Shipments from St. Louis AT ONE DAY'S NOTICE.

—❖— **SURPLUS STOCK** —❖—

—FROM THE—

Huntsville Wholesale Nurseries.

HUNTSVILLE, ALA.

We have for the past sixteen years offered in assorted lots, at St. Louis, in Spring, such stock as we had in surplus. The plan has been satisfactory to our customers and ourselves. Herein is a schedule of what we now have in St. Louis for immediate shipment. This stock is exclusively our own growing at Huntsville, Alabama, fresh dug this Spring, and packed in the best manner, in moss, and warranted in fine condition. Everything is fine of the grade, with full fibrous roots, and not culled, as we adhere to a strict system of grading.

Below the Blizzard Line.

Our Nurseries are far enough south to escape the severe freezing weather. Everything is bright, green and fresh—sound to the tips. Nearly all the sorts offered are standard sorts, such as most nurserymen can use in assortment with their own growing. Orders should be sent in as early as possible; but the stock need not be shipped until wanted, as we are prepared to hold it here in good condition. We have nothing for sale not offered on this list.

It will be noticed by some of our correspondents that we have refused orders the past season for several articles listed. Our fear of overselling, and some countermands, account for this. We ask attention to the small-sized trees offered, for transplanting into nursery rows. All of the small trees, as well as the large ones, are very nicely rooted, and everything is young, smooth and bright.

We can refer to nurserymen who have bought of us in nearly every State and Territory. We have given satisfaction, and guarantee it for these shipments.

Terms—Cash with order, or 30 to 60 days from date of shipment to responsible, prompt-paying parties. Address W. F. HEIKES, Manager, 2018 Chouteau Ave., St. Louis, Mo., until May 1st.

For convenience in telegraphing for assorted lots, a cipher is given. The cipher word stands only for one box in cases where there are more than one in the same assortment.

Address **W. F. HEIKES, Manager,**

2018 Chouteau Avenue, ST. LOUIS, Mo.

St. Louis, Mo., April 13th, 1896.

For usual conditions concerning risk of transportation, claims, etc., see Huntsville Wholesale Nurseries pages in *The Practical Nurseryman*.

We offer the following assortments, in box lots, at very low prices, to insure quick sales, as we do not open or repack anything in St. Louis. The stock is of the same quality as that sent out by us heretofore. Each box contains an assortment as shown. In ordering one or more boxes, should the particular lots desired be sold, state what substitution will be allowed. The prices quoted include the cost of boxes and the freight from Huntsville to St. Louis—the transfer charges at this point are to be paid by the purchaser. When the post-office address and the railroad station differ, always give explicit marks for the boxes when ordering.

PERFECT DORMANT CONDITION.

The spring has been very favorable for digging and shipping, and everything is in fine dormant condition. The cold storage plants here have been greatly extended and improved, and the new system of refrigeration enables us to hold our trees in a low temperature. This will insure a perfect dormant condition until the close of the season. We have brought to St. Louis this spring fifty-two car-loads, including packed orders and surplus stock.

See page 7 for Surplus Stock in Rochester,
N. Y., and Philadelphia, Pa.

Cut Prices.—Orders received after this date for Box Lots on this list,

STANDARD PEARS, TWO YEARS.

KEIFFER PEARS, Two Years, Root Grafts—Own Roots.

These are very handsome trees, with good roots, but not as well distributed as budded trees. We have sold large numbers of these trees the past Fall and this Spring, and they have given good satisfaction.

FREQUENT BULLETINS.

We will issue Bulletins from St. Louis weekly during March and April. Any one not receiving them regularly will please write for copies.

SMALL TREES FOR TRANSPLANTING.

We ask particular attention to our quotations on small trees, which we recommend for transplanting into nursery rows. They should make saleable trees in the Fall of 1896 and Spring of 1897. We will sell for this purpose, any of the trees offered in this list of the following sizes: Standard Pears, $\frac{1}{2}$ to 9-16. 3 to 4 ft.; Dwarf Pears, 1 year, 3 to 4 ft. and under; Plums, Cherries and Peaches, 1 to 2 ft., 2 to 3 ft. and 3 to 4 ft.,—and take note, bearing the maximum legal rate of interest from date of shipment, payable May 1st, 1897, from parties in good commercial standing.

Boxes for transplanting may be ordered at any time, but not to be shipped before April 15th.

TREES FOR FALL OF 1896.

We are always ready to make prices. We have over 800 acres covered with nursery stock, one and two years old, and nothing older. Large stocks of Standard Pears, one and two years old; Plums and Cherries, one and two years old; Peaches, Apricots, Quinces, Roses, Mulberries and Figs, one year old.

Unsolicited Commendations.

KANSAS, March 25th, 1896.—“ We found the stock received from you in fine condition, and nice stock.”

KANSAS, March 25th, 1896.—“ Unpacked your trees yesterday. Found everything in first-class shape. Am well pleased with the trees.”

KANSAS, March 25th, 1896.—“ Trees just received. We took them from box yesterday, and we have this to say in your favor, that we never unboxed trees in finer condition. We also can say that we have never received trees with as fine roots, and you caliper a little better than grade asked for.”

MISSOURI, March 26th, 1896.—“ Cherry trees arrived O. K., fully up to size, and thrifty,—as fine roots as I have ever seen.”

ILLINOIS, March 24, 1896.—“ Yours is the best we get here, but there is a prejudice against it on account of its being grown so far south. I have planted largely of the stock bought from you; and give it the preference because it is clean, bright and thrifty, and it is proving itself as hardy as the same varieties from New York or anywhere else.”

Heikes—Huntsville—Trees.
