NURSERIES

P. O. Box 1310
FRESNO, CALIFORNIA

Information for Purchasers

PRICES: All prices quoted in this list are for stock at Fresno, Freight and Express Charges are to be paid by purchasers. Prices quoted in this list supersede all others.

QUANTITY RATES: Stocks mentioned in this list will be furnished as follows: 5 of a kind at the 10 rate, 50 of a kind at the 100 rate; 300 of a kind at the 1,000 rate.

ERRORS: Errors or complaints must be reported within ten days after receipt of goods.

PACKING CHARGES: We charge for same only to cover the cost of material used.

TERMS AND REMITTANCES: All of our stock is sold for cash, unless other arrangements are made. Remittances can be made to us by either Postoffice or Express Money Order, Registered Letter, Bank Draft, or check. It often happens that our customers find it more convenient to send us a personal check on their local bank and such checks will be accepted for collection.

On all orders placed in advance we ask that a deposit of not less than 20% be forwarded with the order and we will then reserve the stock for shipment at any time designated by the customer.

All Prices Quoted in this List Subject to Change without Notice

NUMBER OF TREES OR PLANTS TO AN ACRE

	Square Method
6x 6.....	1210
6x 8.....	907
6x10.....	726
6x12.....	605
8x 8.....	600
8x10.....	544
8x12.....	454
10x10.....	435
10x12.....	363
16x16.....	170
20x20.....	109
20x24.....	90
22x22.....	90
24x24.....	75
25x25.....	69
30x30.....	48
35x35.....	35
40x40.....	27
50x50.....	18

RULE—Square Method. Multiply the distance in feet between the trees by the distance the plants are apart in the rows, and the product will be the number of square feet for each plant or hill, which, divided in to the number of feet in an acre (43,560) will give the number of plants or trees to the acre.

All of our fruit trees are graded by caliper rather than by height. By doing this we are able to give our customers a more uniform grade of trees than by the old method of grading. Trees graded by caliper, when planted in orchard form and cut back, will be of uniform size and much more satisfactory to the planter. The following is the basis of sizes and caliper measurements for deciduous trees with the exception of Figs and Walnuts.

- 6 to 8 grade trees to caliper not less than $\frac{3}{4}$ inch.
- 4 to 6 grade trees to caliper not less than $\frac{1}{2}$ inch.
- 3 to 4 grade trees to caliper not less than $\frac{3}{8}$ inch.
- 2 to 3 grade trees to caliper not less than $\frac{1}{4}$ inch.

Deciduous Fruits

THE POMACEOUS FRUITS

APPLES

	Each Rate	10 Rate	100 Rate	1000 Rate
4 to 6 grade.....	.65	.50	.40	.35
