U.S. Tropical Nurseries, Trinidad, W.I.

New Rochelle, N.Y.
ROSE HILL NURSERIES,
New Rochelle, N. Y.

LARGE TREES.

We Move and Transplant Large Trees.—In connection with our Landscape Department, the moving and transplanting of large shade and ornamental trees has long been one of our specialties. We are most successful in this work, as we have all the latest facilities necessary for it, and can guarantee the results.

ROSES AT ROSE HILL.

Our Rose Department.—We would call special attention to this branch of our business, as we have for years advocated the importance of planting Roses on their own roots only, and we are convinced more strongly than ever, from experience and almost daily observation, that to plant budded or grafted Roses in a Rose garden or in beds out-of-doors is a great mistake. Ninety-nine out of every hundred Rose bushes, thus budded or grafted upon the wild rose, will throw out from the roots or from the neck of the main stem their strong, wild suckers, which invariably kill the same or good part of the Rose. Many people, even gardeners themselves, not recognizing the presence of the strong and luxuriant growth of the wild stock, allow it to grow until it becomes stronger than the grafted or budded Rose, and then they wonder why their Roses do not bloom. The only remedy for the trouble is to purchase strong, healthy Roses from good, reputable dealers, who make a practice of growing them upon their own roots, as we invariably do. The cheap budded or grafted Roses seldom last more than from one to three seasons, when they must be renewed; while on the other hand, the Roses on their own roots will last for fifty years, improving and getting better all the time.

We pay a great deal of attention to the growing of Roses of all the best and hardiest varieties, and in all cases practice what we preach. None of the trouble mentioned above will be had by purchasers of our stock, and with all we send out we guarantee satisfaction.

Treatment of Plants when Received.

A FEW IMPORTANT POINTS UPON THE CARE AND TREATMENT OF PLANTS WHEN FIRST RECEIVED.

The very first thing that should be done when receiving plants, roots or bulbs, by freight or express, is to examine them thoroughly, and ascertain whether they have been injured by careless handling or through exposure while in the care and keeping of the transportation companies. If it is found that the plants, trees or bulbs have been damaged during their transit, notify the company which carried them at once, and, if possible, have one of their representatives call and see them before you do anything to them, calling his attention to the injury of your goods, and the consequent loss to you. If you can determine the amount of injury, make a claim upon the company at once; but if your loss is not then and there determinable, notify the company that you will only keep the plants upon the condition that they will make good any loss or damage you may sustain after you have done all you can to restore the plants, etc. Should you have any reason to suppose that the goods were not properly packed by the shipper, and that in consequence of such poor packing they were injured, then, in that case, you should notify us immediately, reporting the condition in which the articles were received, and estimate your loss upon them at the same time. If such loss is occasioned through any fault of ours, or that of our packers or shippers, we will promptly make good the damage, either by replacing such plants as are injured or by deducting them from the invoice. Should the transportation company refuse to make reparation for injuries to goods received from us through their neglect, advise us at once, and we will see to it that they be compelled to do so.

If the plants are received in good condition, see if the bulbs of earth or roots are dry; if so, give them a thorough watering, or if very dry, dip them into a bucket or tank of water, thoroughly soaking the roots and the earth about them.

If the plants have been on a long journey, and have not been in the light for some time, it is best to set them in a somewhat shaded place, and get them gradually used to the light. Should the plants have suffered from cold, or have been chilled, then a moderately cool or temperate place, well shaded, will be the best place to set them, and a thorough wetting of all the parts with very cold water, allowing as little air as possible to reach them, is the proper thing to do. If not too severely frozen, plants can be thus resuscitated and often saved entirely.

SIEBRECHT & SON, New Rochelle, N. Y.
Introductory.

WITH this carefully revised Catalogue, we call your attention to our remarkable collection of plants, vines, shrubs and trees for all ornamental purposes. In variety and extent, the stock of the Rose Hill Nurseries is not equaled in America, and not excelled anywhere in the world.

In addition to the very large quantities which we grow of all the standard varieties, we keep in touch with the new horticultural introductions of the world, and offer such as our own careful trials prove worthy of commendation.

THE ROSE HILL NURSERIES.

At New Rochelle, N. Y., 30 minutes' ride from the Grand Central depot, New York City, are situated the extensive Nurseries, which comprise upward of 100 greenhouses, some of them nearly 300 feet in length, and extensive grounds for the cultivation of all the choicest kinds of ornamental trees, shrubs and plants for the beautifying of suburban homes. All the most modern improvements and appliances are here brought into play for the purpose of producing the best plants at the lowest cost.

OUR TROPICAL NURSERIES.

On the Island of Trinidad, in the West Indies, we operate extensively in growing Palms and decorative plants for this market. The plants, being cultivated out-of-doors, are of a hardy quality, and for decorative purposes last much longer than many varieties when grown under glass, and we can also furnish them at more reasonable prices. Our direct connection with all the horticultural establishments as well as all the botanical stations throughout the world gives us most favorable and exceptional facilities for the introduction of new, rare and valuable plants at all times.

OUR NEW YORK CITY DEPARTMENT.

For city patrons, and those who visit New York, we maintain at Fifth avenue and 37th street, New York City, a most extensive and model floral establishment, together with an office for our Nurseries. For over 30 years we have enjoyed a high-class trade, furnishing the most extensive and elaborate decorations that have been arranged. Having superior facilities and well matured experience, we are enabled to serve our patrons with better goods than smaller establishments, and at more reasonable prices. During the summer season our Newport establishment is provided with the same complete outfit and the same facilities for serving and supplying our patrons with floral decorations as our New York establishment.
A VISIT TO THE NURSERIES.

To customers and their friends contemplating purchases, we extend a hearty welcome (any day except Sunday). There are always many objects of interest to be seen, and a personal inspection of the various valuable collections is solicited.

CONDITIONS UPON WHICH WE CONDUCT BUSINESS.

1. The prices given in this Catalogue are for small, well-developed plants, of a character suitable for shipping, and well worth paying express or freight charges upon! We wish particularly to state, however, that of nearly every item we have larger plants, and upon receipt of inquiries, we are always glad to send full details as to any specimens desired, giving height, size, number of leaves, etc. In Palms, particularly, our stock includes many noble specimens, obviously not properly mentionable in a catalogue, concerning which we are always ready to send complete information.

2. All purchasers are requested, when ordering by mail or otherwise, to give their proper address, and directions where to and how they desire their orders shipped—whether by freight or express: if there is any choice of routes, name the one preferred. When not advised how to ship, we exercise our own judgment, and forward to the best advantage of the purchaser. No charge for packing or cases!

3. New customers and persons unknown to us are kindly requested to accompany their orders either with cash, post office order or draft on New York, or with satisfactory references.

4. All orders are carefully packed for shipment by experienced hands, so that they can be sent even to far distant points with perfect safety; and no charges are made for packing and shipping by express or freight at New Rochelle. Our close proximity to New York City enables us to ship by any of the very many routes entering the Metropolis.

5. Safe arrival assured. We guarantee the safe arrival of all plants sent by express. Should anything be injured in transit we would urge our customers to notify us at once on receipt of the goods, and in every case send us a list of what has been damaged, so that we can replace them without delay. But when they arrive in good condition our responsibility ceases, and if from inattention or other causes they fail and complaint is then made, we cannot replace them. Plants sent other than by express are entirely at the risk of the purchaser.

6. Shipping facilities via Adams Express Co., by which customers receive 20 per cent discount; freight via New York, New Haven and Hartford Railroad direct to all points east and northeast; or via New Rochelle and New York Transportation Line, which transfers in New York to any express or freight lines.

New and Rare Plants
INCLUDING THE BEST INTRODUCTIONS OF 1899 AND OTHERS EQUALLY RARE AND VALUABLE

A young plant of Acalypha Sanderi.

ACALYPHA SANDERI.
Philippine Medusa Plant.

The sensation caused by this curious and brilliant-flowered plant from the Philippines was something extraordinary. Nothing so entirely novel or strikingly ornamental has been introduced for years. From every axil of its fine leaves it produces bright crimson flowers in velvety, rope-like racemes about an inch thick, from 1 to 2 feet long, and of the character shown in our illustration of an average young plant. Older ones are thickly draped from crown of plant to base of pot with 25 to 40 trailing silken cords of shining red. These remain bright for a long time, and when removed are replaced by fresh ones, so that the plant never loses its striking color value. It is of strong, free growth and easy culture; give a warm temperature and full sunshine. Silver medals have been awarded it at Boston and New York. 50 cts. each, $5 per doz.

ACALYPHA GODSEFFIANA.

Another fine species found growing with A. Sanderi. It is evenly and exquisitely variegated with white, green and yellow, the white color entirely encircling the leaf. The plant is fine and neat in habit,—bushy, dwarf, compact, well-balanced, a mass of white, yellow and vivid green all through the winter months. For summer bedding it has also been tested, and proved quite as valuable as for greenhouse decoration. Very different from all other Acalyphas, and will take first rank as a decorative plant for all purposes where bright, striking plants are needed. $1.

New Amaryllis Hybrids.
(Siebretch & Son.)

These results of our own crosses from the most elegant and valuable sorts are all distinct and superb. Many of their flower-stalks bear 5 and 6 blooms each, all of great size and substance, and unequalled in forms and colors.

MRS. CARL STOECKEL. Flowers bright scarlet, with yellow disc. $1.

W. F. D. MAURICE. The largest Amaryllis yet flowered, and the most brilliant in color. $1.50.

MRS. E. R. LADEW. Flowers of vivid, velvety crimson-scarlet, 9 to 10 inches across; profuse blooming. $3.

MRS. VAN RENSSELAER CRUGER. A brilliant hybrid, having the general character of Empress of India. Flowers thick, velvety, bright scarlet, with yellow disc; clusters large. $3.

RUBRA STRIATA. Delightfully fragrant flowers, of rich, dark crimson, regularly striped with white. $3.

AMARYLLIDS OF THE CHOICEST SORTS
Are a specialty with us. Other fine hybrids and rare species are offered on page 36.

Acalypha Godseffiana.
DRACAENA GODSEFFIANA.

This Dracaena is entirely different from all others in general habit and leaf-markings. It is of free, branching growth, has a vigorous constitution, and a peculiarly graceful habit. The foliage is deep, polished green, irregularly and heavily dotted and splashed with creamy white; the stems are slender and wiry. From the base of the plant many young shoots are sent up, so that compact, graceful specimens are quickly formed. It is very hardy as a house plant, equaling, if not surpassing, in this respect the aspidistra and fleus. Our engraving, from a photograph, shows the character of the plant very well. We offer three sizes: 1st size, 5-inch pots, $3; 2d size, 3-inch pots, $1; 3d size, 2½-inch pots, 50 cts.

New Hybrid Fern,

ASPLENENDRIUM STRICTUM.

(Siebrecht & Son.)

This new Fern partakes very thoroughly of the habits and characteristics of both its parents, the Bird’s-nest Fern and the crested hardy Scolopendrium, and is really the first species in a new and distinct genus. It has been proved a tough and hardy house plant, and, as it is free-growing and easily propagated from spores, will be a valuable commercial plant, for which use it is most heartily commended. $2.

SABL GLAUCESCENS.

(Siebrecht & Son.)

A very distinct and attractive new palm from Brazil. It is of rather medium height, with fine, broad foliage, that is bright green on the upper surface and underneath a beautiful glaucous blue. $1.

Four Elegant

...Dracaenas.

ARGENTO-SRIATA. An extremely elegant narrow-leaved species, imported from the South Sea Islands. It has narrow, bright green leaves, beautifully striated and occasionally margined with creamy white, the bright green being also relieved with streaks of silvery gray. It is of exceptionally neat habit, and admirably adapted for table decoration and other ornamental purposes. $5.

AUSTRALIS AUREA STRIATA. This is a beautiful and striking plant for coolhouse culture. The broad leaves are beautifully variegated with a number of yellow stripes running lengthwise. $10.

DE SMETIANA. A grand hybrid, with broadly oblong leaves. The ground color is rich bronze, beautifully colored on the margin with red and white. $5.

INDIVISA ATROPURPUREA. Very light, narrow, graceful leaves of bright crimson-red. One of the most desirable additions to the coolhouse section of Dracaenas, even prettier than the fine, plain green form, which has been a favorite for years. $5.
BEGONIA, GLOIRE DE LORRAINE.

The Most Beautiful of all Winter-flowering Begonias.

This Begonia is now given first place among all winter-flow- ering varieties. From October until April the elegant little plants are a wonder of beauty and profuse, fresh pink bloom. They grow from 12 to 15 inches high, and their handsome, bronze-tinted leaves are fairly smothered with flowers.

This variety makes an elegant plant for hanging pots, being conspicuous for its graceful and delicate beauty. It is also useful for cut-flowers, lasting a week in water; and for dinner-table decoration it is especially beautiful when mixed with fine adiantum or the glossy dark green Asparagus Sprengeri. The color is a perfect match for some of the choice new pink roses. The plants also make beautiful center pieces in a neat arrangement of small palms and ferns. It is very satisfactory, too, for a window plant, accommodating itself to the ordinary care of a good window gardener. $3.

FICUS RADICANS VARIEGATA.

This pretty creeping Ficus has broad, irregular variegations of white margining its leaves. Its free, regular growth, easy culture and bright variegation make it one of our most elegant new vines for hanging pots and vases, for the margins of stages, or for training over low trellises into specimen ornamental plants. (From introducer's description.) Good small plants, from 3-inch pots, $3.

TILLANDSIA LA SALLIANA.

(Siebrect & Son.)

A new species from South America, with most brilliant flowers. It is of free growth and easily cultivated, thriving best in a moderate temperature and in a light, fibrous soil mixed with sphagnum. $2.

New Lilacs or Syringas.

MARIE LE GRAY. The best Lilac in cultivation, valuable both for forcing and shrubbery. Flowers white, in large panicles. 50 cts.

ROSEA GIGANTEA. Rosy pink flowers. Probably the largest flowering of all the Lilacs now in cultivation. $1.

OTHER CHOICE LILACS

Of recent introduction are offered and described in our department of Hardy Deciduous Shrubs. We have an extra-large and fine stock, including new fancy sorts, and can supply almost any variety in any size desired.

Golden Yellow Cosmos, "KLONDIKE."

This variety, from Mexico, now first introduced, produces an abundance of magnificent bright yellow flowers 2½ to 3 inches across, from June until frost. It is entirely different from the old small-flowered Bidens ferulifolia, sold sometimes as "Yellow Cosmos." This Cosmos is a cross between the true Cosmos sulphureus of Mexico and a tall, late-blooming variety. The original plant showed its first terminal bloom April 15, when 18 inches high, and by May 15 was 2½ feet high and covered with bloom. When cut down by frost, the plants are usually 3½ to 4 feet high, quite as broad, and a perfect mass of golden yellow flowers. (Condensed from introducer's description.) 15 cts. per pkt.

New Roses

And other new plants of merit will be found in their respective departments.
NEW ORCHIDS.

Rose Hill Collection of CHOICE AND RARE CYPRIPEDIUMS.

No genus of Orchids has more readily yielded to the influence of cultivation than has the Cypripedium. The most obvious effects of cultural influence are the development of more robust and brighter-colored foliage, the increased number of flowers to the scape, and the larger, brighter color of the blossoms. The hybridizing of "Cyp." is a very fascinating fad, often productive of valuable and surprisingly fine results. All fine specimen plants. Price on application.

CYPRIPEDIUM albo purpureum
   superbum,
   C. alumn, C. Allainianum,
   C. A mesianum grandiflorum, C. Arthurianum pulchellum,
   C. Ashburtoniae expansum, C. — majus, C. Bartetti,

CYPRIPEDIUM Boxallii aureum,
   C. — grandiflorum,
   C. — platytænum, C. Bramhallianum,
   C. calærum Rougierii, C. Calypso Oakwoodiensis,
   C. — Rothwellianum, C. Chamberlainianum,
   C. cardinale,

CYPRIPEDIUM Charlesworthii, C. Germi nyanum coeruleum,
   C. grande atratum, C. Gravesianum,
   C. hirsutissimum coeruleum, C. insigne Asbianum,
   C. — Cherryanum, C. Lathamianum,
   C. Leighanum lutescens, C. Leucorrhoæum,
   C. longifolium, C. macropetalum,
   C. Morganæ, C. Mrs. Chas. Canham,
   C. nitens Pitcheræ, C. pavonianum inversum,
   C. Pearcei, C. Pelias,
   C. Sallieri nigra maculata, C. — Roebelini,
   C. Schroederæae splendens, C. Spicerianum nigrum,
   C. Swanianum, C. Tenellum,
   C. venustum Spicerianum, C. vexillarium,
   C. villosum aureum, C. — grandiflorum.

CYPRIPEDIUM INSIGNE HYBRIDS.

All distinct and beautifully marked. Description and price of each on application.

Cypripedium insigne has more distinct and beautiful hybrids and sub-varieties than any other form. It is as supreme in its special season,—December to March,—as the chrysanthemum in November or the rose in June. The choice hybrids which we offer below are charming variations of the fine old type, with the good points accentuated.

CYPRIPEDIUM insigne, var. Gertrude Marie,
   C. — Lemoniana,
   C. — Luntii,
   C. — var. Miss J. A. Maxwell,
   C. — Reidii,
   C. — Roehelënsis,
   C. — Walkerii.

For other choice Cypripedium hybrids, see General Collection.

DENDROBIUM NOBILE HYBRIDS.

Dendrobium nobile, like Cypripedium insigne, has given us many hybrids of great beauty. We consider those offered below of especial value. Rare specimens. Prices on application. For other hybrids, see General Collection.

DENDROBIUM nobile Allianum, D. — Rodostoni, D. — Arnoldianum, D. — Rollinsonii,
   D. — Burfordiænsæ, D. — roseum superbæ, D. — Clif fendale, var.,
   D. — Joesi, D. — Sanderianum,
   D. — Cooksonii, D. — Savageanum,
   D. — Dominianum, D. — Victoria reginae,
   D. — elegans, D. — virginals,
   D. — giganteum, var. endocharis, D. — Wallachianum,
   D. — pendulum, var. Cassiopæa.
Palms and Cycads.

Our stock of Palms is well known to be the most extensive in America. It is noted, also, for being the best in assortment, including, as it does, everything fine in Palms, from grand specimens 15 to 20 feet high, to dozens of beautiful small species compact and charming enough for table decoration. A Palm house recently added to our nurseries (28 x 32 x 16 feet) is the largest in America.

To produce the best Palms has been our aim at all times, and therefore our great stock is all in the best possible condition, having been grown with great care in low temperature. Palms grown in a high temperature make a more rapid growth, but it is a soft growth, easily affected by atmospheric changes, and invariably droops soon after removal to cooler conservatories or dwellings.

We solicit correspondence from all who are making additions to their collections of Palms, and will be glad to furnish estimates of the stock desired. Our list of Grand Specimens of Choice and Rare Palms, page 12, will be of special interest to such customers.

ARECA LUTESCENS.

Palm.

This feathery and graceful golden-stemmed Palm is one of the handsomest in cultivation, and desirable in every stage of growth. It is of free growth, branching at the root into numerous stems, and soon develops into fine specimens, well furnished with leaves. The long, arching, plumed fronds are firm-textured, durable, shining green on both surfaces, and most gracefully disposed. The plant fits well into any decorative scheme, and has a great variety of uses. We have a grand stock of it in many sizes, all in fine condition and well hardened. Our illustration shows the bush form so popular among Rose Hill customers. $1.50 and upward. For other Areicas, see next page.

A CUSTOMER'S LETTER.

Messrs. Siebert & Son, Erie, Pa., March 20, 1889.

Dear Sirs—After having dealt with you for 8 years, I take great pleasure in telling you of our satisfaction. When you furnished our conservatory and greenhouse, the selection and arrangement of the plants was left entirely to you, and the results were most gratifying. The plants arrived in January, during very cold weather, but were so well packed that they were in good shape.

Yours sincerely,

Mrs. H. F. Watson.
KENTIA BELMOREANA.

"Queen of Palms."

The Kentias are peerless among Palms both for beauty and utility. Although of such exceeding grace, they have fronds of a tough, leathery texture, that renders them very durable, even under careless treatment. This same fine trait also renders them immune to attacks of diseases and insects, to the baleful influences of dust, gas and dry air, and enables them to keep their fresh, elegant appearance even through rough usage.

KENTIA BELMOREANA is, beyond question, the finest Palm grown. Of graceful, compact, spreading growth, its fine stems are well furnished with broad, shining leaves quite to the base, so that the plants are beautiful even when very small. The long, tapering leaf-segments have a pretty habit of curving at their tips, which has given the plant the name, also, of "Curly Palm." This Palm is of good form for any decorative purpose,—from all our great and varied stock we could select nothing finer and more beautiful. We have an immense stock of this grand Palm, in which all sizes are represented, and all are in splendid condition, well hardened and well furnished with leaves. $2.50 to $75. See illustration.

KENTIA FORSTERIANA.

This Palm is similar to K. Belmoreana in general points of excellence and beauty, but is taller growing, and has broader, heartier foliage of the same durable texture. We offer a superb stock of plants at from $1.50 upward.

PHOENIX RUPICOLA.

Fountain Palm.

From the exquisite grace of this species its popular name of "Fountain Palm" probably originated. A fine, well-developed plant is composed of many wide-sweeping, arching fronds clothed with long, narrow pinnæ, which along the base of the fronds gradually develop into spines. This graceful individuality is noticeable even in young plants, and makes them valuable for decoration at an early age. A feathery, rapid-growing, durable Palm of easy culture. $3 and upward.

PHOENIX RECLINATA.

This strong-growing form of the Date Palm is of graceful, spreading habit, with arching fronds composed of many narrow, recurved pinnæ of darkest, glossiest green. It is a long-enduring Palm, of easiest culture, useful and durable in all sorts of indoor decorations; fine also for vases and outdoor summer usage. Young plants soon form fine specimens. Native to Natal and Zululand. $2 and upward.

General Collection of Palms.

ACANTHOPHÆNIX crinita (Areca nobilis). A Palm of very graceful habit, with fine pinnate fronds. The under side of the pinnæ are a silvery glaucous color; the stems bear curious black spines. $5 upward.

ARECA alba. $1.50.
A. lutescens. See page 7.
A. rubra. Of high decorative value; fronds tinged with reddish purple. $1.50 to $3.50.
A. sapida. $2 to $5.
A. Verschaffeltii. $1 upward.

ASTROCARYUM Ayrii. The Murumuru Palm. Fronds pinnate and spinous. $5.
A. argentem. Leaves silvery beneath. $5.
CARLUDOVICA palmata. The Carbuloba-vicas are much like the small Latanias in habit. Their broad leaves are rich, dark green, and they are of rapid growth. $2.
C. atrovirens. $1.50.
CARYOTA sobolifera. Of majestic habit, with picturesque, bi-pinnate fronds. The pinnæ are of a peculiar fish-tail form; admirable for decorative uses. $3.50.

CARYOTA urens. Fish-tail Palm; Wine or Toddy Palm. $1.50.
C. ROXYLON nevram. The Wax Palm from the Andes. $7.50.
CHAMÆDOREA elegans. Dwarf; fronds pinnate. $2.50.
C. Ernest-Augusti (P. latifrons geominus). $5.
CHAMÆRØPS Fortunei (Ceroxiba). $1.50.
C. humilis. Dwarf Fan Palm. $5.
C. stricta. $5.
COCOS flexuosa. Has long fronds and narrow pinnæ. $2.50 and upward.
C. nucifera. The Copra Palm. $5 to $15.
CORYPHA australis (Livistona australis). An excellent and hardy Palm of compact and robust habit. $1.50 to $10.
CYCAS circinalis. A handsome species. $10.
C. revoluta. Banyan Palm, or "Palm of Victory." Illustrated on page 12, where we offer some grand specimens, $2.50 and up.

DIÓN edule. A peculiar plant of slow but symmetrical and handsome growth. $5.
ENCEPHALARTOS Altensteini. Price on application.
EUTERPE montana (Areca montana). $2 and upward.
GEOMOMA gracilis. Dwarf; graceful; new leaves red. $2 and upward.
KENTIA. All the Kentias are of very graceful and decorative habit; of compact and well-furnished growth of a most hardy, distinct character, they stand more hardship than any other Palm.
K. Baueri. A strong, dwarf species. $2.50.
K. Canterburyana (Veitchii). $5.
K. Forsteriana. Described above. $1.50 up.
K. Lindenii. $3.
K. MacArthurii. $4 to $10.
K. Mooreana. This graceful new Palm resembles K. Forsteriana, but its fronds spread more widely, and their stems are a dark purplish color. $7.50.
K. Wendlandiana. $5.
LEADING SPECIALTIES IN PALMS.

COCOS WEDDELIANA. (Aigrette Palm, Fern Palm.)

This is the most elegant and graceful of all the smaller Palms. The growth is slow, dwarf and neat, freely furnishing the slim, erect stem with curving fronds of glistening green. The narrow, clear-cut pinnae are extremely light and airy in effect, making this small Palm a treasure for use in all the daintier, small decorations, for edging stages of larger plants, for ferneries, etc.

The species is peculiarly a plant which one wants to have near by—on a desk or dressing table, as well as in the more conventional places, because of its refreshing color and elegant effect. The plants do not outgrow the space allotted them, or the uses for which they were purchased, in a number of years. One of our engravings shows the beauty of a single plant; the other a fine made-up specimen, such as is now found most effective in house decoration. We have especially fine stocks of both these forms in beautiful condition. 50 cts. to $5.

LIVISTONA ROTUNDIFOLIA. (Miniature Fan Palm.)

This charming little Dwarf Palm is one of the prettiest in cultivation. Small plants but 6 or 8 inches high are closely set with from 8 to 9 round, glossy leaves of a unique, broad, shell-shape, similar to those of Licuala Borbonica, but smaller. The plant thus formed is graceful, compact, well-balanced, nearly globular, and especially suitable for table decoration. It is as easily grown as the larger form, and keeps its fine appearance through rough usage quite as well. We recommend this pretty Palm as something quite unique, in that it gives the character and decorative value of a large Licuala in a shape available for many places where the larger Palm would be inadmissible. The peculiar globular form of the Livistona is also a special merit. Taken with the graceful Cocos Weddeliana, the two are simply unapproachable for many uses and effects. $1 and upward.

General Collection of Palms—Continued.

LATANIA aurea. The Latanias are all handsome Fan Palms, from the Mauritian Islands; they are among the best of the decorative species. This is a distinct and showy form, with yellowish stems and leaves. $5.

L. rubra. See Rare and Specimen Palms.

LICUALA grandis (Pritchardia grandis). This is by far the rarest and handsomest Palm of the fan-shaped type, and will be found described and illustrated under our Palm Leaders. All the Licualas are supremely beautiful in habit, giving an air of elegance and distinction to any decoration in which they are used. $15 upward.

L. horrida. Odd and handsome. $5.

L. peltata. Lead the long, daintily cut. $2.50.

LIVISTONA Chinensis (Licistana Borbonica). Well-known under both names—perhaps best under the latter. Probably the most widely distributed Palm for decorative purposes, $1.50 and upward, according to size.

MACROZAMIA spiralis. See Rare Palms.

MARTINEZIA caryotaefolia. The Martinezes are remarkably distinct and showy Palms, with bi-pinnate fronds and pin

MARTINEZIA caryotaefolia, continued.

Maltese forms. Incurved, graceful, dollars a foot. Most elegant, in either the pinnate or small specimens. $2.50 upward. M. crosa, $3.

MAXIMILIANA regia (Attalea amygda- line). See Rare Palms.

OREODAX regia. The Royal Palm, from Cuba. $1.50.

PHŒNICOPHORIUM Schelllarm (Stephensonia grandifolia). Described on page 11. See also page 12. $5.

PHŒNIX Canariensis. From the Canary Islands. Even when quite small, all forms of the Phoenix are beautiful. The fronds are long, graceful, spreading and recurring. $2.

P. dactylifera. The true Date Palm. $2.50 to $10.

P. pumila. Of rapid and compact growth; a grand and recent acquisition. $1 upwards.

P. recinata. See above page 8. $3.

PHŒNIX rupicola. The most valuable and elegant species in this genus, specially desired for ornamental purposes. See page 8. $5.

P. tenuis. $3.

PRITCHARDIA aurea. The Pritchardias are majestic Palms with very large, serrate leaves of palmate form. Very fine for Palm-houses. $10.

P. grandis (Licistana aurea). The rarest form of the genus, with grand, broad-fluted leaves. Illustrated on the next page. $25.

P. Pacifica. $7.50.

PYCHOSPERMA Alexandria. Elegant and rare. This and the species below are of graceful and elegant habit; the fronds are broad, palmate, rich green above and silvery below; largely used and highly esteemed. $2.50.

P. Cunningham (Seaforthia elegans). $3.

RAVENALA Madagascariensis. The Traveler’s Tree of Madagascar. See Rare Palms.

A CUSTOMER’S LETTER.

SIEBRICHT & SON.
Hingham, Mass., April 15, 1898.

Gentlemen—It gives me a very great pleasure in writing you to say that the plants I bought from you arrived in first-class condition. They are the finest and best-grown plants that I ever received from any nursery in this country or abroad. The packing of some was superb. They had to be carried two miles through 15 degrees of frost, but when they were unpacked not a leaf was hurt, showing the great care you take in packing your plants.

F. P. Faibluck, Sup't. to P. D. Bradley.
Pritchardia (Licuala) grandis.

Large specimen plant, 5 feet high; small specimens, 1 1/2 to 2 feet.

PRITCHARDIA (LICUALA) GRANDIS.

The Choicest and Rarest Palm Known.

Until lately this Palm was so rare as to be almost unknown to the general public, though long recognized by collectors as one of the noblest in existence. It is of most majestic habit, spreading its beautifully fluted leaves to enormous size in fine old specimens. The stems are spiny, and the leaves broad, glossy, nearly circular, closely veined, and very firm in texture, though so light and graceful in appearance. Our illustration shows the character of the leaves, yet gives but a faint idea of the plant's great decorative value. See also Grand Specimens of Choice and Rare Palms, page 12. $15 and upward.
LATANIA BORBONICA.
Chinese Fan Palm.

A Palm of distinct and noble character, invariably given prominence in collections or decorations. Of free, rapid growth, it soon develops into grand specimens, which show their characteristic habit at an early age. Its broad, beautiful round leaves have the glossy sheen of a mirror, are much recurved, and are cleft into a graceful fringe along the edge. Their tough, hardy texture enables them to resist dust and gas well, and to endure considerable cold. For general decorations this Palm forms richest banks of green, and for the many uses of a house plant, no Palm is more largely grown or better fitted. Our stock is clean and fine, showing beautiful broad leaves. Showy specimens, $2.50 to $25; smaller plants, $1.

PHOENICOPHORIUM SECHELLARUM.
(Stevensonia grandifolia.)

This is the celebrated Phoenix Palm, also called, on account of its remarkable history, the "Thief Palm." It has grand, dark green, fluted foliage of immense size, exceedingly glossy and dotted with many minute orange-colored spangles. The stems also are of an orange color and covered with long black spines. Justly considered one of the handsomest and most imposing Palms in the whole race. Illustrated on page 12. $5.

THE THRINAX, OR SILVER THATCH PALMS.

These are slow-growing small Fan Palms of picturesque outline and unusual elegance. Gracefully set on slender, wiry stems, the deeply divided, fringed and polished leaves form an airy, spreading crown of exceeding beauty. The light green and silver tints of the Thrinax Palms are valuable for contrast in color with darker-foliaged sorts, and the clear-cut, juncture of their leaf outlines is pleasingly distinct in variety of form.

THRINAX argentea. The real Silver Thatch Palm. $5.

THRINAX elegantissima. Feathery deep-cut leaves. $7.50.

T. elegans. The leaves are almost star-shape. $5.

T. parviflora. Royal Palmetto Thatch Palm. $2.50.

General Collection of Palms—Continued.

RHAPIS flabelliformis. A pretty little Japanese Cane Palm, suckering from the roots like a bamboo, as shown in our illustration. Forms elegant plants of most convenient size, quite different in appearance from other Palms, the leaves being smaller and finer cut. It is of hardy, healthy habit, and useful where larger Palms are inadmissible. $1.50.

R. intermedia. Leaves nearly horizontal. $5.

R. Kivlanwontsk. An odd and somewhat rare species. $5.

R. humilis. Exceedingly graceful and distinct. $5.

SABAL glaucescens. A handsome Umbrella Palm or Palmetto. See New and Rare Plants. $1 and upward.

SEAFORTHIA elegantissima. The Giant or Feather Palm of Queensland. Nothing could be finer than the grand sweep of its arching fronds, which grow from 2 to 8 feet in length and are distinguished for their feathery elegance. $1 and upward.

VERSCHAFFELTIA melanochroea. Has fronds of conspicuous and remarkable form, of fine red-brown color; rare. See Rare Palms.

V. splendida. See Rare Palms.

ZAMIA integrifolia. A small Cycad; the Compléte of Florida. $5.

Z. pungens. See Rare Palms.

Z. Roezlii. See Rare Palms, where grand specimens of choice and rare Palms are offered.

LETTERS FROM CUSTOMERS.

DERBY, CONN., March 24, 1896.
Messes. SIEBRECHT & SON.

We received the shipment of plants in good order and in good time, and thank you for your prompt attention.

Will you kindly inform me if you will be able to let me have from six to twelve of the Japanese Ferns of which I inquired in a previous letter? Yours respectfully,

A. J. Haire.

EVERGREEN, BALTIMORE, MD., April 16, 1898.
Messes. SIEBRECHT & SON.

The plants arrived in splendid condition, the packing being extremely well done. The Buxus are very fine indeed; give me quotations for same, I thank you kindly for your goods. How late can you furnish Juniperus procumbens? Please ship Iris Kennerferi early next week, and oblige.

Yours very truly,
R. H. ARING.
ROSE HILL COLLECTION of Choice and Rare Palms.

SPECIMENS OF GRAND SIZE AND GREAT BEAUTY.

The superb specimens in this collection are of symmetrical form, having been grown for years at the Rose Hill Nurseries with great care. We describe them just as they stand. Prices on application.

LETTERS FROM CUSTOMERS.

Messrs. Sibrecht & Son.

Gentlemen—The collection of Phalaenopsis and other plants bought from you last week arrived in splendid condition. We are much pleased with them, and should we want anything in this line of plants in the future you may rest assured that we will come and see you again.

I am respectfully yours.

Valentine Hamann.

Messrs. Sibrecht & Son.

The Orchids received from you were very satisfactory, especially the Calanthe Tricolor. Permit me to commend your packing. The plants all arrived in good condition, although the weather was very cold when they were shipped.

Very truly yours,

A. Galbraith, Supt for J. Pierpont Morgan, Esq.
Orchids.

8 HOUSES.

0 most Orchid growers it is well known that we have one of the most extensive and valuable commercial collections of Orchids in America, to which we are constantly adding, both by our own propagation of the most desirable species, and by large importations from the various quarters of the globe in which they are found growing naturally.

Orchid-culture and propagation has always been with us a labor of love as well as a matter of business; therefore we may be pardoned for our enthusiasm. Indeed, anyone who has ever engaged in the culture of Orchids will agree with us that it is a most fascinating employment. There is something about these plants which, while they may attract first only from curiosity aroused by the grotesque form of a particular species, will always hold the nature-lover with triple bands of interest, surprise and admiration.

We can now offer the best Orchids at prices little higher than those usually charged for ordinary greenhouse plants. Their culture is as simple and as easy for amateurs as that of the rose or carnation. Experience has taught many that more Orchids are killed by coddling in a close atmosphere than by anything else. They do not require a separate greenhouse, but may be grown with great success in the same temperature as tender roses and other plants, and will increase annually in size and value.

All Orchids are shipped in pots or in baskets, ready for growing, so that no trouble beyond merely placing them in position in the greenhouse is necessary to the purchaser.

The prices quoted for Orchids in the following list are those ruling at the date of publication. The value of many kinds varies from time to time. The latest prices we will always be pleased to quote upon application.

Our Collection of Choice and Rare Orchids, grand specimens in many cases, will be of special interest to Orchid enthusiasts and the owners of large collections. See page 6.
CATTLEYA MOSSIAE.

One of the finest Orchids known. The flowers, which are quite fragrant, very large, brightly colored, and borne from 3 to 5 on a scape, make quite a brilliant show. They vary through exquisite shades of lilac and rose, with a lip of rich purple, much crimped and ruffled on the lilac margin. The plant is a native of Venezuela, and flowers from April until August. Our illustration shows a good specimen plant. $1.50.

We have a superb collection of sixty or more species of Cattleyas. See General Collection of Orchids.

General Collection of Orchids.

INCLUDING MANY RARE GENERA AND SPECIES NOT TO BE FOUND ELSEWHERE.

ACROPERA Fuscata. The flower racemes are pendant, and composed of singularly formed and colored flowers. $1.50.

AERIDES. This is a noble East Indian genus of epiphytes. It produces showy, fragrant flowers of a firm, waxen texture in cylindrical, pendulous racemes from 1 to 2 feet long. The lips of the flowers are curiously curved or lobed, and the effect of a basket thickly hung with these long, thick, rich racemes of delicate rose, lilac or white flowers is beautiful beyond description.

A. cornutum. Daintily colored flowers. $1.50.

A. crassifolium. Free-blooming and of easiest culture; flowers rosy purple, delicately fragrant. $2.50.

A. crispum. White, suffused with purplish rose. $2.50.

A. Warneri. $3.50.

AERIDES Fieldii. Fox-brush Orchid. Flowers white, mottled with bright rose. $2.50.

A. Larbontae (A. falcatum). Sweet-scented white and crimson flowers in dense, pendulous masses. $3.

A. Lawrenceana. Waxen white and purple flowers in very long racemes. Choice and handsome. $2.

A. Lobbi. Delicate rose and white flowers. $2.50.

A. quinquevulnerum. Flowers fragrant, rosy purple and white. $2.50.

A. odoratum. Creamy white, tipped with pink. $2.50.

A. — malus. $3.50.

A. purpureascens. Purplish flowers. $3.50.

A. suavisissimum. White flowers, tipped and tinged with deep lilac. $5.

A. virgins. Peach-colored flowers, tipped with rosy purple. $2.

A. — Dayanum. Racemes very long. $2.

ANCROCEUM. A handsome and curious genus, distinctly characterized by the spreading sepals and petals of the flowers and the long spur on the lip. From Tropi- cal Africa.

A. eburneum. Very fragrant; lip broad, pure white. $3.50 to $7.50.

A. — superbum. Very long spikes of grand white flowers. $3.50.

A. virgins. Flowers greenish white. $3.50.

A. falcatum. Small white flowers. $3.

A. Leonis (Evanthus Leonis). Pure white sweet-scented flowers. $2.50.

A. sesquipedale. Called the "Ivy Orchid" for its curious, Ivy-white flowers. $7.50 to $25.

A. superbum. $5 to $10.

A. virgins. $3.50 to $5.

ANCULOA Ruckeri. The flowers of this handsome Orchid have crimson spots on a yellow ground, and a deep crimson lip. $5 and upward.
COELOGYNE CRISTATA.

"Spirit Orchid."

Among people of good taste and culture no Orchid that we grow so quickly excites enthusiastic admiration as this one. Its beauty is of an exceedingly refined, spiritual sort of type that at once appeals to people of this same nature, and, fortunately, it is not so oddly particular about material conditions as to be difficult to grow. Indeed, it is among the easiest of all Orchids to succeed with, the surest and freest-blooming of any. The flowers are delightfully fragrant, and, on a fine specimen, they droop thickly far below their pots in grace- ful, quivering sprays. The flowers are delightfully fragrant, pure white, and almost transparent, showing just a glint of exquisite golden yellow in the throat. Usually the first Orchid chosen for small collections, and always the pride of large ones. A native of the Himalayas. $1 to $2.

LAEelia ANCEPS.

This beautiful Laelia comes into bloom about Christmas, at which time it is the most beautiful of all Orchids, and greatly valued for cutting or decorations. Large specimens of it are remarkably handsome, producing as many as 20 scapes, bearing 100 or more fragrant flowers to the rich hues of which no artist can do justice. The sepals and petals are rosy blush, the lip deep purple, shaded and marked with rose and yellow. From 4 to 6 blooms, about 4 inches across, are borne on a very tall scape. It is one of the easiest of all Orchids to manage; good specimens may be grown in maidenhair fern houses, and in similar atmospheres. Good plants of selected, fancy colored varieties, $1 to $5.

General Collection of Orchids—Continued.

BRASSAVOLA glauca. Very fragrant, dainty flowers of pink, white and pale green. $1.50.

B. Digbyana (Laelia Digbyana). Flowers creamy white, penciled with purple; beautifully fringed. $1.50.

BRASSIA verrucosa. Spider Orchid. Flowers curious, snowy, spider-like, in full scapes; colors white, green and velvety purple; free-falling. $3.50 and up.

B. — grandiflora. Larger flowers. $1.

BURLINGTONIA fragrans. Flowers in drooping racemes; white, blotched with yellow down the lip. $3.50.

B. pubescens. Flowers pure white, lined with yellow on the lip. $1.50.

CALANTHE. A very distinct genus. The several species and garden hybrids are among the finest flowering and most satisfactory Orchids. The 11th, branching flower-spikes are from 1 to 3 feet long.

C. Veitchii. Bright rose, with white throat. $1.50.

C. vestita. Lip large, pure white, with yellow blotch in the throat. $2.

C. — Turnerii. The throat of the flower is blotched with red. $1.50.

CATASETUM Bungerothii. An odd Orchid, with great, curious flowers of beautiful color. $3.50 and up.

C. tridentatum. Flowers yellowish brown. $1.50.

CATTLEYA. The Cattleyas are a splendid South African race that takes rank among the finest and most popular Orchids in existence. Their flower-scapes are abundant and full-flowered; the blooms are large, showy, elegantly formed and perfectly won-

CATTLEYA, continued.
derful in their sparkling richness, delicacy and variety of color. Among our Leaders will be noted several choice species, and a rare collection of other sorts, all of them very beautiful and easy to grow, are offered below.

C. auroa. This lovely Cattleya is from Colombia, and is quite distinct from C. Doreiana aurea. The flowers are greenish lemon-yellow; lip is undulated, rosy purple, with yellow streaks. $10.

C. bicolor. Odd flowers of brown and crimson-purple. $2.50.

C. Bowringiana. Flowers amethyst, with rosy petals and sepals, and rich, purple lip. $2.

C. crispa. White or light, with lip of velvety crimson. $1.50 to $3.

C. Dowiana. Sepals and petals are bright nannen-key yellow; the broad, frilled lip is intense rich purple, shaded with violet-rose and penciled with golden lines; very fragrant. $2.

C. Eldorado. Pink to clear rose, stained with orange and bordered with white. $1.50.

C. — Watsili (C. viridiflora). A pure white Cattleya, flowering in September. Sepals, petals and lip pure white, with orange-yellow throat; very sweet-scented. $2.50.

C. Gaskelliana. Amethyst-purple or mauve, blotched deep yellow and white. $1.50.

C. — alba. Price on application.

C. gigas. The Giant-flowering Cattleya. Giant flowers of mauve and crimson-purple, blotched with yellow. $2.50.

C. — Sanderiana. Amethyst and white. $2.50.

C. guttata. White and rosy purple. $2.50.

CATTLEYA guttata Leopoldii. Deep chocolate; lip red-purple. $3.

C. imperialis (C. gigas). $3.50.

C. intermedia. Soft rose, shaded and dotted with purple. $1.50.

C. — superba. Larger flowers. $2.50.

C. labiata automnalis. This variety has been lately rediscovered at great expense and risk of life. The flowers are of rich chloro color. $3.

C. — Warneri. $2.50.

C. lobata. Deep rich rose. $2.

C. maxima. Almost white, streaked purple and orange. $2.50.

C. Mendeli. White or pale satiny pink; lip rich crimson-purple, with yellow throat. $2.

C. — grandiflora. Larger flowers. $5.

C. Mossiae. One of our Leaders in Orchids. Illustrated on page 14. $1.50.

C. — Mattetina. A new introduction, of which we offer a few fine specimens. $5.

C. Percivaliana. One of the richest colored Orchids in cultivation. Rose and crimson, thickly veined with red and purple; throat rich yellow. $1.50.

C. — alba. Price on application.

C. Rollinsonii. Price on application.

C. Schroderi. $2.50 to $5.

C. Schroederiana. Sepals and petals delicate mauve, the lip being very full, well-frilled, and of exquisite rose salmon color. $5.

C. Skinnerii. Beautiful rose-purple; lip white, bordered with purple. $2.

C. — alba. Pure white flowers, save for a blotch of primrose-yellow on the lip. Price on application.

C. speciosissima. A very large, winter-flowering, sweet-scented Cattleya; flesh white and amethyst, marked yellow. $2.
Cypripedium Rothschilidianum.
Crane Orchid.

This is one of the finest of the C. Stonei group, called when first exhibited "one of the most astonishing introductions ever seen." The popular name given above was probably taken from the remarkable shape of the staminode, which is curved and formed something like a crane's head and beak. The stout flower-scape is about a foot high and bears three or more large flowers of peculiar colors—reddish brown on the curious lip, and yellow striped with black-purple on the dorsal sepal and long, wavy petals. $10.

Cypripedium Spicerianum.

This is a most showy and useful Cypripede, being extra free in growth and bloom, and the brightest colored of all. The flowers are glossy, large and handsome, with purple, white and rosy violet as the prevailing colors; the upper sepal is pure white except at the fold, where there is a crimson-purple band, and at the base, which has a green blotch. The plant blooms profusely from October to December and, among those familiar with Orchids, does not need our recommendation as an especially valuable and attractive species. Illustrated below. Specimens $2.50 to $5; smaller plants, $1.50.

Cypripedium Sedeni.

A beautiful variety of easy culture and one of the most useful among all hybrids. The flowers are rosy crimson and white, with a deep, bright lip, and appear in succession on a tall stem. The plant is in bloom more or less all the year. Illustrated below. $2.

Cypripediums are a Rose Hill Specialty. Read pages 6, 18 and 19 carefully.

For description and prices of these varieties, see above, and also pages 18 and 19.
CYPRIPEDIUM INSIGNE.
Jewelled Lady's-slipper.

This grand old species, the most prominent in the genus, is well known as the most beautiful and easily grown of any. It is queen of the midwinter season, thriving well in any ordinary greenhouse or even in a sunny window. The flowers, which are produced in great numbers from November to March, are large, glossy, very lasting and of various shades of green, golden yellow, brownish purple and white. We offer some new and rare hybrids of C. insigne on page 6, and some very fine older ones will be noted in our general collection. Good plants of C. insigne, $2.50 and upward.

DENDROBIUMS.
Pansy Orchids.

This is an extensive and magnificent genus of Orchids, varying wonderfully in habit of growth and form of flowers, and including some of the finest and most useful species in cultivation. Many of the species blossom very freely, and as their flowers are large and showy, delicate in color and delightfully fragrant, they are of especial value for cutting. The large, velvety blotches on the flowers of some species have given them the popular name of "Pansy Orchids." By growing about twelve different varieties, one or another can be had in flower nearly the whole year. No one who owns a warm house can afford to deny himself the pleasure a collection of Dendrobiums will give. Their culture is simple and their bloom lavish and exquisite.

DENDROBIUM THYRSIFLORUM, the variety illustrated, has flowers of waxy white, with golden orange lip, regularly and gracefully set upon many-flowered drooping racemes. It is a native of Burmah, and blooms in April and May. For other beautiful varieties, see our General Collection. $2.50.

D. nobile. Perhaps the finest Dendrode of all. We offer a superb collection of new hybrids from this fine old species on page 6. See also page 19. $1.50.

D. Phalaenopsis and D. Wardianum, two other grand sorts, in both of which we have elegant plants in fine condition, are described on page 20. $2.50 to $5.

General Collection of Orchids—Continued.

CATTLEYA speciosissima Lowii. $5.
C. — regina. $5.
C. — superba. $2.50.
C. — splendens. $5.
C. Trianae. This Cattleya we grow by the thousand, and find it the best winter-dowering variety. See Leaders in Orchids. $2.
C. — alba. Sepals and petals pure white; lip broad, fringed, white with yellow throat. $30 upward.
C. — delicata. $3.50.
C. virginalis (C. Wallisii). Pure white, with orange-yellow throat. $2.
C. Walkeriana. Rich rose-color. $2.
C. Warneri (C. loba Warnerii). Rose and crimson. $2.50.
C. Warscewiczii. Purplish white and crimson. $1.50.
C. — delicata. $2.
C. — superba. $5.

CHYSIS aurata. Tawny yellow, marked with crimson. $1.50.
C. bractescens. Pure white, marked with yellow and crimson. $1.50.
C. bella. Curious and pretty flowers of cream and chocolate color. $1.50 to $2.50.
C. COLEOSYNE. No Orchids that we grow excite more enthusiastic admiration than these. They are among the easiest of all to succeed with, and the surest to bloom of any, being especially adapted to beginners. The flowers are delightfully fragrant, and on a fine specimen they droop thickly far below their pots in graceful sprays.
C. cristata (Chatsworth variety). Spirit Orchid. One of the most beautiful of all Exotic Orchids. See Leaders in Orchids.$1 to $2.
C. — alba. $5.
C. — Lemoniana. $2.50.
C. — cristata major maxima. $3.50.
C. Dayana. Ladder Orchid. $5.
C. flaccida. White, blotched yellow, veined crimson. $2.50.
C. speciosa. Yellow, green and white, veined dark red. $3.50.
CORYANTHES macrantha. Helmet Orchid. Fragrant brown and yellow flowers of very curious shape. $2.50 to $5.
C. CYMBIDIUM eburneum. Boat Orchid. The large, ivory-white flowers are stained with pale yellow, and have the odor of lilacs. $6.50.
C. Lowianum. Peculiar greenish brown and yellow flowers. $3.50 to $5; extra large plants, $15 to $20.

LETTERS FROM CUSTOMERS.

MESSRS. SIEBERT & SON.
ROCKVILLE, CONN.

Dear Sirs—The collection of Orchids arrived early Saturday morning in good condition and were rapidly unpacked and placed in their new home. I enclose my check for same, and thank you for your good wishes.

Yours very truly,

J. ALICE MAXWELL.

MESSRS. SIEBERT & SON.

MIDDLETOWN, CONN.

Dear Sirs—The shipment of 100 Palms and Ferns was received in good order. They were healthy specimens and securely packed. Am well pleased with them.

Yours truly,

S. R. COLEMAN.
General Collection of Orchids—Continued.

**CYPRIPEDIUMS.** (Venus’ Slippers.)

This is an exceedingly large, fine and useful race. No genus of Orchids has so readily yielded to the influence of cultivation, and its obvious effects have been the development of more robust and brighter colored foliage, seizes more robust, bearing three or more flowers, and the blooms themselves have become much larger, brighter colored and more interestingly marked.

So much admired by many and so easy in general management, the "Cyp." well repay all the attention that can be given them. They are perfectly safe for any amateur to purchase, and the longer he grows them the greater will be his devotion. The hybridizing of one's own Cyripediums is a very fascinating pastime, productive of valuable and beautiful results.

The flowers of the Cyripediums are among the most durable of all Orchids. They remain perfect on the plants for three months or more, and when cut and placed in water will last for 5 or 6 weeks. Our collection includes a great multitude of species and varieties, and is one of the largest in commerce.

**Cypripedium albopurpureum.** Hybrid.
- Ivory-white, flushed and streaked with pink and crimson. $10.
- C. Argus. White, rose and purple. $1.50.
- C. Ashburtonianum. Hybrid. $5.
- C. barbatum. White, green and purple. $8.
- C. nigricum. Larger and darker. $2.50.
- C. superbum. Colors deeper and clearer. $8.
- C. bellatulum. Large, old flowers of pure white, thickly spotted purplish black. $8.
- C. Bicolor. Large, glossy flowers of yellow, white and purple. $2.50.
- C. calatum. Hybrid. $5.
- C. caudatum. Petals 2 or 3 feet long. $2.50.
- C. roseum. Pretty pink flowers. $5.
- C. Chantinii (C. insigne). White, purple and reddish brown. $3 up.
- C. chlorophenium. Hybrid. $8 to $10.
- C. citiatum. $2.50.
- C. conciferum. Hybrid. $10.
- C. concolor (Regnier). Pure creamy yellow, with small cinnamon dots. $8.
- C. Crossianum. Hybrid. $3.
- C. Curtisii. Odd and handsome. $3.50.
- C. Dayanum. Large flowers of rich purple, green and white; leaves beautifully mottled. $5.

**Cypripedium Dominatum.** Hybrid.
- Carries 3 to 5 flowers on a stem. Yellow, rose and green, spotted crimson. $3.
- C. Druryi. Yellow, brown and purple. $10.
- C. Elliottianum. Ivory-white and red-brown, spotted and veined with crimson. $10.
- C. Euryanum. $3.50.
- C. Godfrey. Creamy white, dotted with deep purple; distinct, and always greatly admired. $5.
- C. Hardy. Illustrated on page 16. Hybrid. $3.
- C. Harrisianum. The first Hybrid raised, and one of the best. Blooms twice a year; glossy purple, white and green. Illustrated on page 16. $2.
- C. Haynaldianum. Rosy white, brown and green. $2.50.
- C. hirsutissimum. Whiskered flowers. $8.50.
- C. Hookerianum. Rich rose-purple and yellowish brown. $1.50.
- C. insigne. The most valuable and satisfactory of all. Described and illustrated on page 17. $1.
- C. albo margaritum. $3.50.
- C. Chantinii. Purple-white and brown. $8.50.
- C. Maulei. Bright in color; one-half is snow-white. $8.

**Cypripedium insignia maxima.** $3.50.
- C. Montana. A new, rare, and very distinct, large-flowering variety. White and reddish brown, veined with amber and spotted with purple. $3.50 upward.
- C. punctatum violaceum. Glossy flowers of dark amber, olive-green and chestnut-brown. $5 to $10.
- C. Javanicum. $2.50.
- C. Kimballianum.
- C. lacticashum. Petals twisted; 3 or 4 flowers to see.
- C. Lawrenceanum. Brownish purple, white and green, flushed with red. Illustrated on page 16.
- C. giganteum. $7.50.
- C. Leeum. Hybrid. $3.
- C. superbum. $3.
- C. Lowi. Green, yellow and violet. $3.
- C. microlechuim. Hybrid. $7.50.
- C. niveum. Snow-white flowers, with a few cinnamon freckles, produced in pairs. $2.50.
- C. catarinum. Hybrid. $7.50.
- C. niveum. Snow-white flowers, with a few cinnamon freckles, produced in pairs. $2.50.
- C. catarinum. Hybrid. $7.50.
- C. Parishii. Brown-purple, yellow and green; scape 1 to 6-flowered. $3.50.
- C. Pearcei. $3.
- C. praealtum. Creamy white, red-brown and green. $3.
- C. Rebellini. $3.
- C. Rozellii. Illustrated on page 16. $1.50.
- C. — alliforum. $7.
- C. Sedenii. Rosy crimson and white, with deep, bright lip. Illustrated on page 16. $2.
- C. — candidulum. $3.
- C. selligeroi. Hybrid. White, deep crimson and rose-purple. $2.50.
PHALAENOPSES. (Moth Orchids.)

From our latest possessions, the Philippines, comes this grand genus, surpassing all others in magnificence of flowers. The genus is distinguished by the grace with which the flowers are displayed; they usually face all in one direction, and are airily supported on slender, branching stems. Most glorious, too, in delicate richness of color and great profusion are these flowers, more than 300 having been counted on a single plant. If a number of different species are cultivated, some may be had in bloom the year round, and a most valuable property of the flowers is the length of time they remain fresh and beautiful; indeed, from plants not most vigorous, it is advisable to cut the flowers before they fade naturally. Their construction is curious and wonderful, and the plants themselves have a singular habit and bird-like appearance, as they hang suspended upon rafts, blocks or baskets. Their waxen leaves, also, are very fine; some are as rich olive-green, while others are whitish, mottled and marbled, on brown-green ground. Our illustration, from a photograph, shows eight of the more valuable species and varieties, all of which will be found described in our General Collection of Orchids.

Rose Hill is known far and wide for its grand Phalaenopsis.

General Collection of Orchids—Continued.

CYPRIPEDIUM Spicerianum. Large and handsome flowers in various colors—purple, white and rosy violet prevailing. Illustrated and further described on page 10.

C. duchairi. $3.
C. Stonei. White and purple. $2.50.
C. superbiens (Veitchii). Very large flowers of white and rich brown. $4.
C. superbiens var. C. superbiens. Hybrid. $3.
C. Stonei. White and purple. $2.50.
C. superbiens (Veitchii). Very large flowers of white and rich brown. $4.
C. superbiens var. C. superbiens. Hybrid. $3.
C. Veitchii superbiens. This is the true Prince Denhoff variety, being the original plant. Leaves beautifully mottled; flowers white, purple and green, with a large pouch of rich, brownish purple. $3.
C. venustum. White, pink and bright green. $3.
C. spectabilis. $3.
C. villorum. Glossy flowers of brownish red, light green and dark purple. $2.50.

DENDROBIUM. Fancy Orchids. Page 17.
D. agrestatum. Clear yellow, with darker lip. $1.50.
D. majus. $2.50.
D. sinumin. A beautiful hybrid—the most charming and sweet-scented of all the Dendrobium. The flowers are borne in great numbers on erect spikes; sepals pure white; lip deep-claret-purple. $6.
D. roseum. A rosy form. Price on application.
D. albo sanguineum. Large creamy white flowers, with crimson-blotched lip. $2.
D. DENDROBIUM bigibbum. Purple and maroon, with raised white crest. $2.50.
D. — candidium. Price on application.
D. — superbum. $3.
D. Brayerianum. True. Large golden yellow flowers, beautifully fringed and having beard-like appendages. $3.
D. Cambridgeanum. Orange, blotched crimson. $1.50.
D. chrysanthum. Orange-yellow. $1.25.
D. chrysotoxum. Golden yellow, pencilled red. $2.
D. — cassinoides. White, yellow and amethyst. $1.50.
D. crepidatum. White, tinted lilac, and blotched yellow. $2.
D. crenatum. White and blood-red. $3.
D. cristallinum. Yellow and amethyst, bordered with white. $2.
D. Dalhousianum. Nankeen-yellow, blotched with crimson and tinged with rose. $2.50.
D. Dearei. White, blotched yellow. $1.50.
D. — grandiflorum. $4.
D. densiflorum. Amber and orange. $1.25.
D. cooksonianum. Creamy white, rose-purple and orange; lip exquisitely frilled. $1.50.
D. Dominicum. Hybrid. $5.
D. Falconeri. $10.
D. Farmeri. Golden yellow, delicately tinged with pink. $2.50.
D. Finlaysonianum. White and pink, with orange blotch. $2.
D. DENDROBIUM formosum. White, with orange throat; spikes 3 to 8-flowered. $1.50.
D. giganteum. A fine evergreen species, and no doubt the largest flowering of the genus. Its flowers, which are pure white with an orange-yellow center, often attain the extraordinary size of a Cattleya. It is very fragrant, and lasts a long time in perfection. $2.
D. hodysosum. Very fragrant. $2.50.
D. heterocarpum (D. aureum). Amber, with brown and purple markings. $2.
D. Jamesianum. The only species of the genus for the coolhouse. White, with golden throat. $2.50.
D. macrophyllum. Yellow and purple. $3.
D. nobile. Flowers large and very fragrant, white or purple-shaded. $1.
D. — Cooksonianum. Flowers deep purple, bordered lighter. Price on application.
D. intermedium. Price on application.
D. — nobilis. Flowers very large, brilliant amethyst and deep maroon, with milk white zone on lip. Price on application.
D. — superbum. This is a very distinct and lovely variety of D. nobilis, the flowers being much larger, and the deep dark throat a more intense maroon-purple than in the type. Quite as handsome as the highly prized D. nobilitis, which it much resembles. Fine, large specimens, $3 up.
D. Parishii. Purplish rose and white, with eye-like purple blotches. $1.
Oncidium Tigrinum.
Tiger Orchid.
This curiously striped Mexican Orchid blossoms profusely for a month or more during late autumn and winter, filling the houses with a rich, violet-like fragrance. The flower-spikes are sometimes 3 feet long, branched, and covered with large rich yellow and brown flowers. They are beautiful for cutting, and the plants blossom so freely that they are very brilliant when in full bloom. Of easy culture. Our stock is fine. $1.50 to $5.00.

Oncidium Varicosum.
Golden Butterfly Orchid.
In the great Oncidium family, which includes every conceivable shade of yellow, there is no brighter species than this. The long, graceful, wavy sprays contain from 8 to 9 elegant flowers of attractive shape in the purest, brightest golden yellow. The plant is profuse-flowering, easy to grow, and the rich color of its odd flowers makes it of especial value. $2.50 to $5.
For other fine Oncidiums, see General Collection.

Peristeria Elata.
Dove Orchid.
Holy Ghost Flower.
A remarkable plant of striking habit and most peculiar structure. Its tall flower-stems bear fragrant, cupped, waxen flowers of shining white. In the center of each large flower the inner divisions are so shaped as to distinctly resemble in outline a white dove poised on outspread wings. The lip and wings of the flower are sometimes spotted with purple. The plant flowers from June to September, the long flower-spikes continuing to develop flowers for 6 or 7 weeks. The "El Spirito Santo" of Spain. $2.50 to $5.

Vanda Teres.
Vine Orchid.
A climbing species of singular habit and striking beauty of flower. It is not common in collections, although its culture is simple. The racemes point upward and bear from 3 to 6 brilliant flowers, each 3 inches or more across. The ground-color is deep, rich rose, veined with yellow and blotched with crimson. Flowers from May to September. $2.50 and upward.

General Collection of Orchids—Continued.

Dendrobium Phalaeonopsis. Nothing has been introduced of late can in any way surpass this beautiful Dendrobe. Its habit of free and abundant flowering and its graceful sprays of very showy yet delicate flowers make it of extra value, both for cut blooms and exhibition purposes. $3 up.

D. Pierardii. Very white or pink, with primrose lip. $1.
D. latifolium. $3.50.
D. primulinum. Large, shell-shaped; pinkish white. $2.
D. giganteum. $3.50.
D. suavisissimum. $2.
D. superbiens. Light purple, shaded brown. $3.50.
D. thysiflorum. Waxen white, with golden orange lip, regularly set upon rich, drooping racemes. $2.
D. tortile. Pale yellow, suffused with purplish rose. $2.50.

Dendrobium tortile roseum. $2.50.
D. Wardianum. A species of striking beauty, with large flowers, sometimes to the number of 20 in two and threes on a long stem. Sepals, petals, and lip are white, tipped with magenta. The base of the lip is bright orange, with deep crimson-spotted throat. $2.
D. giganteum. $10.

Dendrochilum Cobbiiana. $1.50.
D. filiformis. Of graceful habit, with flower-spikes 8 to 10 inches in length, covered with hundreds of deliciously-scented miniature flowers of a light straw color. Blooms in winter, and the flowers remain a long time in perfection. $3.
D. glumaceum. Delicately scented greenish white flowers in long sprays that droop gracefully. The plant has a thick crown of beautiful leaves; is grown in pots. $2.

Epidendrum. We offer only the choicest species in this extensive genus. They are all of very luxuriant, rapid growth and easily cultivated.
E. atropurpureum. Dark brown, white and reddish purple. $2.
E. roseum. Lip is rose-colored. $3.
E. aurantiacum. Cinnabar-red; lip orange, pencilled with crimson. $2.
E. bicornutum. Two-horned Orchid. This beautiful and chaste white Orchid produces its delightfully scented flowers about Christmas. $1.50.
E. pillare. Highly scented, fringed white flowers, $1.
E. cinnaebarinum. Orange-red. $3.50.
E. cochleatum. $1.50.
E. crassifolium. Rose-colored flowers. $1.50.
E. fragrans. $2.
E. imperator. $4.
E. maculatum. $2.50.
LEADING SPECIALTIES IN ORCHIDS.

Hardy Orchids.

A number of our North American species of Orchids are quite as handsome as the majority of those cultivated in greenhouses, and the flowers are produced as freely. They are very highly esteemed in Europe, and have only escaped attention in this country because they are too easy to have and to grow! They are pretty for shaded outdoor nooks, where they will grow and flourish abundantly without further attention when once fully established, furnishing annually their delicate and peculiar blossoms in due time.

**CYPRIPEDIUM.** Lady's Slipper. The best genus among our hardy Orchids. The species are all easy to grow, bright-flowered and pretty. They bloom in spring and early summer, and are exceedingly attractive in cool, shady corners.

C. aculea. Showy bright rose-purple flowers on short stems; the flowers are of large size and very beautiful. The engraving shows the form of the plant, 20 cts. each, $2 per doz. C. pubescens. Bright yellow flowers of a most attractive shade on long, slender stems, 20 cts. each, $2 per doz.

C. parviflorum. Smaller flowers of lighter yellow; very freely produced, 20 cts. each, $2 per doz. C. spectabilis. Showy Lady's Slipper. White and crimson, 20 cts. each, $2 per doz.

**GOODYERA pubescens.** Rattlesnake Plantain. Foliage beautifully mottled, 20 cts. each, $2 per doz.

**MATERIALS FOR ORCHID CULTURE.**

Including Rafts, Cribs, Pots, Peat and Coco-fiber, will be found in our list of supplies in the closing pages of this Catalogue. We are glad to supply customers with such things as will best help them toward success.

**GENERAL COLLECTION OF ORCHIDS—Continued.**

**EPIDENDRUM** macrochilum atropurpureum. Rose and crimson. $2.

E. roseum. $3.

E. nemorale. White, rose and mauve. $1.50.

E. majus. $2.

E. O'Brienne. $3.50 upward.

E. paniculatum. Lilac-purple. $3.50.

E. prismatocarpum. Rose and creamy yellow. $2.

E. radicans. Sepals and petals orange-scarlet; lip deep yellow, edged with scarlet. $2.50.

E. Randii. $2.50.

E. rhizomorphum. Dark orange-red. $2.50.

E. Stafordianum. Bright yellow, green and crimson. $2.50.

E. tiolicius. $2.50.

E. venosum. $1.50.

E. majus. Especially attractive and valuable for the dash of bright color which it adds to a collection when in bloom. The bloom is produced in from 6- to 15-flowered racemes of brilliant orange-scarlet flowers that last for two months or more. $1.50.

E. Watsonianum. $2.

**CONCORA fuscata.** Resembles the Cattleya. 75 cts.

**GRAMMATOPHYLLUM** Elissii. This Orchid produces large flowers on branching spikes of good size. They have tawny yellow sepals and petals, and a pink-tinted white lip. $5 to $10.

**LÉLIA** albida. A lovely Mexican species with from 3 to 12 spacy blooms in stems sometimes 3 feet high. Colors, white and delicate pink, veined with yellow. $1.

L. bella. Rose-flushed flowers; lip bright rose. $2.

L. rosea (L. Mariana). $2.50.

L. anceps. This very free-flowering and popular Orchid is further described on page 23. $1 to $2.50.

L. alba. Pure white, with yellow blotch. $5 to $7.50.

L. Barkeriana. Sepals and petals narrow; lip deep purple. $3 to $7.50.

L. Dawsonii. White, yellow and purple, $10 upward.

L. delicata. Dainty violet and white. $2.50.

L. autumnalis. A most attractive flower, $3 upwards.

L. Hilliana. $3.

L. Percivaliana. White, rose-purple and orange. $5.

L. rosea. $5.

L. Arnoldianum. One of the very best Ladias for all purposes. Flowers rosy white and violet. $2.50.

L. cinnabarina. Deep red-orange. $2.50.

L. crispa. White, anemist-purple and yellow. $1.50.

L. Dayana. Rose-purple, lime and white; nearly 4 inches across. $2.50.

L. pattinii. $1 upward.

L. superbium. $5.

L. Eyermanii. $7.50.

L. Custodiana. Purple and white. Price on application.

L. Euphorbia. Dark rose-purple; lip curved. $2.50.

L. plana. White, madder-red and rosy crimson. $2.50.

L. Skinnerii. Monk Orchid. Rose and pink, with deep crimson spots on the white lip. $1.50.

L. albice. Flowers white.

L. delicatissima. Very rare.

L. purpurata. Quite rare. Price on application.

L. rosea. Quite rare.

L. greganiana. Quite rare.

**MESOSPINIDUM** sanguineum (Odontoglossum). Brilliant red flowers. $2.
General Collection of Orchids—Continued.

MILTONIA. We offer the most beautiful species. All are easy to manage if given a liberal supply of water.

M. candida. Yellow, rosy pink and white, with yellow stamens. $1.50.

M. spectabilis. Pure white and rose-purple. $1.50.

M. Warscewiczii ( Oncidium Vesloni). Red and yellow. $1.50.

M. Weltoni. $1.50.

ODONTOCLOSSOM Alexandrae (O. cris- pum). The finest of all the cattleyaal Orchids. Described on page 18. $5 and up.

O. Bloodgoodi. Pink and yellow, spotted with crimson. $1.50.

O. cirrhosum. Milk-white flowers, with yellow crest, penciled and dotted with mauve. $1.50.

O. citrosorum. Pendulous racemes of pure white. $1.50 to $4.

O. — roseum. Rosy flowers. $3.

O. crispum and its varieties. See O. Alexander.

O. Eduardii. Violet-purple, with yellow crest. $3.

O. gloriosum. Yellow and chocolate-brown; delightfully fragrant. $1.50.

O. grande. This is the curious Baby Orchid. Its flowers are rich, glossy-orange-yellow, marked and banded with chestnut-brown; lip creamy white, freckled with brown. The curious shape of the crest never fails to attract attention. The large, showy flowers are borne in long sprays. $1.50.

O. Hailii. Yellow, brown and purple. $3.

O. Harryanum. White, yellow and reddish-purple. $1.50.

O. hastilabium. Creamy white, dark rose and brown. $3.

O. Hebraicum. The sepals are marked with red-brown lines like Hebrew letters; lip is yellow, streaked with red. $3.50.

O. Inslayi. Yellow, marked brown. $2.50.

O. — macranthum. $3.

O. — splendidum. $3.50.

O. maculatum. Soft, deep yellow, barred with crimson. $1.

O. nebulosum. White, lemon-yellow and brown. $1.

O. odoratum. Yellow-brown and white. $1.

O. Polyanthes. Its varieties. A very lovely species, and one of the most valuable. It has large spikes of white and purple spotted flowers. $2.50 and upward.

O. pulchellum. Very fragrant flowers of crystalline whiteness; lip curiously crested with lemon-yellow. $1.

O. Roezlii ( Miltonia Roezlii). Pearl-white, stained with rich purple and yellow. $2 to $5.

O. — album. $5.

O. Rossii. White, crested with yellow and banded with brown. A grand species. $1.

O. Saphiana. Yellow and white. $1.

O. Schilleri. Yellow-brown. $2.50.

O. triumphans. Cinnamon-brown, white and yellow. $2.50 to $5.

O. velutinus. Red, pale yellow and white, with exquisite variations. $2.50.

ONCIDIUM. These are the "Butterfly Flowers," of especially odd and attractive shapes and colors. Nothing could be more delightful than to see those many-flowered spires.

O. ampliatum. Yellow, spotted red. $1.50.

O. — majus. $2.25.

O. — salazar. White and intense. $1 and upward.

O. bicolor. Bright yellow; lip white beneath. $1.50.

O. Cavendishianum. Yellow flowers. $1.50.

PHALÆNOPIS. Sturianta nobilis. Price on application.

P. violacea. Violet and yellow. Price on application.

SACCOLABIIUM. These are the "Pouch-lipped Orchids." They produce their showy flowers and large racemes from 1 to 2 feet long, and are exceedingly effective from the large number of blossoms packed in the cylindrical, drooping racemes.

S. Blumei (Jai variety). Rose. $3.50.

S. — majus. $3.

S. giganteum. White and amethyst. $2.50.

S. guttatum. White and rose-purple. $2.50.

S. violaceum. White and mauve. $2.50.

SCHOMBURKIA. Some of the species are extremely beautiful, having large flowers on scapes from 3 to 5 feet long.

S. crispa. White, yellow and brown. $2.50.

S. tubicinis. Cow-horn Orchid. Mauve-purple, rose and white. $3.50.

S. undulata. Rich shades of purple. $5.

S. virginalis. Price on application.

S. virginalis. $1.50.

STANHOPEA. Highly colored and scented.

S. Devoniensis. White, purple and orange.

S. grandiflora. Price on application.

Ferns and Selaginellas.

No type of beautiful foliage is so generally admired as that of the Ferns and Mosses, or is so adaptable for many uses. To supplement the majestic elegance of palms and cycads we have the lofty Tree Ferns; many species are especially suited for the decoration of smaller conservatories, and nothing is so fine as Fern-fronds for mingling with cut-flowers. A vast variety there is, too, among them, from the delicate, transparent fronds of the Adiantums to the bold foliage of Nephrolepis and Pteris; or from the lovely Selaginellas, carpeting the ground, to the tall Tree Ferns.

Ferns are another great specialty with us, and our pride in offering 14 houses of the finest stock in cleanest, healthiest condition we think entirely justifiable. Our extensive and carefully grown stock affords ample opportunity for buyers to select any forms and sizes which may please their fancy or suit their convenience.

Adiantum Farleyense.
Queen of Maidenhair Ferns.

This is, perhaps, the choicest of all Adiantums, and necessary to all really good collections. It is a strong, shapely grower, often producing fronds 18 inches to 2 feet long and 10 inches wide. The young growth is frequently tinged with soft pink, shaded to yellow and green. The plant requires a warm atmosphere, and must never be allowed to get dry. Its exquisite, filmy fronds are the most beautiful green that can be used with orchids, choice roses, etc., and for the decoration of tables, mantles and banking it is our finest Fern. No other species so well combines boldness of foliage, arising from the large pinnae, and extreme elegance and delicacy of appearance and coloring. The character of the fronds is well shown on our front cover. Our stock of this essential Fern is very large and in the finest condition. $1 and upward.

Adiantum cuneatum.
The well-known, dainty Maidenhair Fern, of easy culture and fine growth, indispensable for all purposes. The fronds and pinnae are smaller than those of A. Farleyense, but the variety has a beauty all its own, which has earned it substantial popularity. A good plant is shown in our illustration. 25 cts. and upward.
THE NEPHROLEPIS, or SWORD FERNS.

All the Sword Ferns are of a firm, durbale texture, that enables them to keep a fine appearance through considerable rough and careless usage. For the decorative purposes for which they are just now being introduced nothing could be handsomer. In summer they are beautiful plants for hanging pots or baskets on the piazza, or for shady borders; in winter they are among our best cool greenhouse, conservatory and house plants. The varieties that we offer are all so different in character that each fills some distinct need. Some other choice ferns, besides those illustrated here, are quoted on page 25.

NEPHROLEPIS CORDATA COMPACTA.
(Siebrecht & Son.)

This most elegant and useful of all Ferns up to date is an introduction of our own, and we control the largest stock of it in this country. It is of free, strong, compact growth, attaining, when fully grown, a height of about 2 feet. The fronds are a richer, darker green than those of the Boston Sword Fern, and more erect, curving just enough to be graceful. For all the rough, exacting usage of general house decoration we recommend it as one of the most satisfactory, enduring Ferns that can be grown, useful where the taller Sword Ferns are inadmissible. A Rose Hill plant is shown on our last cover page. 75c. up.

HARDY FERNS, for rockeries, grottos, shady nooks, etc. These we can supply in good assortment at reasonable prices. Write us of your needs, or send list for our estimate.

NEPHROLEPIS EXALTATA BOSTONIENSIS.

Boston Fern, Fountain Fern.

A particularly elegant and popular species, with much longer, slenderer fronds, that sweep to a height of 4 or 5 feet and arch gracefully in every direction. This pretty, drooping habit has given it the name of "Fountain Fern," also, and makes it of especial value for growing as a single specimen on pedestals or tables. Very popular in Boston and vicinity. Our picture shows how beautiful a specimen can be grown in an ordinary window. 50 cts. and upward.

General Collection of Ferns.

ADIANTRUM. Maidenhair Ferns. Some of the most elegant and useful Ferns belong here. The much-divided fronds are of finestest transparent green, and have a peculiarly light and airy poise.

A. amabile. 50 cts.
A. Buseii. 50 cts.
A. bellum. Dwarf and compact. 50 cts.
A. imbricata. New; fronds more crested, growth denser and quicker than in A. Farleyense. 81.
A. caudatum. A fine species for baskets. 50 cts.
A. cuneatum. 25 cts. and upward.
A. grandiceps. A crested form. 50 cts.

ADIANTRUM decorum. Of beautiful habit, with large leaflets; a fine decorative species. 50 cts.
A. Farleyense. Queen of Maidenhair Ferns. See page 22. $1 and upward.
A. formosum. Robust and tall-growing. 50c.
A. fragrantissima. 81.
A. gracillimum. 50 cts.
A. macrophyllum. Distinct and large. 75c.
A. palmatum. Large pinnales. 50 cts.
A. Peruvianum. Tall and large-leaved. 50c.
A. rodophyllum. Reddish colored fronds. 75 cts.
A. rubellum. Fronds rich crimson when young, edged pink as they grow old. 75 cts.
A. sanfte Catherine. 25 cts.
A. Siebrechtii. 81.
A. trapeziforme. Elegant fronds and large pinnae. 50 cts.

ADIANTRUM Victoriae. Dwarf and compact growth. Foliage of a distinct and very handsome character. 50 cts.
A. Williamsii. 81.
A. ASPIDIUM mollis. The "Shield Fern." 50c.
A. ASPLENIUM affine. 81.
A. formosum. 81.
A. ASPLENIENIUS strictum. A new hybrid Fern. See New and Rare Plants, page 4. 82.

BLECHNUM Brazilense. 25 cts.
B. occidentale. 81.
D. DAVALIA Fijiensis. Lace-like arching fronds. 81 and upward.
D. Mooreana. One of the choicest species. 81.50.
PLATYCIERIUMS, or STAG-HORN FERNS.

Rose Hill has the Finest and Rarest Collection of Platyceriums in America.

These odd, fantastic Ferns produce novel and beautiful effects in conservatory decoration. Our pictures show the curious formation of their great fronds. They are divided into broad segments of grayish green, and their peculiar growth is best displayed when suspended on blocks of wood, though they also thrive well in baskets or shallow pans. The plants are of easy culture, and the new prothalliums, or fronds, which they are constantly unfolding excite great interest.

We have a large collection of different sorts and sizes, prices for which will be quoted on application.

On the following page some grand specimens are offered.

General Collection of Ferns—Continued.
TREE FERNS.

The Tree Ferns have all the stately grace and elegance of the Palms, enhanced by sweeping plumes of foliage most delicate and lace-like in detail. Being rarer than Palms, and not in such general use, their magnificent proportions and broad crown of fronds attract much more attention, and have a more distinguished air. Every tropical greenhouse, of any pretensions whatever, should include at least a few specimens, which will be found of great use in decorations.

We are constantly importing fine, healthy stems of all the leading varieties, as well as some new and rare species, all of which we offer at moderately low prices. We also have large and extra-large specimens of extreme beauty in perfect condition, the prices of which can be had on application. See Special List.

**ALSOPHILA** **Australia.** Beautiful in all stages of growth. The large, plummy fronds of the crown are silvery and glaucous underneath, showing delicate contrasts in green. $1 and upward.

A. capensis. $5 and upward.

**BLECHNUM** **Braziliensis.** Of peculiarly graceful habit; fronds are of a rich wine color when young. $2.50.

**CIBOTIUM.** Among the best of the Tree Ferns, and sometimes included under Dicksonia. The leaves are long, widespread and finely cut.

C. princeps (Cyathea). $3.50.

CIBOTIUM regale. $5.

C. Schiedei. $2.

CYATHEA dealbata. $5.

C. Smithii. $10.

**DICKSONIA** **antarctica.** A well-grown specimen of this is majestically beautiful; the tall and heavy stem has an unusually rich, luxuriant crown of delicately cut but firm textured leaves. $5 and upward.

D. Schmittti. $10.

D. squarrosa. $5.

**L. ciliata.** $2.

L. gibba. $1.

L. intermedia. $1.

Specially Fine Tree Ferns.

**SUCCULENT PLANTS.**

Including Agaves, Aloes, Echeverias, Euphorbias, Mesembryanthemums, Rocheas, Sansevierias, Sedums, Sempervivums and Cactuses.

Succulent plants are useful in many situations, both indoors and in the garden or on the lawn. They are especially available for rockeries, and lend themselves to outdoor bedding in sunny places in most distinct and effective ways. Nearly all of the Agaves, many of the Aloes, and others of the robust habit, make handsome ornamental plants on lawns, or for decorating entrances, balconies, etc. Many of the Cactuses and Mesembryanthemums are noted for their brilliant flowers, while the strange shapes of the Euphorbias, Stapelias and Crassulas win for them much attention. We keep in stock all select ornamental forms of Cacti and Succulent Plants, and furnish a descriptive price-list to all who ask for it.

**CACTUS COLLECTIONS.**—We will select twelve distinct varieties, including the best species, for $5, $5 and $10, according to size and varieties. To those desiring to form collections of greater extent, we will be pleased to supply lists of the best species, with prices. Cacti for bedding will be supplied, also, at very moderate prices, by the dozen or hundred.
Stove and Greenhouse Plants.

In this important department of our great stock we include all the best sorts of flowering and foliage plants which are grown under glass, either in a warm stove temperature, or in the cooler atmosphere of the greenhouse. The majority of tender-flowing bulbs form a sub-department; the bulbous and tuberous forms, grown for their beautiful leaves, are classed here with other foliage plants.

A liberal use of beautiful foliage is necessary in all state decorations, and also for brightening all the rooms of the house. To properly furnish greenhouse and conservatory without their beautiful leaves would be impossible. Our stock is all in superb condition, clean, healthy, well-furnished with leaves, grown with especial regard to coloring the leaves brightly and giving the plants a Hardy, enduring character. Such stock will give infinitely better satisfaction than that grown carelessly and in greater heat. By stove plants or stove temperature, is meant plants which thrive in a warm living-room temperature.

ANTHURIUMS.

"Flamingo Flower."

The popular name, quoted above, was probably given because the large, brilliant scarlet spathes, long spadices and long stems of the Anthuriums suggest this brilliant-plumaged bird.

These are the most valuable of Aroids, on account of their noble leaves and curious, brilliantly colored flowers. The large, rich leaves are often finely marked, and the flower-spathe is remarkable for size, brilliant color and lasting quality, for it remains in perfection a long time on the plant. The plants are in bloom nearly the entire year, and always attract attention by their oddity and bright colors. Very useful for table decoration, or for a stand in parlor or sitting-room, as well as for greenhouse and conservatory; the bright colors of the spathes afford a great relief to the green in tropical foliage decorations.

ANTHURIUM ANDREANUM, the variety illustrated, is one of the most striking species of all. The large flower-spathe opens wide and flat, is of a glossy, most brilliant orange-red, and the long spadix is yellow. The flowers sometimes last three or four months. This has been the parent of many fine hybrids, showing large flowers of brilliant scarlet, salmon, dark red and rose. It is very fascinating work to hybridize Anthuriums, and the seedlings obtained are often of great beauty and value. The true variety. $5 and up.

A collection of other Anthuriums is offered below. We give much space and attention to these plants, and offer the finest stock to be found anywhere. It is well worth a visit to Rose Hill to see only its Anthuriums.

</table>
AGLAONEMA.

These handsome Aroids are rare in decorations, except among experienced artists, who know well how to value them, and, therefore, their effect is both striking and distinctive. Their leaves are thick, leathery, enduring, oddly splashed with gray and white.

AGLAONEMA PICTA. Of neat, dwarf habit; leaves light green, irregularly varied with broad, angular blotches of gray. $1.

A. COSTATA. Leaves sharply spotted with white; midribs distinctly marked. Very handsome. $1.

ALOCASIA.

These handsome New Zealand plants resemble miniature evergreens of perfect symmetry and elegant proportions. Their dense, deep green branches grow in feathery star-shaped whorls, and extend outward almost at right-angles with the trunk in a most unique and effective fashion. This striking character gives them a very prominent position among decorative plants. Large specimens are grand and most valuable; smaller ones give beauty and charming variety in decorations of all sorts.

ARACHNIS EXCELSA. Norfolk Island Pine, Star Palm, etc. The species which has become so popular for commercial purposes, for house decoration and conservatory decoration. Native of a cool, southern hemisphere, it withstands a temperature anywhere above freezing, and retains its shape and color in a dark place better than almost any other decorative plant. $2 and upward.

A. IMBRICATA. Monkey Puzzle. Some specimens of this odd plant exhibited at the Madison Square Garden a few years ago attracted more attention than any other plants exhibited at the time. The common name is given with reference to the prickly nature and curious formation of the branches, which put through the monkeys that attempt to climb them. The habit of the plant, as shown in our picture, is fine and decorative as well as interesting. It is hardy in England and in some portions of this country, but in our locality can be grown only in pots. In different sizes. Price on application.

ARALIA Chebrieri. All the Arajas have beautiful leaves. $2.

A. elegansis. $1.

A. filicifolia. $2.

A. Cufufoe. 50 cts.

A. Kerchoves. $2.

A. quinquifolia. $1.50.

A. Sieboldii (Putas japonica). 50 cts.

A. reticulata. $1.

A. — albo marginata. $1.

A. Veitchii. $1.50 and upward.

A. — graciilima. $2.50.

A. Victoria. $1.

ARDISIA crenulata. Bright scarlet berries. 50 cts.

A. crispa. Crimped leaves; larger berries. 50 cts. to $1.

ARUNDINARIA Bidwelli. $3.

A. excelsa. An especially handsome variety, with silver leaves. $5.

A. robusta. $5.

A. Napoleon Baumanii. $3.

A. robusta compacta. $3.

ASPARAGUS. See Stove and Greenhouse Vines.

ASPIDISTRA. The Aspidistrae have glossy, palm-like leaves that are exceedingly ornamental and durable. The plant is of strong growth, easy culture, and thrives well in almost any position. A well-grown specimen, with its great spreading crown of many shining, curving leaves, is always much admired. An excellent hall or corridor plant.

A. lurida. Glossy green leaves. $1.

A. — variegata. Leaves beautifully edged and marked with white. $1.50.

BEGONIAS. No other genus of such ready growth includes at once so many species of beauty, both in flower and foliage. Those offered below are all distinct and noteworthy.

B. glaucophylla scandens. $1.50.

B. macrophylla. 75 cts.

B. manicata aurea. Blotched leaves. 50c.

B. — aurea variegata. $2.

B. rubra. Waxen red flowers. 50 cts.

BECONIAS, Lemoine's New Hybrid, including Vernon and other grand beggars. Price on application.

B. — var. Clore de Lorraine. See New and Rare Plants. $2.

B. Schaffiana. White flowers and velvety leaves. 25 cts.

BEGONIAS, Rex. A fine assortment. 25c.

B. Louis Closson. Leaves purplish gray. 50 cts.

BERTOLONIA marmarata. Beautiful leaves. 50 cts.

B. pubescens. $1.

B. Van Houettei. Leaves finely marked with pink. $1.

BILLBERGIA. Handsome plants, with elegant flowers, borne in light panicles; of easy growth, and valuable for decorative purposes.

B. Baraquiniana. $1 and upward.

B. Leopoldii. $1 to $2.

B. nutans. Long spires of rosy flower-bracts. $1.50.

Stove and Greenhouse Plants—Continued.
FANCY CALADIUMS AND THEIR HYBRIDS.

The Fancy Caladiums are a superb race of ornamentals, with leaves richly painted in all manner of colors and markings. Many of the varieties have fine dwarf habit and show exquisite leaves, delicately veined, like the one in our picture. In recent years these plants have grown very rapidly in popular favor, not only for brightening conservatories, window boxes, etc., but also for bedding out in partly shaded, sheltered borders, well enriched with light soil where the ground has become warm. For exhibition plants at shows and fairs during summer and fall months they are also admirable. $4 per doz.; specimens, $1.50 and up.

FANCY HYBRIDS. We have imported from Rio Janeiro a superb and extensive collection of the choicest Fancy Hybrids, including leaf types of rare markings and richest colors. $9 per doz.; specimens, $2.50 and upward.

CURMERIA WALLISII.

When better known this plant will doubtless displace some commoner, more familiar forms now used for the same purpose. It is an Aroid, and has long, broad, feathery leaves of polished green, bordered with white and blotched with golden yellow on the upper surface. The plant is not exacting as to culture, and the broad, bright blotched leaves are both durable and beautiful. We need more plants of this kind to give variety and interest to decorations and collections. However, fine plants in a collection may be, an air of sameness destroys half their interest and beauty. $1 and upward.

Stove and Greenhouse Plants—Continued.

CROTONS.

No plants of any kind can give their owner more pleasure than a fine collection of Crotoms. There are scores of most distinct varieties,—with broad, smooth leaves that are beautifully painted, with narrow, curled, fantastic ones, with leaves curiously cut and lobed,—all bright, glossy and firm-textured. We have a superb stock of highly colored plants, of which the following are the most distinct varieties. All are in fine condition for bedding or house decoration. Write us for prices on large quantities. See also next page.

CROTON ilustris. Very brilliant in coloring. $1.
C. interruptus. Dark purplish green above; crimson midrib. 35 cts.
C. var. Lady Zetland. Of brilliant coloring and graceful habit. $2.
C. maculatum Katonii. Bright green leaves with round yellow spots. 75 cts.
C. majestum. Green and yellow, changing to olive and crimson. 50 cts.
C. var. Mrs. Chas. Heine. 50 cts.
C. var. Mrs. H. F. Watson. Bright, brassy crimson, striped, spotted and blotched with rich golden yellow and edged with salmon; midribs and veins bright red. 50 cts.
C. musaicum. New: waxy oblong leaves; crimson, green and cream. 50 cts.
C. Nestor. A broad crimson midrib, spotted margin, and bright yellow center. $1.
C. nobile. $1.
C. ovalifolium. 50 cts.
C. pictum. Rich crimson, blotched green and black. 75 cts.
C. picturatum. Highly colored. 50 cts.
C. var. Queen Victoria. Golden yellow, mottled green; ribs magenta. 50 cts.
C. recurvifolium. Broad curled leaves of striking variegation. 75 cts.
C. rosea picta. 50 cts.
C. ruberrimum. Crimson, marked with creamy white. $1.
C. rubrum striatum. $1.
C. spirale. Bright colored, quaintly curled spiral leaves. 50 cts.
C. var. Sunbeam. Dark brassy leaves. $1.50.
CROTONS.

We know of nothing that can excel the beauty and richness of coloring that is found amongCrotons, and they have many uses. They are beautiful as pot plants for the conservatory, making handsome specimens for decorative and exhibition purposes, and are now used extensively as bedding plants, for which purpose they are exceptionally well adapted. They should be planted in full sun, in a position where they can be liberally supplied with water, which develops the most wonderful colors in the leaves. The brightest and most attractive beds of Crotons are in the parks of this and other large cities, for the last few years, been formed entirely of Crotons. We have, perhaps, the largest and the choicest stock of Crotons in this country, and think that we may offer it to the most fastidious of our customers with pardonable pride. The list of varieties will be found on the preceding page and in the columns below.

Stove and Greenhouse Plants—Continued.

CROTON tortilis. 50 cts.
C. tricolor. Shining green and golden yellow; lower surface reddish green. 50 cts.
C. triumphans. Greenish bronze and rosy crimson. $1.
C. undulatus. Crimped leaves. 75 cts.
C. Veitchii. Rose and carmine-purple. 75 cts.
C. Victory. Orange-yellow, blotched crimson. $1.
C. Williamsii. Crimson and yellow. 75 cts.
C. Youngii. 35 cts.

CURCULICUS. Very ornamental foliage plants, of an elegant palm-like habit, valuable for vases and Jardinières, and for summer use outdoors. We have a fine stock.
C. recurvata. Elegant dark green leaves. Resembles a young coconunt-palm. 50 cts.
C. variegata. Handsome leaves, beautifully banded with clear white stripes; a grand plant. 75 cts.
CURMERIA picturata. Beautiful Maranta-like leaves, marked with silvery white. 50 cts.
C. Wallisii. Described on page 29. 75 cts.
CYANOPHYLLUM magnificum. Grand leaves of velvety green and rich brownish purple. $3.50.
DAPHNE indica alba (D. odorata). Dainty pink and white, sweet-scented flowers. 50c.
D. — rubra. 50 cts.

DATURA cornucopia. Large, white funnel-shaped flowers. Fine on the lawn. 50c.
DIEFFENBACHIA. A large genus of very beautiful and ornamental foliage plants. See also, page 22.
D. Baraquianiana. $1.
D. Bausel. Described on page 22. 50c.
D. Cheloni. $1.50.
D. imperator. Leaves blotched yellow. $2.50.
D. insignis. Leaves dark green, with irregular angular blotches of yellow. $1.50.
D. Leopoldi. 75c.

DIEFFENBACHIA magnifica. $1.50.
D. majestica. Leaves dark green, with bright yellow blotches. 75c.
D. nobilis. $1.50.
D. Regina. Greenish white, mottled and blotched with light and dark green. 25c.
D. Rex. 50c.
D. splendens. $1.
D. triumphans. 50c.
DIONAEA muscipula. The curious carnivorous "Venus' Fly Trap," native in some of our southern states. 50c.

DRACAENAS.

Including Cordyline and Aletris.

These plants have great and varied beauty of foliage, and are easily grown and cared for, many of them thriving well in ordinary sitting-rooms. As decorative plants, they are unequalled as to elegant habit of growth, attractive variation of color, and indifference to exposure. Unlike many other plants of similar habit, they are distinct and decorative even when very young. We grow enormous quantities annually, enjoying especial advantages in obtaining propagating material from our own tropical nurseries in Trinidad.

DRACAENA albo-marginata. Leaves margined with white. $1.50.
D. amabilis. Long, rather broad leaves of bright glossy green, marked and suffused with pink and creamy white. 75 cts.
D. var. American Florist. Green, white and rose. 1 to 2$.2.
D. argenteo-striata. See New Plants. 3.
D. Australis. Oblong lanceolate leaves, with many parallel veins. 75 cts.

DRACAENA Australs aurea-striata. See New Plants. 3.
D. Baptistii. Stem and leaves are striped with yellow and pink. 75c.
D. Bausel. 50c.
D. bella. Small purplish leaves, marked red. 50c.
D. Braziliensis (D. Echscholtziana). Robust, with broad green foliage. Handsome and of fine habit. 50 cts.
SPECIALTIES IN STOVE AND GREENHOUSE PLANTS.

CHOICE DRACAENAS.
“Dragon Trees.”

These are standard plants for all sorts of ornamentation. The firm-textured, enduring leaves, be they broad or narrow, spreading or recurved, in all cases preserve a distinctly graceful and stately habit. They have, also, a marked individuality in the gay painting of their leaves, the young growth of which is especially bright. They are of easy culture, and keep a fine appearance through many hardships.

DRACAENA AMABILIS. Strong-growing; leaves prettily variegated with green, white and pale violet, turning to rose. 75 cts.

D. FRAGRANS. A superb African species, with beautiful leaves of deep green, lighter in the young growth. Fine for piazzas and hallways. 50 cts. and upward.

D. LINDENI. A beautiful variegated form of D. frangrans. It has broad green foliage, showing wide satiny stripes of golden or creamy yellow. $2.50.

D. MASSANGEANA. In this handsome variety the color variegation is in the center of the broad satiny leaf, instead of on the edges. A good plant is shown on the last cover page. One of the finest sorts in cultivation. $2.

D. IMPERIALIS. Leaves green, changing to rose; margin creamy white; particularly handsome. $1 and upward.

D. SANDERIANA. From our illustration it will be seen that this charming little plant is of very distinct character, neat and natty enough for any use whatever. The narrow leaves are of thick, heavy texture; color light silvery green, beautifully bordered with creamy white. Three to nine plants massed together in pots make elegant specimens, and lately there is a fad for making it up in the center of jardinières, with other species, like D. indivisa, in a circle around it. 50 cts. and upward.

D. TERMINALIS. Rich crimson foliage, marked with pink and white. A very beautiful, well tried old form. 50 cts.

D. YOUNGIL. Novel and most attractive. The light green leaves are streaked with deep red, and gradually change to a burnished copper color. 75 cts.

Other choice varieties of Dracaenas are offered on the preceding page, and below, in our General Collection of Stove Plants. We have a grand stock of Dragon Trees, and devote more space to them than any firm in America.

Stove and Greenhouse Plants—Continued.

DRACAENA congesta discolor. Very tough, hardy, and unsurpassed for decorations. $1.
D. Cooperi. Deep vinous red; a very effective color. $1.50.
D. De Smetiana. A very fine new sort. See New and Rare Plants, page 4. $5.
D. Draco. The true "Dragon's Tree." The glaucous leaves are especially fine when young. We have some fine large specimens. Price on application.
D. ferren. Broad, dark crimson foliage; very handsome. 50 cts.
D. Fraseri. Broad and rather erect leaves of blackish purple, with glaucous bloom and marginal stripe of rosy lake. $1.
D. frutescens. 75 cts.
D. Gladstoe. A broad-leaved variety of good habit, with leaves of brilliant crimson. $1.
D. Codseffiana. See New and Rare Plants, page 4. 50 cts. to $1.

DRACAENA Goldiana. An exquisite and distinct form, with peculiar zebra-striped leaves and very compact, vigorous habit. $2.50.
D. Hendersoni. $2 and upward.
D. hybrida. Deep green, margined with rose; creamy white young leaves 75 cts.
D. imperator. $1.50.
D. indivisa. Long, tapering, pendent leaves of dark green. Is not injured by sun and wind in the most exposed situations, and is, therefore, the best sort for centers of vases, hanging baskets, etc. Not showy, but very graceful and fine. 50 cts.
D. atropurpurea. See New and Rare Plants, page 4. Price on application.
D. — lineata (D. aurea lineata). Broader leaves, stained pink. 50 cts.
D. Jardiniere. Very dwarf; leaves narrow, margined white. $1.
DIEFFENBACHIAS.

A charming variety among the foliage plants upon which we depend so much for bright ornamentation can be given by a more liberal use of the Dieffenbachias, which are noble heat-loving plants, with very broad, fine leaves as handsomely pointed as the Croton's. They begin to be very useful when small, and fine old specimens grow 6 to 8 feet in height. To all with whom they are not already favorites, we would recommend them as among our very handsomest and most serviceable foliage plants.

DIEFFENBACHIA BAUSEI, the variety illustrated, is a very handsome plant, with broad leaves, a foot or more in length, on white petioles; their surface is a bright, sunny, golden green, margined and irregularly blotched with dark green, and profusely spotted with white. $1.

FICUS ELASTICA.

Rubber Plant.

The thick, polished, dark green leaves of this fine old plant seem formed especially to resist the dust and gas to which plants in dwelling houses are exposed. Its large, shining leaves and erect form are always much admired. 50 cts. and up.

FICUS ELASTICA AUREA VARIEGATA.

Variegated Rubber Plant.

In habit and enduring nature like the plain green form. This plant is also brightly variegated, its leaves being broadly and irregularly splashed with creamy yellow. It forms a beautiful contrast with plain green foliage of all sorts. $1 and up.

We make a specialty of both plain and variegated Rubber Plants, and offer superb plants in fine condition.

Stove and Greenhouse Plants—Continued.

DRACAENA Knerkii. Leaves glossy, lighter green, not so pendulous as in D. fragrans. 75 cts.
D. var. Little Gem. Bronze-green and pink; dwarf and dainty. $2.
D. metallica. Purplish bronze. $1.
D. Mrs. C. E. Havemeyer. Salmon-pink and rosy red. $2 to $2.50.
D. Mrs. H. McK. Twombly. Of strong, upright growth; leaves blackish crimson, with young growth of brightest pink and rose. $3 to $5.
D. nigrorubra. Dark brown leaves with rosy erinum centers; young leaves bright, rosy crimson. A bold and fine sort. 75 cts.
D. Norwoodiensis. Leaves broad-yellow, green and crimson. Of dwarf and compact habit; fine and elegant in every way. One of our very best Dracenas. $1 and up.
D. regina. A handsome species. 75 cts.
D. salomea. $1.
D. Sanderiana. Distinctly novel and pretty. See page 31. 50 cts.
D. Scottii. Exceedingly broad and substantial foliage—deep green, erinum-edged and lanceolate. A noble plant for exhibition. $1.50.
D. — grandis. One of the strongest and most robust-growing sorts of the highly colored species. 75 cts.
DRACAENA terminalis. This fine, extremely handsome species we can furnish in beautiful color at all seasons, in quantities at moderate prices. 50 cts.

FRANCESCIA calycina major. Flowers purple, fragrant, in large trusses. $1.50.
F. Hopeana. Purple and violet. $1.
CARDENIA florida fl. pl. Cape Jasmine. 25 cts.
HEDYCHIUM coccineum. Flowers red. 50 cts.
H. flavum. Yellow flowers. 50 cts.
HELICONIA. These magnificent plants are native of tropical America, where they rival even the Musaas, to which they are allied, in beauty and majesty of foliage. Some of the varieties have huge, palmate-like leaves, followed by great scarlet and black blossom-sheaths of richest tints and colors. Their value for ornamental work we cannot emphasize too much.
H. angustifolia. $1.
H. atropurpurea. New. $1.50 to $5.
H. aureo-striata. A grand plant, with beautiful yellow striped leaves. $1.50.
H. rubicola. New. $1.50 to $5.
HIBISCUS rosa-sinensis chrysanthus. A shrubby form with large yellow flowers. $1 and up.
H. — carneo-pleno. $1.
H. — Cooperi. Leaves marked with white, pink and crimson. $1.50.
MARANTAS.

For these superb foliage plants we would speak more especial favor. Their leaves are beautifully marked and feathered with various shades of color, the latter sometimes being very bright. As a rule, their thick texture makes them quite hardy and enduring, and their culture is very simple. The plants are dwarf, compact, and ornamental. The arrow-root of commerce is made from the roots of some species of Marantas. We have a large stock of all desirable varieties. See below.

**MARANTA ZEBRINA.** Zebra Plant. Well known and unsurpassed for general usefulness. Leaves light green, barred with velvety stripes of a darker purplish color; under surface dull purple. $1.

**HYDRANGEA.** For Easter decoration these are second in importance only to lilies and azaleas. They are particularly for the decoration of lawns and porches in summer time, if grown as specimens in large tubs. The plants cover themselves with great showy balls of bloom, and remain beautiful for months. They can be wintered in any cool cellar with little trouble, and their value and beauty is doubled every year. We carry a large stock of plants in all sizes, and can supply them in full bloom, in tubs for midsummer flowering, and in almost any condition desired.

- **H. — caeruleus.** Bright blue flowers. 75 cts.
- **H. — rosea.** Rose color. 50 cts.
- **H. — Thomas Hogg.** Pure white. 25 cts.
- **H. Otaksa.** Pink flowers. 25 cts. to 50 cts.

**IMPATIENS** Hawkeri. Brownish red flowers. 25 cts.
- **I. Sultana.** Rosy magenta flowers. 25 cts.
- **IXORA** alba. White flowers in large trusses. 50 cts.
- **I. Cheliai.** Orange salmon, shaded pink. 50 cts.
- **I. cocinea grandiflora.** Large flowers of bright red. 75 cts.
- **I. Colei.** Pure white; a splendid species. 50 cts.
- **I. conspicua.** Buff-yellow flowers. 50 cts.
- **I. princeps.** 50 cts.

**IXORA Prince of Orange.** 75 cts.
- **I. Reginae.** 75 cts.
- **I. Williamsii.** Reddish salmon. 75 cts.
- **LASIANDRA macrantha.** Violet-purple flowers in winter. 50 cts.
- **LAURUS nobilis.** See page 56.

**MARANTA.** We have a grand stock of these beautiful leafed plants. All those in the list below are fine varieties. For full description, see above.

- **M. albolineata.** 75 cts.
- **M. Bachemianii.** 35 cts.
- **M. bicolor.** $1.
- **M. eximia.** 75 cts.
- **M. fasciata.** $1.
- **M. Coveneana.** 50 cts.
- **M. Kerchovianna.** 50 cts.
- **M. Lindenii.** $1.
- **M. Littii.** 75 cts.
- **M. Makoyana.** $1.
- **M. Massangeana.** $1.
- **M. micans.** 50 cts.
- **M. ornata picta.** $1.
- **M. Porteana.** 50 cts.
- **M. princeps.** 50 cts.
- **M. regalis.** $1.
- **M. rosen picta.** $2.
- **M. sanguinea.** 75 cts.
- **M. tubiflora.** $1.
- **M. undulatum.** 50 cts.
- **M. Vanderheckii.** $1.
- **M. Veitchii.** One of the handsomest species, with distinct markings, is shown in our engraving. $2.50.
- **M. Zembrina.** Leaves unusually rich and handsome. Shown above. $1.

**NIDULARIUM STRIATUM.**

The Nidulariums form one of the handsomest and most important groups in the whole race of Bromeliads. The variety illustrated is a beauty from Brazil, with bright green leaves from 8 to 12 inches long, brightly striped with creamy white and yellow. The margins of the leaves have small spinose teeth. It is somewhat rare as yet, and gives an air of distinction to decorations of any kind, for which we recommend it as a capital and very striking plant. Old, well developed specimens are especially fine. $10.

**STOVE and GREENHOUSE PLANTS—Continued.**

| **HIGGINSONIA refugens.** Large and handsome foliage. | $0.50 |
| **HYDRANGEA.** For Easter decoration these are second in importance only to lilies and azaleas. | |
| **IMPATIENS Hawkeri.** Brownish red flowers. | 25 cts. |
| **IXORA** alba. White flowers in large trusses. | 50 cts. |
| **IXORA Prince of Orange.** | 75 cts. |
| **LASIANDRA macrantha.** Violet-purple flowers in winter. | 50 cts. |
| **LAURUS nobilis.** See page 56. | |
| **MARANTA.** We have a grand stock of these beautiful leafed plants. | |
| **METROSIDEROS semperflorens** (Callistemon). Evergreen trees, mostly with flowers; from the Pacific Islands. | $1. |

---

**Stove and Greenhouse Plants—Continued.**

Maranta Zebrina.
Nepenthes, or Pitcher Plants.

We Devote one Entire House to these Plants.

A good selection of Pitcher Plants adds wonderful interest and variety to the contents of a greenhouse. They are so odd and striking that people who care little for other flowers are at once attracted by them, and the attraction deepens into fascination. The long leaves are thick, glossy, and at their tips are modified into curious pitchers that hold water and drown insects, which are supposed to furnish nutrition to the plants, thus giving them a reputation for being "carnivorous." The pitchers are of various shapes and sizes, most of them brightly blotched and veined with red and yellow. Our collection is unequalled.

**Nepenthes Sieberchtiana.** One of the grandest new hybrids yet introduced. A free and vigorous grower, producing its great pitchers freely. It resembles *N. Amsianiana* more than any other variety, though its pitchers are of lighter color, and the dent on side of each one makes the variety quite distinct. Price on application.

**Nepenthes Dicksoniana.**

**Nepenthes Mastersii.** No. 1. The true dark variety, beautifully colored with deep red, purple, pink and cream. One of the most distinct and showy sorts. $5.

**Nepenthes Mastersii.** No. 2. A new hybrid. $3.50.

**Nepenthes Morganiana.** $3.50.

**Nepenthes Northiana.** Very large green pitcher, spotted with purple. Price on application.

**Nepenthes Osborniana.** $2.50.

**Nepenthes paradisa Henryana.** $3.

**Nepenthes Pattersonii.** $2.50.

**Nepenthes picturata.** $3.50.

**Nepenthes punctata.** $2.

**Nepenthes Rafflesiana.** The true East Indian species, remarkable for the long processes supporting the pitchers. This grand old species is still one of the best. Price on application.

**Nepenthes Insignia.** $2.50.

**Nepenthes Rufescens.** Rare. Price on application.

**Nepenthes Savageana.** Much like *N. Crowsiana*, but differs from that variety in that the pitchers are not quite so long but broader, like those of *N. Hookeriana*. $3.50.

**Nepenthes Sedeniana.** Light green pitchers, blotched brownish crimson; a fine hybrid. $2.

**Nepenthes Swartzii.** $2.

**Nepenthes Taplinii.** $4.

**Nepenthes Tildeniana.** A fine hybrid, with gorgeous pitchers resembling *N. Sieberchtii*; a very strong grower. $6.

**Nepenthes Veitchii, (New.)** Very large pitchers of light green. Price on application.

**Nepenthes Williamsii.** $7.50.

---

**Stove and Greenhouse Plants—Continued.**

**Musa.** The magnificent leaved Bananas. $1.

**M. Cavendishii.** The real Banana. $1.

**M. Ensete.** Abyssinian Banana. $1.50.

**M. Zebrina.** $2.

**Nidularium.** Sometimes classed with Karatas. All are beautiful South American Bromelid. See page 33.

**N. Mackoyanum.** $10.

**N. maculatum.** $2.

**N. princeps.** $1.50.

**Phyllocladus spectabilis.** $3.

**N. striatum.** A grand ornamental, described and figured on page 33. $10.

**Ophiopogon japonicus variegatus.** Flowers violet; foliage variegated. $1.

**Panax Victorialis.** Leaves edged white. 50c.

**Pandanus.** These are the "Screw Pines," with glossy, spirally arranged leaves.

**P. Baptistii.** New. See page 33. $2.50 to $15.

**P. Forsteriana.** $1.

**P. grahamioli.** $1.

**P. javanicus variegatus.** $1.

**P. utilis.** Leaves rich green, with small red spines at the edges. 50c.

**P. Veitchii.** Illustrated and described on page 33. $1.

**Phormium.** The Flax Lily or New Zealand Flax. Excellent greenhouse plants of distinct habit.

**P. tenax.** $1.

**P. atropurpureum.** Elegant purple leaves. $2.50.

**Phyllum variegatum.** $1.

**Phyllum gaucescens.** Price on application.

**P. rosea picta.** A beautiful variety, with delicate rosy flowers. $1.

**Phyllocladus spectabilis.** $3.

**Pithecomia lindenii.** A most beautiful foliage plant, with large calla-like leaves of velvety green, zebra-striped and veined with white. $1.

**Pitcairnia corallina.** $2.

**Poinsettia pulcherrima.** This is a great favorite at the Christmas season on account of its flashing color. The plants have brilliant velvety scarlet bracts nearly a foot across at the ends of the branches. Most conspicuous and striking. 50 cts.

**Rohdea.** Valuable for their handsome leaves, somewhat like those of the Apsi-

**R. Japonica var.** 50 cts.

**R. macrophylla aurea marginata.** 50c.

**Ruellia Devoniensis.** The flowers of this genus are exceedingly bright and attractive, and borne quite freely. The plants are easily grown. 50 cts.

**R. macrantha.** Flowers magenta-pink, and borne in great clusters. 75 cts.

**Sansevieria guineensis.** 50 cts.

**S. zeylanica.** A tough and useful decorative plant. 50 cts.

**Sarracenia.** Pitcher Plants, Side-saddie Flowers, etc.

**S. Courtilii.** A beautiful new hybrid of remarkably distinct character; has beautifully colored pitcher-shaped leaves and is of good habit. $3.
PANDANUS, OR SCREW PALM.

We devote much space to the growth of Pandanads, which grow more popular every year, but can never be termed "common." Beautiful, and not easily injured, they have indeed become indispensable to all who love to keep their rooms and conservatories looking bright, and to have some plant that seems "just the thing" for any purpose or situation.

PANDANUS VEITCHII, the variety illustrated, is an especially elegant form, marked with broad bands of white on its glossy, graceful leaves. Our stock is large, the finest and most beautifully colored to be found in the country. $1.

P. UTILIS. The pretty, plain green-leaved form. 50 cts.

P. BAPTISTII. New. One of our specimens measures 4½ feet, has 35 leaves, and grows in a 12-inch pot. Price on application. Smaller specimens, $2.50 to $15.

Stove and Greenhouse Plants—Continued.

SARRACENIA Drummondii. Upright; highly colored. $1.
S. flava. White or pale yellow pitchers. $1 to $1.50.
SCHISMATOGLOTTIS Robellina. Fine leaves, beautifully marked with silvery lines. $1.
S. Siamensis. White-flecked leaves. $3.
SCUTELLARIA Mocciniana. $2.
SKIMMIA Japonica var. A fine plant, with glossy variegated leaves, fragrant flowers and a profusion of red berries. 50 cts.
SONERILA. Dwarf-growing, with silvery dotted and velvety foliage. S. argentea. 50 cts. S. morrata. 50 cts.
SPHEROCYNEM Iatifolia. Superb decorative plants, with wonderful foliage, elliptic in shape, and of extreme beauty in both texture and coloring. $3.
STREPTOCARPUS. The Cape Primrose. Pretty flowering plants from South Africa and Madagascar. S, New Hybrids. Plants to bloom this season. 50 cts.

THEOPHRASTA imperialis. An imposing decorative plant from South America. Price on application.

TILLANDSIA and Vriesia. All the flashing brilliancy of these odd plants depends upon the vividly colored bracts of their long flower-scapes. They depend upon the air alone for their sustenance, and look like tropical birds of gay plumage as they swing suspended on their rafts. They are exceedingly easy to grow, needing only to be wired to a block of wood, and given plenty of water and a warm temperature. Besides their bright flowers, some of them have beautifully mottled leaves, and all are most valuable for stovehouse decoration.

TOXICOPHORAE spectabilis. Winter Sweet. Flowers white, in a dense spray, frequently over two feet long; perfume sweet and powerful. The blooms are produced in spring; an interesting and valuable plant. $1.50.

ORNAMENTAL GRASSES.

The Grasses are so essentially graceful that they take away the stiffness and formality of groups of many otherwise handsome plants. All those marked with a star (*) are somewhat tender, and should be lifted and placed in a coldframe or cellari during winter. Some good beds of Grasses are shown on page 51. The plants are strong and free-growing, and each stem is tipped by a beautiful plume.

ARUNDO conspica.* A rare and very handsome form, bearing silvery white flowers, which are beautiful for months. 50 cts.
A. Donax.* The Great Reed. 25 cts.
BROMUS brizeiformis. A hardy perennial grass of great beauty; especially fine for winter decorations. 25 cts.
CYPERUS. Very ornamental rush-like plants, which serve admirably also for aquatic planting. They make very handsome pot plants.
C. alternifolius.* Has straight stems, with the long, narrow leaves radiating from the top at right angles, in an umbrella form. 25 cts.
C. — variegatus.* A beautiful variegated form. 75 cts.

EULALIA. The most ornamental Grass known. Dried plumes of Eulalia remain beautiful for years.
E. gracilimanum univittatum. Not so tall-growing as E. Japonica. The narrow foliage has a distinct white band down the center of the leaves. 30 cts.
E. Japonica. This, the typical Eulalia, is more vigorous and has larger plumes than any of its varieties. 5 feet. 30 cts.
E. — variegata. Similar to the last, but with finer, longitudinally variegated leaves. 5 feet. 30 cts.

CYPERUS. The true Pampas Grass. A stately plant, bearing magnificent silvery white plumes in the fall; the latter are largely brought from California in a dry state for winter ornaments. The plants are hardy if protected slightly. They form grand clumps. 35 cts.
PAPYRUS antiquorum. For description, see Aquatic Plants. $1.
STIPA pennata. Feather Grass. One of the most graceful of Grasses, with fine feathery flowers; valuable for summer planting and for winter ornaments. 15 to 20 inches. 25 cts.
Tender Bulbs and Tubers.

Many of our most showy and brilliant flowering plants have bulbous or tuberous roots, which, with but a minimum of care, are very free of bloom. **Our Amaryllids will be found worthy of especial attention;** we make a specialty of this superb genus, and are headquarters for it. Some of the species are peculiarly adapted to house culture, thriving exceedingly well in an ordinary window, and presenting their brilliant flowers in winter and early spring. We have many rare species, and grow them to great perfection at our Tropical Nurseries in Trinidad. The beautiful new hybrids are fine for early forcing.

**HYBRID AMARYLLIS.**

Among all brilliant flowering bulbs, these are certainly of the greatest beauty and value for house culture. The lovely and showy flowers have a great range of color, and many of the hybrids are of such richness as to make it almost impossible to do them justice. Our Tropical Nurseries at Trinidad give us superior opportunities for the rapid and perfect growth of Amaryllis.

**ALL BRILLIANT-FLOWERED AND VERY CHOICE.**

**PRICE $1 EACH.**

Trinidad Hybrids. Grown in our West India Nurseries.

Catharine Waterbury. New and rare.

Empress of India. Thomas Speed.

Dutch and English Hybrids.

See, also, New Plants, for other choice varieties.

**CYCLAMEN.**

These are now among our most important winter-blooming plants, producing quaintly elegant and lovely flowers well above the cordate, silver-splashed leaves.

* Cyclamen persicum. Extra large tubers, 25 cts. each; $2.50 per doz.

C. giganteum, Rose Hill Strain. The very best forms and colorings yet produced are included in this strain of our own selection. Rose Hill leads in Cyclamen, as in many other kinds of flowers. 50 cts. each, $5 per doz.

---

**General Collection of Tender Bulbs and Tubers.**

**ACAPANTHUS umbellatus.** A very fine blue flowering plant of easy cultivation. $1.

**AMARYLLIS,** including Hippeastrum. See above.

A. Belladonna. A very ornamental species, with gorgeous heads of flowers, ranging from white to a purplish hue. $1.

A. equestre. A grand old species. 50 cts.

A. major. A showy variety. 50 cts.

A. (A. Spruthiae) formosissima. 25 cts.

A. Gravesana. Richly colored. $1.

A. Johnsonii. Red flowers, striped white. 50 cts.

A. pardinum. Flowers rich cream, dotted with crimson. 1.50.

A. — Hybrids. In several fine sorts. 2.

A. recticulatum. Beautiful pink and white flowers. 2.

A. — Hybrids. In fine sorts. 1.

A. vittata. Flowers clear white, with double red stripes in each segment; a splendid sort. 50 cts.

A. — Hybrids. The finest assortment. 1.

A. — Reginae. Hybrids; fine bulbs. 1.

**ARUM sanctum.** The Black Calla. 2.

**BEGONIAS, Tuberous.** For pot plants, as well as for bedding, these Begonias are superb.

**Best Single Varieties.** All colors, 20 cts. each. 25 cts.

**Best Double Varieties.** All colors, 40 cts. each. 40 cts.

**CRINUM amabile.** Beautiful rosy crimson flowers. 2.

**CRINUM Americanum.** Large pure white flowers. 1.50.

C. capense (Amaryllis longifolia). 50 cts.

C. noble. 2.

C. ornatum. 2.

**CYCLAMEN.** See above.

**EUCARIS Amazónica grandiflora.** The Amazonian Lily, also called "Star of Bethlehem." 50 cts.

E. Sanderiana. A new Eucharis. 75 cts.

**FREESIA refracta alba.** White flowers. 75 cts. per doz.

**GLOXINIA speciosa Hybrids.** 25 cts. each; 6 fine varieties for 1.25, 12 for 2.

**GRIFFINIA Blomonavia.** White and pale rose flowers. 2.

C. hyacinthina. Blue and white. 2.

**IMANTOPHYLLUM minutum.** Deep orange flowers. 2.

I. — grandiflorum. Flowers larger and darker. 2.

I. nobilis. A grand variety. 1.50.

I. — New Hybrids. 2.

**OXALIS floribunda.** Pretty basket plant. 25 cts.

O. lutea. Pretty basket plant, flowers yellow. 25 cts.

**PANCRAIUM ovatum.** 2.

**RICHARDIA Æthiopica.** Calla Lily. 25 cts.

R. Eliottiana. Large flowers of rich carmine yellow. 30 cts.

R. hastata. Yellow flowers. 50 cts.

R. Pentlandil. Large yellow flowers. 50 cts.

**UTRICULARIA montana.** Bladderwort. Pretty and curious white and yellow flowers. 2.

**VALLOTA purpurea.** The Scarborough Lily. An Amaryllid, with beautiful red flowers, produced in summer. 30 cts.
Many of our tender climbers and creepers have very handsome flowers, while others are attractive for their beautiful foliage. For the walls and ceilings of greenhouses and conservatories, for windows, baskets, etc., they form beautiful drapery.

**ASPARAGUS SPRENGERI.**

The great value and desirability of this comparatively new plant have already been well proved. It is one of the quickest-growing plants we know, making great, pendulous masses of feathery fronds, often 5 feet long, in a short time. Its uses are entirely different from those of the other forms of Asparagus. Some foliage. to 75 cts. and upward.

Of the other popular forms of Asparagus we also have a fine stock. For its own particular use each has become indispensable. See below.

**BOUGAINVILLA GLabra SANDERIANA.**

This beautiful flowering plant fully justifies all that was claimed for it when introduced. It flowers in solid masses of rosy crimson, making a floral display that is really dazzling. It is valuable also on account of the length of time that the flowers continue—from early spring until midwinter. The plant is easily grown, blooms when quite small, and when it reaches large size makes probably the showiest specimen that can be grown. It is one of the finest decorative plants for Easter, and will unquestionably become one of the most important plants for decorative purposes at that season. $1.50 up.

Some better known Bougainvilles, all of them beautiful, are offered below.

**Collection of Stove and Greenhouse Vines.**

**ADIANUM caulatum.** For baskets and vases. 50 cts.

**ANTHERICUM vittatum variegatum.** 25c.

**ASPARAGUS.** Very light sprays of lasting foliage. Indispensable for cutting.

A. retrofractus arborescens. $3.

A. Sprengeri. See above. A. tenuissimus. 25 cts.

**BECONIA glucophylla scandens.** Delicate salmon flowers. A pretty basket plant. 75 cts.

**BIGNOCHI grandiflora superba.** Crinum-scarlet flowers. 50 cts. B. magnifica. Purplish crimson. 1.50. B. venusta. 50 cts.

**BOUGAINVilla.** These plants are very profuse and brilliant-flowered. We have grown in hanging baskets, or in large pots upon a plant stand, as shown in our picture, it rivals in pretty effects the Boston fern. In fine cut-flower work it is most useful, the fronds retaining their freshness for weeks. An excellent houseplant, as it withstands dry atmospheres and succeeds in almost any position. 50 cts. and upward.

**MANETTIA bicolor.** The hothouse species; flowers bright scarlet and yellow. 25 cts.

**MESEMBRYANTHEM.** Creeping plants, with bright green, glistening foliage; for edging beds or baskets. $1.

**PHILODENDRON pertusum.** $1. P. pictatifidum. $1. P. Ficus repens. Small, glossy leaves. A pretty creeper; for walls or baskets. 25 cts.

**HOYA bella.** Wax Flowers. 25 cts.

**IPOMEEA Larii.** Blue Moon Flower. $1.

**JASMINUM.** Handsome, fragrant flowers. J. gracillimum. 50 cts.

**LAPAGERIA.** Handsome greenhouse climbing shrubs, bearing lovely pendant waxen flowers.

**L. alba.** A very beautiful form, with spotted white flowers; an admirable contrast to the typical species, and will form a splendid ornament in a warm greenhouse. $2.50, $5, $15.

**L. rosea.** Rich rose crimson flowers. 1.50 to $5.

**LYCODIUM scandens.** Climbing Fern. 25c.

Asparagus Sprengeri.
SELECT CARNATIONS.

The following list embraces the cream of the standard and well-tried varieties, together with the best of the new introductions of 1898: 15 cts. each, $1.50 per doz.; set of 25 for $2.50.

Alaska. Very fine, large pure white.

Armazindhy. Pure white, lightly penciled with scarlet.

Bon-Ton. Bright warm scarlet; large, deeply fringed flowers.

Buttercup. Rich golden yellow, with a few streaks of clear carmine. The florets are full and very double.

Daybreak. Delicate flesh-pink.

Eldorado. Canary yellow, tipped carmine.

Empress. Rich crimson; finely fringed, extra fragrant.

Euphemia. A beautiful free-flowering white.

Flora Hill. This grand white has made a sensation wherever shown; stems long and moderately stiff; calyx strong; very fine in bloom, perfectly grand flowers.

Gold Nugget. Clear deep yellow, slightly marked with red.

Helen Keller. White, striped carmine.

Jubilee. Beautiful rich scarlet flowers.

Kitty Clover. A fancy light yellow variety, marked with carmine.

Lily Dean. A very large, bold and handsome flower; pure white, with delicate margin and penciling of clear pink.

Mayor Pingree. Clear lemon-yellow, lightly marked with pink and splashed white.

Melba. This is a grand combination of good qualities. A free, early and continuous bloomer; in point of color the finest pink Carnation yet produced; large, and of perfect form; very fragrant; has, long stiff stems. $2 per doz.

Meteor. One of the finest dark velvety reds.

Mrs. Jas. Dean. Clear silvery pink.

Mrs. McBurney. A strong-growing variety, with stiff stems and flowers of a pure salmon color, shaped like a camellia.

New York. Bright cerise pink; a fine flower.

Portia. Fine, rich scarlet; very free.

Princess Bonnie. Light pink ground, prettily marked with a darker shade.

Thomas Cartledge. Beautiful carmine.

Triumph. Pure pink with a tinge of yellow.

William Scott. Flowers large, rich pink.

Twenty-five Finest Exhibition CHRYSANTHEMUMS.

ALL FOREMOST IN THEIR TYPE AND COLOR. PRICE, 15 cts. each, $1.50 per doz.; the set of 25 varieties, $2.50.

Charles Davis. Light yellow, suffused with rich apricot; grand flowers of great size.

Col. William B. Smith. Petals very broad and large, forming a solid mass of richest bright golden bronze.

Eugene Dailedouze. There is nothing brighter and clearer in yellows. Flowers large, double; a free, easy grower.

Fisher’s Torch. Bright, fiery red; the richest shade in commerce.

Frank Hardy. A superb pure white variety with immense full, deep, rich, beautifully incurved in graceful folds.

George W. Childs. The best deep self-colored crimson in existence.

Golden Wedding. Of a rich golden yellow color, intense and dazzling.

Helen Bloodgood. A most beautiful clear pink; very large; spherical shape.

H. L. Sunderbruch. Bright golden yellow, of fine incurved form and large size.

Iona. Tubular petals of clear pink; a fine artistic flower; very large.

John Shrimpton. Bright velvety crimson-scarlet, of good size.

Maud Dean. Incurving, perfectly double, and of great substance; pink, almost rose.

Major Bonnaffon. Soft, clear yellow; form and finish perfect.

Mayflower. Magnificent large, incurved white.

Miss Minnie Wanamaker. Creamy white; very large.

Minerva. Large and massive; incurved; vivid golden yellow.

Modesto. Intense yellow, of slightly whorled form; very high, full center.

Mrs. A. J. Drexel. Large-flowering, early; crimson-lake; a half-globe.

Mrs. Jerome Jones. Waxen white, with broad, incurving petals.

Mutual Friend. A reflexed pure white, broad and deep.

Philadelphia. Of globular form; color white, illuminated with lemon-yellow on tips of petals.

Pleuro. A fine, bold flower of clear bright red; reverse of petals golden yellow.

The Queen. One of the grandest white exhibition varieties.

Vivian Morel. A beautiful light shade of pink.

We believe that this list contains the very cream of all Chrysanthemums.

Chrysanthemum, Helen Bloodgood.

EARLY-FLOWERING CHRYSANTHEMUMS. PRICE, 15 cts. each, $1.50 per doz., $8 per 100; set of 22 varieties, $2.

Ambrose Thomas. Red with golden reflex.

Baronne Briaillies. Large creamy white.

Clemont Chaillant. Fine, large yellow.

Edith Syratt. Roasy amaranth.

J. E. Lager. Very clear bright yellow.

La Vierge. The dwarfest and best white.

Longfellow. Blush white, of medium size.

Marion Henderson. Fine yellow.

Marquise de Mortemarte. Very fine pink.

Merry Monarch. Very large, pure white.

Mrs. Hawkins. Golden yellow; good form.

Miss Kate Brown. Early-flowering white.

Mrs. F. Bergman. Earliest white.

Mrs. E. C. Hill. Pearl-pink; large and full.

Mrs. Henry Robinson. A perfect ball of snow.

Mrs. J. G. Whilldin. Finest very early yellow.

Snow Queen. Snow-white; round.

Vice-President Hardy. Golden yellow, bordered crimson-rose.

Vicomtesse D’Avène. Violet-rose.

White Crumewald. White, reflex rose.

William Holmes. A fine crimson.

Yellow Queen. Early; clear yellow.
New Orchid-flowering Italian CANNAS.

The growth of all these varieties is similar and remarkably vigorous. Under good culture they grow 6 to 8 feet high, and their flowers frequently measure 6 inches across. Their petals are not so thick as those of the French varieties, and so do not last so long, but are produced continually with the greatest freedom.

**Africa.** Dark bronzy foliage; flowers orange-salmon, darkening to scarlet in the throat.

**Alemania.** Exceptionally large flowers; upper petals salmon, with broad border and markings of golden yellow; lower petal dark salmon, marked with yellow in the center. Foliage dark green.

**America.** Bronzy foliage, marbled with green; flowers rich orange-salmon, feathered and veined with scarlet.

**Austria.** Pure canary-yellow, with few reddish brown dots on the two inside petals.

**Burkbank.** Similar to Austria, but is more compact in habit.

**Italia.** Bright orange-scarlet, with a very broad golden yellow border; foliage is large and heavy, like that of Musa Ensete.

**La France.** Has darker foliage and more compact habit than America. Flowers orange-scarlet. Bloom constant and profuse.

- **Parthenope.** Dark orange, shaded with yellow.
- **Pluto.** Foliage rich bronze-red; flowers red, flamed with orange.
- **Prof. Treub.** Foliage purple; flowers orange-red, splashed with yellow.

**Price 15 cts. each, $1.50 per doz., $10 per 100; the set of 10 varieties for $1.25.**

NEW LARGE-FLOWERIN AMERICAN CANNAS.

**President McKinley.** Color brilliant crimson, with bright shading. Truss large, compact, of good shape and held well above the foliage; flowers produced freely and evenly. Foliage deep green, with marked chocolate margin. A compact, even grower, and one of the earliest bloomers, coming into flower when 14 inches high and blooming continuously thereafter. 3 feet high.

**President Cleveland.** It is of strong, robust habit, growing about three feet high, with rich green foliage. The flowers, which are bright orange-scarlet, are borne in enormously large trusses well above the foliage.

**Sam Trelease.** The greatest merit of this variety is that the flowers open out flat, making a large, nearly circular flower. In color it is the nearest approach to a pure scarlet yet introduced; the edges and center are marked with yellow, as in Madame Crozy. The plant grows about three feet high, with large, freely branching spikes of flowers thrown well above the foliage.

**Sunray.** An entirely distinct striped variety. The flowers are of large size, open out well, and are produced very freely.

- **Price, 30 cts. each, the set of 4 varieties for $1.**

CHOICE FRENCH CANNAS.

**Madame Crozy.** Bright crimson-scarlet, bordered with golden yellow. 4 feet.

**Mlle. Berat.** The nearest approach to a pink in a first-class bedder. When planted in masses the effect is both unique and striking. 4 feet.

These French CANNAS are of the most commendable character for outdoor bedding, the plants being of compact habit, with attractive foliage, and the flowers of the utmost richness of coloring.

- **Price, 15 cts. each, $1.50 per doz., $10 per 100; the set of 12 varieties for $1.50.**

DARK-LEAVED INDIAN CANNAS.

The special value of these is in their distinctive and most beautiful dark foliage, affording a splendid contrast to the other varieties.

**Black Beauty.** The handsomest Indian Canna yet introduced, with large, massive foliage of the richest bronze purple color, shaded with black, the edges of the leaves having a peculiar wavy margin. Where foliage effect alone is desired, nothing richer or more handsome can be found. 50 cts. each, $5 per doz.

**Queen Charlotte.** Scarlet - crimson, broadly banded with bright canary-yellow. 3 feet.

**Souvenir d’Antoine Crozy.** Scarlet-crimson, bordered with a broad rich golden yellow band. 3 feet.

**Bassett’s Red.** A grand bronze-leaved variety of the old Indian Canna, with intense bright bronze-red foliage; valuable either for massing by itself or for planting in connection with the dwarf French varieties. It grows about 5 feet high, is very uniform in habit, and a stately plant in every way. 15 cts. each, $1.50 per doz., $8 per 100.

Water-gardening is one of the delightful and refreshing fads for summer time. Water Lilies and other Aquatic plants can be grown so easily that cool little ponds, tubs or spacious tanks dimpled with their flowers are now favorite spots in all the best-planned gardens. The tender sorts can be removed to greenhouse or cellar upon the approach of winter, and, if not allowed to freeze or become dry, can easily be wintered over. Hardy sorts will succeed well in any stream or pond, and stand the winters in latitudes where the water does not freeze to the bottom of the pond.

We are well prepared to supply fine stock of these beautiful plants, and can give larger and stronger plants, true to name, for less money than any other firm. Special attention is asked for our stock of the finest Nelumbium in the world—N. album grandiflorum—and to our remarkably low price for it.

**OUVIRANDRA FENESTRALIS.** "The Lace Plant." An Aquatic from Madagascar, grown for its strange and beautiful leaves, which are a mere network of vascular tisue, resembling lace or lattice-work. They are oblong—from 6 to 8 inches long and from 2 to 4 inches broad—blunt-pointed, and spread out horizontally just beneath the surface of the water. The greenish white flowers appear in mid-summer, the flower-spikes splitting into two parts at the top. Grows best in water not more than 18 inches deep. Tender. $2.50.

**HARDY AQUATICS.**

Plants of the best size and quality, true to name, at lowest prices.

**NELUMBUM** speciosum. Selected stock. Flowers light Doz. 10

Special collections of the best and most distinct Aquatics, suited to either large or small ponds, made up at special rates. We furnish collections of Hardy Aquatics in 12 and 25 varieties at from $5 to $9 per doz.
Roses.—One of Our Specialties.

In praise of the Rose nothing new or important remains to be said. No flower will ever supersede it in popular estimation—not even the Orchid, so often counted as its rival. Our position as the largest commercial Orchid growers in America is well known, yet we affirm that one flower is as fair as the other, each having a distinctive beauty all its own. At Rose Hill the "Queen of Flowers" receives attention equally with Palms, Orchids and Ferns. We grow immense quantities of Roses for cut blooms, and test carefully all the sorts offered, retaining only those that pass the cruical trial of the New York rose-buying public, which quickly rejects anything not up to a high standard in color, form and fragrance. We also have carefully grown plants of the many superb hardy Roses without which no place, however small, is complete.

New Rose, BELLE SIEBRECHT.

This variety will, we believe, prove to be one of the most satisfactory Roses we have ever offered. It is as free-blooming as a Tea Rose and hardy as a Perpetual, a union of the two most desirable qualities in Roses. It is equally valuable for winter forcing as for summer blooming. The color is a unique shade of pink, clear and constant—just the shade long desired. Price, first size, 50 cts. each, $4.50 per doz.; second size, 40 cts. each, $4 per doz.; third size, 15 cts. each, $1.50 per doz.

New Rose, ADMIRAL DEWEY.

A sport from Madame Caroline Testout. Introduced as a hardy and valuable bedding Rose, vigorous in habit and free of bloom. The color is delicate blush-pink, shading to white; the shape is globular, expanding into a large, fragrant flower, quite double to the center; the stems are so long and stiff as to require little tying. $1 each, $9 per doz.

Roses for Winter-flowering and Forcing.

**PRICE:** 3 1-2-inch pots, $15 per 100; 4-inch pots, selected, $25 per 100.

- **American Beauty.** Brilliant carmine-pink.
- **Augusta Victoria.** Pure white; superb.
- **Bridesmaid.** Rich, clear pink; keeps amazingly well.
- **Bride.** Pure white; large, elegantly formed.
- **Meteor.** Velvety crimson-scarlet, dark and rich.
- **Perle des Jardins.** Canary-yellow; very fragrant.

**STANDARD or TREE ROSES.**

These Roses, as a rule, do not succeed so well in America as in Europe, where no well-appointed garden is complete without a collection of them. But years of experience have shown us that if treated in the manner prescribed below they will thrive well, forming handsome trees and giving little trouble. (1) They should be huddled or grafted upon Brier stock, not upon *R. canina* or Dog Rose. (2) The Brier stocks, when planted, should have good, fibrous roots, with no suckers starting from them, and if these should appear at any time they must be promptly removed. (3) Plant the Rose Trees in good, loamy soil, stake them well, and wrap the entire stem about an inch thick with yew-straw, tying on the wrapping with willows. (4) During very dry, hot weather, syringe the Roses often, preferably every evening after sundown. This will keep the stems moist, which is very essential. (5) After the first few light frosts the stems should be bent over into as nearly a horizontal position as may be, and covered with pine boughs, straw mats, or anything that will shade them from the sun. Dwarf Roses can be planted between and beneath the Standards, giving splendid effects. We keep in stock a choice selection of the **best varieties** only, all of which are 2 and 3 years old, from bud or graft. Trees of best quality, $5 each, $30 per doz.
Tea and Hybrid Tea Roses.

INCLUDING THE "EVERBLOOMING" ROSES AND THE NOISETTE HYBRIDS.

These are the sweetest of all Roses. While, as a rule, they are inferior to the Hybrid Perpetuals in brilliancy of color and fulness of flower, the distinction between varieties is equally marked, and for bouquets and cut-flowers they greatly excel all other classes. Like other tender Roses, their flowers improve in quality as the season advances, and reach perfection in autumn. In judging the merits of a Tea Rose, we do not always consider fulness of flowers a requisite. A Hybrid Perpetual is nothing if not at least moderately full, but some of our most valued Teas are compactly single, yet have exquisitely formed buds, and are, therefore, invaluable. The Teas are more tender than other classes, and need a little more care in their protection. We have rejected all varieties that are of feeble growth and unhealthy habit, retaining only such as combine beauty of flower with good constitution.

Our Rose-bushes are all strong and vigorous, on their own roots, and will give entire satisfaction, either for bedding or forcing.

See our special list of Roses for Winter Flowering on page 41.

Write us for prices on large lots and extra sizes of Roses.

Strong, vigorous plants, ready for blooming, 30 cts. each, $3 per doz. Thirty fine crinkly singles, not so large as the foregoing, 30 cts. each, $3 per doz.

New Rose, MAID OF HONOR.

(Miss Clara Barton.)

The introducers of this exceedingly pretty Rose, after testing it rigidly for two years, state that it is superior to Bridesmaid in three cardinal points: (1) That its color is a rich, glowing pink—darker and more beautiful than that of Bridesmaid. (2) That it keeps fresh longer and sells better than Bridesmaid. (3) That it is a most prolific bloomer, and perfects all its buds. Should the Rose justify all these claims it deserves great éclat, as Bridesmaid has long been considered very near perfection in a forcing Rose. 3-inch pots, 25 cts. each, $1.50 per doz.

Hardy Hybrid Roses.

These are the most hardy and vigorous of all Roses, and when once established will live through the winter in the most exposed situation without protection. Their superb, fragrant flowers frequently measure 5 inches across. In the newer varieties the perpetual-blooming habit is being emphasized, so that a more continuous and profuse crop of flowers is given through the season; but the choice older forms bloom profusely only in spring, with a lighter aftermath of blossoms scattered through ensuing months. When young they should have some protection during winter. If properly pruned and cared for, the plants will increase in strength and beauty for many succeeding years. They should be planted invariably in the open ground, not being suitable for house culture.

Our Hybrids are either on their own roots or grafted on our superior Japanese stock, which gives a double set of feeding roots, and supports extra strong, healthy plants.

PRICE: Strong 2-year-olds, dormant state (not started to grow), 35 cts. each, $3.50 per doz.; fine 1-year-old plants, dormant, 25 cts. each, $2.50 per doz.; extra strong 2-year-old pot-grown plants, which can be set out at any time, and are also excellent for winter forcing (these are the plants which produce the large Roses sold by the florists in winter), 75 cts. to $1 each.

Baron de Bonstetten. Rich crimson-maroon.

Baronne Prevost. Pure rose.

Earl of Dufferin. Brilliant velvety crimson, with lighter reverse.

General Jacqueminot. Brilliant crimson.

General Washington. Crimson-red or soft scarlet.

Cloître de Margottin. Flashing scarlet.

Heinrich Schultheiss. Rich crimson, and very double.

Helen Keller. Rich rose pink.

John Hopper. Fine rose crimson.

Jules Margottin. Cherry red.

Jennie Dickson. Rosy pink, with a lighter silvery edge and zoned with pale yellow at the base.

La Reine. Rosy pink, tinted lilac.

Longfellow. Violet-erisinn.

Lord Raglan. Fine rose-red.

Mabel Morrison. Pure white, very double.

Mad. Alfred Rougement. Pure white.
HARDY HYBRID ROSES, continued.

Mad. Eugene Verdier. Light silvery rose.

Mad. Hardy. White; an excellent variety.

Magnolia Charte. Bright pink.

Marcheseness of Lorne. Rich fulgent rose, slightly carmine.

Marcheseness of Londonderry. Ivory-white.

Margaret Dickson. White, with pale flesh center.

Marie Baumann. Light crimson-red, with white reflex.

Merveille de Lyon. White, tinted with peach-pink.

Mrs. George Dickson. Delicate, soft pink.

Mrs. Sharan Crawford. Silvery pink, shaded rose.

Paul Neyron. Deep rose.

Prince Camille de Rohan. Dark crimson-maron.

Queen of Queens. Pink, with blush edges.

Reynolds Hole. Maroon, shaded crimson.

Rosiste Jacobs. Velvety red, shaded blackish crimson.

Sultan de Zanzibar. Blackish maroon.

Ulrich Brunner. Bright cherry red.

Victor Hugo. Extra bright crimson-red.

White Baronesse. Purest white.

BOURBON and BENGAL, or CHINA ROSES.

These Roses are noted for their free, lavish bloom all through the season. Some are quite hardy and all nearly so, requiring only slight protection. Undoubtedly among the very best garden Roses.

PRICE: Strong 2-year-old pot-grown plants, 50 cts. each, $5 per doz.; strong young pot-grown plants, 30 cts. each, $5 per doz.

Agrippina (Queen's Scarlet). Bengal. Vivid crimson.

Boule de Neige. Bengal. Pure white, double.

Queen of Bedders. Bourbon. Beautiful deep crimson.

Sov. de la Mainmousse. Clear flesh color, shaded fawn.

MINIATURE, or FAIRY ROSES.

The Polyantha, or Fairy Roses, are dwarf, hardy, and ever-blooming, producing masses of extremely beautiful, double, and fragrant little flowers. These traits, together with their habit of flowering in paniced clusters of from 5 to 30 blooms, make them particularly valuable for bedding. They also make neat and beautiful pot-plants, and their bewitching little buds and flowers are favorites for wearing.

PRICE: Two-year-old plants, 50 cts. each, $5 per doz.; strong young plants, 30 cts. each, $5 per doz.

Clothilde Souper. Pearl white, with bright pink center.

Mosella, or Yellow Souper. Pale straw color, with apricot center.

LITTLE PET. Very double, white; profuse bloomer.

MINIATURE. Perhaps the smallest of all Roses; the lovely little pink flowers are of the same form as the largest Tea Rose.

HARDY RUNNING, or CLIMBING ROSES.

These are fine for the covering of pillars, trellises, arbors, porches, etc. In their blooming season they are fairly covered with lovely flowers, and are much valued by all discriminating planters of Roses. All are here are perfectly hardy and of vigorous growth.

PRICE, except where noted, 50 and 75 cts. each; extra large plants, $1 each.

Baltimore Belle. Light blush and rose, fine and double, though of medium size; the blooms are produced in clusters, and the rapid growth is very graceful.

Floribunda. Bright pink, changing to white.

Gem of the Prairies (Rosa setigera). Rosy red flowers.

Jeanne de Arc. White; perpetual-blooming.

Mrs. Pierce. Blush-white.

Queen of the Prairies. Rosy red.

THE RAMBLER ROSES.

These, although new, are famous already for hardiness, rapid growth and grand bloom paniades. Crimson Rambler has been proved capable of superb and dazzling decorative effects. Pink Rambler has many of its good qualities.

PRICE: Strong plants, 50 cts. each.

Yellow Rambler. Sweet-scented.

Crimson Rambler. Fine stock.

MOSS ROSES.

Roses of this class bloom in June and July. They are especially prized for their exquisite mossy buds. Because of their hardy, permanent character they are sometimes neglected in gardens, yet they will repay careful culture.

PRICE: Strong 2-year-old plants, 75 cts. each, $7.50 per doz.; strong 1-year-old plants, 40 cts. each, $4 per doz.

Blanche. Perpetual White Mos. White; double and mossy.

Cristata. Tender rose; the buds have a mossy fringe and crest.

Clor of Mosses. Rose color.

Luxembourg. Deep red, shaded with purple.

Mad. Moreau. Beautiful deep red.

Perpetual White. Beautiful mossed white buds.

Soupert et Notting. Lively rose.

RUGOSA ROSES.

The flowers of these Japanese Roses are large, single or semi-double, and strikingly handsome. The plants are entirely hardy, bloom throughout the summer, and in autumn are brightened with large scarlet hips. They make beautiful hedges or specimens.

PRICE: Strong, well-established plants, 50 cts. each, $5 per doz.

Alba. Large, single white flowers.

Rosea. Bright pink; single.

Rubra. Large, red, single flowers.

Madame Georges Brunet. Pure white, very fragrant; semi-double.

OLD and RARE ROSES.

All the forms here described are beautiful and worthy of cultivation, although in the search for novelty in color and form some of them have been overlooked. We have much pleasure in again directing attention to them, knowing how well they reward cultivation.

PRICE: Strong, well-established plants, 50 cts. each, $5 per doz.

AUSTRIAN BRIER ROSE (Rosa laeta). The only really hardy yellow Rose.

Single Red. Very showy, with bright scarlet flowers of velvety texture.

Harrisonii. Pretty double flowers of rich yellow, produced very early; a valuable Rose.

Persian Yellow. A variety familiar in old-fashioned gardens; slender but hardy in growth, bearing a profusion of semi-double, rich yellow flowers; very fine.

Selections of Roses.

We will be happy to make selections of suitable varieties for any specified purpose, either for forcing, bedding, planting out, etc. A long experience gives us the knowledge necessary to the proper selection of varieties.
A Border of Hardy Rhododendrons.

Rhododendrons and Azaleas.

**HARDY RHODODENDRONS.**

We have no shrub that will compare with this aristocrat for splendid, glowing, complex beauty. After the magnificent flower masses are gone, the massive, lustrous leaves remain beautiful the year round. They are finest when grouped by themselves or with azaleas and lilies. The species that we offer are all perfectly hardy. **We keep a fine assortment of the best varieties** of the hybrids of _R. Catawbium_ and _R. maximum_, all of which constitute our best sorts, thoroughly hardy for outdoor planting. Rhododendrons grow well in any good loamy soil moderately enriched with vegetable mold. A mulch over their roots in summer and a slight protection in winter greatly benefit them. Cut off all dead flowers and seed-pods. **All our shrubs are grown in fine shape and are well rooted.** Write us for special prices on Rhododendrons and Azaleas in large quantities.

**BEST NAMED VARIETIES.** Distinct in color, hardy, and of fine form.

- **Auguste Von Ceert.** Rosy purple, with brown spots.
- **Blandianum.** Rosy carmine.
- **Bylsianum.** Bright rose, with white center.
- **Charles Bagley.** Clear, bright cherry-red.
- **Duc Adolph de Nassau.** Lilac-carmine, with dark blotch.
- **Everestianum.** Rosy lilac, dotted brown.
- **Earl of Shannon.** Bright cherry-red, with darker blotches.
- **Frederick Waterer.** Deep, brilliant crimson.
- **Cloire de Bellevue.** Bright, rosy carmine.
- **Helene Waterer.** White, with rich crimson margin.
- **James Bateman.** Rich scarlet, spotted with brown.
- **James Marshall Brooks.** Bright scarlet, with deep pink.
- **John Spencer.** Deep rose, margined with deep pink.
- **Joseph Witworth.** Dark lilac; black spots.
- **J. Plata.** Soft rose, blotched with brown.
- **Lady Annette de Trafford.** Cream-color, with chocolate markings.
- **Lady Winifred Herbert.** Rosy crimson, with paler center.

- **Mrs. Hunnewell.** Rich crimson.
- **Idaport.** Rich plum color.
- **Pres. J. N. Bauman.** Beautiful rose.
- **Princess Louise.** Pure white.
- **Princess Marie.** White, edged rosy purple.
- **Raphael.** Bright rose.
- **Sir Charles Napier.** Rosy carmine.
- **Sir Thomas Sebright.** Rich purple and bronze.
- **Surprise.** Rosy lilac, with chocolate blotches.

**UNNAMED CATAWBIENSE SEEDLINGS.** The best and hardest strain, in all varieties and colors. Strong plants, well set with buds, $1 and upward, according to size. Special rates on large quantities.

**RHODODENDRON MAXIMUM.** A superb, thoroughly hardy native species, from which many fine hybrids have been derived. The flowers vary from pale flesh color to deep rose; tall-growing, 50 cts. and upward, according to size. Special dozen and hundred rates.

**HARDY AZALEAS.**

The Azaleas form most effective undergrowths among tall trees, or as a border for large shrubberies. The Rhododendrons, which they precede in bloom, are their only rivals.

- **AZALEA AMENIA.** In spring the little bushes are a mass of bright red flowers; in winter the leaves turn to richest purplish crimson and bronze-green. 50 cts.
- **A. CALENDULACEA.** Flowers yellow, orange, bronze-brown and shades of red. 50 cts.
- **A. MOLLIS.** Blooms two weeks earlier than the Ghent or Pontica Azaleas, with petals nearly twice as large, suffused with exquisite tints of orange, saffron and crimson. 35 cts.
- **A. PONTICA.** Ghent Azalea. These are brilliant dwarf hybrids, with beautiful, fragrant flower-masses through May and June. 50 cts.
AZALEA INDICA AND HARDY CLIMBING VINES.

VARIETIES OF AZALEA INDICA.

For winter and Easter flowering, the Greenhouse Azaleas become more popular every year. Perhaps no other class of plants yields such a brilliant display of flowers for so little care. The experience of many years has taught us that the dwarf standard or crown head is decidedly the best form in which to grow Azaleas for this country, and we therefore offer only plants in that shape. The following collection embraces all the very best and most distinct sorts of both old and new varieties grown in beautiful shape and in fine condition. Price for strong plants, $1 to $2 each.

A. Borsig. Pure white.
Alba speciosa plena. Double, white.
Apollon. Brilliant red.
Baronne de Vriere. Large white flowers, ribboned with light red.
Baron Nathaniel von Rothschild. Double, purple-violet.
Bernhard Andrea. Double, bright rose.
Bernhard Andrea alba. Double, pure white.
Candidissima. Pure white.
Cassandra. White, pointed with red.
Chas. Darwin. Double, white, pointed rose.
Ch. Encke. Rose, edged violet.
Comte de Chambord. Very large; salmon-rose.
Comtesse de Flandes. Striped salmon-rose.
Deutsche Perle. Double, white.
Distinction. Large rose flowers.
Dr. Liebig. Rich crimson.
Duchess Adelaide de Nassau. Amaranth-red and vermilion-orange.
Duchesse de Flandres. Variegated with lively colors.
Duc de Nassau. Dark rose-carmine.
Flag of Truce. Very large, double, white.
Gloire de Belgique. White, striped carmine.
Grosemansin Helene. Orange, with deep brown spots.
Guillaume Cuilmot. Striped flowers.
Harlequin. Striped and blotched with rose and violet.
Herman Seidel. Double, lively rose.
Le Flambeau. Very deep crimson.
Mad. Louise de Kerchove. White, with orange blotches and flesh-colored circles.
Mad. L. Van Houtte. Scarlet flowers, striped white.
Marquis of Lorne. Orange, with yellow blotches.
Memoire de Louis Van Houtte. Brilliant rose flowers.
Meteor. Double, bright rose.
Narcissiflora flore pleno. Double, white.
Oswald de Kerchove. Lake rose, with fiery blotch.
Pauline Mardner. Rose, double.
Pluto. Richest blood-red.
Princess Charlotte. Lively deep rose.
Roi de Beauties. Rose, edged white.
Roi de Holland. Fiery red.
Roi Leopold. Double, orange.
Sacountala. White, double.
Senator Van Camp. Lively carmine, with deeper center; double.
Souvenir de Francisco Vervaeke. White, striped rose.
Souvenir de Prince Albert. Light rose, variegated; double.
Vesuviana. Double, orange-scarlet.
Vesuvians. Rosy orange-red, blotched white.

Azalea Indica.

Taking a valuable hint from nature, the expert landscape gardener throws finishing touches of Hardy Vines into all choice bits of work. Among these may be found any sort of drapery most becoming to any particular porch, chimney, wall, balcony or summer-house. Tender or annual climbers, however, lack their beauty, because they lack permanency, will never be so popular for this purpose. Clematises, of which we have a large and fine collection, Honeysuckles, Wistarias and Ampelopsis, are especially beautiful for such work.

AKEBIA quinata. A fine Japanese climber, with distinct foliage and odd, brownish purple flowers. 25 cts.
AMELOPSIS quinquefolia. The Virginia Creeper. 50 cts.
A. Veitchii. Japan or Boston Ivy. 20 cts.
ARIOLOCHIA Sipho. Known as "Dutchman's Pipe." Bears odd, yellowish brown flowers in the shape of a pipe; the leaves are quite large. 50 cts. to $1.
A. cymbifera. Flowers creamy white, blotched maroon. $1.
A. ridícula. Grotesque cream and purple flowers. $1.50.
BIGNONIA grandiflora. Flowers larger and deeper colored. 25 cts.
B. praecox. Crimson-scarlet flowers. $1.
B. radicans. Trumpet Vine. Large, orange-scarlet flowers in rich and heavy clusters. 25 cts.
HEDERA Helix. The true Ivy, and among the most useful, permanent and valuable climbers grown. 25 cts. each.
H. Hibernica. 25 cts. each.

WISTARIA sinensis. The flower-clusters are violet, shading into blue and white. 25 cts. to 50 cts.
W. alba. White flowers in grand garlands. 50 cts. to $1.
The Clematises are our finest hardy climbers. They are perfectly hardy and very easy to cultivate, requiring only a good, rich soil and some attention in pruning and training. They bloom from May to October, producing during that period an abundance of flowers of all shades of color. We offer a specially fine list of tested varieties.

**PRICE, except where noted, 75 cents each, $8 per doz.**

**Paniculata.** We supply strong plants, that will grow from 8 to 10 feet high and flower the next season, at 50 cents each, $5 per doz.; small plants, 15 to 25 cents each.

**Prince of Wales.** Deep purple-purpel.

**Recta.** Upright Virgin's Bower. An erect species, with dense panicles of small white flowers in early summer. 25 cents.

**Stella.** Light violet, with a distinct bar of a deep, reddish plum. May and June.

**Star of India.** Reddish plum, with red bars. July and October.

**Virginia.** Virgin's Bower. Climbs 3 to 15 ft. 25 cents.

**Vitalba.** Traveler's Joy. Similar to the preceding, but native of Europe.

**Viticella.** Bluish purple drooping flowers, 2 to 3 inches across. July and August. 25 cents.

---

**Hardy Perennial Plants.**

Hardy plants have many claims, both practical and artistic, over all others. Though their cultivation in this country is having a wonderful development, it is surprising to note how few, comparatively, secure the best results possible and the most pleasure obtainable in the open air garden. This is because so few understand how easy a matter it is to grow a large and choice collection of Hardy Perennials.

Nothing adds more to the pleasure and interest of such a garden than making collections of the many varieties in fine races of plants. Say, for instance, that the owner of a fine estate wishes to grow a good collection of iris. There are 50 or more choice and distinct varieties, varying greatly in season of bloom and in color, form and markings of the flowers. Peonies, Aquilegias and Delphiniums are other charming families of flowers, much improved of late, having the variety so desirable for collections.

Plants marked with a star (★) are staple varieties, and of these we carry an unlimited stock, of which we offer large quantities at specially low rates. Everything that follows is entirely hardy, during our ordinary winters, as far north as Canada.

**ACHILLEA Millefolia.** Flowers yellow; 12 to 18 inches high. 25 cents each, $2.50 per doz.

**A. filipendula.** Golden yellow flowers. July until October. 2 to 3 ft. 20 cents each, $2 per doz.

**A. millefolia rosea.** Flowers rose-colored, borne in dense heads all summer. 1 to 2 feet. 20 cents each, $2 per doz.

**A. ptarmica fl. pl.** Pure white, double flowers all summer. 20 cents each, $2 per doz.

**A. serrata fl. pl., The Pearl.** Smaller white flowers. 18 to 24 in. 20 cents each, $2 per doz.

**A. tomentosa.** Donny Yarrow. Bright yellow. 6 to 8 inches. 20 cents each, $2 per doz.

**A. virginalis.** Spikes of yellow flowers. 25 cents each, $2.50 per doz.

**A. variegata.** Spikes of yellow flowers. 25 cents each, $2.50 per doz.

**A. acutifolia.** Flowers dark blue. 2 to 3 feet. 25 cents each, $2.50 per doz.

**A. zabeliana.** Common Monkshead. Smaller blue flowers. 18 inches to 2 feet. 25 cents each, $2.50 per doz.

**A. sylvestris.** Spring-flowering. 25 cents each, $2.50 per doz.

**A. annua.** Pure white flowers in April and May, sometimes all summer. 12 inches. 25 cents each, $2.50 per doz.

**ANTHEMIS nobilis.** Chamomile. Flower-rays white, disk yellow. 1 foot. 20 cents each, $2 per doz.

**A. tinctoria.** Flowers pure golden yellow. July till November. 1 foot. 20 cents each, $2 per doz.

**ANTHERICUM liliago.** St. Bernard's lily. Pure white flowers. 25 cents each, $2.50 per doz.

**A. liliatramus.** Larger flowers; white and fragrant, on long spikes. May to August. 25 cents each, $2.50 per doz.

**A. aurea.** Bright yellow flowers. 30 cents each, $3.50 per doz.

**A. cornuta.** Sky-blue and white flowers. 30 cents each, $3.50 per doz.

**A. vulgaris fl. pl.** Double white flowers. 25 cents each, $2.50 per doz.

---

**ADONIS vernalis.** Flowers very large, yellow. April and May. 6 inches. 25 cents each, $2.50 per doz.

**ALSTROEMERIA aurea.** Orange flowers in summer and autumn. 2 to 3 feet. 25 cents each, $2.50 per doz.

**ALTHEA rosea.** The Hollyhock. One of our finest herbaceous plants. The later strains present flowers of rose-like fineness, in rich and delicate colors.

**A. recta.** Double-flowering Hollyhocks, in Mixed Colors. 25 cents each, $2.50 per doz.

**ALYSSUM argenteum.** An everblooming yellow-flowered species; leaves variegated. 25 cents each, $2.50 per doz.

**A. saxatile.** Yellow flowers in early spring. 20 cents each, $2 per doz.

**AMSONIA tabernamontana.** Pale lavender-blue. May and June. 25 cents each, $2.50 per doz.

**ANEMONE japonica.** Japanese Windflower. Rosy carmine flowers in autumn. 21/2 feet. 25 cents each, $2.50 per doz.

**A. raddeana alba.** Pure white flowers, produced from August to November. 30 cents each, $3 per doz.
ARABIS alpina argenteo variegata. A pretty dwarf plant, with white flowers. 25 cts. each, $2.50 per doz.
ARENARIA Balsica. Sandwort. White flowers. 25 cts. each, $2.50 per doz.
A. grandiflora. Ever white flowers. 25 cts. each, $2.50 per doz.
A. macrophylla. 25 cts. each, $2.50 per doz.
ARMERIA alpina. Interesting Alpine perennials of dwarf habit; excellent for borders, rockwork or edging. 25 cts. each, $2.50 per doz.
A. maritima. Pink or rose red flowers. 25 cts. each, $2.50 per doz.
ARTEMISIA Abrotanum. Southernwheat. Old-fashioned garden plants, valued for their aromatic fragrance; flowers yellow. 25 cts. each, $2.50 per doz.
A. Dracunculus. Tarragon. Cultivated for its foliage, which has a pleasant flavor. 25 cts. each, $2.50 per doz.
A. stellatiana. Silvery white leaves. 25 cts. each, $2.50 per doz.
ASCLEPIAS tuberosa.* Milkweed. Brilliant orange flowers. 2 feet. July. 25 cts. each, $2.50 per doz.
ASTILBE alpina. Michelliana Daisy. Bright purple flowers. 6 inches. 25 cts. each, $2.50 per doz.
A. Amellus. Italian Starwort. Beautiful deep purple. 3 ft. 25 cts. each, $2.50 per doz.
A. longifolius formosus. Bright, rose colored flowers from September until frost. 2 to 3 feet. 20 cts. each, $2 per doz.
ASTROZANTE. New England Aster. Purple flowers. 4 feet. 25 cts. each, $2.50 per doz.
A. rosea. Deep rosy flowers. 25 cts. each, $2.50 per doz.
A. atropurpurea. White-flowered. August and September. 1 to 2 feet. 25 cts. each, $2.50 per doz.
ASTILBE Japonica.* Silvery white flowers. May. 10 to 12 in. 20 cts. each, $2 per doz.
A. grandiflora.* Larger flowers. 30 cts. each, $3 per doz.
A. variegata. Golden Astilbe. Foliage veined yellow; flowers white. 30 cts. each, $3 per doz.
A. Thunbergii. Greenish white flowers in midsummer. 2 to 3 feet. 25 cts. each, $2.50 per doz.
ASTRAGALUS alopecuroides. Yellow pea-like flowers. 2 to 4 feet. 25 cts. each, $2.50 per doz.
AUBRIETIA deltoidea. Purple flowers in early spring. 25 cts. each, $2.50 per doz.
A. Cracea. Light purple flowers. 25 cts. each, $2 per doz.
BAMBUSCBMBUSA Metase. 4 to 6 feet. 35 cts. each, $3.50 per doz.
BAPTISIA australis. A very fine blue-flowering plant, with peculiar foliage. 2 to 5 feet. June. 25 cts. each, $2.50 per doz.
B. alba. A white variety of the above. 25 cts. each, $2.50 per doz.
B. exaltata. Dark blue flowers. 4 to 5 feet. 25 cts. each, $2.50 per doz.
BRUNELLA grandiflora. Purplish flowers in summer. 6 to 10 inches. 25 cts. each, $2.50 per doz.
BUPHINTHALMUS speciosissimum. Fine foliage and yellow flower-heads. 5 feet. 25 cts. each, $2.50 per doz.
CALLIRHOE involucrata. Crimson flowers are nearly 2 inches across; trailing. 25 cts. each, $2.50 per doz.
CAMPANULA carpathica.* Canterbury Bell. Harebell. Blue flowers. 25 cts. each, $2.50 per doz.
C. alba. A fine white form. 25 cts. each, $2.50 per doz.
C. glomerata. Bluish violet or white flowers. 25 cts. each, $2.50 per doz.
C. latifolia macrantha. Purplish blue flowers. 2 to 3 feet. June. 25 cts. each, $2.50 per doz.
C. nobilis. Reddish violet or white. 2 feet. June to September. 25 cts. each, $2.50 per doz.
C. persicifolia fl. pl. Double flowers of various blue shades. 2 feet. June. 25 cts. each, $2.50 per doz.
C. — albo pleno. White, double. 25 cts. each, $2.50 per doz.
C. speciosa. Very pretty small flowers. 25 cts. each, $2.50 per doz.
C. trachelium fl. pl. Blue, double flowers. 2 feet. July and August. 25 cts. each, $2.50 per doz.
CASSIA Marylandica. American Senna. Yellow flowers. 3 to 4 feet. July and August. 25 cts. each, $2.50 per doz.
CATANANCHE coruca. Pretty blue flowers. 25 cts. each, $2.50 per doz.
CENTAUREA dealbata. Clear blue. 2 feet. June. 25 cts. each, $2.50 per doz.
C. montana. Handsome blue flowers. 1 foot. June. 25 cts. each, $2.50 per doz.
C. nigra variegata. Beautifully marked foliage. 2 to 3 feet. 25 cts. each, $2.50 per doz.
CENTRANTHUS ruber. Clusters of red flowers all summer. 2 feet. 25 cts. each, $2.50 per doz.
CONVALLARIA majalis. Lily-of-the-Valley. 25 cts. each, $2.50 per doz.
CERASTIUM Biebersteinii. Mouse Ear. White flowers. 25 cts. each, $2.50 per doz.
C. tomentosum. White. 3 inches. June. 25 cts. each, $2.50 per doz.
CHELONE Lyoni. Showy purple flowers. 25 cts. each, $2.50 per doz.
C. rosea. Rose-colored flowers. 1 foot. 25 cts. each, $2.50 per doz.
COREOPSIS delphinifolia. Flowers yellow, with dark centers. 2 to 3 feet. 25 cts. each, $2.50 per doz.
C. lanceolata.* Large lemon-yellow flowers all summer. 2 to 3 feet. 20 cts. each, $2 per doz.
C. rosea. Rose-colored flowers. 1 foot. 25 cts. each, $2.50 per doz.
COREOPSIS senilis. 4 feet. July. 25 cts. each, $2.50 per doz.
C. triptera. Yellow flowers. Tall. 20 cts. each, $2 per doz.
C. verticillata. Flowers yellow. 2 feet. June to September. 25 cts. each, $2 per doz.
CLEMENTIA Davidiana. Erect-growing. Hyaanth-like blue flowers. 75 cts. each, 80 per doz.
CORYDALUS lutea. Yellow flowers. 25 cts. each, $3.50 per doz.
C. nobilis. Pale yellow. 35 cts. each, $3.50 per doz.
DELPHINIUM.* Blooms in summer.
D. Cashmerianum. Pale blue blossoms. 25 cts. each, $2.50 per doz.
D. Chinense. Blue, shading to white. 20 cts. each, $2 per doz.
D. elatum. Blue or white. 25 cts. each, $2.50 per doz.
D. formosum. Sky-blue shading to indigo. 25 cts. each, $2.50 per doz.
D. tricorne. Rich blue. 25 cts. each, $2.50 per doz.
DESMODIUM penduliflorum. Well known. 30 cts. each, $3 per doz.
DIANTHUS barbatus.* Sweet William. 15 cts. each, $1.50 per doz.
D. — fl. pl. The old favorite "Sweet William." The double form is of rich and varied colors. 25 cts. each, $2.50 per doz.
D. deltoides. Maiden's Pink. Dense tufts of grassy leaves; flowers bright pink, 4 to 9 inches. 25 cts. each, $2.50 per doz.
D. hybrida Mulei. Mule pink. Large, bright flowers. 25 cts. each, $2.50 per doz.
D. plumarius. Pheasant's-eye Pink. Flowers of many colors. 25 cts. each, $2.50 per doz.
D. superbus. Fragrant, rose-colored flowers. 25 cts. each, $2.50 per doz.
DICTAMNUS albus. Fine white flowers. 2 feet. June. 35 cts. each, $3.50 per doz.
DIELYTRA (Dianthus). Bleeding Heart.
D. eximia. Rose-colored flowers, borne all summer. 1 foot. 25 cts. each, $2.50 per doz.
D. spectabilis. Lovely pink and white flowers, in graceful racemes. 1 to 2 feet. May and June. 25 cts. each, $2.50 per doz.
DIGITALIS. The Foxglove. 3 to 5 ft.
D. lanata. Grayish yellow flowers. July and August. 20 cts. each, $2 per doz.
D. purpurea. Common Foxglove. Flowers vary from white to dark purple. 3 to 5 ft. 20 cts. each, $2 per doz.
D. — alba. Pure white. 25 cts. each, $2 per doz.

dIPSEbUATHON. American Cowslip.
D. Jeffreysii. Pink or rose flowers. 25 cts. each, $2.50 per doz.
D. Mead. Shooting Star. 25 cts. each, $2.50 per doz.

dORONICUM. *Leopard’s Bane.
D. Austricum. Yellow flowers. 35 cts. each, $5.50 per doz.
D. Caucasicum. Yellow flowers, 2 inches across. 35 cts. each, $3.50 per doz.
D. plantagineum excelsum. Five feet high; flower-heads 4 inches across. 25 cts. each, $2.50 per doz.

DRACOCEPHALUM. *Ruyshiaianum. Purple flowers an inch long. 25 cts. each, $2.50 per doz.
D. Altaicenae. Flowers blue, in whorls. 25 cts. each, $2.50 per doz.

ECHINACEA. *angustifolia. Cone Flower. Rose-purple flowers in summer and fall. 18 to 24 inches. 25 cts. each, $2.50 per doz.
E. purpurea. Bright, racy purple flowers. 5 or 6 inches across. 25 cts. each, $2.50 per doz.

ELYMUS. *glaucoflorius. A fine ornamental grass of a bluish color. 25 cts. each, $2.50 per doz.
E. alpinum rubrum. Crimson flowers. 25 cts. each, $2.50 per doz.
E. macranthum. Flowers white. 25 cts. each, $2.50 per doz.
E. pinnatum. Flowers yellow. 25 cts. each, $2.50 per doz.

ERICA herbea carnea. Winter Heath. Flowers red, in long racemes in March. 10 to 12 inches. 30 cts. each, $1 per doz.

ERICERON. speciosum. Starwort. Flea-bane. Blue flowers in summer. 1 1/2 ft. 25 cts. each, $2.50 per doz.

ERYNGIUM alpinum. Odd blue flowers in summer. 25 cts. each, $2.50 per doz.
E. myrsinitis. Of creeping habit; yellow flowers. 25 cts. each, $2.50 per doz.

EUPATORIUM. ageratoides. White Snake-root. Corymb of pure white flowers in midsummer. 2 to 3 ft. 20 cts. each, $2 per doz.
E. purpureum. Red-purple flowers in autumn. 20 cts. each, $2 per doz.

EUPHORBIA. corollata. White flowers. 25 cts. each, $2.50 per doz.

F. aureo-maculata. Leaves blotched with yellow. 25 cts. each, $2.50 per doz.
F. Chinensis. 25 cts. each, $2.50 per doz.
F. coccinea. Blue flowers. 25 cts. each, $2.50 per doz.
F. coccinea. Hooded leaves. 25 cts. each, $2.50 per doz.
F. glaucescens. Large glaucous leaves. 25 cts. each, $2.50 per doz.
F. japonica (F. grandiflora). Large, fragrant, white flowers. 2 ft. August. 25 cts. each, $3.50 per doz.
F. Fortunel. Pale lilac flowers in July. 25 cts. each, $2.50 per doz.
F. lancifolia coraeula. Pretty blush lilac flowers. 25 cts. each, $2.50 per doz.
F. macrantha. Large flowers and foliage. 25 cts. each, $2.50 per doz.

FUNKIA. Plantain Lily.
F. aurea. Green leaves. 25 cts. each, $2.50 per doz.
F. F. lanata. Blue flowers; blooms all summer. 25 cts. each, $2.50 per doz.
F. Sieboldi. Light purple flowers. Late fall. 25 cts. each, $2.50 per doz.
F. subcordata. White Plantain Lily. 12 to 18 inches. Summer. 25 cts. each, $2.50 per doz.
F. var. "Thos. Hoge." Foliage banded with white; large purplish lilac flowers in September. 50 cts. each, $3 per doz.
F. undulata variegata. Crinkled foliage, variegated creamy white; lavender flowers. 25 cts. each, $2.50 per doz.

CAILLARIA grandiflora. Large white and red flowers. 1 to 2 ft. Summer till frost. 25 cts. each, $2.50 per doz.

CENTANIA. *puberula. A western species, a foot or more high. Flowers large, bright blue. 3/4 to 2 inches long. 25 cts. each, $2.50 per doz.
C. japonica. Resembles C. Andreasii, but flowers more abundantly. 1 ft. 20 cts. each, $2 per doz.

CERANUM. *platanifolium. Deep violet flowers and bloom or more across, streaked with red. 1 to 2 ft. 30 cts. each, $3 per doz.
C. sanguineum. Flowers deep crimson-purple, 1 1/2 inches across. 6 inches. June. 25 cts. each, $2.50 per doz.

CEUM. *coccineum. Brilliant scarlet flower. 25 cts. each, $2.50 per doz.
C. triflorum. Handsomely gray-cut foliage; flowers purplish; the long plumbed seed-vessels are showy all summer. 25 cts. each, $2.50 per doz.

CILLENIA. *triflora. Bowman’s Root. Flowers white, tinged rose. 2 to 3 ft. July. 25 cts. each, $2.50 per doz.
C. stipulacea. Taller-growing. 25 cts. each, $2 per doz.

CYPSOPHILA. *paniculata. Baby’s Breath. Small white flowers. 2 ft. June to August. 25 cts. each, $2.50 per doz.
C. repens. A pretty creeper, with white or rose-colored flowers. 25 cts. each, $2.50 per doz.

C. Stevenii. Larger flowers. 2 ft. 25 cts. each, $2.50 per doz.

HELENIUM. *autumnale. Yellow flowers in autumn. 4 to 6 feet. 25 cts. each, $2.50 per doz.
H. masonii. Larger flowers. 2 ft. 25 cts. each, $2.50 per doz.
H. x rosenfeldii. A very fine autumn bloomer, with large yellow flowers 4 to 5 inches across. 25 cts. each, $2.50 per doz.
H. flore-pleno. A very fine double variety of the last. August to October. 20 cts. each, $2 per doz.
H. — flore-pleno. Flowers 3 to 4 inches in diameter, produced in great abundance. 20 cts. each, $2 per doz.

HELLEBORUS. The ancient Hellebore; the modern “Christmas Rose.” The showy flowers are produced in midwinter.
H. atrorubens. Deep purple flowers in March. 35 cts. each, $3.50 per doz.
H. Cauchyana. Large green flowers. 35 cts. each, $3.50 per doz.
H. niger. Pure white. 25 cts. each, $2.50 per doz.
H. — niger. Flowers 3 to 4 inches in diameter. 20 cts. each, $2 per doz.

H. — niger. Flowers 3 to 4 inches in diameter. 20 cts. each, $2 per doz.

H. OLYMPICUS. *purpureus. Purplish flowers in spring. 12 to 15 inches. 35 cts. each, $3.50 per doz.
H. orientalis. Large rose-colored flowers, very fragrant. 1 ft. 30 cts. each, $2 per doz.
H. viridis. Bright green flowers in spring. 35 cts. each, $3.50 per doz.
HEMEROCALLIS Dumortieri.* Day Lilies. Bright orange color. 2 feet. June. 25 cts. each, $2.50 per doz.

H. flava. Sweet-scented, lemon-yellow flowers. 2½ feet. June. 25 cts. each, $2.50 per doz.

H. Kwanwo variegata. Double, bronzy orange flowers. 15 cts. each, $1.50 per doz.

H. middendorfii. Orange color. 2 feet. 25 cts. each, $2.50 per doz.

H. Thunbergii. Flowers yellow, sweet-scented. 4 feet. 25 cts. each, $2.50 per doz.

HEPATICA triboa (Aemone Hepatica). Liverleaf. Deep blue. March or April. 15 cts. each, $1.50 per doz.

HERNARIARIA glabra. Leaves are bronze-red in winter. 20 cts. each, $2 per doz.

HEUCHERA rubifolia. Evergreen foliage, marbled bronzy red. 2 feet. 30 cts. each, $3 per doz.

H. sanguinea. Similar foliage and bright, blood-red flowers in summer. 25 cts. each, $2.50 per doz.

HIBISCUS Californicus. Rose Mallow. Flowers white, with a purple center. 4 to 6 inches across. 5 feet. 25 cts. each, $2.50 per doz.

H. cocineus. Scarlet Rose Mallow. 3 to 4 feet. 25 cts. each, $2.50 per doz.

H. carminatus perfectus. White, crimson center. 25 cts. each, $2.50 per doz.

H. miliaris. Pinkish white. Late summer. 25 cts. each, $2.50 per doz.

H. Moscheutos. Rose color. 25 cts. each, $2.50 per doz.

IBERIS coraefolia. Candytuft. Large, pure white flowers. 25 cts. each, $2.50 per doz.

H. Cabrarcrica. Large and fine white flowers, gradually changing to purple. Early spring. 25 cts. each, $2.50 per doz.

IRIS.* These are among the best of our summer-flowering plants, and many of the newer varieties are of great beauty, their blooms rivaling the finest Orchids in elegance of form and delicacy of texture. They continue in flower for quite a time, and are much admired for cutting as well as for outdoor decorating. The only attention they require after planting out is division every three or four years, and re-

IRIS, continued.

LATHYRUS latifolius. The Everlasting Pea. Rose-colored flowers in August. 25 cts. each, $2.50 per doz.

L. atus. White flowers. 25 cts. each, $2.50 per doz.

LAVENDULA spica vera. Lavender. Blue flowers and fragrant leaves. 25 cts.

LIATRIS pycnostachya. Kansas Gay Feather. Flower spike 10 to 20 inches long. 3 to 4 feet. 15 cts. each, $1.50 per doz.

L. spicata. Button Snake-root. Flowers in a spike to 15 inches long. 2 to 4 feet. 15 cts. each, $1.50 per doz.

LINUM Austriacum. Austrian Flax. Bluish purple flowers all summer. 1 to 2 feet. 20 cts. each, $2 per doz.

LOBELIA cardinalis. Cardinal Flower. One of the finest scarlet-flowered hardy plants. 3 to 4 feet. August to October. 20 cts. each, $2 per doz.

L. syphilitica. Clear blue in different shades. 20 cts. each, $2 per doz.

LOTUS corniculatus fl. pl. The Bird-foot Trefoil. Bright yellow flowers. 25 cts. each, $2.50 per doz.

LYCHNIS chalcedonica.* Scarlet flowers in June and July. 25 cts. each, $2.50 per doz.

L. flore-pleno. Double-flowered. 35 cts. each, $3.50 per doz.

L. alba. Flowers white. 25 cts. each, $2.50 per doz.

L. coronaria. Mullein Pink. Large, rich purple flowers. 1 to 2 feet. 20 cts. each, $2 per doz.

L. flos-cuculi, var. Adolphe Musa. Pink flowers all summer. 35 cts. each, $3.50 per doz.

L. plenissima semperflorens. Exquisite rose-colored sprays. 25 cts. each.

L. flos-Jovis. Showy scarlet flowers. 25 cts. each, $2.50 per doz.

L. pungens. Brilliant vermilion flowers 2 inches across. 6 to 12 inches. 20 cts. each, $2 per doz.

L. viscaria fl. pl. German Catchfly. Brilliant scarlet flowers in summer. 12 to 15 inches. 25 cts. each, $2.50 per doz.

LYSIMACHIA clematitis. Long, dense, recurved spikes of pure white flowers in summer. 1 to 2 feet. 25 cts. each, $2.50 per doz.
LYTHRUM. Rosy purple flowers. L. salicaria roseum. Red-purple. 25 cts. each, $2.50 per doz.
L. — japonicum. Loosestrife. Flowers small, beautiful purple. 25 cts. each, $2.50 per doz.
MALVA moschata alba. White Musk Mallow. White flowers, 2 inches across. 25 cts. each, $2.50 per doz.
M. — viridis. Spear mint. 15 cts. each, $1.50 per doz.
MERTENSIA paniculata. Purple blue flowers in July. 25 cts. each, $2.50 per doz.
M. Virginica. Virginia Lanvwort. Flowers a most beautiful blue. 1 to 2 feet. 20 cts. each, $2 per doz.
MICHIELLA repens. Partridge Berry Vine. 15 cts. each, $1.50 per doz.
MONARDA didyma.* Bright scarlet flowers from July to September. 25 cts. each, $2.50 per doz.
MYOSOTIS Alpestris. The Forget-me-not. Flowers blue, quite fragrant. 25 cts. each, $2.50 per doz.
GENTHERA Missouriensis.* Evening Primrose. Yellow, orange-reined flowers, 4 to 5 inches across, opening towards evening. 25 cts. each, $2.50 per doz.
O. speciosa. The white petals become rosypurple when fading. 20 cts. each, $2 per doz.

ONONIS natrix. Goat Root. Yellow-flowered. 12 to 18 inches. Summer. 25 cts. each, $2.50 per doz.

PHYSOSTIGMA virginianum. Dragon-head. Purplish red flowers all summer. 3 to 4 feet. 20 cts. each, $2 per doz.

PLATYCODON grandiflora. Beautiful blue flowers. 35 cts. each, $3.50 per doz.
P. — album. A white-flowering form. 35c. each, $3.50 per doz.

PLUMBAGO Lamar. Blue-flowered. 6 to 10 inches. 25 cts. each, $2.50 per doz.

POLYANTHUS. Jacob’s Ladder. Spikes of blue or white flowers in early spring. 2 feet. 25 cts. each, $2.50 per doz.

POLYCALA chamaebuxus. Yellowish and pink flowers. 35 cts. each, $3.50 per doz.

POTENTILLA hybrida. Cinquefoil. The best of all and very rich in showy flowers. Flowers have been extensively collected. 25 cts. each, $2.50 per doz.

P. Sieboldii, in varieties. A Japanese hardy Primrose, varying in color from white to deep rose and purple. 25 cts. each, $2.50 per doz.

PYRETHRUM roseum.* We have a very fine collection of named varieties. 25 cts. each, $2.50 per doz.
P. uliginosum.* Large white flowers. 4 to 5 feet. 25 cts. each, $2.50 per doz.

RAUNUNCUS acris fl. pl. Double Buttercup. Shining yellow flowers. 25 cts. each, $2.50 per doz.
R. rubulosa. Double golden flowers in spring and early summer. 25 cts. each, $2.50 per doz.
R. speciosa fl. pl. Bachelor's Button. Flowers very large, golden yellow; always double; blooms all summer. 10 to 12 inches. 30 cts. per doz., $3 per doz.

RUELLIA ciliosa. Large, lilac flowers in late summer. 25 cts. each, $2.50 per doz.

RUTA graveolens. Common Rue. 18 to 24 inches. 25 cts. each, $2.50 per doz.

SALVIA azurea grandiflora. Deep blue flowers. 25 cts. each, $2.50 per doz.
S. pratens a. Meadow Sage. Long spikes of rich blue all summer. 12 to 18 inches. 25 cts. each, $2.50 per doz.

SANTOLINA chamaecyparissus. Lavender Cotton. Yellow button-like flower-heads in summer. 20 cts. each, $2 per doz.

SAPONARIA officinalis fl. pl. Rosy doubles flowers through summer. 25 cts. each, $2.50 per doz.

SAXIFRAGA Aizoon. Cream-colored flowers in June. 25 cts. each, $2.50 per doz.
S. cordifolia. Large red flowers in spring. 25 cts. each, $2.50 per doz.
S. crassifolia. Red flowers; fleshy leaves. 25 cts. each, $2.50 per doz.
S. subulata. A small plant for baskets and vases. 35 cts. each, $3.50 per doz.

SCABIOSA Caucasia. Large blue flowers. 1 to 3 feet. June to August. 25 cts. each, $2.50 per doz.

SEDUM. Yellow, white or pink flowers. S. sieboldii. Common Stonecrop. Yellow flowers in summer. 3 inches. 15 cts. each, $1.50 per doz.
S. nervii. Flowers white. 15 cts. each, $1.50 per doz.
S. sieboldii. Flowers rose-purple. 25 cts. each, $2.50 per doz.
S. spectabile. Rosy Stonecrop. Rosy purple, showy clusters. 2 to 3 feet. September and October. 25 cts. each, $2.50 per doz.

Shirley Poppy.
SOME CHOICE PERENNIAL PLANTS.

HARDY PERENNIAL PLANTS—Continued.

SEMPERVIVUM. Beautiful plants for covering rockwork, for edgings, etc. 15 cts. each, $1.50 per doz.

SENCIO Japonicus. Groundsels. Flowerheads 3 inches across, rich orange color; broad leaves. 5 feet. 30 cts. each, $3 per doz.

SILENE alpestris. Alpine Catchfly. Flowers in panicles; large, white. 25 cts. each, $2.50 per doz.

S. maritima. Sea-Loving Catchfly. White flowers an inch across in June. 2 to 4 inches. 25 cts. each, $2.50 per doz.

S. maritima fl. pl. A double form of the above. 25 cts. each, $2.50 per doz.

SILPHIUM laciniatum. The curious Compass Plant. 25 cts. each, $2.50 per doz.

S. perfoliatum. Cup Plant. Large yellow flowers in summer. 5 to 7 feet. 25 cts. each, $2.50 per doz.

SOLIDAGO elongata. The earliest-flowering Golden Rod, with immense panicles of yellow bloom in August. 18 to 24 inches. 25 cts. each, $2.50 per doz.

S. rigida. Yellow flowers. September and October. 25 cts. each, $2.50 per doz.

S. sempervirens. Fine for naturalizing in moist places. 25 cts. each, $2.50 per doz.

S. shortii. One of the brightest-flowered. 25 cts. each, $2.50 per doz.

SPIREA aruncus. Whitish flowers in spikes in June. 25 cts. each, $2.50 per doz.

S. astilboideae. Long heads of white flowers. 50 cts. each, $5 per doz.

S. filipendula fl. pl. White or rosy flowers. 1 to 2 feet. June. 25 cts. each, $2.50 per doz.

S. ulmaria fol. var. Meadow Sweet. White flowers. 2 feet. June. 25 cts. each, $2.50 per doz.

S. lobata. Queen of the Meadow. Deep pench-blossom. 25 cts. each, $2.50 per doz.

STACHYS lanata. Silvery white foliage; for edgings, rockeries, etc. 25 cts. each, $2.50 per doz.

STATICE Gmelina. 25 cts. ea., $2.50 per doz.

S. latifolia. Lilac flowers. 1 foot. July. 25 cts. each, $2.50 per doz.

S. Tatarica. Bright red flowers in June and July. 25 cts. each, $2.50 per doz.

STOKESIA cyanescens. Large, blue, aster-like flowers. August. 30 cts. each, $3 per doz.

SYMPHYTUM asperatum aurea variegata. Variegated Comfrey. Leaves bordered with yellow. 3 to 4 feet. 35 cts. each, $3.50 per doz.

S. officinale sulphureum. One to 3 feet. 35 cts. each, $3.50 per doz.

THalictrum glaucum. Elegantly cut, grayish foliage; bright yellow flowers in June and July. 3 to 4 feet. 25 cts. each, $2.50 per doz.

T. purpureum. Purplish or white-flowered. 4 to 8 feet. 25 cts. each, $2.50 per doz.

T. speciosum. Large yellow flowers. 5 to 6 feet. 25 cts. each, $2.50 per doz.

THERMOPSIS Caroliniana. Lupine-like yellow flowers in summer. 5 feet. 25 cts. each, $2.50 per doz.

TRADESCANTIA Virginica. Spiderwort. Deep violet-blue flowers all summer. 1 to 2 feet. 25 cts. each, $2.50 per doz.

T. — alba. Flowers white. 25 cts. each, $2.50 per doz.

TRICYRTIS hirta nigra. Japanese Toad Lily. Dark purple-black flowers all summer. 1 to 2 feet. 30 cts. each, $3 per doz.

TRIFOLIUM pannonicum. Hungarian Clover. Creamy white flowers. 25 cts. each, $2.50 per doz.

T. rubens. Dark-red Clover. 25 cts. each, $2.50 per doz.

TRITOMA urva variegata. Showy spikes of orange flowers in fall. 3 to 4 feet. 25 cts. each, $2.50 per doz.

TROLLIUS europaeus. European Globe Flower. Large, lemon-colored, buttefly-like flowers. 1 to 1½ feet across. 2 feet. June to August. 30 cts. each, $3 per doz.

TROLLIUS Japonicus. Orange flowers, in early spring. 12 in. 30c. each, $3 per doz.

TUHINIA saxatilis. Rock Tanica. Dwarf, with a profusion of small, rosy white flowers all summer. 6 to 10 inches. 25 cts. each, $2.50 per doz.

UVULARIA grandiflora. Yellow, tube-shaped flowers. 25 cts. each, $2.50 per doz.

VERONICA amethystina. Speedwell. Blue flowers in June. 12 to 18 inches. 25 cts. each, $2.50 per doz.

V. alpina. Blue and violet flowers in May. 25 cts. each, $2.50 per doz.

V. candida. White flowers. 25 cts. each, $2.50 per doz.

V. gentianoides var. Large blue flowers; variegated foliage. 25 cts. each, $2.50 per doz.

V. pinnata. Blue flowers. 25 cts. each, $2.50 per doz.

V. prostrata. Light blue flowers; prostrate. 25 cts. each, $2.50 per doz.

V. rupestris. Prostrate; flowers blue. May and June. 25 cts. each, $2.50 per doz.

V. subsessilis. Deep amethyst-blue. 25 cts. each, $2.50 per doz.

VIOLA cornuta. Horned Violet. White or pale blue. 25 cts. each, $2.50 per doz.

V. cucullata variegata. Blue and white flowers in spring. 4 to 6 inches. 25 cts. each, $2.50 per doz.

V. pedata. Bird’s-foot Violet. Wide, showy; blue and white. 15 cts. each, $1.50 per doz.

V. — bicolor. Upper petals purple; lower ones blue. 25 cts. each, $2.50 per doz.

YUCCA filamentosa. Adam’s Needle. All the Yuccas have immense panicles of large white flowers. 25 to 30 cts. each.

Y. — aurea variegata. $1.50 ea., $15 per doz.

Y. gloriosa. Spanish Bayonet. 4 to 6 feet. 90 cts. to $3.50 each.

Y. — var. quadricolor. $1.50 to $5 each.

Y. recurva. Foliage varied. 50c. to $3 each.
Our Arboretum.

All shrubs and trees herein mentioned will be furnished in large quantities at specially low rates, and we earnestly request those having charge of the planting in parks, large grounds, cemeteries, etc., to correspond with us about any such ornamentals as they may require.

DEICIDUOUS TREES.

LARGE SPECIMEN TREES, for immediate effect, are one of our great specialties. We can supply them in almost any sort desired. Write us of your needs, and we will send list of sizes and prices. The prices quoted below are for good stock of sizes most in demand by our customers.

ACER. The Maples. Well-shaped, vigorous, free from disease, and of wide adaptability.

A. *colchicum rubrum.* Young leaves crimson; tree compact, roundish. $1.

B. *polymorphum Japonicum.* Japan Maples. 50 cts. to $1.

C. *platanoides.* Norway Maple. 50 cts. to $1.

D. *— Wierii laciniatum.* Cut-leaved; graceful, pendulous habit. 50 cts. to $1.

E. *rubrum.* Red, or Red Bud Maple. 50 cts. to $1.

F. *saccharinum.* Sugar, or Rock Maple. 50 cts. to $1.

G. *— columnare.* A remarkable form of the Sugar Maple. Very erect, and in shape like the pyramidal poplar. $1.

ESCULUS. Horse Chestnut. Foliage rich; flower-cones large and brilliant; habit conspicuously elegant.

A. *hippocastanum.* White-flowering Horse Chestnut. 50 cts. to $1.

B. *alba flore pleno.* Flowers white, double. $1.

C. *rubicunda.* Beautiful red flowers. $1.

D. *macrostachya.* Dwarf, with fine-cut leaves and flowers in large spikes. 50 cts. to $1.

ALNUS aurea. The Yellow-leaved Alder. Its bright golden tint is like a burst of sunshine amid masses of darker shrubbery. $1.

BETULA. The Birches are noted for their graceful form and silvery white bark.

A. *alba atropurpurea.* Deep purple foli-ago. 75 cts. to $1.

B. — pendula. The Purple-leaved Weeping Birch. $2.

CATALPA Bungei. A curious dwarf form, with dome-shaped head formed by large leaves held with great precision. Grafted upon tall stems, it is now used in terrace decoration instead of tender, more expensive bay trees. $2 to $5.

C. Japonica hybrida. Teca' Japan Hybrid. White flowers, spotted purple. 50 cts.

C. Kempteri. Cream colored, fragrant flowers. $1.

C. speciosa. Of wonderfully rapid growth. 75 cts.

CERASUS avium ranunculiflora fl. pl. White flowers. $1.

C. — rosea. Rose-colored flowers. $1.

C. compacta nana. Dwarf-growing, large, double-flowering. Pink, Red and White varieties. $1 to $2.

CERCIIS. Judas Tree, or Red Bud.

C. Canadensis. Reddish purple flowers. Blooms with the Magnolias, and contrasts finely with them. 50 cts.

C. Japonica. Larger flowers. 50 cts. to $1.

CHIONANTHUS Virginicus. The White Fringe Tree. Pure white flowers in May or June. 35 to 50 cts.

CLADRASTIS tinctoria (Virgilia tinta). An elegant round-headed tree, with handsome foliage and fragrant white flowers in June. $1.

CORNUS. Dogwood. Handsome shrubs or small trees, bearing showy flowers in spring.

C. alba. Has red bark. 25 cts.

C. florida. White-flowering Dogwood. 50c.

CORNUS florida rubra grandiflora. Red-flowering Dogwood. $1 to $2.

C. mascula variegata. Bright yellow flowers. 50 cts.

C. pendula. Weeping Dogwood. $1.25 to $2.

CRATÆCUS. Hawthorn. Trees with clear, rich foliage. The double flowers are like small roses.

C. oxyacantha fl. pl. alba. White, double flowers. 50 cts. to $1.

C. — bicolor fl. pl. Pink and white. 50c.

C. — rosea fl. pl. Pink, double. 50 cts. to $1.

C. — rubra fl. pl. Bright red, double. 50 cts. to $1.

FACUS pendula. Weeping Beech. $10 to $20.

F. sylvatica aspleniifolia. Fern-leaved Beech. $1.

F. — heterophylla laciniata. Another fine cut-leaved form. $1 to $2.

F. — purpurea major. Purple Beech. $1 to $2.

LARIX Europaea pendula. European Weeping Larch. A very handsome tree, with irregular branches curiously arranged. $2.

LIRIODENDRON tulipfera. The magnificent Tulip Tree. The cleft, smooth, gray bole grows rapidly to great height, giving its branches a wide, slow sweeping, downward, and clothing them thickly with glossy masses of large, fiddle-shaped leaves. Its flowers, — great, curious tulip-shaped orange and yellow, — gleam like jewels from billows of green satin. 50 cts. to $1.

L. — panache. Variegated leaves. $3.

MACNOLIA tripetala. Umbrella Tree. Large white flowers. 4 to 6 inches across, in June. $1 to $2.

For other choice Magnolias, see Deciduous Flowering Shrubs.

PAULOWNIA imperialis. This beautiful Japanese tree has large, tropical leaves something like the Catalpas. Its flowers are fragrant, pure white, in large, upright panicles, of delicate lilac or purple. Rapid-growing, handsome. 50 cts. to $1.

POPULUS alba. Silver Poplar, or Abele. 50 cts. to $1.

P. Bolleana. Pyramidal Silver Poplar. 50 cts. to $1.

P. Carolina. Carolina Poplar. Of rapid growth, with splendid, shining leaves. A grand tree for large grounds or for street planting. 50 cts. to $1.

PRUNUS (Cerasus) avium pendulum. Double-flowering Weeping Cherry. Flowers like miniature roses. $1.50.

PRUNUS (Cerasus) japonica pendula. Flowers white, single; fruit red. $1.

P. pissardii. One of the brightest and most useful dwarf trees or shrubs. The young leaves are bright crimson, changing to rich purple with age. Gives great interest and richness of effect when planted in groups of shrubs and trees, or for ornamental hedges. Cheap and quick-growing. 35 cts. to $1.

P. Sinensis (Amygdalus prunifolia) flore albo pleno. White, double-flowering Almond. 50 cts. to $1.

P. — flore roseo pleno. Rose-colored flowers. 50 cts. to $1.

P. triloba. Rosy, double flowers. 50c. to $1.

PYRUS malus prunifolia pendula. Weeping Crab. $1.50.

P. — spectabilis albo pleno. Chinese Double White-flowering Crab. May. 50 to 50 cts.

P. — var. roseo pleno. Double, rose-colored, fragrant flowers nearly 2 inches across, in May. 50 to 75 cts.

P. aucuparia. European Mountain Ash. $1 to $2.

QUERCUS alba. American White Oak. A fine park tree, growing to grand size. 50c.

Q. aceropoda. Weeping habit and free growth. $2.

Q. alnifolia pendula. Of drooping habit and free growth. $2.

Q. cerris variegata. Leaves variegated. 50 cts. to $1.

Q. coccinea. Scarlet Oak. The large foliage changes in fall to bright scarlet. $1.

Q. macrocarpa. Mossy Cup, or Bur Oak. 75 cts.

Q. pedunculata aspleniifolia. $1.

Q. — concordia. Bright yellow foliage. $1.

Q. — nigra. Purple, changing to dark green. $1.

Q. robur pendula. European Weeping Oak. $1.

DECIDUOUS TREES—Continued.

ROBINIA hispida. The beautiful Rose Acacia, or Moss Locust. It has beautiful leaves and long, drooping clusters of fragrant pink flowers in June. This is one of our most elegant ornamental trees, richly flowered and beautiful for planting anywhere. 50 cts. to $1.

R. pseudacacia inermis globula. This kind forms extra fine, round heads. 35 cts.

R. — monophylla pendula. A drooping form, with but one leaflet on a single stem. $1.50.

RUBUS spectabilis. Large rosy-flowering shrub of rapid growth. 50 cts.

SALISBURY adiantifolia. Maidenhair Tree, or Ginkgo. 50 cts. to $1.

SALIX Babylonica. Weeping Willow. 50 cts. to $1.

Customers are welcome to the benefit of our long experience in making proper selections of trees or shrubs for any place or for any desired effect. We also supply superior collections of assorted ornamentals when desired. State the amount to be expended, location and surroundings, and we will send satisfactory varieties.

Large and full-grown trees of Maple, Elm, Oak, Linden, Beech, Tulip, Sycamore, Locust, Horse Chestnut, Ash, various Evergreens, etc., which have been transplanted often and are in the best possible condition, we can furnish at lowest market prices.

EVERGREEN TREES.

Our list is select, including only the finest sorts, which are of assured value for ornamental and utilitarian planting. All that are not perfectly hardy in this climate are specifically mentioned. In addition to the Conifers, there are in this section many other fine plants with persistent evergreen foliage. Aside from their color value in winter, and the shelter they afford as ornamental screens and windbreaks, the Evergreens form fine backgrounds to the lighter deciduous foliage of spring and summer, and to the gay hues of summer flowers.

LARGE SPECIMEN EVERGREENS are a specialty with us, and can be supplied in all good varieties. Prices quoted are for smaller stock.

ABIES alba. White Spruce. 50 cts. to $1.

A. — aurea. A small-growing variety, with bluish green foliage. 75 cts. to $1.50.

A. — canadensis. Hemlock Spruce. Graceful and always beautiful, useful as a lawn tree, and especially fine for hedging. 50 cts. to $1.

A. Engelmanni gracilis. Silvery foliage. $1 to $2.

A. excelsa. Norway Spruce. Forms a splendid hedge or windbreak in a short time. 50 cts. to $1.

A. Gregioriana. Of dwarf, compact, hemispherical form; very dense; one of the best dwarf Evergreens ever introduced. $1.

A. Inverta. A singular weeping variety. The branches drop almost perpendicularly, as shown in our illustration, page 35. $2.50 and up.

A. nigra. American Black Spruce. 75 cts. to $1.25.

A. orientalis. Eastern or Crimean Spruce. A good specimen is shown in the engraving. 75 cts. to $1.25.

C. deodara. Deodar, or Himalayan Cedar. 75 cts. to $1.50.

C. — glauca. One of the handsomest Evergreens yet sent out. Foliage delicate steel-blue. $2.50 to $5.

C. Libani. True Cedar of Lebanon. A most durable tree for parks. 50 cts. to $1.

CEPHALOTAXUS. Cluster-flowered Yew.

C. drupacea. A fine, compact, hardy little tree, with broad, shining foliage. 50 cts. to $1.50.

C. Fortunei. The finest of the genus. 50 cts. to $1.

CUPRESSUS Lawsoniana. Lawson’s Cypress. Has elegant drooping branches and slender, feathery leaflets. Excellent for massing in groups, and for hedges. We have several fine varieties with variegated leaves, of dwarf, compact or pyramidal growth. 50 cts. to $1.

JUNIPERUS communis. Common Juniper. 25 to 50 cts.

J. — Hibernica. Irish Juniper. Forms a column of deep green foliage. 50 cts. to $1.

J. prostrata. Fine creeping variety; useful to cover rocks. 50 cts. to $1.

J. sabina. Savin Juniper. Dwarf and spreading. 50 to 75 cts.

J. — glauca. A fine glaucous variety, of compact and handsome habit. 50 cts. to $1.
EVERGREEN TREES — Continued.

**PICEA amabilis.** Silver Fir. A graceful species; foliage glaucescent blue. $1 to $2.

**P. balsamea.** Balsam Fir. A handsome pyramidal tree, with foliage silvery underneath. 50 cts. to $1.

**P. Cephalonica.** Silvery, dagger-shaped leaves. $2.

**P. concolor violacea.** Of great hardness, with charming light semi-glaucous leaves. $2.50 to $3.50.

**P. nobilis.** Noble Fir of California. Of majestic appearance and symmetrical growth; foliage rich bluish green. $1 to $2.

**P. Nordmanniana.** Crimean Silver Fir. A noble tree of symmetrical and vigorous growth. Its massive foliage is dark green above and glaucous below. 75 cts. to $1.50.

**P. pectinata.** European Silver Fir. Has spreading, horizontal branches and broad, silvery foliage. 50 cts. to $1.25.

**P. pungens.** True Colorado Blue Spruce. An exceptionally beautiful and rare tree, with foliage of delicate, glistening blue. It is entirely hardy, and grows in elegant pyramidal form. The color of seedlings being variable, we have our trees grafted from the finest blue specimens of the east. Price according to size and color. $1.50 to $2.50.

**P. Picha.** Siberian Silver Fir. 75c, to $1.50.

**PINUS Austriaca.** Austrian or Black Pine. A dark, massive tree, that deserves promi-

**PINUS, continued.**

ent display. The growth is remarkably strong and hardy. One of the few Evergreens that flourish in salt spray. 50c, to $1.

**P. Cembra.** Alpine Arve, or Swiss Stone Pine. Blue-green, like the White Pine, but lighter. Forms a small, narrow spire of compact form. $1 to $2.50.

**P. excelsa.** Lofty Bhutan Pine. A noble, spreading tree, with very long, delicately green or silver leaves, arranged in picturesque, open masses. 75 cts. to $1.50.

**P. Laricio.** Corsican Pine. 75 cts. to $1.50.

**P. Mughus.** Dwarf Mountain Pine. 75 cts. to $1.50.

**P. strobus.** American White Pine. A noble tree to plant for present enjoyment and future generations. The quickest-growing Pine, and the best for wide shelter plantations. As a background and windbreak on large lawns, it is the finest tree, being always cheerful in appearance, and far superior to the Norway Spruce. 50c, to $1.

**P. — nana compacta.** Dwarf variety. 75 cts. to $1.50.

**P. sylvestris.** Scotch Pine. One of the very best for parks or massing out. Has a handsome contour and showy bluish foliage. 50 cts. to $1.

**RETONOSPORA** (Chamaecyparis). The Japan Cypress.

**R. filifera.** Dwarf; hardy. 75 cts. to $1.50.

**RETONOSPORA obtusa nana.** A fine little tree; spreading branches. 50c, to $1.

**R. plumosa.** Of elegant habit and compact growth. 50 cts. to $1.

**R. aurea.** Golden Japan Cypress. The branches are tipped with clear yellow; an extremely ornamental plant, which may be grown in pots to advantage. 50 cts. to $1.

**R. squarrosa.** A very ornamental small tree. 50 cts. to $1.

**RHODODENDRON.** See page 44.

**SCIAOPTYPS verticillata.** Umbrella or Parasol Tree. A highly prized and strange-looking tree, with dark green foliage growing in distinct whorls. Extremely rare; has an air of distinction; grows to good size; hardy. We have the largest stock of this elegant tree in America. $1 to $2.50.

**TAXUS adpressa.** Japan Yew. A fine, compact shrub, with dense, feathery branchlets. 50 cts. to $1.

**T. baccata.** English Yew. Densely branched, and susceptible of being trimmed into almost any shape. This is the species so largely used in the "topiary work," once so popular in England. 50 cts. to $1.

**T. — elegantissima.** Of fine straw color; very hardy. 50 cts. to $1.

**T. — erecta.** Erect, pyramidal. 50c, to $1.

**T. — fastigiata.** Irish Yew. Foliage dark green; habit upright. 75 cts. to $1.50.

Fine Evergreens are a specialty with us. We have many beautiful and finely shaped specimens subject to sale; they are often transplanted, and therefore can be sold with assurance of success and satisfaction.
Decorative Trees.

Laurus nobilis. (Sweet Bay Tree.)

Nothing can take the place of the classical Bay Tree, with its thick crown or pyramid of glossy leaves, for outdoor decorations, or for ornamenting halls, stairways, etc. We have a choice stock of these handsome trees, grown both as standards and pyramids. These we can furnish in all sizes. Height, diameter and full particulars will be furnished on application. $7.50 and upward.

Buxus arborea. (Box Tree.)

These shrubs are trained and clipped like Bay trees, and may be used for the same purpose. As they are perfectly hardy, there has been a great demand for them for vases and cemetery decoration. We furnish them trained either in standard or pyramid form. Full particulars sent on application. $1 and up.

Ligustrum Californicum. (California Privet.)

This beautiful, glossy-leaved shrub, trained in the standard form of the Bay Tree, may also be used for lawn decoration with very gratifying results. We have a magnificent stock, and can supply 5-foot trees, 36 inches in diameter, as handsome as standard Bay Trees. $2.50 and upward.

A Group of Decorative Trees.

ONE OF OUR GREAT SPECIALTIES.

Quaint Japanese Nanizened Trees.

OF GREAT AGE AND CHARACTER.
PERFECTLY HARDY IN THIS CLIMATE.

We have a very fine stock of these wonderfully trained and dwarfed trees, which are collected for us in Japan from private gardens. The prices vary from $5 to $50 each, as much as $300 having been paid for some of these trees. We have 55 varieties, a list of which can be had on application. Also, Japanese Dwarf Double-flowering Cherries and Peaches. Price, $2.50 to $5.

Japanese Pine.
DECIDUOUS SHRUBS.

These are an important element in landscape art. At some seasons of the year the beauty of parks and gardens depends almost entirely upon their flowers or bright leaves. At all times they are necessary as a brilliant undergrowth or supplement to trees.

**LARGE SPECIMENS** of all good shrubs can be furnished at prices proportionate to size. Write for sizes and prices.

**ALTHAEA.** See Hibiscus.

**AMYGDALUS communis.** The common Almond. 50 cts.

A. **persica alba fl. pl.** Flowers white, double. 50 cts.

A. **rubra fl. pl.** Red, double. 50 cts.

A. **purpureus rosea fl. pl. Pink flowers. 50 to 75 cts.

A. **alba fl. pl. White flowers. 50 to 75 cts.

**ANDROMEDA.** Dwarf trees and shrubs, with pretty foliage and delicately beautiful flowers, shaped like Lilies-of-the-Valley, in clustered racemes or panicules. For the evergreen forms, see Evergreens.

A. **arborea.** Oxydendron. Fragrant white flowers. 5 cts.

A. **calyculata.** 50 cts.

A. **Mariana.** Lilies-like white flower bells. 50 to 75 cts.

A. **speciosa.** Lily-of-the-Valley Shrub. Dwarf, with glaucous foliage and long racemes of flowers; fine for forcing. 50 cts.

**AZALEAS.** See Azaleas and Rhododendrons.

**BERBERIS vulgaris atropurpurea.** Purple-leaved Barberry. 30 cts.

B. **Thunbergii.** Equally beautiful for bordering groups of larger shrubs, forming low hedges, planting around house foundations, etc. In late autumn, when most other shrubs are bare, the small, oval leaves of this broad, picturesque little bush color up to vivid crimson, and until midwinter it is bright and handsome with scarlet berries. 50 to 75 cts.

**CORYLUS avellana.** The deep purple-flowering All-spike or Sweet-scented Shrub. 25 to 50 cts.

**CEANOTHUS Americanus.** New Jersey Tea. A handsome shrub, bearing small white flowers in June and July. 25 cts.

**CORCHORUS (Kerria) japonica fl. pl.** Double golden yellow flowers early in spring. 25 cts. to 50 cts.

C. **— variegata.** Richly variegated foliage. 25 cts.

**CORYLUS avellana atropurpurea.** Purple-leaved Filbert. 50 cts.

**COTONEASTER.** Hardy shrubs or small trees of handsome character and easy cultivation; their intense scarlet fruits are very ornamental in winter.

C. **uva ursi.** Large foliage. 50 cts.

C. **Simonsi.** A fine variety. 50 cts.

**CYDONIA Japonica.** Japan Quince. Bright scarlet flowers in early spring. Forms a most ornamental hedge, as well as superb single specimens. 50 cts. to $1.

**CYTISUS laburnum.** Golden Chain. So called from its lovely racemes of clear yellow flowers. 50 to 75 cts.

C. **purpureus.** Purple-leaved. 50 cts. to $1.

**DAPHNE mezereum.** A very bright and showy little shrub, bearing pretty red flowers in spring. 50 cts.

**DEUTZIA crenata fl. pl.** Delicate pinkish white, double flowers in June; a beauty. 35 cts.

D. **gracilis.** Dwarf; bears pure white flowers very early. 25 to 35 cts.

D. **scabra.** Fine single flowers in June; rough-surfaced leaves. 35 cts.

**ELEAGNUS argentea.** Bohemian Olive, or Silver Thorn. Silvery foliage and fragrant blossoms. 50 cts.

E. **longipes.** Japan Oleaster. Bears a profusion of yellow flowers, followed by orange-scarlet berries. 50 cts. to $1.

**ERYTHRINA cristagalli.** Coral Tree. Deep scarlet flowers in large terminal racemes. 50 cts. to $1.

**EXOCHorda grandiflora.** Large white flowers in May. 30 to 50 cts.

**FORSYTHIA Fortunei.** The showy spring “Golden Bells,” really the first flowers of the season. 55 cts.

F. **Sieboldii.** A broader species from Japan. 50 cts.

F. **suspenso.** Slender, vine-like branches; useful for covering walls, trellises, etc. 37 cts.

F. **viridissima.** The well-known form. 25 cts.

**HIBISCUS Syriacus.** Althea, or Rose of Sharon. Single and double flowering sorts. Late summer-flowering shrubs of great beauty. Useful for ornamental hedges, or may be grown into fine, large shrubs or small trees; by judicious pruning they can be made to take any form. 25 to 50 cts.

H. **— variegata.** White and green foliage and maroon-colored flowers. 50 cts. to $1.

**HYDRANGEA paniculata grandiflora.** The finest hardy shrub of recent years. A

**HYDRANGEA, continued.**

A grand plant for showy masses on the lawn; entirely hardy; flowers white, in immense terminal panicles, that remain perfect for months. Variety may be grown by training the shrubs in tree form. 25 to 50 cts.

**LIGUSTRUM.** Privet. Largely used for hedges, for which they are unequalled.

L. **japonicum var.** Finely variegated. 50 cts.

L. **macrophylla.** Broad-leaved. 50 cts.

L. **ovalifolium.** California Privet. This is the most elegant species of all for hedges, and beautiful, too, for training in pyramid or standard form, like the Bay tree. See page 56. 25 cts.

**LONICERA.** The standard Honeysuckles grow into handsome bushes of dense, compact form.

L. **fragrantissima.** A quick and large-growing Honeysuckle, with white, very fragrant flowers and almost evergreen foliage. 35 cts.

L. **Tatarica.** Flowers pink in May. 25 cts.

For other Honeysuckles, see Hardy Vines and Climbers.
MAGNOLIA. The large, shining leaves of the Magnolias, and their great, creamy, perfume-filled cups give us our most tropical effects. Their spring inflorescence is beautiful beyond description, while from April till midsummer some member of the genus in bloom should be transplanted in early spring, taking care to preserve their fibrous roots and protect them from exposure. The following are the best and largest flowering varieties, are of dwarf habit, and suitable for any location.

M. Campbellii. Pale rose inside, crimson outside; very handsome, but not entirely hardy. $1 to $2.

M. conspicua. White Chinese Magnolia, or Yulan. Conspicuous in a handsome race, as, perhaps, the finest of all. The great white flowers cover the entire surface of the tree very early, before the leaves appear. One of the largest Chinese sorts, always rare and high-priced. Illustrated on page 57. $1 to $2.

M. — Soulangeana. Flowers white and rosy purple, 3 to 5 inches across. Leaves very broad and glossy; blooms a little later than M. conspicua; is one of the handsomest and finest foreign Magnolias. $1 to $2.

M. gialca. The lovely Sweet Bay or Swamp Laurel. White, fragrant flowers, 75 cents to $1.50.

M. Haileana (M. stellata). An exceedingly dwarf and compact-growing form, with beautiful, white, semi-double flowers very early in spring. $2 to $3.

M. Lennei. Fine, light purple flowers. $1 to $2.

M. purpurea. Dwarf, purple-flowering; of great hardiness. $1 to $2.

M. Thompsoniana. Very large, creamy white flowers of delightful fragrance. 50 cents to $1.

Paeonia arborea. The Tree Peonies are elegant in growth and splendid in flower. They grow into fine bushes 3 to 4 feet high, and are covered in spring with immense globular flowers of many rich and delicate colors. We offer all the best Japanese varieties at from $1 to $2.50 each. Exceedingly low rates are given on plants by the dozen and hundred, our selection.

Philadelphus coronarius. The true Mock Orange, blooming early, with a delightful orange fragrance. 25 to 50 cents.

P. grandiflorus. Larger flowers; later. 25 to 50 cents.

P. Cordianus. Very late-blooming. 25 to 50 cents.

Rhus cotinus. Smoke Tree, Purple Fringe, or Vein-tan. Curious, mist-like flowers cover the plant in early summer. 35 cents.

R. gabra laciniata. Cut-leaved Sumach. The fern-like leaves turn rich red in autumn. 50 cents to $1.

S. argentea. Silver Variegated Elder. 50 cents.

Syringa. Dwarf; flowers pink, in July and August. 35 cents.

S. Biltardii. Rose-colored flowers, borne nearly all summer. 35 cents.

S. Bumalda. Dwarf; rose-colored flowers in midsummer and autumn. 50 cents.

S. calllosa. A profuse red-flowering species; blooms nearly all summer. 35 cents.

S. Douglasii. Deep rose-colored flowers in July. 35 cents.

S. opulifolia aurea. Double white flowers to 1 inch. 35 cents.

S. prunifolia fl. pi. White, double flowers in May. 30 cents.

S. Reevesi (S. lanceolata) fl. pi. Graceful, double white flowers, 35 cents.

S. Thunbergii. A very neat and beautiful white early-flowering species, of dwarf habit, valuable for forcing. 25 to 50 cents.

S. Van Houttei. Pure white flowers in long cylindrical plumes. 50 cents.

Staphylea colchica. A handsome shrub, with large clusters of cream-colored flowers, 50 cents.

Symphoricarpus racemosus. Snowberry. 50 cents.

Syringa. The Lilacs are well known shrubs of inestimable value. Their lovely blossoms, produced in spring, are admired by all, and the forcing of the flowers in winter now brings their delicate perfume to us at a time when it is most grateful. Besides the favorite older forms, we offer exquisite new ones that extend materially the time of blooming. We have also fine plants especially prepared for forcing, concerning which correspondence is invited.

Chinensis. Intense violet flowers in May. 25 to 50 cents.

S. Grandiflora. Large red flowers. 25 to 50 cents.

S. japonica. Japanese Lilac. 50 cents to $1.

S. Josikaea. Purple flowers in June; extends the season; very fine. 50c to $1.

Syringa ligustrina pendula. A new white weeping lilac from China. $2.50.

S. Persica. Small foliage and bright flowers. Several fine sorts. 25 cents to $1.

S. var. President Grey. Flowers blue, double, in clusters 10 inches long. 50 cents.

S. Rothomagensis. Reddish flowers of great size, 50 cents.

S. vulgaris. Blush purple or lilac flowers. 25 to 50 cents.

S. var. Alba. Lovely white flowers. 35 to 50c.

S. — Charles X. Reddish purple; splendid for forcing. 35 cents to $1.

S. Rubra de Marley. Very large dark red flowers, coming light lavender when forced; free-blooming and elegant. 75 cents to $1.

S. var. Frau Dammann. One of the best white Lilacs. Immense panicles, 50 cents.

S. var. Ludwig Spethi. Large panicles of single dark purplish red flowers. $1.

S. var. Marie Le Cray. The best white Lilac. For description see New and Rare Plants, page 5. 50 cents.

Viburnum nana compacta. Snowball. Dense-growing form, with hydrangea-like flowers, followed by red berries. 75 cents.

V. opulus sterilis. Snowball or Guelder Rose. The Snowballs give the same showy, lasting flower effects in spring produced by the hydrangeas in fall. 25 to 50 cents.

V. picatum. A choice Japanese species, blooming in June. Its flowers are whiter and more delicate than the preceding, and it is also excellent for forcing. 50 to 75 cents.

V. — tomentosum. A rare and pretty form of the preceding. 50 cents.

Weigela amabilis. Dark pink flowers in autumn. 35 to 75 cents.

W. — alba. White flowers. 35 to 75 cents.

W. amabilis variegata. Leaves varied with yellow. 35 to 75 cents.

W. — Isolene. White flowers. 35 to 75 cents.

W. — Van Houttei. Carmine-red. 50 cents.

W. arborea grandiflora. Large flowers of sulphur or pale white, changing to pale rose. 35 cents.

W. floribunda. Red flowers. 25 to 50 cents.

W. candida. Pure white flowers. 35 to 50 cents.

W. purpurea. Dark red flowers. 25 to 50c.

W. rosea. Rose color. 25 to 50 cents.

W. — nama variegata. Dwarf, with variegated leaves. 25 to 50 cents.

Spiraea Van Houttei.
EVERGREEN SHRUBS—HARDY FRUIT TREES.

PLANTS. The evergreen species of

ANDROMEDA. The evergreen species of

AZALEA amoena. A very pretty plant of
dwarf habit, with a profusion of rosy pur-
ple flowers; perfectly hardy. 50 cts. to $1.

BUXUS arborescens. The well-known
Tree Box. Of slow growth, but very orna-
mental. 50 cts. to $1.

DAPHNE cneorum. Dwarf and neat in
growth, with dark, glossy leaves and
clusters of small pink, very fragrant flow-
er.s.

EUONYMUS angustifolius. Beautiful
golden and green foliage. 25 to 50 cts.

E. japonicus variegatus. Upright and com-
 pact growth, with fine glossy leaves. We
offer a fine collection of original Japanese
forms with variegated foliage. According
to size and variety, 25 cts. to $1.

E. rhododendron variegatus. A smaller, highly
formal ornamental. It has beautifully silvery
green leaves, margined white and pink.
Can be trained into a handsome shrub, or
grown as a creeper over walls, etc. 25 cts.

KALMIA latifolia. Calico Bush. A superb
evergreen shrub, bearing large clusters of
quaintly formed rose and white flowers.
25 to 75 cts.

MAHONIA aquifolium. Dark bronze leaves;
yellow flowers, followed by shining black
berries. 25 to 50 cts.

M. japonica. An especially beautiful var-
ety; not entirely hardy north of Phila-
delphia. 25 to 50 cts.

RETNOSPORA. See Evergreen Trees.

SKIMMIA japonica. Bears deliciously
scented white flowers in spring, succeeded
by scarlet berries; makes a fine appearance;
deeds protection in winter. 25 cts. to $1.

THUYA occidentalis. American Arbor-
vitae. Well adapted for hedges, shelter
belts and for ornamental planting. 25 to
50 cts.

T. compacta. Parsons’ Arborvitae. A
dwarf species of compact and symmetrical
habit. 50 to 75 cts.

T. globosa. Forms a dense, round head.
50 cts. to $1.

Dwarf and globular in outline; foliage a
light yellowish green. 50 cts. to $1.

T. Sibirica. Compact-growing; the dark
green foliage holds its color all winter;
excelent either for the lawn or hedging.
25 to 75 cts.

T. Tom Thumb. Remarkably dwarf.
50 cts. to $1.50.

L. orientalis (Biota). Chinese Arborvitae.
This species includes a number of very
fine ornamental evergreens of many dis-
tinct varieties, both in form and habit of
growth as well as in the various shades of
color. We keep in stock and recommend
all sorts that we are certain will thrive
well. 50 cts. to $1.50, according to variety
and size.

Fruit Trees and Plants.

INCLUDING CHOICE VARIETIES FOR ORDINARY GARDEN AND FIELD CULTURE, GRAPE VINES FOR FORCING,
AND A SELECT ASSORTMENT OF TROPICAL FRUITS.

We offer in this department a very careful selection of FRUITS FOR ALL PURPOSES. The selection of ordinary domestic
fruits is the cream from the innumerable list of varieties now offered, and includes only the best and most distinct of each class.

Our Fruit Trees and Plants of Bearing Age (splendid stock) can be supplied in all standard varieties. They will
save much expense and bother in buying market fruits and much impatient waiting for the superior home product to be grown
from smaller stock. Write us for prices on these Bearing Fruit Trees.

HARDY FRUIT TREES.

Nacho and other Hybrids. 3 to 5 feet, $1
to $2 each.

WALNUTS, English. 3 to 4 feet, 75 cts.
to $1.50 each, $6.50 to $15 per doz.

Japan. Sieboldii and other choice sorts.
$1 to $3.50.
FOREIGN GRAPE VINES. (For Hot and Cold Graperies.)

We make a specialty of Grape Vines for Vineries, and supply fine and healthy 2-year-old plants, guaranteed free from disease, of the best selected sorts, at $2 each. Three-year-old vines, extra heavy, $4 each. Our vines of bearing age never fail to please purchasers.

Mrs. Pince (Black Muscat). Bunch large and tapers, well shouldered and handsome; berries medium and oval; flesh firm, rich and sweet, with true Muscat flavor; a late Grape, and an excellent keeper; best for hot vineyard.

Muscat Hamburg, or Black Muscat. Berries very large, roundish oval; flesh melting, juicy and rich; a most delicious Grape, with a distinct Muscat flavor; a valuable midseason variety; best suited for hot vineyard.

Muscot of Alexandria. Greenish yellow, golden when fully ripened. Bunches large and shouldered, long-tapered; berries large and oval; flesh firm, rich, sugary, with delicious ripeness; ripens late; for hot vineyards. $2.

Muscot of Hamburg. Berries, round, large, of peculiar flavor; very large bunches of vigorous habit. $2.

Madresfield Court (Black Muscat). Bunch large and well-shouldered; berries large, oblong, with a fine delicate bloom; flesh melting, juicy and rich, with a strong Muscat flavor. $2.

Royal Muscadine. Berries round, of a pale amber when ripe; flesh firm, juicy and very pleasant; a good Grape of the Sweetwater type, sometimes called White Chasselas. Suitable for cold vineyard. $2.

Royal Ascot. Berries large; bunches firm, jet black and very juicy, with a piquant, plum-like flavor; best for hot vineyards. $2.

Santa Cruz. White; large berries, large bunch; a vigorous grower. $2.

Trentham Black. Berries oval, large, very juicy and rich; a great bearer. For cold vineyard. $2.

White Frontignan. Bunch medium; berries round and thick-set; flesh rich and juicy, of a distinct Muscat flavor; an excellent midseason sort; best for hot vineyard. $2.

White Nico. Large bunch; very sweet and juicy; ripens late; for hot vineyard. $2.

White Tokay. Bunch large, compact and well shouldered; berries large and oval; flesh tender, rich and juicy; best for hot vineyard. $2.

White Sweetwater. Bunch medium; a well-known variety. $2.

White Syrian. Berries oval; good size; bunches very large; best for hot vineyard. $2.

Wilmut's Hamburg. Berries jet black, much like the old and popular Black Hamburg of a very agreeable and spicy flavor. $2.

One-year-old vines of the above varieties may be had at prices one-third less than for 2-year-old. Special prices for large quantities will be given on application. All our vines are guaranteed true to name and variety.

HARDY GRAPE VINES AND SMALL FRUITS.

We offer in the following list of Small Fruits only the best varieties. The plants are all first-class, and we pack them in the best and lightest manner possible.

HARDY GRAPE VINES. We offer only a short list of those varieties known to be most satisfactory in a large portion of the country.

Varieties. Concord (black, medium), Catawba (reddish, late), Delaware (deep amber, early), Hartford Promise (black, early), Iona (deep red, late), Rogers' Hybrids, Iris' Seedling (black, very early), Martha (white, early), Moore's Early (black, very early), Prenfils (light green, late), Polebridge (light red, late), Niagara (golden yellow, medium). Two- and 3-year-old vines of the above, 50 to 75 cts. each, $5 to $7.50 per doz. Special prices for large quantities given on application.

STRAWBERRIES. 50 to 75 cts. per doz., $2.50 to $3.50 per 100. Standard Varieties. Bubach, Belmont, Champion, Camels, Downings, Crescent Seedling, Glendale, Henderson, Jessie, Jersey Queen, Kentucky, Manchester, Parry, Summit, Sharpless, Triomphe de Gand, Wilson, Haverland, Gandy, Jewel, Parker Earle. New Varieties. Brandywine, Clyde, William Belt, Bismark, Boulanger, and others.

RASPBERRIES. 75 cts. to $1.50 per doz., $4 to $6 per 100. Varieties. Brandywine, Cumberland, Cultbert, Golden Queen, Gregg, Hansell, Hopkins, Ohio, Shaffer's Coosol, Souhegan, Turner.

GOOSEBERRIES. Varieties. Industry, 2 yrs., 50 cts. each, $3 per doz.; Downing, 2 yrs., $1.50 per doz.; Smith's Improved, 2 yrs., $1.50 per doz.; Houghton, 2 yrs., $1 per doz.

CURRENTS. 20 to 25 cts. each, $1.50 to $2.50 per doz., $8 to $15 per 100. Varieties. Cherry, Versailles, Red Dutch, Victoria, Black Napoleon, Lee's Prolific, White Grape, Fay's Prolific.
TROPICAL FRUITS—BULBS AND SEEDS.

TROPICAL AND SEMI-TROPICAL FRUITS.
Suitable for Greenhouse Culture in the North, or for the Open Air in the South.

Those having private conservatories will find these fruits an endless source of pleasure, if carefully grown.

ACHRAS Sapota (Sapota manillana). Sapodilla or Naseberry. 50 cts.
ANACARDIUM occidentale. Cashew Nut. $1.
ANANASSA sativa. Pineapple. We furnish a number of select varieties. Prices for large quantities of Pineapples furnished on application.
ANONAS. Three sorts. 50 cts. each.
ARTOCARPUS incisa. Bread Fruit. $5.
CITRUS. The Orange, Lemon, Lime, Kumquat, Citron, etc. See Stove and Greenhouse Plants.

COCOS nucifera. Coconut Palm. $5.
COFFEE Arabica. True Coffee Plant. $1.50.
EUGENIA Jambos. Rose Apple, or Jam-rosade. $1.
E. Michelli. Cayuene Cherry or Pitauga. $1.
FICUS carica. Fig. 50 cts. to $1.
MALPighIA glabra. Barbadoes Cherry. $1.
MAMMEA Americana. Mammea Apple, or St. Domingo Apricot. $1.
MANGIFERA indica. Mango. Three sorts. $1 each.
MONTERA deliciosa. Ceriman of Trinidad. $1 to $3.

MUSA. Bananas. Three sorts. $1 to $2.50.
OPUNTIA Ficus Indica. Indian Fig. $1.
PASSIFLORA edulis. Granadilla. 75 cts. to $1.
PERSEA gratissima. Avocado, or Alli-gator Pear. $1.
PHOBUS dactylifera. Date Palm. $2.50 to $10.
PSIDIIUM cattleyanum. Cattleya or Straw-berry Guava. Several sorts. $1 each.
PUNICA granatum. Pomegranate. $1.
SOLANUM Guatemalense. Pepino, or Melon Shrub. $1.
TAMARINDUS indica. Tamarind. $1.
TERMINALIA Catappa. Almond. $1.

Hardy Bulbs for Spring and Fall Planting.

Our annual importation of these bulbs is large and choice. We can supply in solid, heavy bulbs of extra or medium size, all the favorite sorts, from the bright-flowered Tulips, Hyacinths and Narcissi that usher in early spring, to the latest-flowering Lilies of autumn.

Of Lilies we have especially fine stock, including such choice and popular sorts as Auratum, Batemanii, Canadense, Rubrum, Candidum, Croceum, Excel- sum, Grayi, Hansoni, Humboldtii, Longiflorum, Harrisii, Pardalinum, Pom-pomium, Rubescens, Speciosus roseum, Speciosum album praecox, Super-bum, Tenuiflorum, Thumbergianum, Tigrinum ft. pt., Tigrinum splendens, Umbellatum, Washingtonianum, and others, at prices ranging from 15 to 50 cts., each, and $1 to $5 per doz.

Extra-large bulbs of L. auratum and L. Harrisii can be supplied, which, if properly cared for, will give grand spikes of bloom.

Select Seeds.

This department of our stock receives careful attention, and will be found well graded to suit the fustidious tastes of the trade which favors us.

OUR FLOWER SEEDS are thoroughly up to date as to varieties, first-class in purity of strains, and unexcelled in vitality or germinating power. Seeds of any variety desired by our customers, which we may not have in stock, we procure for them from the best sources at market prices.

IN LAWN GRASS SEEDS we offer standard and special mixtures at prices as low as such good seeds can be sold for.

VEGETABLE AND FARM SEEDS, of the best quality and in good variety, we also keep in stock. Special prices quoted on large orders.

INSECTICIDES.

Preparations which will keep your plants from being infested with insects. Use them in time; prevention is far better than cure.

Tobacco Juice. Chemically prepared with other ingredients. Will keep plants free from the green and black aphis, the rose bug, red spider, mealy bug, scale, etc. Quart bottles 50 cts.; per gallon $1.50, in 1 to 5 gallon cans. Full directions given with each bottle or can.

Tobacco Dust. Lb. 8 cts., 10-lb. pkg. 60c., 100 lbs. $5.

Tobacco Soap (Rose Hill Brand). Dissolve 2 ounces in a gallon of water. ½ lb. tins 25c. In 10, 25 or 50-lb. cans, $4, $10 and $18.

Tobacco Stems, for Fumigating. Clean and free from rubbish; and very effective when properly used. In bales of 100 lbs. $1; about 500-lb. bales $5.

Firtree Oil. This insect-destroyer has proved to be most effective for red spider, green fly, mealy bug, caterpillars, slugs, blister, etc. Price, with full directions, ½ pt. bottle 50 cts., pt. 75 cts., qt. $1.50, ½-gal. $2.75, gal. $5.

Whale Oil Soap. Lb. 12 cts., 5 lb. 50 cts., 25 lbs. and over, 8 cts. per lb.

FERTILIZERS.

We offer here some pure natural fertilizers. There is nothing like the genuine article for plants. Can be used with great satisfaction on almost all plants in this catalogue, either in liquid form, or mixed with the soil.

Excelsior Fertilizer. $40 per ton.
Pure Ground Bone Meal. Coarse or fine. $40 per ton.
Coarse Ground Bone, in about 200-lb. bbls., $2.75 per 100 lbs., $40 per ton.

Fine Ground Bone, in bbls. of about 200 lbs., $2.75 per 100 lbs., $40 per ton.
Pure Sheep Manure. Per bag of 100 lbs., $2.50, per ton, $30.

Lawn Fertilizer, Siebrecht & Son's Special Brand. Odorless; a little can be used all through the season; tested by leading agricultural chemists; will produce richer lawns than any other used. For 100 lbs. $2, about 220 lbs. to the bld.; per ton, $30.50.
Supplies and Requisites.

INCLUDING MANY ARTICLES ESSENTIAL IN GARDENS AND GREENHOUSES.

We have arranged to supply our customers with the many essentials required in garden and greenhouse work, some of which are not readily accessible, or cannot well be procured of proper quality for the purpose intended. Orchid growers, especially, will find our peat, moss, cylinders, cribs, rafts, etc., the very best for the purpose, and of moderate price.

MATERIALS FOR ORCHID CULTURE.
(Also for Nepenthes and Sarracenia.)

Rafts, Cylinders and Cribs. Made of hard wood, put together with copper wire and brass nails.

Orchid Pots. All sizes supplied at manufacturers' prices; send list of your wants. Special prices for large quantities.

Peat Fibrous. Of best quality. The proper article in which to grow most orchids is our fibrous peat, which is really the fine wirelike roots of hard-wooded vegetation, combined with a portion of decomposed leaves and roots. Bag $2, bbl. $2.50; prices for larger quantities on application.

Live Sphagnum Moss. First quality, short variety, upland grown, bbl. $2; second quality, long variety, swamp grown, bbl. $2.50.

Dead or Dry Moss. Excellent for mixing with peat for potting material, and also good for packing. Bbl. $2; prices for larger quantities on application.

POTTING MATERIAL.
Suitable for Palms, Stove Plants, Ferns and New Holland Plants; also, for Rhododendrons and Azaleas for Pot or Outdoor Culture.

Cocoanut Fiber. The real article, in the fine hair-like state; the best thing for perfect drainage in flower pots or tubs. Bbl. $3, smaller quantities in proportion.

Fine Peat, not fibrous. Bag $1.50, bbl. $2.

Leaf Mold. Bag $1, bbl. $1.50.

Peat and Leaf Mold Mixed. Bag $1.50, bbl. $2.

OTHER CONVENIENCES.

Raffia. The best thing for tying; every fiber of it can be used. 40 cts. per lb.

Small and Soft Sponges, for washing plants. $3 to $5 per doz.

Standard Flower Pots. We can supply all sizes, from 2 inches to 2 feet in diameter, at manufacturers' prices.

Seed Pans. Best makes and shapes; all sizes, at manufacturers' prices.

VASES AND FLOWER TUBS.

The New Jardiniere Vase. Made in ornamental terra-cotta ware, in a neutral and quiet color. The advantage of this vase over all others is that the upper section, which is separate from the body of the vase, can be removed while setting in the pot, and then replaced, thus concealing a large portion of the earth. Size, 18 inches high and 18 inches in diameter. $8 each.

World's Columbian Fair Vases. Real Italian Terra-cotta Flower Pot. Exact model of the vases which Nesery, McKim, Mead & White (architects) imported from Italy for the New York State Building (and which we decorated). We are now the sole agents for these vases. The regular size is 2 feet high and 2 feet in diameter. Price, $20 each, $35 per pair. We can also furnish them to order any size up to 5 feet in diameter.

Columbia Flower Tubs. Made of best pine lumber, steel wire hoops, with strong handles, heavily painted with best oil paint in dark wine color or olive-green. Five sizes:

**RUSTIC WORK.**

We furnish artistic and massive Rustic Work of all sorts and descriptions. Summer-houses, arbors, bridges, bathing and well-houses, gateways, lawn-pagodas, settees and chairs, tables and rustic stands, vases and tubs—everything needed in this line we can supply in artistic designs and the best woods, finely finished. A few of these designs are illustrated below. For further information, send for our Catalogue and Price-list of Rustic Work.

---

**SIEBRECHT & SON'S PATENT GREENHOUSE SHADING.**

The most satisfactory Shading ever used. Never gets out of order. Lasts as long as a good greenhouse.

How it is made and operated. The Shading is made of slats, which are of the best clear wood; it is arranged in sections, either 6½ or 8 feet wide, but can be made any width and length to suit size of roof. These slats are fastened together very substantially with galvanized wire bands and rings. The chain-like fastenings are from 16 to 18 inches apart, each section of Shading having a roller attached to the lower end, the other end being fastened to the ridge of the house or highest point to be shaded, and where, by means of a pulley and line, it is easily rolled up and down at whatever distance desired. It can be operated inside or outside of the house. It will protect your glass from hail storms, and your plants from the intense heat in summer, and from severe cold in winter; does not get out of order; does not destroy paint, putty or glass, as is the case with the old-fashioned method of whitewash or paint. It gives your house an even and cooling shade, and a neat appearance. It can be rolled up and down at will, which is a great advantage, especially when the short, dark days come and only a little shading is needed. Estimates given on application.

**LETTER FROM CUSTOMER ABOUT OUR SHADING.**

SIEBRECHT & SON,

LENOX, MASS., March 25, 1899.

Gentlemen—Allow me to state that I have used your Patent Shading for the last six years. It is without doubt the most excellent patent for shading greenhouses I have ever seen, especially for foliage plants, orchids and semi-tropical plants. I do not consider anything better so useful, durable and ornamental. It is also more practical than any other Shading, especially for private greenhouse purposes. It gives just the very light required during the summer season, and all plants seem to enjoy this perfect shading. During all these years we have had no expense whatever in repairing your shades. They are very easily handled. If cloudy weather prevails they are rolled up, and full light is given to the plants. In stormy weather, such as we often have in midsummer, they are also excellent protection to the glass from hail. They have given us excellent service and perfect satisfaction, and I can, with pleasure, recommend this Shading to any patron who needs a perfect shading.

Very respectfully yours,

J. F. Huss, with G. H. Morgan, Esq.
THE "SIEBRECHT JR." PLANT STAND.

In use these stands are easily arranged for any height desired, and are especially serviceable for elevating large plants above small ones. The "Siebrecht Jr." is one of the handiest and most practical articles yet invented for general use in dozens of ways about a greenhouse.

We offer these stands, all ready to be screwed together, which can be done by hand in a few minutes, in the following sizes:

<table>
<thead>

Landscape Architecture

With over a quarter century's experience, we offer our services for all Landscape and Planting Work, of whatever magnitude. We will send competent and expert Landscape Architects, upon application, to inspect either new or old places, with a view to planting or remodeling. This work will be undertaken by contract or otherwise, and estimates will be cheerfully furnished for any desired work, upon visit or receipt of specifications.

It is our custom to fully guarantee our planting for one year, and we replace, free of charge, any trees or plants which may fail to grow within that time, unless they have been damaged by carelessness in handling after having been turned over to the owners in good condition.

Many country residence places may be wonderfully improved at a very moderate expense by the intelligent efforts of our landscape experts; and in new planting, our wide experience and great resources serve to save much expense and bother to our patrons, as we can include the planning, stock and planting under one contract and one responsibility. Competent gardeners are nearly always at our command for the care of such places.

Cut-Flower and Decorative Department

For many years we have carried on a first-class floral establishment, during which time we have furnished floral decorations for many notable events, supplying our patrons (who are, for the greater part, of the old New York families, and customers of long standing) with the choicest and best, which through years of experience and constant study of the art of horticulture we have been successful in producing. As our connection with the Rose Hill Nurseries gives us unusual facilities for such floral productions, our work in this line cannot be surpassed in the metropolis. Our stock of all the choicest varieties of plants for the production of cut-flowers, together with our immense collection of rare plants, Palms, Cycads, Tree Ferns and Orchids, enables us to carry out orders of any magnitude with the greatest ease, and with more satisfaction to our friends than can be given by those lacking the facilities. Orders by mail or wire receive prompt consideration.

Flowers by Telegraph

Being members of the Florists' International Telegraph Delivery Association, we are constantly delivering flowers on order anywhere. Our customer in New York or elsewhere can have any desired floral work, through us, delivered to his order and with his card, not only in every city of importance in the United States, but also in London, Paris, Berlin or Vienna, at but a few hours' notice. This use of electrical cypher transmission is proving very satisfactory, and we invite the commands of our friends.

Our Plant-Furnishing Department

Some few years ago we introduced the Parisian plan of furnishing palms and decorative plants for conservatories, halls, drawing and dining rooms, etc., by the week, month or season, and it has worked with unparalleled success. Of course, with our great stock of palms and decorative plants, which is of such magnitude that it must be seen in order to be appreciated, we are able to supply any demand, and at the most reasonable prices. We are always prepared to furnish plans, estimates and specifications for floral work.

Decorations for Social Events. A special feature of our Decorative Department is the artistic embellishment of parlors and churches for weddings or other social events of like character.

Out-of-town Department. We make a specialty of decorations out of the city. We have specially trained and experienced men, who are artists in this line, and who are constantly getting up new designs and arrangements for decorations. Careful attention is always given to orders for out-of-town work, and satisfactory results can be assured.
