Terms, Conditions and General Remarks.

TERMS.—Invariably Cash, except otherwise agreed upon. All orders to be sent C. O. D. must be accompanied with one-half the amount in cash. Remit by Money Order. Registered Letter or Bank Draft.

DIRECTIONS FOR ORDERING.—Write name and address plainly. Always state distinctly the sizes and grades of stock ordered as per the grades given in this List. When named varieties cannot be furnished, we reserve the right to substitute such varieties as will fill the season as near as possible, unless prohibited in the order. Persons unacquainted with the different varieties will generally get a much better selection by leaving the assortment to us. **Be sure to give directions how to ship, whether by Express or Freight.** When these conditions are not complied with, we will use our own judgment and ship the way we think best. Keep a correct copy of the order, so that when the stock arrives you will know exactly whether you get what you have ordered. If we make mistakes they are accidental and we wish to right them, but oftentimes people make complaint simply because they do not know what they have ordered.

FREE FREIGHT, FREE EXPRESS.—On all orders over \$10.00, accompanied by full remittance, we will **prepay** the Freight or Express Charges to your R. R. Station if east of Denver, Colorado.

THE PRICES are for the quantities named, but five, fifty and five hundred will be supplied at ten, hundred and thousand rates respectively.

PACKING.—All goods are packed free. Notwithstanding this fact, we use the utmost care and pack according to the distance and to our customers' best interest. Everything is labeled.

OUR GUARANTEE.—We use every possible means and endeavor to our utmost to keep all of our varieties true to name. The fact that nurserymen, planters and fruitgrowers of the country have ordered of us year after year is as good a guarantee as can be given by any other nursery of twenty-four years' standing. But if any mistakes occur, we will cheerfully rectify them.

OUR LOCATION is the very best for producing well ripened stock with splendid roots. Our facilities for prompt shipments are first class and we have special low Express Rates.

Remember that we pay the Freight or Express Charges on all orders amounting to over \$10.00, and guarantee safe arrival of shipments.

NEW HAVEN NURSERIES,

(J. BAGBY & SONS CO.,)

NEW HAVEN, MO.

Some Remarks on Varieties, Sizes, Etc.

We wish to say that the **small size trees** are **strictly first class** and **well rooted**, and by many will be preferred to the larger sizes.

VARIETIES.—So many ask, "What should I plant in my locality?" that we will here name a few of the popular and profitable sorts for general planting:

APPLES.—Ben Davis, Jonathan, Gano, York Imperial, Rome Beauty, Minkler, Wine Sap, Grimes' Golden, Maiden's Blush. This is our Commercial List. Others would add perhaps Wealthy, Stark, Ingram, Mann, Smith Cider, Willow Twig, Mo. Pippin, Duchess Oldenburg, Etc. All of the above are good profitable sorts, both for home use and for market.

PEACHES.—Avoid planting too many early sorts, but plant some Alexander, Briggs' Red, Mt. Rose, and heavy on Foster, Old Mixon, Heath, Salway Elberta, Piquett's, Lemon Cling, Etc.

PEARS.—The fact is more and more apparent that Kieffer and Garber will stay in the lead for profit. Duchess, Anjou, Bartlett, Seckel, Etc., should also be in most orchards

CHERRIES.—Early Richmond, Dyehouse, Late Montmorency (sour), Eng. Morello, Gov. Wood, Elton, and Sappington (sweets) do very well and are profitable. Try our new sweet variety—MAGANN.

PLUMS.—Wild Goose (native), Damson, Shipper's Pride, German Prune (European), Ogon (Japanese), Abundance and Satsuma, are all good bearers and are profitable. We consider the Ogon and Abundance the best of the Japanese sorts. Don't plant the Mariana except for shade trees.

WHOLE ROOT TREES.—The "Whole Root" schemes we can but compare in our mind to the workings of Patent Medicine Men and Quacks. They try to scare you into buying their goods. Pear, Peach, Plum and Cherry trees are all grown on "whole roots." Our Apples are most all on so-called whole roots, grafted and planted so that the cion also roots. Don't pay extra prices for "trade marks." We give our customers the very best, and we don't ask **two prices**. A trial order will convince you.

Soliciting your order,
