Wholesale Catalogue

...OF THE

WAUKEGAN NURSERIES,

WAUKEGAN, ILLINOIS.

R. DOUGLAS' SONS, Proprietors.

Our list is not a long one, as we propagate the kinds we know to be handy and valuable, and no others.

We make a specialty of growing Colorado Evergreens, which have attracted so much attention lately, both in this country and in Europe, and have by far the largest stock in cultivation.

Our Transplanted Trees are grown much further apart than is usual, allowing them room to be taken up with perfect roots.

We also make a specialty of growing Evergreen Trees from Seeds in very large quantities for Nurserymen, and Forest Trees for Planters.

We are now growing them under contract with the United States Government.

Terms and Conditions.

The terms of payment must invariably *be cash, or satisfactory security before shipping.*

When goods are ordered by express, C. O. D., one-half the amount in cash must accompany the order.

We pack in strong, light boxes, *for which we make a moderate charge.*

No charge is made for delivering goods at Freight or Express office.

After delivering our goods to forwarders our responsibility ceases.

When losses occur through detention or neglect, *en route*, claims should be made *at once*, on the forwarders.

Any mistake of ours will be promptly corrected if notified within ten days from receipt of goods.

Purchasers will confer a favor by stating the manner in which they wish their goods sent, by freight or express. We can ship from Waukegan by American Express; Chicago and Northwestern Railway; Elgin Joliet and Eastern Railway and from Gurnee via United States Express and Chicago, Milwaukee and St. Paul Railway; also give us the route from Chicago, if practicable. Write Post Office address plainly.

The articles on the following list will be furnished at annexed prices only when the quantity specified is taken except as follows: 50 at 100 rates, 500 at 1,000 rates, etc. Rates by the 100 or 1,000, etc., will not apply when two or more articles or classes offered separately are included to make up the right number. We have by far the largest stock of Evergreens ever offered in the United States, *all* grown from seeds on our own grounds.

New and Rare Evergreens.

SEVERAL TIMES TRANSPLANTED.

We have a few hundred Colorado Blue Spruce, *Picea pungens*, and Douglas Spruce of Colorado, 7 to 10 feet high, perfect specimens that have stood a good distance apart and are perfect in form and color, which we offer at \$5.00 and upwards per tree.

Evergreen Tree Seedlings.

The following, owing to the exceptionally fine growing season, are as fine a lot of Seedlings as we ever offered to the trade; strong, healthy and well rooted. They are far superior to imported Seedlings of the same age, as they make a fine growth the first season after planting. We call your especial attention to the root pruned trees. They are nearly, if not fully, equal to once transplanted trees: Next year we will have one of the largest stocks of two-year-olds we ever offered and in greater variety.
