THE LEADER, Bloomington, Ill.

SPECIAL NOTICE.

In presenting our Wholesale Catalogue for the Spring of 1895, we wish to thank all our patrons for past favors and solicit a careful consideration of our very low prices and the completeness of our assortment of Nursery and Greenhouse Stock.

Our shipping facilities are unexcelled.

All orders received by us have our personal and prompt attention and we guarantee reasonable satisfaction in every case, as thousands of unsolicited testimonials now on file fully attest.

We are prepared to offer special inducements to Nurserymen and Dealers buying in large quantities.

With our large storage cellars and a packing house 100x90 feet, and a complete system of water works, distributing water to all parts of our packing grounds, we feel that our facilities for the careful and proper handling of Nursery Stock are unexcelled by any nursery establishment in the country.

Prices herein are strictly limited to the Spring of 1895.

With six important railroads centering here, we forward promptly to all sections. We are but two days from Cairo, Dubuque, Cincinnati, Louisville and Kansas City, and but one day from Chicago, St. Louis, Indianapolis, and Lafayette, without a transfer, by daily freight trains. We ship with flattering results to Australia, New Zealand, Mexico, Nova Scotia, Oregon, Washington, California, and Maine.

Great care taken to have articles true to name.

W. E. ROSSNEY, *Pres.*

KINDS OF STOCK.

Price. Amount.

Terms and Conditions.

Terms of Payment.—Cash, or satisfactory security, before shipment of stock. All Orders to be sent by Express, "C. O. D.," must be accompanied by **ONE-HALF THE AMOUNT IN CASH.**

Orders and Conditions of Sale.—Please order **EARLY**, with order legible and separate from body of the letter, with name of Postoffice, County and State, and how you wish packages directed on the **ORDER.**

Long specified lists are subject to special prices. Needed specifications as to age, size, style, etc., state *on the order*, to save the trouble of referring to previous correspondence.

On all wholesale bills, the choice of varieties must be left to us. Particular varieties named in order furnished as far as practicable. Orders forbidding substitution we fill so far only as we can supply the sorts specified.

Prices named rule only when the number specified is taken, but when the order amounts to \$10 or more, 5 will be furnished at 10 rates; 50 at 100 rates; 500 at 1,000 rates.

Dealers who bill on our grounds will please be particular in making out their aggregate list as no stock will be counted back from the heeling-in grounds, unless we are at fault in putting it on.

Packing.—Prices do not include packing. Packing carefully done, in boxes, mostly, sometimes in bales or parcels, for which we charge moderately; for large boxes, 8 or 9 feet by $2\frac{1}{2}$, three of which usually hold 1,000 5 to 6 feet apple—\$2.50 each, and in proportion for larger or smaller boxes. **NO CHARGE FOR DELIVERING AT RAILROAD, EXPRESS OR POST-OFFICE HERE.** On lots by mail, postage and packing extra. Trees per car load, if desired, can be packed in bulk at trifling expense.

For convenience of packing, Dealers and Agents will find our facilities are unexcelled, as we have a large stock of fresh moss, plenty of straw, long hay, etc., and an abundance of water from hydrants distributed through all parts of our Packing Grounds, so that we feel confident all our customers will realize and appreciate the advantages we offer.

Shipping.—We usually commence shipping in the Spring about March 10th.

We prefer parties ordering should indicate the route by which they wish stock sent. In the absence of particular directions, we forward to the best of our judgment, but in no case do we assume any responsibility after consignment to purchaser, unless for our own mistakes. When losses occur by detention en route, claims should be made on the carriers immediately.

Instructions and Suggestions.

Direct all letters to **PHOENIX NURSERY COMPANY, P. O. Box 1215, BLOOMINGTON, ILL.**

Remit by Postal Orders, Bank Drafts on New York, St. Louis or Chicago, payable to order of **PHOENIX NURSERY COMPANY**, or currency by express prepaid.

In writing us, always give your name and full address, including State, county, and postoffice, or if in city, your street and number. Repeat this every time you write us, no matter how often you may have occasion to address us.

We cannot give prompt answers if we have to look over a multitude of letters to find your address.

Roses, Greenhouse, Bedding, and all choice and tender plants should be packed separately from trees, shrubs, and bulky articles, and sent by mail or express. Write orders for such plants upon separate sheets.

SPECIAL INDUCEMENTS ON LARGE AND EARLY ORDERS. Purchasers by the car load save not only on boxing, but freight agreed through by the car load is usually much less in proportion.

We usually commence packing in the Spring about March 10th, but **WE PACK AND SHIP SEEDLINGS, APPLE, PEAR, PLUM, AND CHERRY STOCKS, CUTTINGS, CIONS, ROOT-GRAFTS, GREENHOUSE, AND A LARGE ASSORTMENT OF NURSERY STOCK, ALL WINTER.**

DEALERS AND LARGE BUYERS, wishing to contract, should apply early, with list of items and quantity wanted. Conditions, rates, etc., can then be furnished.

Those wishing an agency will please apply with references, stating terms on which they wish to handle stock.

Catalogues of the Phoenix Nursery Company.

1. General Descriptive, illustrated, 10 cents.
 2. Wholesale Priced Catalogue, Fruit and Ornamental Trees, Shrubs, etc. Semi-annual. Free.
 3. Priced Catalogue of Roses, Greenhouse, Garden, and Bedding Plants, etc., etc. Issued in Spring, Free.
- List of Colored Plates of Fruit and Ornamental Trees, Shrubs, Roses, etc., mailed free on application.

For complete lists of varieties, with description, see General Descriptive Catalogue. Except mentioned, prices are for first-class stock.

Reduced Freight Rates.

We beg to call your attention to the following Change in the Classification governing the rates on Nursery Stock by the railroad companies comprising the Eastern and Western Traffic Associations:

Nursery Stock, in car loads, 5th class rates

Nursery Stock, boxed, less than car load lots, 3rd class rates.

The minimum car load weight has been changed from 24,000 to 20,000 pounds, which is a large gain to shippers, as it is rarely a car load of Nursery Stock will weigh more than 15,000 pounds.

This classification reduces the freight rates on Nursery Stock from thirty to forty per cent.

When practicable, we obtain through Freight and Express rates on all Shipments.

One thousand Apple trees, packed for shipment, ordinarily weigh—1 year, 1 to 2 feet, about 400 lbs.; 2 years, 3 to 5 feet, 800 lbs.; 3 years, 4 to 6 feet, 1,400 lbs.; 4 years, 5 to 7 or 8 feet, 2,200 lbs.

To our customers at a distance we would also state that the postal rates on Trees and Plants have been reduced from 16 cents to 8 cents per pound, and can be shipped in any number of four-pound packages to one address. We ship a great many root-grafts, seedlings, cions, etc., in this way.

Delaware Red Winter Apple.

This variety is now fruiting in this section of the state, and it is with much pleasure that we again call attention to it, and trust it will become justly popular in all parts of the country; except, perhaps, in the extreme north, where it may not prove sufficiently hardy to withstand their severe winters. Mr. P. H. Storm, the veteran Horticulturist and Fruit Grower, says of it:

Having had about fifty years' experience in the cultivation of fruit, particularly apples, I have no hesitation in saying the DELAWARE WINTER heads the list. It is a vigorous grower as well as a prolific bearer. It also possesses excellent cooking qualities. Last, but not least, its keeping qualities are far beyond anything else of which I have any knowledge.

I have eaten them the last of August, ten months after they were gathered. No special care had been taken in their preservation. I have known them exposed to climatic influences through the spring and summer, and yet they were well preserved.

They are attractive in appearance, being highly colored, red all over, of large and uniform size. It is without doubt the coming winter apple, for both North and South, as it supplies a long-felt need to both nurserymen and consumers.

Longworth's No. 1 Pear.

This is a very hardy Seedling Pear of recent introduction; originated at Dubuque, Iowa, and was grown from seed, some forty years since, by the veteran Nurseryman and Horticulturist, Wm. Longworth. The tree is a strong, upright grower, entirely Free from Blight and an enormous bearer. Fruit, medium to large, nearly round; skin yellow, with warm blush on the sunny side; flesh rather coarse, juicy, sugary, good flavor. Ripens from first to middle of September.

Having thoroughly tested this variety, we have no hesitation in recommending it to the public for general planting. This pear has withstood our severest winters without the slightest injury, while other varieties were frozen to the ground. Being free from blight and **EXTREMELY HARDY**, it is a very desirable variety, and should be planted largely.

It is the Pear for the Northwest.

The Following Are Our Leading Sorts of Pears:

Summer—Bartlett, Clapp's Favorite, Doyenne D'Ete, LeConte, Kingsessing, Osband's Summer, Tyson, etc., etc.

Fall—Belle Lucrative, Beurre D'Anjou, Buffum, Doyenne Boussock, Duchess D'Angouleme, popular dwarf; Flemish Beauty, mostly standard; Howell; L. B. De Jersey, popular dwarf; Keiffer Hybrid (large stock, standard and dwarf). Seckle, Sheldon, White Doyenne, LeConte, etc.

Winter—Lawrence, Mt. Vernon, Vicar, or LeCure, etc.

		EACH.	10	100	1000

Lucretia Dewberry.

The Lucretia Dewberry, the best of the blackberry family, is hardy and very productive, producing an abundance of fruit, remarkable not only for its large and uniform size (many of the berries measuring $1\frac{1}{2}$ inches long by $1\frac{1}{4}$ inches in diameter), but excellent quality as well, as it is rich, sweet, and luscious to the taste, and free from the hard core so common in some blackberries. The color is a glossy, shining black, and the berry ripens here the first week in July. As the plant does not sucker, it will be very desirable and much sought after for garden culture, while the trailing habit of the Lucretia will render winter protection very easy in severely cold climates without snow, where that precaution may be necessary. The Lucretia Dewberry has received the endorsement and highest praise from the best horticulturists in the country. It has proved very satisfactory wherever tried, and we recommend it with the greatest confidence. We know our stock to be genuine.

Price, 1 year..... Each, 15 cts.; per 10, \$1.00; per 100, \$2.50; per 1000, \$15.00

Raspberries.

	EACH.	10	100	1000
Cuthbert —One of the best, most profitable berries for general planting; upright, very hardy, prolific fruit brilliant red, juicy, excellent quality.....	\$0.10	\$0.75	\$1.00	\$6.00

***Root Grafts.—[Order Early.]**

LARGEST STOCK AND ASSORTMENT IN THE UNITED STATES.

Root Grafts are Scions and Roots grafted and tied together, ready for planting in nursery rows. Orders for special lists of sorts **PLEASE SEND EARLY**, with one-fourth cash with order, balance before shipment. This is very important to secure best grafts and your selection of sorts, as we take special pains in cutting and putting up scions for early orders. *Please don't forget this.* No extra charge for packing. Even 50's or 100's of each sort will be put up at the following prices. For smaller or broken lists, prices will be given on application:

PHOENIX NURSERY COMPANY,

PROPS. BLOOMINGTON PHOENIX NURSERY,

BLOOMINGTON,

P. O. Box 1215.

ILLINOIS.

LONGWORTH'S NO. 1 PEAR.

This is a very hardy Seedling Pear of recent introduction; originated at Dubuque, Iowa, and was grown from seed, some forty years since, by the veteran Nurseryman and Horticulturist, Wm. Longworth. The tree is a strong, upright grower, entirely **free from Blight**, and an enormous bearer. Fruit, medium to large, nearly round; skin yellow, with warm blush on the sunny side; flesh rather coarse, juicy, sugary, good flavor. Ripens from first to middle of September.

Having thoroughly tested this variety, we have no hesitation in recommending it to the public for general planting. This pear has withstood our severest winters without the slightest injury, while other varieties were frozen to the ground. Being free from blight and **EXTREMELY HARDY**, it is a very desirable variety, and should be planted largely.

IT IS THE PEAR FOR THE NORTHWEST.

PHOENIX NURSERY COMPANY,

P. O. Box 1215,

BLOOMINGTON, ILL.
