Over one-half the Peas sold in this country are grown without any regard to their purity—the result is the varieties become very much mixed, are full of runners, and produce very small pods. All low priced Peas offered are of this stamp.

The Buist Morning Star Pea, which we introduced a few years since, have proved to be the earliest and most productive variety known, and is regarded by Market Gardeners, as their best and most profitable shipping variety. For protection to ourselves and to insure purchasers the true stock, we sell them only in our sealed packages and Sacks. The latter are of green muslin and contain $\frac{1}{8}$, $\frac{1}{4}$, $\frac{1}{2}$, or one bushel each. Buist's Morning Star offered in any other way is spurious stock.

Buist's Garden Guide for '97.

Contains 160 pages of useful Information on gardening.

Are supplied to our customers for distribution to their trade, it contains monthly operations for the garden.

If you wish to increase your Seed Trade, sell those grown by BUIST, as they are grown from Selected Seed Stocks and are as near perfection as can be produced, and are sold at low prices.

Another great feature in favor of our establishment is that we Commission no Seeds and therefore have no old stocks returned, we know what we require for our trade and grow accordingly. The great outlet for old seeds which commission houses have is in supplying seeds in bulk, which are generally purchased by the inexperienced merchant "because cheap," but unfortunately he never considers the great distress such seeds cause those who sow them.
