EVERGREEN TREES
EVERGREEN SHRUBS
CLIMBING PLANTS
AND PALMS

Fancher Creek Nurseries

FRESNO, CALIFORNIA

GEO. C. ROEDING
President & Manager

SPECIAL TRADE LIST

FRESNO, CAL., JANUARY 1, 1910

In presenting this list of stock for your consideration, we have quoted varieties only of well known commercial value, and those that are strong, thrifty, well rooted plants.

We aim to grow only first-class stock. The balled trees and plants in heavy soil highly suited for balling, and potted plants are grown in selected soils which are conducive to giving the young plants vigor and color; those which will give immediate results.

When shipping the potted plants, they are removed from the clay pots and transferred to paper pots, thereby materially reducing the shipping weights.

The quotations named are net for stock at Fresno, California, with an additional charge to cover actual cost of packing material.

Trees and plants will be supplied as follows: 5 at the 10 rate; 50 at the 100 rate. This means 5 or 50 trees of one variety.

After goods have been delivered to the transportation company our responsibility ceases, but we will do all in our power to have consignments reach destination promptly.

Sales will be made subject to stock being unsold when order is received, also with the understanding that if stock should become injured by frost, hail, fire or other causes beyond our control, the order will be void.

We exercise the greatest care to keep all varieties true to name, but it is mutually agreed to between the purchaser and ourselves that we shall not at any time be liable for any amount greater than the original price of the stock.

Orders from unknown correspondents must be accompanied by remittance or satisfactory references.

FANCHER CREEK NURSERIES, Inc.,

FRESNO, CAL.

GEORGE C. ROEDING, President and Manager.
