market. It originated in California. Large, pure white flowers, three to four inches in diameter, with a double row of large petals surrounding the yellow disk. It is a vast improvement, in size of flower, on the old "Marguerite," being twice as large, and more numerous petals, lasting longer. It is a free bloomer and strong grower, and will eventually supersede the old form completely.

Price 15c. each; \$1.50 per 12.

We lead in Carnations.

We are thus enabled to supply the public with fresh flowers for decorating graves.

We always have a supply of fresh flowers on hand and can supply loose flowers, bouquets, designs, etc. at short notice.

We are also well supplied with plants suitable for grave decorations.

The cars of the San Mateo and San Francisco Electric Road pass our Nursery every twenty minutes, and our patrons have plenty of time to purchase their flowers and plants, only losing one car.

Our rates for supplying graves with fresh flowers every Sunday are very low. Give us a trial and see if we cannot satisfy you.
