IMPORTED Palms and Other Decorative Plants.

Our imported plants are grown in Europe by the well-known firm of Ed. Pynaert Van Geert, Ghent, Belgium, whose American agents we are.

Upon comparison with prices quoted by others for American-grown stock, a decided advantage will readily be observed in favor of our goods. This class of plants travel with perfect safety owing to the plants being grown cool and packed by men with many years experience in this line. Catalogue will be sent on application.

Prices are quoted f. o. b. Ghent, Belgium, packing charged at cost, which charge, together with U. S. duty, ocean freight and importing expenses, will not exceed 50 per cent. of the value of the goods if orders for spring delivery are received before April 1st, 1901.

We believe we can save you 25 per cent. at least by ordering through us.

To convince the American Florist of the superiority of our imported plants we exhibited at the Florists' Convention this year a large collection and invited comparison with those of home growers—with the result that every grower who saw them commented upon the cheapness in cost and their splendid condition.

Lilium Harrisii, or Bermuda Easter Lily Bulbs.

The True and the Tried Stock.

We venture to say that our **THREE-LEG BRAND** of **BERMUDA LILIIUM HARRISII** and **LONGIFLORUM** is freer from disease than any other stock grown in Bermuda. The statement is verified by customers who have grown and forced it exclusively for years and will have no other.

It Is Not the Cheapest, but the Best Lilium Harrisii Three-Leg Brand.

Lilium Harrisii as Usually Sold.

These bulbs are perfectly sound, fully up to measurement, and in all other respects appear satisfactory, and are identically the same stock offered by other houses as "selected," at much higher figures. The difference between these goods and our best grade is, these bulbs are purchased in the open market without any knowledge of the grower, whereas our **THREE-LEG BRAND** is grown purposely for us and selected while in flower.

SPIRÆA ASTILBOIDES.

ASTILBE, or SPIRÆA.

Ready in November, packed in cases of 250 clumps.

Orders for case lots will be furnished at the thousand rate.

Japonica. Large imported clumps, specially grown for forcing. 50c. per doz.; \$3.25 per 100; \$30.00 per 1000.

Compacta Multiflora. More compact than Japonica; an extra fine variety for forcing. 50c. per doz.; \$3.75 per 100; \$32.50 per 1000.

Astilboides Floribunda. A very strong grower, and quite distinct from the other two sorts, and preferred by many for Easter forcing. Flowers pure white, very large and feathery. 50c. per doz.; \$3.75 per 100; \$32.50 per 1000.

DIELYTRA SPECTABILIS. \$1.00a doz.; \$7.50 a 100.

SPANISH IRIS.

IRIS.**SPANISH IRIS.**

This is a most useful and economical bulb, which we believe has escaped the attention of the American florist. In all the European cities it is grown in very large quantities for market.

With very light protection, it will withstand our most severe

American winters when planted outside, and will stand gentle forcing under glass.

Under ordinary cultivation, they flower toward the end of May, and can be made specially useful for Decoration Day purposes, either as a cut flower or in pots. The flowers are large, on long stalks and very showy.

We offer four distinct colors. Our selection was made from at least fifty varieties when seen growing in Europe this year, and we offer large bulbs in separate colors, white, yellow, lavender and purple, at 5 cts. each; 15 cts. per doz.; 75 cts. per 100; \$5.00 per 1000.

Mixed, all colors, 10 cts. per doz.; 50 cts. per 100; \$3.00 per 1000.

ROSES. DORMANT, HARDY, HYBRID, PERPETUAL, AND OTHER ROSES.

Selected Large Two-Year-Old Bushes. All Low-Budded.

We can supply these from the time this catalogue is issued up to April 15th. The great value of these budded Roses lies in the fact that they produce better flowers and make stronger plants in a shorter period than those grown from cuttings, and the advantage is that having no soil on the roots and being dormant, they are of little weight and can be sent cheaply by freight or express.

Alfred Colomb. Carmine crimson; a grand rose in every way.

Anna de Diesbach. Bright carmine.

Anna Alexieff. Rosy pink, large flower.

Ball of Snow (Boule de Neige). Large, pure white, globular flowers.

Baron de Bonstetten. Blackish crimson, with vivid red shadings.

Baroness Rothschild. An exquisite shade of satiny pink.

Capt. Christy. Delicate flesh color, deepening toward the centre.

Coquette des Alpes. White, tinged with blush, medium-sized flower, semi-cupped in form; a fine variety.

Duke of Edinburgh. Bright vermillion, extra large and full; a distinct and splendid variety.

Fisher Holmes. Finely shaped flowers, dark velvety crimson.

Gloire de Margottin. Dazzling red.

Gen. Jacqueminot. Brilliant crimson; the most popular rose.

Gen. Washington. An old garden favorite, red, shaded crimson and carmine, large, full and flat.

Geant des Battailles. Deep fiery crimson.

John Hopper. Bright rose, with carmine centre, large and full; esteemed by all who grow it as of the highest order.

La France. Peach-blossom pink, the model garden rose; blooms all summer.

Mabel Morrison. Pure white, large, massive, perfectly formed flowers.

Margaret Dickson. White, with pale flesh centre; extra large flower, of fine substance; strong, vigorous growth.

Magna Charta. Dark pink; one of the easiest roses to grow.

Mme. Gabriel Luizet. Light, satiny pink; an attractive sort.

Mrs. John Laing. Rich, satiny pink, delicious fragrance; blooms constantly.

Paul Neyron. Flowers 5 inches across; color lovely dark pink.

Persian Yellow. Hardy yellow rose; best of its color.

Prince Camille de Rohan. Dark crimson maroon, almost black.

Ulrich Brunner. Cherry red; a grand rose; very free blooming.

PRICES OF ABOVE.—Dormant Plants, purchaser's selection, \$11.00 per 100; \$1.25 per 10; 15c. each.

The Crimson Rambler.

Magnificent Pyramidal Clusters of Rich Crimson Roses. Every Cluster a Perfect Bouquet of Roses in Itself.

Its Growth.—It is of rapid, vigorous growth; attains a height of 15 ft. The flowers are produced in trusses, pyramidal in shape, good specimens, measuring 9 in. from base to tip and 7 in. across, fairly covering the plant from the ground to the top, so that it is one mass of glowing crimson. The color is superb, and remains strong and vivid to the end. The profusion of bloom is marvelous, over 300 blooms have been counted on one shoot.

As an Easter Plant.—It is essentially a garden rose, but makes a magnificent specimen in a pot or tub. Large dormant plants, from open ground, 6 ft. long, with many branches, 30c. each, \$2.75 per dozen, \$20.00 per 100. Second size, 15c. each, \$1.50 per dozen, \$12.00 per 100.
