The Newer Roses and Roses of Special Merit.

White Maman Cochet.

New Tea Rose, GEN. ROBT. E. LEE.

(Introducers description.) This is the first Rose we have introduced, and we are sure it will please all who try it. It is in color an orange-yellow, after the color of La Capucine, only richer and better. It is a good grower, has elegant, long buds, borne on long stems, and will produce more buds than any other Rose we know of. It forces easily, being at its best in mid-Winter. There is no variety that will compare with it in all the qualities that go to make up the ideal Rose. The color is so peculiar and rich that it attracts attention wherever seen. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

New Tea Rose, MISS WENN.

This charming variety is noticed at once for its exquisite color, which seems entirely distinct from almost all other Roses of our acquaintance. We can call it a clear coral-pink, a most novel and distinct shade of color very difficult to describe. The French call it China pink. It is certainly a very beautiful color, and full and exquisitely Tea-scented. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Crimson Forcing Rose, METEOR.

A velvety red ever-bloomer, of the deepest glowing crimson. As fine as a Hybrid; flower of medium size, very double, and petals slightly recurving. A beautiful open Rose, a free bloomer and promising well as a pot Rose. It has no tinge of violet or purple to mar its beauty. It promises to be a reliable ever-bloomer, free from bad qualities. The best rich red Rose that was ever introduced for florists' use. The usual demand for this forcing Rose has caused us to grow them in large quantity, and we offer them in two sizes. Nice, strong two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$4 per hundred.

The Beautiful New White Tea Rose, White Maman Cochet.

The Finest rose of the year; like its parent the growth is vigorous with rich, healthy foliage, producing large, fine flowers of the purest white; in fact, it is an exact counterpart of the beautiful Maman Cochet and all who have tried it pronounce it the finest bedding Tea Rose in existence. We would advise all who love choice roses to plant at least one of this beautiful new rose. Price, 50 cents per dozen; \$4 per hundred.

New Tea Rose, J. B. VARRONE.

A fine grower, flowers very large and double, with high center, opening from long buds. Color a soft China rose, changing to bright, deep carmine of even shading. An extra good Rose and very sweet. Much superior to Luciole, which it greatly favors, but of a better growth and much freer in blooming qualities. A grand new Rose. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Forcing Rose, THE BRIDE.

This is decidedly the most beautiful white Tea Rose. It is a sport from Catharine Mermet, with which it is identical in growth and shape of flowers. The flowers are very large and double, on long, stiff stems, of fine texture and substance, and lasts a long time in a fresh state after being cut, making it one of the best varieties for corsage wear or bouquets. During extreme hot weather it becomes a pinkish-white, at other times a beautiful pure white. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

The Meteor.

The Great Tulip Rose of Europe,

THE BEAUTIFUL Madame de Watteville.

This grand new ever-blooming Rose is one of the most beautiful varieties we have ever sent out, and is very largely planted by those who know its beauty. The color is a remarkable shade of creamy yellow, richly colored with rosy blush. The petals are large and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance. The flowers are large, very full, and highly perfumed. This is the Tulip Rose, so called because of the feathery shading of bright rose around the edge of every petal, the body of the petal being creamy-white and of heavy texture. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Ever-Blooming Tea Rose,

MRS. D'GRAW.

Everybody wants a hardy, ever-blooming Rose, and we now offer the grandest of this class. From early Summer until frost it can be depended upon to produce flowers of large size and exquisite fragrance in lavish abundance. In color it is a rich, glossy-pink. It is such a strong grower that it is always impregnable against attacks of insects. For garden or cemetery it has no equal. Price, 6 cents each; 50 cents per dozen; \$3.00 per hundred.

Tea Rose,

SNOWFLAKE.

It is a lovely new white Tea; freest flowering Rose we have seen. The Rose was introduced by C. Straus & Co., of Washington, D.C., and by them grown in large quantities for cut flowers; they claim it the most profitable white Rose they grow; that they had counted one hundred and fifty-three buds and flowers on one plant in a single day, and the plant less than a year old. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Mad. de Watteville. (The Tulip Rose.)

New Tea Rose,

MADAME ELI LAMBERT.

A beautiful new Tea Rose. Flowers extra large, fine globular form, very full and well built up. Color is somewhat in the way of Madame de Watteville, but deeper, rich, creamy white, faintly tinted with pale, golden yellow, and exquisitely bordered and shaded with soft, rosy flesh, exceedingly beautiful and very sweet, petals large and of good substance, constant and profuse bloomer, strong, vigorous and healthy grower—in short, a magnificent Rose in every way. Price, 50 cents per dozen; \$4 per hundred.

New Forcing Rose,

KAISERIN AUGUSTA VICTORIA.

This beautiful Rose has not only a royal name, but is a royal Rose as well. We have white Roses that have elegant buds, but when full blown are not all that is desired. Then again, we have white Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open. Color a pure snowy-white.

NEW TEA ROSE, & MAMAN COCHET.

One of the best new Roses. The growth is vigorous, with rich, healthy foliage. The extra large flowers are produced on long stems. are very double, and the buds and half expanded flowers are simply exquisite in their graceful form, delicate color and rich fragrance. The color is deep rose pink. Price, 50c per dozen; \$3 per hundred.

Tea Rose, PERLE DES JARDINS.

Without doubt the finest Rose in cultivation. Canary or golden yellow flowers and beautifully formed. Handsome in every stage of development, from the smallest bud to the open flower. Price, 6c each; 50c per dozen; \$4 per hundred.

GREAT FORCING ROSE.

CATHERINE MERMET.

A beautiful, clear, rich color, with the same silvery lustre seen in La France. Large, well formed. Very beautiful in bud. One of the most popular Roses for cut flowers. Price, 6c each; 50c per dozen; \$3 per hundred.

GUSTAVE NADAUD.

(Souper & Notting.) A free branching grower, with large, double flowers. The outside petals are large and rounded, giving it an exquisite cup-shape. Color, vermillion, with clear touches of carmine-lake, and soft pink center. Price, 6c each; 50c per dozen; \$4 per hundred.

LA FRANCE.

We have always given this the first place—the Queen of Roses. Accounts come to us from all quarters every year describing the great profusion of its bloom from June until frost, and extolling its fragrance and immense size. It is of superb form, and double as a Rose can be. No variety can surpass it in delicate coloring—silvery-rose shades, with pink. It has a satin sheen over all its petals. It is most universally regarded as the most useful of Roses, for it is hardy beyond question. It bloom, continuously. The flower is large, finely built, endures for a great length of time, is exquisitely colored and fragrant in the highest degree. Price, 50c per doz; \$4 per 100.

Maman Cochet.

THE MAGNIFICENT ROSE.

ETOLE DE LYON.

This magnificent Tea Rose is a rich golden-yellow, a strong, healthy and vigorous grower, immense bloomer, bearing flowers and buds early and late. The flowers are very deep, rich and full, excellent substance, very sweet. Surely one of the very best and most beautiful yellow Tea Roses for general planting ever introduced. Remarkably hardy, both as to heat and cold, frequently standing the Winters here uninjured in open ground without protection, and blooming nicely all through the hottest part of the Summer. Price, 50c per dozen; \$3 per hundred.

Crimson Rose, PRINCESS SAGAN.

Flowers of this variety are the richest crimson of any Rose in our vast collection. A single bud or blossom will catch the eye at a great distance, so brilliant is the color. Indeed, it is unmatched in its velvety richness; could well be termed "The Velvet Rose." It is as free in blooming as Bon Silene. Price, 50c per dozen; \$3 per hundred.

New Tea Rose, GOLDEN GATE.

This magnificent Rose is a cross between the old greatly admired varieties, Safrano and Cornelia Cook, and while combining the good qualities of both is vastly more beautiful than either. It is a strong, healthy grower, excellent for both bedding and house culture. Produces a profusion of long, pointed buds, opening to very large double Roses of creamy-white, beautifully tinted with soft yellow at the base of the broad petals, which are exquisitely bordered with clear rose. We heartily recommend it. Price, 50c per dozen; \$4 per hundred.

NEW HYBRID TEA ROSE, PRESIDENT CARNOT.

It is a rose of the largest size, beautiful both in bud and open flower. The buds come on long, stiff stems, in clusters of from 6 to 12. Each individual flower stands out distinct on its stem. No crowding as in the case of so many roses that bloom in clusters. The color is distinct and novel, a lovely fawn, shading to pearl. It often measures 5 to 6 inches in diameter. We have no hesitancy in saying that this charming rose will become as popular as La France, as it has all the good qualities of that rose, and at the same time is distinct in every feature. Price, 50c per doz.; \$4 per 100.

CLIMBING PERLE DES JARDINS.

Few Roses have as firm a hold in popular favor and are so highly prized by the professional and amateur rose growers alike as the Perle des Jardins. It is not only admirably adapted for forcing, but thrives well in the open air, blooming freely in either case. Its large, full, well-formed, golden-yellow flowers, borne on stiff stems, makes this variety especially desirable for bouquets and artistic floral decorations, while the dark and glaucous foliage of the plant furnishes an excellent setting for the fragrant, delicate hued blossoms. Hardy South. Price 50c per doz.; \$4 per 100.

Climbing Pearl of the Garden.

The Famous New Hardy
Climbing Rose, : : : :

Crimson Rambler.

THE plant is of a very vigorous growth, making shoots from eight to ten feet during the season, rendering it a charming pillar rose. It is also magnificent in bush form, and for covering buildings, trellises, etc., it cannot be excelled. One of the striking characteristics of this rose is its remarkable color, which is of the brightest crimson, which remains undimmed in the end, showing none of the objectionable purplish tint so common in crimson roses. The flowers are produced in great pyramidal panicles, or trusses, each carrying from thirty to forty blooms, the individual flowers measuring about one to one and a half inches in diameter and remaining perfect on the plant for upwards of two weeks with their freshness of color unimpaired. The foliage is a bright green and glossy, and contrasts finely with the bright crimson of the flowers. It is said to be exceedingly hardy, having successfully withstood the tests in exposed situations of two very severe winters in England. It is hardy in every latitude yet tried as far north as the lakes. As a decorative pot plant it cannot be excelled. Price, 50c per dozen; \$3 per hundred.

Grand New Velvety Rose, ●●●

CLIMBING METEOR.

All who know "General Jack" will call to mind its beautiful, high colored, rich, velvety-red buds and flowers. Climbing Meteor is the acme of all red Climbing Roses. It is a free, persistent bloomer and will make a growth of from ten to fifteen feet in a season; in bloom all the time, as it is a true ever-bloomer. We do not hesitate to place it at the head of the list of all Roses for Summer blooming, as it will make a strong growth and literally loaded with its deep, rich, red flowers all the time. Its flowers are much larger than Meteor and are richer in color. It is just the Rose to train up the verandas or around windows where its great beauty will show up to good advantage. Price, 50c per dozen; \$3 per 100

New Tea Rose, —————

MURIEL GRAHAM.

This superb Rose is from that favorite variety Catherine Mermet, and is perfectly distinct in color from anything extant, which is a pale cream, faintly blushed rose. The habit of growth is similar to its parent. Sent out by Alexander & Sons, Belfast, Ireland, who consider it one of their best introductions. Well worth our best recommendation. Price, 60c per dozen; \$5 per 100.

New Tea Rose, —————

ENCHANTRESS.

This is beyond question one of the best of recent European introductions. We have given it a trial, and find it to be of unusual merit. It blooms with astonishing freedom, bearing its large, globular flowers in immense clusters; it is as free blooming as any Rose in our collection. The color is creamy white, slightly tinged with buff in the center; vigorous growth; fine foliage and highly valuable; both in pots for late Autumn and Winter blooming as well as for general planting in the open ground during Summer. Price, 60c per dozen; \$5 per hundred.

New Tea Rose, —————

MAURICE BOUVIER.

One of the distinguishing characteristics of this superb new Rose is its enormous size—the flowers are immense; fine globular form, very full and exceedingly sweet; the color is bright pinkish rose, elegantly tinted with shades of buff, prettily veined with deep shining crimson, while many of the petals have a wide border of silvery-white, which gives the flower a lighter effect than the color would indicate. It is a good, strong grower and most prolific bloomer, well worthy of high commendation. Price, 50c per dozen; \$4 per hundred.

The Crimson Rambler.

New Tea Rose, HELENA GAMBIER.

Of medium size, very full and of varying colors, from salmon rose to coppery rose, often of a handsome saffron hue, becoming lighter as the flowers open. A fine sort. Price, 60c per dozen; \$5 per hundred.

THE YELLOW RAMBLER

(Aglia)

THE advent of the Yellow Rambler marks a very important epoch in the Rose world. It was originated by the prominent Rose grower, Mr. Peter Lambert, who has carefully tested it for some eight years, and first offered it to the public only this last season. Its production is a great triumph in the art of hybridizing. The Yellow Rambler has been found to successfully withstand, without protection, a continued temperature of from zero to two degrees below. The flowers are borne in immense clusters, after the same manner as the Crimson Rambler, often as many as one hundred and fifty blossoms in a bunch, and the trusses have the same handsome pyramidal shape as the Crimson Rambler. The color is a decided yellow. Many

Roses which are described as yellow have really only a creamy tinge, but the Yellow Rambler is clear, decided yellow. The flowers are very sweet-scented; habit of growth is very vigorous, well-established plants often making shoots of from eight to ten feet in height in a single season. The plants do not bloom at quite so early an age as the Crimson Rambler, but as soon as well established they more than make up for this by the magnificence of the flowers they produce. Price, 50c per dozen; \$3 per hundred.

The Yellow Rambler.

The Fine New Climber,

Climbing White Pet.

This is an unusually vigorous grower and a wonderfully profuse bloomer. It is remarkable for the rapidity of its growth and freedom of bloom. The flowers are very double and full, of medium size, pure, snowy-white, and borne in large clusters, continuously throughout the whole season. Price, 50 cents per dozen; \$3 per hundred.

The New Climbing Rose, ●●●

Empress of China.

This is a new Climbing Rose of the greatest excellence. It was brought to this country by a gentleman from China, who says of it that it commences to bloom in May, and is loaded with its elegant blooms until December. Think of it! There is no other Rose like it that will bloom for so long a time. This has been a great objection to Climbing Roses, that they bloom once and then are done. But here we have a Rose that blooms continuously for over seven months of the year. Color shell pink. It is perfectly hardy, and is a continuous grower. Price, 50c per dozen; \$3 per hundred.

NEW ROSE, Henry M. Stanley.

This grand, new, ever-blooming Rose was raised from Madame Lambert and Countess Riza du Parc, and named in honor of the great African explorer, and is recommended as a charming variety of unusual beauty and permanent value. The color is a rare shade of amber rose, delicately tinged with apricot-yellow towards the center. Reverse of petals clear buff-rose. The flowers are of good substance, extra large, finely formed, and very full and fragrant. Price, 6c each; 60c per dozen; \$3 per hundred.

MANDA'S WICHURIANA HYBRIDS

Manda's Triumph—This grand Rose is of free growth, luxuriant foliage, and produces large clusters of double, pure white flowers, beautifully imbricated and well formed, two inches in diameter and sweetly scented. Price, 50c per doz.; \$3 per hundred.

South Orange Perfection—(Manda.) This is a gem, growing freely close to the ground, and having multitudes of the most perfectly formed, double flowers, about one and a half inches in diameter, soft blush-pink at the tips, changing to white. It lasts a long time in perfection. Price, 50c per dozen; \$3 per hundred.

Pink Roamer—(Manda.) This is without question a hybrid between the Sweetbrier, and carries these characteristics in bloom, while the growth, which is very important, and the luxurious foliage, partake more of the Wichuriana. The single flowers, which are produced in close heads, are nearly two inches in diameter, bright, rich pink, with almost a white center, which lightens up the orange-red stamens. Price, 50c per dozen; \$3 per hundred.

Climbing White Pet.

New Tea Rose, SUNSET

A grand variety. The flowers are of large size, fine, full form, very double and deliciously perfumed; the color is a remarkable shade of rich golden-amber, elegantly tinged and shaded with dark, ruddy-copper. Intensely beautiful and resembling in color a splendid "Afterglow." It is a constant and profuse bloomer. Price, 50c per dozen; \$4 per hundred.

Henry M. Stanley.

LEONIE OSTERRIETH, or WHITE SOUPERT.

WE have given this Rose an extended trial and believe there is no better white Rose grown. The buds are of a good size and flower full and double, and deliciously fragrant. Pure porcelain white, with deep center. In freedom of bloom this charming variety rivals the Polyanthas. Price, 50 cents per dozen; \$3.00 per hundred.

The Superb Blooming Rose, CLOTHILDE SOUPERT...

The Best Market Pot Rose.

THIS Rose originated with Messrs. Soupert & Notting, Luxembourg, Belgium. It is a strong, vigorous grower. The flowers are large, double, beautiful in form, with the style of the beautiful Rose, "Ball of Snow." The flowers are borne in sprays and the color blends from a soft shell pink to a pure satiny white Rose; with both of these colors are produced on the same plant at the same time. This Rose is destined to take high rank as a pot Rose, for bedding purposes, and with the increased taste for Roses in clustered sprays, will be profitable as a cut flower. No other Rose approaches it in flowering qualities, not even the grand old Hermosa. Price, 50c. per dozen; \$3.00 per hundred.

Clothilde Soupert.

THE CHARMING NEW YELLOW ROSE,

MOSELLA

THE YELLOW SOUPERT.

THIS splendid novelty is almost identical with that of the original Soupert, a cross of the Polyantha and the beautiful Tea Rose, Madame Falcot. It blooms in profuse clusters of three to five flowers, which are very double, ball shaped and open like a Camellia flower. The petals are tinted white, on beautiful light yellow ground extending to the middle of the petals. The plant is dwarf, bushy and free blooming. Offered for the first time this year. It is sure to be a popular companion to the original Clothilde Soupert. Price, 50c. per dozen; \$3.00 per hundred.

White Hermosa.

THE BEAUTIFUL PINK SOUPERT.

This bright new Rose is a very free flowering variety, much resembling Hermosa, but more double and flowering more freely; it shows the Polyantha blood in the full cluster of bloom, and it will make a handsome contrast, bedded or grown with the C. Soupert. The flowers are not quite so large, full and handsome as our original Soupert, but fill a place because of their brightness and freedom. The habit of the plant is almost identical with C. Soupert. Price, 50c. per dozen; \$3.00 per hundred.

TEA ROSE, SUNSET.

It is a sport from that grand variety, Perle des Jardins, which it strongly resembles; perfumed. The color is a remarkable shade of rich golden amber, elegantly tinged and shaded with dark, ruddy copper, intensely beautiful and resembling in color a splendid "after glow." Price, 50c. per dozen; \$4.00 per hundred.

NEW TEA ROSE, THE QUEEN.

A most charming Tea Rose. The offspring of that fine old Rose, Souvenir d'un Amie, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely formed buds; is quite full, showing the center but slightly. Price, 6c. each; 50c. per dozen; \$4.00 per hundred.

TEA ROSE, VISCOMTESSE DE WAUTIER.

Rosy yellow upon the exterior of the petals, rosy white in interior. The center is a dark rose, and this color is often lined into the lighter shades above, producing a charming effect. A grand Rose. Price, 6c. each; 50c. per dozen; \$3.00 per hundred.

TEA ROSE, PROFESSOR CANIVIAT.

Vigorous in growth and free in bloom. Flower double and of good form, of the color of Souvenir Therese Levet. Price, 6c. each; 50c. per dozen; \$3.00 per hundred.

THE FINE EVER-BLOOMER,

MARIE LAMBERT, or WHITE HERMOSA.

Pure white. It has been called the White Hermosa, as it resembles Hermosa in form and freedom of bloom, and is quite as valuable; for, though no claim has been made for it as a fancy Rose, its persistence in bloom will make it a very popular white variety for bedding or for pots. This Rose is fast becoming popular, as there is no better white Rose. It is the finest blooming white Rose we offer. Price, 6c. each; 50c. per dozen; \$3.00 per hundred.

Forcing Rose, BRIDESMAID.

A new Rose. A sport from that old standard, Catherine Mermet. This variety retains all the good qualities of the parent, besides adding charms not possessed by the sweet Catherine. All know that Catherine Mermet takes precedence as a pink Rose. More plants of it are cultivated by the amateur and more cut blooms are sold by the flower dealer of it than any pink Rose. Why? Because the bud is of exquisite shape and contour, so solid and firm, and the stems are so solid and stiff that no other Rose will compare with it in keeping qualities after being cut. It has, though, with all these good qualities a serious defect; namely, "off color." This is more noticeable in dark, cloudy weather, but it is true of the Rose at all times. Now, this is why the Bridesmaid will supersede the Mermet. It is about two shades deeper in color, just enough to make it bright; and it is the same color all the time, under every condition of weather and surroundings. Price, 50 cents per dozen; \$3.00 per hundred.

New Rose, THE RAINBOW.

This new Rose from California was awarded a silver cup by the State Floral Society. Color a lovely shade of deep coral-pink, striped mottled in most unique manner with intense crimson, elegantly colored with rich golden-amber at the center of base of petals; makes beautiful buds; flowers extra large, sweet and of great depth and substance. Price, 50 cents per dozen; \$3.00 per hundred.

The Fine Pink Forcing Rose, CATHERINE MERMET.

One of the finest Roses grown. Its name is the synonym for all that is delicate and beautiful. Its buds are inimitable, faultless in form and charming in their every shade of color, from the purest silvery-rose to the exquisite combining of yellow and rose, which illumines the base of the petals. It is, beyond doubt, the Rose of all Roses, and you should not fail to have a Mermet in your collection. Price, 10 cents each; two-year-old plants, 25 cents each.

A Vase of Bridesmaid Roses.

New Ever-Blooming Rose, Climbing Perle des Jardins.

Few Roses have as firm a hold in popular favor and are so highly prized by the professional and amateur rose growers alike as the Perle des Jardins. It is not only admirably adapted for forcing, but thrives well in the open air, blooming freely in either case. Is large, full, well formed, golden-yellow flowers, borne on stiff stems, makes this variety especially desirable for bouquets and artistic floral decorations, while the dark and glaucous foliage of the plant furnishes an excellent setting for the fragrant, delicate-hued blossoms. Climbing Perle is even more vigorous and floriferous than the bush form. It is hardy in the South. Price, 50 cents per dozen; \$4.00 per hundred.

New Tea Rose, GOLDEN GATE.

This magnificent Rose is a cross between the old greatly admired varieties, Safrano and Cornelia Cook, and while combining the good qualities of both is vastly more beautiful than either. It is a strong, healthy grower, excellent for both bedding and house culture. Produces a profusion of long, pointed buds, opening to very large double Roses of creamy-white, beautifully tinted with soft yellow at the base of the broad petals, which are exquisitely bordered with clear rose. We heartily recommend it. Price, 50c per doz.; \$4 per hundred.

Fine Crimson Tea Rose, PAPA GONTIER.

A grand red Tea, of fine crimson shade and silken texture (as distinct from velvety texture). The bud is fine size and graceful form, and you would never suspect from it that the rose is only semi-double. Extremely free, both in growth and bloom. Very long and beautifully leaved stems can be cut, the foliage very dark and heavy. One of the best, and a perfect bedder. Price, 50 cents per dozen; \$4 per hundred.

The Superb Yellow Rose, MARECHAL NIEL.

The most popular of all. A Rose so famous as to really require no description. Its magnificent golden-yellow buds are worn the world over; they illustrate the globular form in its last perfection, and are almost massive in dimensions. The reports from Southern growers tell of single plants showing one and two thousand blooms of Marechal Niel at a time. It is almost universally held to be the finest climber for indoors or out, where the climate admits of its cultivation. Price, 50 cents per dozen; \$3 per hundred.

Marechal Niel.

Pernet's Triumph.

The Beautiful New Rose,

✻ ✻ **PERNET'S TRIUMPH** ✻ ✻

The Finest All-Round Crimson Rose to Date.

Originated and sent out by Jean Pernet, one of the most celebrated Rose growers of France, who has already given us some very beautiful Roses, but considers this the triumph of his life (the name translated would read "Triumph of Father Pernet"), and besides his endorsement it has received the commendation of the highest European authorities, and as far as we can judge it is well worthy of them, and promises to be one of the very finest of the Hybrid Tea class. The flowers are extra large, having broad, thick petals and long, tapering buds, with delicious Tea fragrance. Color a fine, clear magenta-red, sometimes passing to a bright crimson. Very striking and beautiful, and of such good substance that the flowers retain their beauty for a long time. Price, 50 cents per dozen; \$3 per hundred.

New Rose,

MRS. ROBERT GARRETT.

A magnificent new Rose originated by John Cook. The size is enormous; indeed, the flowers are larger than any Tea Rose we have ever seen, while the form, both in bud and full blown flower, is most artistic and beautiful. The buds are unusually long and pointed; the open flowers full and double. The color is a pleasing soft pink, a little deeper than Day-break Carnation, totally distinct and unlike anything yet seen in Roses. It is a strong, vigorous grower, producing its flowers on long, stiff stems. We regard this as one of the great new Roses, which will attain instant popularity as soon as its merits become known. Price, 75c per dozen; \$5 per 100.

THE BURBANK ROSE.

A perfectly hardy, free flowering, ever-blooming Rose, raised by Mr. Luther Burbank, known the world over as the "Wizard of Horticulture." The only Rose which he was willing should bear his name. The Burbank is without exception the freest-flowering Rose in cultivation. The flowers are double, of fine form, nearly three inches across. The color is a deep rose-pink, shading to beautiful soft rose at the center. The petals are well incurved so that the center is hidden. In September and October the outer petals change to a deep, rich carmine. The whole flower is most pleasing in its rich, graceful beauty and is delightfully fragrant. Price, 50 cents per dozen; \$4 per hundred.

New Scarlet Rose,

CLIMBING WOOTON.

This elegant new Climbing Hybrid Tea Rose is one which promises to be a prime favorite wherever introduced. Everything good that can be said of the grand Rose, Souvenir de Wooton, can be said of this Rose, and more too. The flowers are large and of a beautiful velvety-red color, and the perfume is elegant. Whether open, half open or in bud, the flowers are of fine shape. The flowers are borne at the terminus of long shoots, which render them especially good for cutting, much better, in fact, than the flowers of its parent, Souvenir de Wooton. There is always a demand for a good, hardy Climbing Tea, inasmuch as there are exceedingly few to be had. This Rose we believe to possess a very considerable degree of hardiness, and should, with protection, stand the Winter almost anywhere. We consider this one of the best new Roses introduced for years, and as it can be planted out of doors or in, doing equally well in either place, there is no question but that it will soon become immensely popular. Order a good plant now, so as to have the first one in your neighborhood. Price, 50 cents per dozen; \$3 per hundred.

Marie . . . Van Houtte.

Of a fine, faultless, straw-yellow color, with the outer petals washed and outlined with a bright rosy-crimson; occasionally the whole flower will be suffused with light pink. It grows vigorously, blooms profusely, and is most deliciously scented; in cold weather it almost changes color, taking on gorgeous crimson tints. A beautiful and superb Rose. Price, 50 cents per dozen; \$3 per hundred.

Madame . . . Welche.

An extra fine variety, very large, double, and of beautiful rounded form, a soft, pale yellow, sometimes cream, with short, inner petals of glowing orange and copper. Not to be forgotten if once seen. Price, 50 cents per dozen, \$3 per hundred.

Mrs. De Graw.

Hardy Ever-Blooming Rose, MRS. DeGRAW.

Everyone wants a hardy, ever-blooming Rose. From early summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich glossy pink, delightfully fragrant, and is such a strong, vigorous grower that it is almost impregnable against attacks of the insects which usually destroy some of our finest Roses; thus it is certain to be unequalled for the garden or cemetery. A Royal Rose. It is a wonderfully prolific blooming variety. Every shoot is loaded with flowers. Price, 50 cents per dozen; \$4 per hundred.

Tea Rose, CORNELIA COOK.

Old favorite. The buds are of immense size, borne up high on massive stems, and with their round, full, heavy form carry an air of grace and dignity quite unusual. The flowers are of the clearest, snowiest white. Price, 50 cents per dozen; \$4 per hundred.

ETOILE DE LYON.

This is considered one of the finest yellow bedding Roses for outside planting; it is moreover, one of the hardiest in the Tea section. It blooms freely, and every flower is a gem. It equals Marechal Niel in size, on strong bushes. A deep chrome-yellow. A remarkable Rose, deserving extensive culture. Price, 50c per doz.; \$3 per hundred

New Tea Rose, MME. SCHWALLER.

Like Puritan, this Rose has the strong, firm growth of the Hybrid Perpetuals, the same form and finish of flowers, being especially beautiful when full blown. It is very free in bloom, and has the fragrance of the old June Roses. The color is a bright rosy flesh, paler at the base of the petals, and deepening at the edge. Apt to come in clusters, which are excellent for cutting. A Rose from which we hear very flattering reports from all directions. This grand Rose has more perfume than any that we offer. Try it, it is magnificent. Price, 50 cents per dozen; \$3 per hundred.

Duchess de Brabant.

A bright China Rose, with coppery-yellow center, ends of petals suffused with carmine. A charming, beautiful combination of coloring, as each color blends nicely with the other. This variety ranks with the best, and is a Rose of decided merit. Free bloomer, and in size and length of budsequal to the best Teas. Price 50 cents per dozen; \$3 per hundred.

**New Tea Rose,
Franciska Pries.**

One of the most robust growing varieties among the Teas, not climbing, but making long and sturdy shoots. Flowers medium sized; color cream white, shaded with amber; exceedingly free blooming. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

**New Tea Rose,
Madame Philemon Cochet**

A very thrifty, strong-growing Tea Rose, producing cup-shaped flowers in the greatest profusion. Color rose, shaded with salmon, and suffused with a lighter shade. Price, two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$4 per hundred.

Coquette de Lyon.

**New Tea Rose,
Coquette de Lyon.**

No Rose like it for freedom of bloom. The plant is a fine grower and carries numbers of flowers on every shoot. A fine yellow Rose, large, not at all formal, very attractive. Called the Yellow Hermosa from its free flowering character. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

**White Tea Rose,
MARIE GUILLOT.**

Perfection in form; flowers large and double to the center. This variety holds first place among white Tea Roses in purity of color, depth of petals and queenliness in shape; grows well and is healthy. The best white Rose for general purposes grown. Price, 6c each; 50c per dozen; \$3 per hundred.

Isabella Sprunt.

A bright canary-yellow, large, beautiful buds, suitable for cut flowers, a very sweet Tea scent, profuse bloomer. It is no doubt the freest blooming of all yellow Roses. This variety has been a favorite, in all gardens where good yellow Roses are planted, for the past twenty years. There are none better. Price, 50 cents per dozen; \$3 per hundred.

Souv. De La Malmaison.

This grand old variety, when used as a bedding Rose in Summer, has no equal, as it produces the most perfect flowers in the hottest weather. Its rich, flesh-colored flowers are of immense size, are produced in abundance, and have the requisite form and substance to withstand our hot, dry Summers. Price, 50 cents per dozen, \$4 per hundred.

**New Crimson Tea Rose,
CHRISTINE DE NOUE.**

This beautiful new red Tea is a very charming Rose, and promises to be one of the best of recent introduction. It is particularly valuable because red has been a very scarce color among Tea Roses, and this one seems exceptionally fine. It is a splendid grower, making a large-sized, graceful bush, with bright deep green foliage; a constant and very free bloomer; the flowers are well borne upon strong stems, and are unusually strong and handsome; the buds are long and finely pointed, and the color a clear, rich maroon, or deep purplish-red, passing to lake, center sometimes streaked with silvery-white. Price, 50 cents per dozen; \$3 per hundred.

Not only is it useful for cutting in sprays for fine cut-flower work, more particularly in connection with large roses, etc., but grown in suspended pots it makes one of the prettiest decorative house plants we know of. Ostrich Plume—Mrs. Alpheus Hardy.

Pink Ivory—(Miss A. L. Dalskov.) A sport from Ivory, the most popular of all white Chrysanthemums; it is identical with Ivory in every respect except color, is a beautiful shell-pink.

Puritan—This is undoubtedly one of the choicest as well as largest Chrysanthemums grown—as large as Mrs. F. Thompson; a beautiful silvery-white, turning to pure white.

Mrs. Jerome Jones—It is almost of globular form, of the finest silky finish, and destined to become a popular sort for cutting. The outer petals are a delicate lavender, forming a decided band of color, the inner petals are clear lemon.

Golden Wedding—This is undoubtedly the grandest golden-yellow variety ever introduced. It is a remarkably vigorous grower and has such strength of stem that it carries its great globular flowers erect, giving it a bold majestic appearance.

Mrs. F. R. Parker, Jr.—From Ada Spaulding and Ivory, combining all the good qualities of its parents. Dwarf, robust habit, with unusually strong stem and fine foliage. Flowers seven and a half to eight and a half inches in diameter, with broad cupping and incurving petals, the inner surfaces of which are a rich deep pink, reverse light silvery shade, forming a bright contrast.

Niveus—A splendid snow-white variety. Center irregularly incurving with outer petals reflexing nearly to the stem. Constitution robust, foliage large and abundant, while the keeping qualities of the flowers are unsurpassed.

Good Gracious—The color is unique, being a delicate shade of peach pink throughout. The form is remarkable, the petals are incurved and twisted, overlapping each other in irregular fashion, resembling talons.

The Queen—This novelty is undoubtedly the finest white variety up to date. It excels all in purity, extra large in size, of beautiful half globular form with broad incurved, shapely petals of great substance; growth robust with large, smooth, heavy, deep green foliage.

Mrs. E. G. Hill—Specimens of this fine new early pink Chrysanthemum were passed upon by the judges at the World's Fair and the exhibitor was awarded a medal and diploma, the points noted being earliness, size, form, color and vigor of growth.

Glory of Pacific—We predict that this showy variety will rank highly among pink sorts. It is of magnificent size and depth, with broad petals, which finally reflex, showing the clear pink color to excellent advantage. It is of dwarf but vigorous habit; very early, large size. Must become a favorite.

Mrs. Henry Robinson—Immense incurving, broad-channeled petals of great substance and the purest white—can be used a few days earlier, but it is a sin to cut it until the center petals have begun to develop; from a flat incurved form it gradually changes into a perfect ball of snow.

STOCK PLANTS, CHRYSANTHEMUMS.

We have now 10,000 plants on benches for cut flowers, of the best flowering varieties; these we will dispose of after the flowering season is over at very low prices. We will be pleased to send you list of varieties and prices.

LITTLE GEM, Feverfew.

This is a grand improvement on the old dwarf Feverfew. It is very dwarf, attaining a height of only eight or ten inches. The flowers are large, of a more perfect form, and of the purest white. Price, 40 cents per dozen; \$2.50 per hundred.

Mrs. Alpheus Hardy—(Ostrich Plume.) A novelty that has even surpassed its promise; immense, perfectly incurved flower, with broad petals showing a plush like surface with odd glistening sheen.

W. A. Manda—The flowers are very large, of a clear golden-yellow—the hairy growth being much more fully developed than in the older varieties of this type. It is a much better pot or specimen plant, having a number of flowers on the smallest plants.

Flaude Dean—An immense pink variety, finely incurved; petals broad, shell-shaped. One of the largest flowers exhibited in the Fall shows. Almost a pure shell-pink. Received silver medal at Philadelphia, and awarded certificates of merit at New York and Philadelphia.

Miss Kate Brown—A new, early October flowering Chrysanthemum of strong growth and luxuriant foliage; leaves thick and leathery; flowers extra large, reflexed, with petals slightly twisted; color pure snowy-white.

L. Canning—A most exquisite white, absolutely pure. The flower is quite regular in form, very large and flat, the length of petals graduating to the center.

Ivory—Unexcelled for pot culture or cutting; pure white flowers of exquisite form and finish. Has been shown in grand shape at all recent exhibitions; it is especially noticeable for its grand globular form.

Perle of Lyonnaise—Bright clear golden-yellow, somewhat plumed, quite full, one of the finest; of medium size; beautiful globular form, new.

Major Bonnaffon—Soft, clear yellow, full in the center, eight inches in diameter and nearly as deep. In perfect form and finish, habit dwarf, keeping qualities excellent. It is entirely distinct in color and form from Eugene Dailledouze. It was awarded a World's Fair medal with the highest recommendation from the judges; has won ten first prizes.

Marion Henderson—The texture of the flower is such that we have never seen it in the least affected by damp, although other varieties alongside of it were badly affected. We have never seen a symptom of any disease on it. Will be invaluable for early cut flowers, and we believe will occupy the same position among early varieties that Golden Wedding does among late ones.

Mrs. J. G. Whildin—A handsome yellow variety of light tint, fine, large size, and splendid form. A magnificent addition to the scarce, very early, large flowering varieties.

Yellow Queen—The finest very early variety, having been cut in fine condition on the 10th of October. Very large, clear bright yellow, with extra stout stem and foliage.
