ling of Schmidt's, crossed with Vernon, possessing the fine-flowering qualities of both, and in habit of growth is far superior to either. As a bedding plant it has few equals; if given a light, rich soil, it is a mass of bloom the entire summer. $15.00 per 100.

CHRYSANTHEMUMS.

Introduction of 1897. Ready March 1st. The descriptions are those given by the introducers.

Golden Trophy. A grand early yellow to follow Marion Henderson; a dwarf grower, requires no tying; foliage very beautiful, and quite up to the flower; very large for October, compact, crowded with petals, incurving into a complete golden ball; has been characterized as an "Early Bonnaffon." Keeps and travels wonderfully well. This will be found very profitable by florists, as it bears close planting and requires no tying. Received N. C. S. certificate under name of "Golden Dawn," which proved to be a duplicate. Fifty cents each; $5.00 per dozen; $35.00 per 100.

Thanksgiving. II (Rawson). Certified at both New York and Philadelphia, November 96. Height, 3½ to 4 feet; of sturdy habit and nice foliage; flowers large; color, fresh, delicate, even shade of pink; mid-season and later; keeps very well. Grown cool is in season at Thanksgiving; very distinct, and a fine exhibition variety as well. Fifty cents each; $5.00 per dozen; $35.00 per 100.

Adelaide, (Rieman.) Certified at Cincinnati, November, 1896. First prize white seedling at Indianapolis. A very fine white variety; extra good stem and foliage; fine, compact flower, especially recommended for commercial purposes. The raiser also recommends it as a bush plant. Will rank among whites as H. W. Rieman does among yellows. Fifty cents each; $5.00 per dozen; $35.00 per 100.

Western King, (Smith and Son). This, we believe, is the best white yet introduced for commercial or exhibition blooms, or for plants either bush or single stem. An incurved flower with outer petals slightly reflexing, pure white. Maturing November 1st. Height 3½ to 4 ft. good from either bud. Stem and foliage excellent. No variety has been as highly commended; in 1895 was recommended for certificate by all five committees of the C. S. A. Last fall it received cash prize at Syracuse as best seedling, and at Philadelphia as best white seedling. 50c. each; $5.00 per doz.; $35.00 per 100.

CHOICE VARIETIES OF LAST YEAR'S INTRODUCTION AND OTHERS OF SPECIAL MERIT.

Modesto. Exceptionally meritorious. The finest yellow yet produced, either for exhibition or the trade. Intense in color, unsurpassed in size, of an incurved, slightly whorled form; with very high, full center. Maturing November 15th. $1.50 per doz.

Mrs. Perrin. A wonderfully clear bright pink, quite free from magenta, the brightest shade of pink yet produced in the chrysanthemum. The flower is of globular, incurved form and of fine satin finish. Awarded first premium wherever exhibited as best of its color. $8.00 per 100.

Mrs. Wm. C. Egan. A fine large flower of the Ada Spaulding type, but much larger. Color crimson pink at the base, shading at the apex to light sulphur, suffused with buff on outside of petals. A strong, healthy grower, with fine foliage. $10.00 per 100.

Buff Globe. Enormous globe shaped flower; pale chrome yellow shading to buff. $8.00 per 100.

Glory of the Pacific. An extra early pink, being in good shape for cutting by October 8th. It is of fine size and depth, with broad petals which reflex showing the clear pink color to excellent advantage. $8.00 per 100.

Mrs. Henry Robinson. A large, early white variety, of exceptional merit with immense, incurved, broad channeled petals of very substance, and of the purest white. From a flat incurved form it gradually changes into a perfect ball of snow 16 to 18 inches in circumference. A fine healthy grower, and one that is easily managed. $8.00 per 100.

Wm. Simpson. One of the earliest of the large flowered varieties. Color a pleasing shade of delicate pink, a little lighter than "Maud Dean." A good, strong, healthy grower, stiff stem from four to five feet high, with clean foliage. $10.00 per 100.
Daydawn. A grand, large early white variety, center creamy yellow when opening, gradually changing to pure white in the fully open flower. While the flowers are large and fully double, they are of informal and graceful arrangement, on good stiff stems with fine heavy foliage. $6.00 per 100.

Indiana. Immense, full, globular flower, nicely incurved. Color clear bright pink, outside petals a little lighter. Has been grown measuring 22 inches in circumference. A grand show variety. $8.00 per 100.

Pink, Ivory. (Miss A. L. Daliskov.) A sport from Ivory, the most popular of all white chrysanthemums; it is identical with Ivory in every respect except color, which is a beautiful shell pink. $10.00 per 100.

**COLLECTION OF 12 CHOICE STANDARD VARIETIES.**

Florence Vaughan. Flowers very large, of most perfect form, with broad overlapping petals, nicely rounded at the ends. Color brilliant yellow, spotted with bright red. A strong, robust grower, and flowers very freely. $8.00 per 100.

Alphonse Bouvier. A very luxuriant grower, in good ground, with good cultivation, growing six to seven feet high. It begins to bloom very early, and is one continuous mass of crimson the entire season. $10.00 per 100.

Charles Henderson. A splendid compact, dwarf grower, throwing up erect, compact heads of bloom of large size; the individual flowers are among the very largest. Color, bright crimson; this is one of the very handsomest varieties, and where a mass of bright crimson is wanted we know of nothing better. $8.00 per 100.

Eldorado. The nearest approach to a pure golden yellow to date, being but very finely speckled with light red, which is noticeable only upon close examination. Spikes of bloom very compact. Petals broad, forming fine open flowers that do not fade, but drop from the spikes as soon as they pass perfection, leaving it always clean and bright. $10.00 per 100.

Columbia. Color a beautiful rich cardinal red. A splendid bedder, vigorous and free in growth, profuse and continuous in bloom. Habit extra good, short-jointed and compact. $12.00 per 100.

Madam Crazy. Flowers of a dazzling crimson scarlet, bordered with golden yellow; a marvelous and rich combination of colors. The plant is of vigorous growth, yet very dwarf in habit, rarely exceeding four feet in height; one of the best for all purposes. $3.00 per 100.

Queen Charlotte. A splendid gilt-edged variety, and by many considered the finest of the class. The flowers, which are very large, with broad, rounded petals slightly recurved, are borne in immense heads, well above the foliage, and are most striking in color; a bright orange scarlet, deeply edged with bright canary yellow. $8.00 per 100.

L. E. Bally. Flowers very large, with broad, heavy petals; color light canary yellow, spotted with orange. $5.00 per 100.

in the throat of the flower; very large and finely spread. One of the finest of the gilt-edged varieties. $10.00 per 100.

Steve Mirek. A larger, with broad petals. Color deep scarlet, marbled with orange and crimson. A strong, free grower. $8.00 per 100.

Papa Canna. A grand addition to our list of red flowering CannaS, and one that M. Crozy claims is his finest variety to date. Very free flowering, producing a mass of bloom in immense sized spikes. Color pure red; a sturdy dwarf grower, 3 to 3½ feet high. $2.25 per doz.

Admiral Avellan. One of the best of the dark leaved varieties, and a decided advancement in this section. The flowers are of good size, with heavy, strong petals which open out evenly, forming a clean pretty flower. Color rich orange scarlet, overlaid with salmon, giving the whole flower a rich luminous appearance. $8.00 per 100.

Ocean. In this variety we have the nearest approach to a pure white Canna. A wonderfully free bloomer and a fine, erect grower, making nice shapely plants, about four feet high. The flowers at first opening are a medium canary yellow, changing to creamy white. $2.00 per doz.
Edward Mieg. A grand acquisition, and one of the best of the high colored varieties, bearing very large flowers in immense trusses of rich vermillion scarlet: a strong rooust grower with dark green foliage. $8.00 per 100.

Sophie Buchner. Flowers very large, in close compact trusses on stiff erect stems. Color deep crimson with vermillion shadings. Plant a sturdy compact grower, with broad, deep bronzy green foliage. $4.00 per 100.

J. D. Cabos. Dark greenish maroon foliage, with a bronzy, metallic luster; flowers bright orange or apricot, sometimes brightened with a pinkish tinge. $6.00 per 100.

President Carnot. Orange scarlet, slightly shaded pink. Good sized trusses of large flowers, foliage deep chocolate maroon, one of the best of the dark leaved sorts, distinct and fine. $6.00 per 100.

NEW GIANT ORCHID FLOWERED CANNAS.

This magnificent new race of Cannas is the sensation of the year in floral novelties. In size and brilliancy of flowers and majestic Musa-like foliage, they are entirely distinct and far in advance of any of the large flowered Cannas to date; of remarkably strong growth, they soon make fine specimen plants, with twenty to twenty-five strong stems bearing immense heavy leaves, each stem crowned with tall spikes of large, orchid-like flowers, many of which when fully expanded measure six to seven inches across.

Austria. Flower of immense size, many of them fully six inches across, the petals are very broad with slightly reflexed edges resembling very closely some of the Orchid family. The plant is remarkable for its sturdy rank growth, forming massive clumps six to seven feet high, covered from the ground up with large deep green Musa-like foliage. Plants set out early in the season will before midsummer form clumps with from 20 to 30 strong stems, each stem surmounted by tall spikes of golden yellow flowers standing upright like immense lilies. $4.00 per dozen; $30.00 per 100.

Italia. Another giant flowering variety from the same source as Austria, and by some would be considered the more showy of the two. The plant is of the same strong habit of growth with large deep green foliage. The flowers, while not quite as large, are even more gorgeous on account of their glowing colors. The three upper petals are golden yellow with a large blotch of orange scarlet in center of each, the center and lower petals scarlet, with a narrow edge of golden yellow. $7.00 per doz.

NEW CARNATIONS FOR 1896.

The descriptions are those given by the originator.

Flora Hill. (Hill and Co). Received N. Carnation S. certificate, February, 1896. The grandest white variety to date, and destined to be found in every greenhouse, because of its easy management. The flower is of enormous size, and rounded build; wonderfully free in bloom, stems not as stiff as those of Jubilee or Armazindy, but strong enough to support the blooms nicely, and keeps on stiffening as the season advances; good calyx; not subject to rust. Without exaggeration we can claim this as the most prolific bloomer in the carnation family. Selected cuttings, well rooted. $12.00 per 100.

Mrs. McBumney. (Hill and Co). Also awarded N. C. S. certificate, February, 1896. Another enormous flowered variety, of clear salmon; bloom Camellia-shaped; petals thick and wax-like; color, clear salmon; very strong calyx; stem perfectly erect; height, 2 to 3½ feet. We have never seen a spot of rust on it. Free in bloom, and one of the most distinct; a queen among pink Carnations. Selected cuttings, well rooted. $12.00 per 100.

Mrs. Chas. H. Duhrme (Dorner). Color lively delicate pink, large flower, fragrant, with good calyx on strong, stiff stem. Plant vigorous, erect grower, a very early, free and constant bloomer, much more so than any of the light pink varieties, rivaling in productiveness with Scott. This promises to be the best of the light pink commercial varieties. Certificate at Indianapolis and Philadelphia. $10.00 per 100.

Mrs. Geo. M. Bradt. (Dorner). Color, clear white, heavily edged and striped with bright scarlet, giving it a very bright and cheerful appearance. Flowers large and full, with center petals standing erect, giving the bloom a well rounded form. Calyx resembling Mme. Albertini. Habit strong and vigorous. This variety is now in its fourth year, and has proven the most even and constant bloomer from early to late. Received gold medal at Atlanta, certificate at same place and at Chicago. $10.00 per 100.

CYPHERUS ALTERNIFOLIUS.
(Umbrella Plant.)

$5.00 per 100.

The arrangement of color is exquisite, and entirely new in Geraniums. An excellent variety for pot culture, being a continuous bloomer winter and summer. $12.00 per 100.

L'Aube. A grand new white bedding variety, with enormous trusses of large round flowers of good substance that do not burn in our hottest suns; color pure snow white. In habit of growth and freedom of bloom it is not surpassed by any of our best bedders of any color. $2.00 per doz.

Hybrid Tea.
This is a decided advance towards a true yellow Hybrid Tea. The color at first is a salmon rose, varying to yellow at base of petals, changing to rosy flesh with deeper center in the open flowers.

SOUV. PRESIDENT CARNOT.—(Hybrid Tea.)
A charming new French rose; one of the most promising new roses we have had the pleasure of offering in years, and we predict for it a grand future with the cut-flower growers. A strong, clean healthy grower, with handsome, bronzy green foliage and large, elegantly shaped buds. The flower is of large size, of exquisite shape with heavy, thick, shell-like petals; buds long and pointed, similar to Niphetos, but very much larger, and all borne on long, stiff, erect stems. Color delicate rosy flesh shaded a trifle deeper at the center. A very profuse bloomer. $15.00 per 100.

FIAMMETTA LABONNAND.—(Tea.)
White Papa Gontier. It is conceded by all that Gontier is one of the finest and the most profuse bloomer of all the red Tea Roses; this new variety is identical with it in every way except color; it has the same habit of growth, freedom of bloom and size and shape of flowers, which in this are a beautiful satin white delicately tinted with light rose. A fine, large sized flower, with elegant shell-like petals; very handsome buds. $10.00 per 100.

YELLOW RAMBLER.——(Aglia.)

Color a clear decided yellow, a color heretofore unknown in a climbing rose that was in any way hardy. Yellow Rambler has successfully withstood, unprotected, a continued temperature of from zero to two degrees below, proving it to be the hardest of all yellow climbing roses. It is a rampant grower, well established plant, often making a growth of ten to twelve feet in a single season. The flowers are very lasting, keeping in perfect condition three to four weeks without fading. $3.50 per doz.
ROSAL MULTIFLORA JAPONICA.

A perfectly hardy, free-flowering climbing rose from Japan. A remarkably strong grower, with clean, healthy foliage.
