B. M. WATSON,

1895.

OLD COLONY NURSERIES, PLYMOUTH, MASS., U. S. A.

HOME OR FOREIGN ORDERS FILLED WITH THE UTMOST CARE AND PROMPTNESS.

DEAR SIR:—I have the pleasure of handing you my **WHOLESALE** list of Shrubs and Plants and Young Trees, etc. Plants packed for Europe with great care. I give you the benefit of the lowest prices and hope to have your orders in full.

To persons about to ornament their grounds, I shall be happy to show the extensive plantations here, agreeably laid out in the modern style, covering fifty acres, containing many thousands of the leading Hardy Ornamental Trees, Shrubs, Evergreens, Fruits, etc. My plantations, now forty years old, are perhaps the most extensive in New England. The Nurseries are 7 hours from New York, 90 minutes from Boston.

Agents and Clubs.—Agents are wanted in every town in the United States for the sale of Trees, Plants, and Shrubs. These prices are net; agents must make their own prices.

Please remit by check or P. O. order. Autumn delivery begins September 15, and Spring delivery begins March 20. If you receive more than one list, please distribute to your friends. I will send lists to any address you may send me.

Yours respectfully,

B. M. WATSON.

Extra Sized Specimens of the following Shrubs, Trees, Evergreens, Roses, Vines and Creepers for immediate effect will be sent for 50 cents each, \$5.00 per dozen, \$35.00 per 100.

A Special list of hardy Shrubs and Plants for the seashore will be sent to any address.

I will furnish 1000 ornamental trees of my own choice, fine sorts, for \$250.

Decorative Perennial Herbaceous Plants.

These plants are all hardy and produce an immediate effect, as they bloom the first year they are planted. They should be planted in the autumn, which is the best time for planting herbaceous plants, and should be covered with a forkful of dung to protect them from being thrown out by the frost. They may be planted in the spring, also, with great success. I offer the following choice collections of my own selection, in the very finest and most useful sorts. This class of plants is fast taking the place of bedding plants, as they do not have to be renewed every year.

Collection of 12 choice sorts, all different named,	\$2.50

Pæonies—New Chinese and Japanese Herbaceous.

Well established plants from the open ground.

I have a very large and complete collection of this gorgeous flower. Of these I offer the following assortments at very low rates. They consist of the most celebrated sorts known, and include many that are yet very rare. This is now the most fashionable of all showy, hardy garden plants, both here and in Europe.

These fine Japanese and Chinese pæonies are well known to be the most showy flowers in cultivation, and are particularly adapted to our climate. They are entirely hardy and bloom a long time. They are accordingly very much used now for large masses in cemeteries, parks, and pleasure grounds; and may be followed by Lemoine's beautiful new French Gladiolus (see p. 13), the stiff foliage helping to support the spikes of gladiolus. They should be planted among the pæonies in May.

Plants are fifty cents each; your choice. 12, all different, named sorts, my choice, \$4.00. 25, all different, named sorts, my choice, \$9.00. 50, all different, named sorts, my choice, \$20.00. 50 very choice named sorts, my choice, \$15.00. 100 very choice named sorts, my choice, \$30.00. For cheaper plants unnamed, see below.

I have also a splendid collection of first-class mixed varieties including all the old favorites, at the following low prices:—

A collection of 12 fine plants, without names, \$2.50. A collection of 25 fine plants, without names, \$4.00. A collection of 50 fine plants, without names, \$8.00. A collection of 100 fine plants, without names, \$15.00.

These violets are all perfectly hardy. Viola cucullata, rich blue, is very much esteemed abroad for its fine effect in plantations, forming great clumps and blooming profusely. The English violets are very sweet and should be in every garden. Schönbrunn is very fragrant and was a great favorite of Unser Fritz, and was named from his palace and grounds in Germany, where it originated.

Schönbrunn and English white are very useful to plant freely on the borders of avenues, etc., and will perfume your whole estate. WAHLENBERGIA. See Platycodon.

HEDGE PLANTS.

I have a very large and well grown stock of the hardiest and most approved hedge plants. I offer this season a splendid stock of California Privet in various sizes, now in great demand for hedging. I have also red berried Berberry, and purple leaved Berberry, and the new Berberis Thunbergii from Japan, with its brilliant scarlet berries and rich crimson foliage in autumn; also the best evergreens in variety, such as Arbor Vitæ, Norway Spruce, Red Cedar, Hemlock, etc. The pure white Deutzia gracilis makes a first-class dwarf hedge. I have it in several sizes. I have fine plants of the pure white Hawthorn, and the scarlet berried Viburnum opulus (oxycoccens) or high bush Cranberry, much used now for hedges; also Altheas, Japan Quince, Hornbeam, English Beech, Honey Locust, Clethra, cut leaved Elder; Lilacs, pure white, and Rubra de Marly; white Hydrangea paniculata grandiflora; red berried and white berried Snowberry, and the lovely new Japan rose, Rosa multiflora, a most profuse bloomer with great bunches of crimson berries for Christmas; also Sweet Briers. My stock of Buckthorns is very large and fine. The best vines and climbers

or running over stone walls, and fences, and other unsightly objects are the Ampelopsis (sorts), Bignonia radicans, fine, Celastus scandens, Clematis, Honeysuckle, Periploca, running roses, and Wistaria in several colors. For which see below.

Hedge plants should be planted in well-enriched soil, in double rows, the plants one foot apart in the row, and the rows one foot asunder, thus:—

The Willow and Poplar make excellent boundary hedges on plantations for shelter against winds.

I trust that in this, my new catalogue for 1895, there may be some items that you may wish to add to your collection. If so, please send me a memorandum thereof, and they shall be reserved for you. If any of your friends are planting this season I shall be happy to have their address.

STRAWBERRIES.

Strawberry plants will be carefully packed and sent by mail, prepaid, at any season, except during January, February, March, and July. For garden use, plant one foot apart each way for new beds, and for field planting, in rows three feet asunder, the plants one foot apart in the rows.

Section 1—New and improved varieties of the first quality, of recent introduction.

Price: 50 cents per dozen; \$2.00 per 100. Prepaid by mail.

ACCOMAC.—A splendid early variety of recent origin. It is one of the very earliest. Berries large, conical, dark crimson, fine quality. A vigorous grower.

ANNA FOREST.—The fruit of the largest size, uniform, and of good form and color. All good judges pronounce this one of the best sorts of recent introduction. Very early.

AUBURN.—A very promising new variety, ripening second early. A beautiful fruit, dark crimson, and very prolific. Plant healthy and vigorous, fruit firm and attractive. A first-rate sort.

BARTON'S ECLIPSE.—One of the most satisfactory of all strawberries. A model berry, early, firm, very productive, and of the richest flavor. One of the most popular. A pistillate flower, and should be fertilized with Anna Forest, or the following.

BEVERLY.—Universally commended. The fruit is large, conical, uniform, and regular, bright, glossy crimson, firm, and very rich. Midseason to late.

DAYTON.—A fine, large berry, rich dark crimson in color, firm, of handsome form and rich flavor. One of the best shippers, and gives the best satisfaction for high quality and productiveness.

DEW—One of the largest of strawberries. Very firm, and a long keeper, and one of the best of shippers. Very early. of a rich dark crimson, high flavored and productive.

E. P. ROE—One of the latest varieties. In the market by the crate as late as July 11. A strong and vigorous grower. In flavor, it exceeds most strawberries. One of the most valuable market and family berries.

GANDY—The latest sort, prolonging the season into mid-July. The fruit is large, bright scarlet, rich, and beautiful. It has a most delightful aroma. The flesh is red, juicy, sprightly and agreeable. Conceded to be one of the best late sorts.

GREENVILLE—An exceedingly promising sort. The berries are large, bright crimson, firm, and of rich flavor. It is a late fruit, and late fruits are always valuable. Mid-season to late.

HAVERLAND—A very productive and profitable sort. Berries are large, long, with rounded apex, of a bright glossy crimson. Very showy, and very popular in all markets.

IOWA BEAUTY—Beautiful in form and color. Berry large, firm, and of the highest quality. Color brilliant, polished crimson, with golden seed laid upon the surface. Plant vigorous and an abundant bearer.

LEADER—This is one of the most popular of the new sorts, and will soon be a universal favorite. For beauty of form and color it is unsurpassed. The fruit is piquant and rich. Bright crimson with seeds of gold. A first-class fruit.

LOVETT'S—A good, all-round berry, beginning to bear early, and continuing to bear till the last of the season. Berries bright clear crimson, of the highest excellence. A very fine home or market variety.

MEEK'S EARLY—This is acknowledged to be one of the best early berries known. It is of good size, and very productive. I need not say that a good early variety is a great desideratum.

MICHEL'S EARLY—This is an extra early fruit, and is universally admired. Berry very handsome in the dish; of a lively light scarlet. It is a good bearer, and a most acceptable fruit. A sweet and delicious variety.

PARKER EARLE—This fine berry has few equals. The berries are long, regular, and uniform in size, of a bright rich crimson. For yield and quality it has hardly an equal. First-class in every way.

PRINCESS—An extraordinary new berry, of the largest size. Some of the berries have measured 6 inches in circumference, 18 berries fill a quart basket; they average very large. Uniformly perfect in form, ripening all over at once. A remarkably attractive fruit. Must be fertilized by Eureka or Haverland.

SHUCKLESS—A hardy, vigorous plant, bearing berries of very large size, of a dark crimson color, and rich flavor. The shucks detach themselves from the fruit in picking, so that it does not need to be hulled for the table. An excellent variety.

VAN DEMAN—A new extra early variety of great promise. The berries are of good size, rich flavor, firm, and good shippers. This is undoubtedly one of the earliest sorts known, and one of the most productive.

Section 2.—Unique special varieties for the table.

LENNIG'S WHITE—A choice fine strawberry of great beauty. The fruit is white or pink, and is very showy on the table in contrast with the dark or scarlet sorts. It is very sweet and productive, and is a great addition to the novelties of the garden. 75 cents per dozen; \$3.00 per 100. Prepaid by mail.

WHITE NOVELTY—A new Alpine variety, bearing fruit of fair size all summer long. It yields a good crop in June. The berries are a clear white, and of a unique and delicious flavor. An interesting fruit for the garden. A beautiful dessert fruit. 50 cents per dozen; \$2.00 per 100. Prepaid by mail.

MEXICAN EVERBEARING—A truly perpetual bearer, being never without fruit during the whole season till cold November weather. The fruit is scarlet, with a peculiar, rich aroma. It is a good thing to scatter about in the fields and wood of your estate, where it will surprise you with its high flavored fruits. 25 cents per dozen; \$1.00 per 100. Prepaid by mail.

Section 3.—Older varieties of the highest excellence.

Price: 25 cents per dozen; \$1.00 per 100. Prepaid by mail.

BEDER WOOD—A very valuable sort for home use or market. Good form and color, firm, productive, and of fine quality. Very prolific, and all will be satisfied with it. One of the earliest and best sorts.

BUBACK (No. 5)—This is a wonderful berry, both for size and yield. It is one of the largest and finest of recent sorts especially for family use. It is a midseason fruit, and, being a pistillate variety, should be fertilized by the preceding or other midseason sort.

CHAIRS—This produces the most enormous yield of almost any variety. Fruit large, good flavor, and high color; a vigorous and very productive plant. An attractive and valuable fruit.

CHARLES DOWNING—One of the best of the old sorts. There are few better. High flavor and very productive. It is suitable to all soils and situations, and remains fruitful and excellent without renewing for several years.

CRESCENT—An uncommonly productive strawberry. Berries bright scarlet and attractive, of easy culture and enormously productive. A universal favorite. It should be fertilized by any of the earlier varieties, being a pistillate sort.

JESSIE—This large and beautiful berry gives universal satisfaction. Its large size and handsome, regular form render it one of the most desirable sorts. Its flavor is delicious. One of the most showy and prize-taking fruits.

PEARL—A very vigorous and productive plant. The berry is handsome, conical, clear glossy crimson, as if polished, and of excellent flavor. A profitable market and family berry. An early variety.

SHARPLESS—A large and very healthy, vigorous plant. Fruit dark crimson, very large, firm, and high flavored. A universal favorite. Takes many prizes. Midseason.

SCHUSTER'S GEM—Vigorous and healthy. Fruit large, round, of uniform size, a brilliant scarlet and very showy, firm, and of excellent quality. Carries well. One of the best. Early and lasting long. Should be fertilized by any midseason sort.

WALDRON—A robust and healthy plant. A fancy berry of great beauty, very large, bright crimson, and of excellent quality. This fine variety should be in every collection where showy fruits for exhibition are required. Midseason. May be fertilized by Eureka or Haverland.

WILSON—The well known old variety, and one of the firmest of all fruits, and can be carried great distances. A very dark colored sort, very productive. One of the best market varieties.

YALE—Under high cultivation the fruit is large, firm, dark colored, of an exceeding rich, high flavor. Well dressed with wood ashes, it gives splendid and showy fruit.

Latest Novelties.

AUSTRALIAN EVERBEARING—A novelty from Australia. Highly recommended.

\$1.50 per dozen.

BANQUET—Highly recommended by Messrs. Hale. Considered the most delicious and highly flavored of all strawberries. Superb for table and the fancy market.

\$2.00 per dozen.

BELLE—A new strawberry from Mr. Crawford, which he writes me proves to be of the very first quality. Mr. Crawford is a good judge—none better.

\$1.00 per dozen; \$5.00 per 100.

BOECKLEY—A new and first-class fruit. One of the latest novelties. A large, showy, and most productive berry.

\$1.00 per dozen; \$5.00 per 100.

CYCLONE—New and very productive. An immense cropper, and very showy for market.

\$1.00 per dozen; \$5.00 per 100.

EPPING—A new sort, of high reputation. Very hardy, strong growth, abundant and healthy foliage, never rusts or blights. Berry large, colors even. An attractive, bright crimson fruit, firm, rich, and sweet. Ripe early, and is long in bearing.

\$1.00 per dozen; \$5.00 per 100.

FOUNTAIN—An entirely new sort, sent out for the first time this year. It is thought that this will prove the finest of all the novelties.

\$1.00 per dozen; \$5.00 per 100.

HENRY WARD BEECHER—A cross between Champion and Sharpless. Yield enormous, and does well in all soils and conditions. One of the most celebrated of the new kinds.

\$1.00 per dozen; \$5.00 per 100.

MARY—It is the largest strawberry yet produced, the most prolific, the most beautiful, and the firmest of all the large sorts, so says a good judge, Mr. Dwyer.

\$1.00 per dozen; \$5.00 per 100.

PRINCETON CHIEF—A glossy, dark red berry, very large, solid, and remarkably sweet. One of the best new sorts.

\$1.00 per dozen; \$5.00 per 100.

RIO—A new variety of great merit, and highly commended by the growers for market.

\$1.00 per dozen; \$5.00 per 100.

SMITH'S SEEDLING—A first-class new fruit for the market. It has been faithfully tried here. The flower is perfect, and it is a heavy yielder of first-class berries. It is the firmest of all the large berried fruits. Color, very dark rich crimson.

50 cents per dozen; \$1.50 per 100.

TENNESSEE PROLIFIC—Is a large and very handsome fruit. It is of uniform, large size, and ripens up evenly. This, with Cyclone, Rio, Ivanhoe, are all first-class.

\$1.00 per dozen; \$5.00 per 100.

TIMBRELL—Next to the Marshall, this is probably the most popular new berry. The plants are very healthy, and the fruit is of the very first quality, large, high colored, and abundant.

75 cents per dozen; \$3.00 per 100.

VICTOR HUGO—A large and productive new early berry of great value for market. Berries large, high colored, and firm.

50 cents per dozen; \$2.00 per 100.

WONDER—New, has a high reputation. A magnificent fruit.

\$1.00 per dozen.

NEW MARSHALL STRAWBERRY.

THE FINEST OF ALL NOVELTIES.

This magnificent berry, a few plants of which were sent out in 1893, at \$10.00 per dozen, was practically offered for the first time last season. Of the very largest size, far surpassing in that respect any other sort, in color very dark rich crimson to the core, flesh fine grained and of a delicious flavor, and with the peculiar aroma of the native wild strawberry, from which it is thought to have sprung, it is undoubtedly the finest sort ever grown in this country. The blossom is perfect, and needs no fertilization. The plants are the strongest and most vigorous I have ever seen. The foliage is heavy and thick enough to protect the blossom from late frosts and the roots from the winter's cold. It is a remarkably fine keeper and carrier, which will commend it to all growers for the market. 3000 quarts have been grown on $\frac{1}{4}$ acre.

Testimony of the Massachusetts Horticultural Society.—Any number of testimonials could be furnished from experienced growers who have watched the Marshall for two or three years, but the unprejudiced testimony of the Massachusetts Horticultural Society, the most critical society in this country, is all we have room for at present. To a well known cultivator who wrote to Mr. E. W. Wood, chairman of the Fruit Committee of that society, to inquire what he thought of it, Mr. Wood replied: "It is a new variety and the most promising variety grown. The biggest measure over 7 inches in circumference, very dark red, and the reddest berry all through there is grown. Fourteen berries filled a quart basket. It has a fine flavor. The plant is very hardy. The owner has never covered it, and it comes out fresh every spring." It was first exhibited in 1892, and in that year the Massachusetts Horticultural Society gave it its two first prizes, and its three second prizes. On being exhibited in June, 1893, in competition as before with the most celebrated sorts, it again received all the first prizes, including the Lyman plate. This is an unexampled success at the best show of strawberries ever made by this society. Those who were present at this exhibition will not soon forget the enthusiasm with which this splendid display of fruit was received.

In 1894, the Marshall again took all the leading prizes at the great exhibition in June of the Massachusetts Horticultural Society in Boston. Thus it has had the unqualified approbation of this veteran society, the oldest in the United States, for three successive years.

I have decided to offer plants this season (1895) for \$1.00 per dozen; \$5.00 per 100; \$45.00 per 1,000 net cash, without discount. I have reduced the price from \$10.00 per dozen of 1893, and \$2.50 per dozen, and \$16.50 per 100 of 1894, to this very moderate price. The plants are warranted absolutely pure and true to name.

And now in 1895, I have to say that the Marshall proves to be even finer than above described, and is acknowledged by all growers to be the best strawberry ever grown in America. It has far exceeded the most sanguine expectations. No garden should be without it. The stock is very limited, as yet. The year 1896 will be the great selling year of the plants of this superb fruit, and those who make large plantations this season will reap a rich reward. I would advise early orders, as the stock is yet limited.

\$1.00 per dozen; \$5.00 per 100; \$45.00 per 1000, net.

No nurseryman, florist, or gardener can afford to be without this variety — the great strawberry of the future.
