NO. 4.

Rochester Commercial Nurseries.

ESTABLISHED 1830.

WM. S. LITTLE & CO.'S

SEMI-ANNUAL

TRADE LIST

—FOR THE—

SPRING OF 1895.**TERMS AND CONDITIONS OF SALE.**

The prices quoted in this List are expected to apply only where the specified quantities are taken, except as follows strictly: *Where the order amounts to \$10 or over, five hundred will be supplied at thousand rate; fifty at the hundred rate; and six at the dozen rate.* At these wholesale prices, in the case of fruit trees, etc., the *varieties* are to consist of leading popular sorts, such as we cultivate in considerable quantities. See Descriptive Catalogue for list of varieties cultivated.

TRANSPORTATION—In furnishing trees, etc., on the terms of this Price List we cannot be responsible for the accidents or delays of transportation. All articles after leaving the Nursery in good condition, are entirely at the risk of the purchaser. Except in case of accident or gross carelessness, our packages will endure the longest journey in perfect safety.

GUARANTY—We honestly believe every tree which we send out to be genuine and true to label; and we are willing, and hold ourselves ready in every instance where a variety does not prove to be the correct one, to refund the purchase money or replace the trees, free of charge to the customer; but beyond this we do not hold ourselves liable for constructive damages by reason of errors.

OUR OFFICE, Greenhouses and Nurseries are situated at the corner of Culver and Clifford streets, about three miles from the center of the city. We shall be happy to welcome our friends there, and if those intending to visit us will telephone to us before leaving the city we will meet them at the corner of Main and Culver streets with carriage. Take East Main street electric car line to that point.

TERMS CASH, except by special agreement. On account of the perishable nature of the goods, *we decline to forward any orders C. O. D.*, unless accompanied by a remittance sufficient to secure us from possible loss.

Correspondence is invited from all those who are interested in purchasing or planting trees, either in *large or small* quantities.

Address,

W. S. LITTLE & CO.

COMMERCIAL NURSERIES,

ROCHESTER, February, 1895.

ROCHESTER, N. Y.

TREE ROSES.

A fine lot of Holland grown plants, Cinnamon stocks. A large list of hardy sorts, such as Ulrich Brunner, Magna Charta, Mme. Gabriel Luizet, Coq. des Alps, etc., etc..... 7 00 45 00

Weeping Tree Roses, a great novelty, reds and whites, \$1.00 each.

A Specialty

YOUNG H. P. ROSES.

We offer to the trade this season our usual fine stock of Young Roses, in 2½ inch pots. We have over a hundred thousand of them, consisting principally of the hardy and well-tested HYBRID PERPETUALS, such as we grow in large quantities for our own planting. The plants are being propagated this winter and will be ready to send out after the middle of April in 2½ inch pots, in the best possible condition, either for planting in the open ground or for shifting. Our stock comprises the following good varieties, and others, viz.:

NOTE.—We would invite special attention to the one and two-year transplanted cuttings of *Arbor Vitæ*, *Junipers* and *Retinisporas*, offered above. The cuttings were rooted in the greenhouse and have now become well established in the open ground. They have shapely tops and an abundance of roots.

EVERGREENS—Rooted Cuttings.

Ready May 1st. These are strong cuttings, thoroughly rooted, of some Evergreens always scarce. We have sent them out for several years with great success. Of those we planted ourselves in the open ground, more than 95 per cent grew. We pack them in small compass in such manner as to insure safe carriage in perfect condition.

Specialties - and - Novelties.

We mention below a few of the good things we have to offer this spring. We have a fine stock of all of them and they are all rare and valuable.

Weeping Beech—All things considered, this is the most valuable weeping tree to be had: unlike the usual run of weeping trees they grow in grace and stature for a great many years. Fine specimens sometimes attain to a height of fifty feet and an equal spread of branches. Price, fine trees, 5 to 6 feet high, \$9.00 per dozen.

Weeping Purple Beech—This tree really weeps and is really purple. It is similar in habit to the ordinary weeping beech. Price, trees 4 to 5 feet high, \$15.00 per dozen.

Fern Leaf Beech—One of the rarest and most beautiful of the Beeches. 5 to 6 feet trees, \$9.00 per dozen.

Colorado Blue Spruce—We have a fine stock of this beautiful evergreen. Price, well formed specimens 20 to 24 inches high, \$18.00 per dozen.

Pyramidal Arbor Vitæ—We can offer all sizes of this valuable evergreen from rooted cuttings up to 7 feet specimens. Our large sizes have been transplanted several times and can be dug with a fine ball of earth around the roots. For prices, see pages 7, 14 and 15.

Virburnum Plicatum—We have a fine stock of this shrub to offer this year. Price, 2 to 3 feet plants, 25 cents each. We also offer the same sized plants of the *Common Snowball* and *High Bush Cranberry*, for prices of which see page 9.

Tree Roses—Besides our usual fine stock of Holland grown Tree Roses we offer two fine novelties in this line this season.

The Weeping Tree Rose—This resembles in style of growth a *Babylonica Willow* grafted on a 4 to 5 foot stem. Our specimens have a very fine growth of top, each plant having several branches measuring from 5 to 8 feet each. We have them in white and red. Price, \$9.00 per dozen.

The Double Headed Tree Rose—"Two lovely roses moulded on one stem." Red and white roses on the same bush. A fine novelty. \$7.50 per dozen.

Eleagnus Longipes—A recent Japanese acquisition of great merit. In the autumn when most shrubs have finished their season's display, this bush is covered with an immense profusion of bright coral red berries. Price, fine plants 18 to 24 inches high, \$4.00 per dozen, \$25.00 per 100.

Dwarf Box—We grow this old-fashioned but very popular border plant in large quantities and are prepared to fill the largest orders. For prices, see pages 11 and 15.

Wistaria Multijuga—Nothing need be said of this vine but that it produces flower clusters $2\frac{1}{2}$ to 3 feet long. We have a fine lot of strong plants. For price see page 10.
