❧ ❧ SOME OF THE NEWER ROSES. ❧ ❧

Beaute Inconstante.—A wonderful Rose. Ranges in color from yellow to crimson. We have seen bushes of this wonderful variety bearing at the same time coppery-yellow, deep rose, bluish pink, mottled yellow and apricot, light and dark crimson Roses. These beautiful colors will sometimes be mottled in a single flower. Price, 10 cents each; 60 cents per dozen; \$4.00 per hundred.

Clara Watson.—Salmon and pink. Extremely free in bloom. A new English variety. Highly recommended. Price, 10 cents each; 60 cents per dozen; \$5.00 per hundred.

Carmine Pillar.—(*Hardy Climber.*) The flower is from three and a half to four inches across, of the brightest possible rosy carmine, and produced very abundantly. The display lasts for several weeks. Quite hardy. One of the very finest of ornamental shrubby Roses of the freest growth. Price, 10 cents each; \$1.00 per dozen.

Crimson Rambler.—Imported from Japan, the land of wonders. It is a rapid grower, and very quickly makes heavy canes of great length, covered with peculiar shining foliage. The blooms are produced in great bouquets, and are of a most peculiar and lovely shade of crimson. It has proved perfectly hardy, even in our trying Ohio climate. A bed of this pegged down and requiring little attention would be very useful to the general florist at blooming time. It also makes a fine pot plant, treated and brought on like the early blooming H. P.'s, and forms a perfect bouquet of bloom. Price, 10 cents each; 50 cents per dozen; \$3.50 per hundred.

Climbing White Pet.—A strong, vigorous grower, flowers of medium size, quite free, and borne in large clusters. Pure white. Price, 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Climbing Malmaison.—This is identical with the old Malmaison, except that it is a vigorous climber. Indeed, it is the most rampant of all the ever-blooming climbers. This is already a fixture in our list of climbing Roses, from its decided merits. Price, 10 cents each; 60 cents per dozen; \$5.00 per hundred.

Climbing Wootton.—A climbing variety of this fine red Rose that is bound to be very popular. It is a very strong, rapid grower, throwing long, thick canes, and bearing large clusters of true Woottons. In the South and on the Pacific slope this will be of the greatest value, as a free-blooming, red climber has always been in great demand. Price, 10 cents each; 60 cents per dozen; \$5.00 per hundred.

Climbing Meteor.—Climbing Meteor is the acme of all red climbing Roses. It is a free, persistent bloomer and will make a growth of from ten to fifteen feet in a season. In bloom all the time, as it is a true ever-bloomer. It is just the Rose to train up the veranda or around windows, where its great beauty will show up to good advantage. Price, 10 cents each; 60 cents per dozen; \$5.00 per hundred.

Duke of York.—Award of merit Royal Horticultural Society. Flowers vary between rosy-pink and white, usually white, tipped with deep, rosy-pink, in the way of "Homer," but the pink shade is deeper than in that variety, and the contrast of colors, therefore, more striking. A splendid constantly-flowering decorative Rose of fine substance. Much more like a fine Tea than a China in character of bloom. Price, 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Empress of China. This is a new, hardy climber that possesses great merit. It is a strong, rampant grower, and a very free bloomer. Flowers of good size, from pointed buds, soft red, turning lighter as it opens. It blooms from May to December in the open ground. It will, in our estimation, become a standard variety for florists' use to bloom in pots for market purposes, as it is such a free and persistent bloomer. Introduced from China. Price, 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Enchantress.—(Tea.) Creamy-white; tinted buff at the center, large, full and globular. Extremely free in bloom. Received award of merit and also medal from the Royal Horticultural Society. Price, 10 cents each; 50 cents per dozen; \$4.00 per hundred.

General Robert E. Lee.—This is the first Rose that we have introduced, and we are sure it will please all who try it. It is in color an orange-yellow, after the style of Ma Capucine, only richer and better. It is a good grower, has elegant, long buds, borne on long stems, and will produce more buds than any Rose we know of. It colors up much deeper and richer in cloudy weather, which will make it a useful Rose for Winter forcing. The color is so peculiar and rich that it attracts attention wherever seen. Try it. Price, 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Golden Gate.—This is another grand new Rose of surpassing beauty. The buds and flowers are of beautiful form, extra large size, resembling very much in shape and size that grand old variety, Niphetos. Ground color creamy-white, beautifully tinged with golden-yellow, and bordered with clear rose. This is used extensively in the East for Winter forcing, being grown by the house full. Price, 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Leonie Osterreith, or White Souper.—We have given this Rose an extended trial, and believe there is no better white Rose grown. The buds are of a good size, the flower full and double, and deliciously fragrant. Pure porcelain-white, with deep center. In freedom of bloom this charming variety rivals the Polyanthas. Price, 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Madame Wagram.—(Tea.) A very strong grower, with very large flowers, of magnificent satin-rose color. Extremely beautiful. When fully open four and a half inches across.

Extra good in all essential points. Price, 10 cents each; 60 cents per dozen; \$5.00 per hundred.

Mosella, or Yellow Souper.—Mosella is a stronger grower, flowers are a little larger than Clothilde Souper, but appear the same way in clusters and on single stems. The color is chrome-yellow in the center, getting creamy-white on the edges of the petals. It will make a great bedder and perfectly hardy. Price, 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Muriel Graham.—The latest addition to the Mermet family, being a sport from that fine variety, identical with it in everything save color, which is creamy-white, suffused with delicate pink. A color intermediate between Mermet and Bride, and as faintly as possible to imagine. A nice addition to our forcing varieties. Price, 20 cents each; \$1.00 per dozen; \$8.00 per hundred.

Mrs. Robert Garrett.—This is a new forcing Rose that has been widely advertised, and with us it seems to merit all that has been said in its favor. The color is a magnificent glowing soft pink, a color which shows to advantage under any light and is largely sought after by flower buyers. Price, 20 cents each; \$2.00 per dozen; \$12.00 per hundred.

Princess Venosa.—A strong grower, producing a long bud, flower large and beautifully formed. Color nankin-yellow, with shadings of carmine. A most remarkable combination of colors. Price, 15 cents each; 75 cents per dozen; \$6.00 per hundred.

Pink Souper.—A very fine Polyantha, in the way of Clothilde Souper, except color, which is a bright, clear pink. Price, 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Rosa Wichuriana.—(*The Memorial Rose.*) This is a new and distinct class of trailing Rose, making a perfect carpet with its creeping habit. It is very useful for permanent planting in cemetery plots, or on slopes or rockeries, as it is entirely hardy, and produces its charming white flowers in the greatest profusion during the entire Summer. This Rose has come to stay, and is, without question, a decided acquisition. There are several colors distinct from this that will be offered the coming season. Try this Rose. Price, 10 cents each; 50 cents per dozen; \$3.00 per hundred.

Souvenir de Madame Eugene Verdier.—Flowers large and full, color creamy-white, shading to yellow. A variety that is sure to become very popular. Price, 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Souvenir de President Carnot.—The finest Rose presented to the public in many years. In beauty of form it is simply unsurpassed, while to our taste it is the loveliest combination of pink and white tints that we have ever seen, and the great majority of people who have seen it agree with us, for the admiration elicited by it is involuntary. Price, 10 cents each; 75 cents per dozen; \$6.00 per hundred.

Souvenir de Catharine Guillot.—An extra fine novelty, producing a long, pointed bud of the color of the *Austrian Copper*. The open flower is large and full, and a wonderful combination of color. Very fragrant, and a free and easy grower. Price, 10 cents each; 60 cents per dozen; \$5.00 per hundred.

White Maman Cochet.—Identical with Maman Cochet, except the color is white. Very desirable. Price, 15 cents each; \$1.00 per dozen; \$8.00 per hundred.

White Marechal Neil.—This Rose is an exact counterpart of Marechal Neil in every respect except the color of the flowers. Identical in growth, foliage, climbing habit, etc. The flowers are white. Price, 25 cents each; \$2.50 per dozen; \$20.00 per hundred.

NEW POLYANTHAS.

Price, 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Etoile de Mai.—Blossoms in clusters, quite full, nankin-yellow in bud passing to pale yellow on opening. Very free.

Mademoiselle A. E. Nolte.—Flower small, full, of perfect Rose form, color deep yellow, passing to rosy-white. A true "Fairy Rose."

Petite Leonie.—Flower small, full, and imbricated, the outer petals porcelain-white, center carmine-lake. An extra fine variety.

Princess Lancelotti.—A large-flowering Polyantha, like Clothilde Souper. Blossoms full and flat, clear creamy-white, canary center, very free, blooming in clusters, very sweet.

Princess Marie Adelaide.—This variety has a beautiful habit, and produces large clusters of small double flowers, color ivory white.

MANDA'S WICHURIANA HYBRIDS.

The habit of these new Roses is the same as the Rose Wichuriana, or Memorial Rose.

Price, 10 cents each; 50 cents per dozen; \$4.00 per hundred.

Manda's Triumph.—This grand Rose is of free growth, luxuriant foliage, and produces large clusters of double, pure white flowers, beautifully imbricated and well formed, two inches in diameter and sweetly scented.

Universal Favorite.—This is the most vigorous plant of the set. The long, branching shoots are covered with dense, bright green foliage. The double flowers are over two inches in diameter, and of a beautiful rose color, similar to the Bridesmaid, and deliciously fragrant. A grand variety for any purpose.

Pink Roamer.—This is without question a Hybrid between the Sweetbrier and Wichuriana, and carries these characteristics in bloom, while the growth, which is very rampant, and the luxurious foliage partake more of the Wichuriana. The single flowers, which are produced in close heads, are nearly two inches in diameter, bright rich pink, with almost a white center, which lighten up the orange-red stamens, producing an effect which, combined with fragrance, makes it one of the most valuable Roses in cultivation.

New Memorial Rose, MRS. LOVETT.

A double bright pink, form of Rose Wichuriana. In every respect it is a true Memorial Rose, save the flowers. In habit of growth and foliage, hardness and abundance of bloom it is identical with its parent, but its Roses are double, two and a half inches in diameter, of bright, rosy-pink color. Price, 15 cents each; 75 cents per dozen; \$6.00 per hundred.

THE "THREE GRACES."

Price, 10 cents each; 50 cents per dozen; \$3.50 per hundred.

The Yellow Rambler.—(*Aglala*.) The Yellow Rambler has been found to successfully withstand, without protection, a continued temperature of from zero to two degrees below, which proves it to be far harder than any other yellow climbing Rose yet introduced, and we believe that by laying the plants down in the Winter it can be successfully grown in nearly all the northern parts of the United States—in fact, anywhere that other Roses succeed at all well. The flowers are borne in immense clusters, after the same manner as the Crimson Rambler, often as many as one hundred and fifty blossoms in a bunch. The color is a decided yellow. The flowers are very sweet-scented. The habit of growth is very vigorous, well-established plants often making shoots of from eight to ten feet in height in a single season. The plants do not bloom at quite so early an age as the Crimson Rambler, but as soon as well established they more than

make up for this by the magnificence of the flowers they produce.

White Rambler.—(*Thalia*.) Of German origin and in habit of growth, foliage, manner of blooming, form of flowers and hardness it is said to be identical with Crimson Rambler, of which it is a blood relative, but that the flowers are pure snow white and sweetly scented. The flowers "remain on the bush from three to five weeks; beautiful to behold."

Pink Rambler.—(*Euphrosyne*.) What is said of White Rambler applies equally to this, except the color of the flowers is pure shiny-rose—the partially open buds being bright, light carmine, thus producing a strong and pleasing contrast. "The numerous yellow stamens lend an additional charm to the flower. In hardness, freedom of bloom, form and color of flowers and vigorous climbing habit, this variety is fully the equal of Crimson Rambler."

PHLOX—Hardy Perennial.

The new French varieties all carry very fine, distinct, pure colors, in great trusses, many of them beautifully shaded and marked with very distinct, clear, bright eyes. They require no care but dividing and resetting every second year. Their vigorous growth and freedom of bloom make them very useful plants, while they are unexcelled in beauty. The improvement made in this beautiful class of plants is, perhaps, more marked than in any other section of the hardy, herbaceous family. Instead of the thin flowers, which were limited to lilac and white colors, we now have gorgeous flowers, combining all the different tints of rose, carmine, red and purple, to say nothing of the pure whites and salmon, with their distinct eyes. Perfectly hardy everywhere. Ten sorts of the most elegant varieties. Price, 40 cents per dozen; \$3.00 per hundred.
