SUPERINTENDENT'S OFFICE, FARM DEPARTMENT HOUSE OF CORRECTION.

DEAR SIR:—I have the pleasure to write this letter of praise for the WAKEFIELD Cabbage Seed which we bought of you last August and raised the Cabbage from it this spring. We cut the first five barrels on May 27th, which in all my experience in the business of trucking, I never knew it to be cut as good and hard heads as that was at that time of year.

Yours, &c., &c.,

JOHN SHISLER, Farmer for Bureau of Correction.

A Single Plant, exactly engraved from a Photograph.

New Dwarf Sweet Pea

..BURPEE'S..

"Pink Cupid"

...TRADE PRICE...

20c. per pkt. of 24 seeds; 6 pkts.
for \$1.00.

The illustration above has been accurately engraved from a photograph of a single plant, *grown in ordinary field culture*, lifted and set in a pot on a platform for the purpose of photographing on a level with the camera. Every plant in our fields in California, New York, and at Fordhook Farm was *absolutely true*,—a perfect "*Blanche Ferry Cupid*." The flowers are always of full size, measuring from one and one-quarter to one and a half inches across the standard—covering a silver dollar.

As this plant is a fair sample we would state that it measured *six to eight and one-half inches high* by nineteen to twenty-four inches in diameter, spreading on the ground. We could give record of the number of flowers and buds, by actual count, on a single plant of *Burpee's Pink Cupid*, but will merely refer to the editorial from *AMERICAN GARDENING*, on page 6, in which MR. LEONARD BARRON says: "We counted 121 stalks in blossom on one plant and an average of three flowers to a stem."

..CARNATION PLANTS..

Flora Hill. A large number of the leading Carnation growers claim this to be the very best White Carnation up to this date. Per 100 \$5.00, per 1000 \$40.00.
