NO. 4.

Rochester Commercial Nurseries

ESTABLISHED 1830.

WM. S. LITTLE & CO.'S

SEMI-ANNUAL

TRADE LIST

SPRING, 1896.

TERMS AND CONDITIONS OF SALE.

The prices quoted in this List are expected to apply only where the specified quantities are taken, except as follows strictly: *Where the order amounts to \$10 or over, five hundred will be supplied at thousand rate; fifty at the hundred rate, and six at the dozen rate.* At these wholesale prices, in the case of fruit trees, etc., the varieties are to consist of leading popular sorts, such as we cultivate in considerable quantities. See Descriptive Catalogue for list of varieties cultivated.

TRANSPORTATION—In furnishing trees, etc., on the terms of this Price List we cannot be responsible for the accidents or delays of transportation. All articles after leaving the Nursery in good condition, are entirely at the risk of the purchaser. Except in case of accident or gross carelessness, our packages will endure the longest journey in perfect safety.

GUARANTY—We honestly believe every tree which we send out to be genuine and true to label; and we are willing, and hold ourselves ready in every instance where a variety does not prove to be the correct one, to refund the purchase money or replace the trees, free of charge to our customer; but beyond this we do not hold ourselves liable for constructive damages by reason of errors.

OUR OFFICE, Greenhouses and Nurseries are situated at the corner of Culver and Clifford streets, about three miles from the center of the city. We shall be happy to welcome our friends there, and if those intending to visit us will telephone to us before leaving the city we will meet them at the eastern end of the Parsells Avenue electric car line with carriage.

TERMS CASH, except by special agreement. On account of the perishable nature of the goods, *we decline to forward any orders C. O. D.*, unless accompanied by a remittance sufficient to secure us from possible loss.

Correspondence is invited from all those who are interested in purchasing or planting trees, either in *large or small* quantities.

Address,

W. S. LITTLE & CO.,

COMMERCIAL NURSERIES,

ROCHESTER, February, 1896.

ROCHESTER, N. Y.

A Specialty

YOUNG H. P. ROSES.

We offer to the trade this season our usual fine stock of Young Roses, in 2½ inch pots. We have over a hundred thousand of them, consisting principally of the hardy and well-tested HYBRID PERPETUALS, such as we grow in large quantities for our own planting. The plants are being propagated this winter and will be ready to send out after the middle of April in 2½ inch pots, in the best possible condition, either for planting in the open ground or for shifting. Our stock comprises the following good varieties, and others, viz.:

NOTE.—We would invite special attention to the one and two-year transplanted cuttings of Arbor Vitæ, Junipers and Retinisporas, offered above. The cuttings were rooted in the greenhouse and have now become well established in the open ground. They have shapely tops and an abundance of roots.

EVERGREENS—Rooted Cuttings.

Ready May 1st. These are strong cuttings, thoroughly rooted, of some Evergreens always scarce. We have sent them out for several years with great success. Of those we planted ourselves in the open ground, more than 95 per cent grew. We pack them in small compass in such manner as to insure safe carriage in perfect condition.
