Our aim is to give value for value. We wish to merit the full confidence of every customer we have. It is this method of dealing that has built our trade up in the few years we have been in business, until to-day we handle more Roses and Plants than any two firms in the United States. We have upwards of fifty large greenhouses filled to overflowing with choice Roses, Plants and Bulbs of all kinds. We invite correspondence on large orders.

CONDITIONS OF SALE OF PLANTS.—The plants named are offered at the rates quoted, provided that not less than FIVE of each variety are taken. No order will be filled from Plant List for a less amount than two dollars. All goods are sent by express unless otherwise especially ordered.

PLANTS BY MAIL.—At the rate per single plant we will send by mail, postage paid. At per dozen and one hundred, one-fifth additional must be added to pay postage. At prices given, bulbs cannot be sent by mail. No charges for boxing, baskets or packing.

REMEMBER, we make the mailing of plants a specialty, so that parties in California and other far-off points who wish to avoid express charges can add one-fifth additional to their order, and have them sent by mail. We guarantee their safe arrival. We can send to California by express, where we prepay expressage on four pound packages at eight cents per pound. Patrons so desiring, not wishing to risk the mail, can have goods sent by express where they send one-fifth the amount of their order additional to pay expressage.

REMITTANCE should be made either in the form of Money Order, Bank Draft, Express Order or Registered Letter. Remittances in any other way are entirely at the sender's risk.

UNKNOWN CORRESPONDENTS.—Orders from unknown correspondents must be accompanied by the cash, or satisfactory reference. If ordered sent C. O. D., one-fourth the value of the stock called for must be remitted with the order. We make no deviation from this rule, as at the very low rate offered we cannot afford to run any risk. This rule will be strictly adhered to.

NEW EXPRESS RATE.—Remember, on plants florists have the benefit of the new special plant rate of twenty per cent discount from the general merchandise rate. Our express agents are glad to bill out all our boxes at this new rate. See that no mistake is made at your end of the line. The express charges do not need to be prepaid to secure this reduction.

THE LARGEST ROSE GROWERS IN THE WORLD.

THE BEST OF THIS YEAR'S NEW ROSES

ADA CARMODY.

This Rose resembles Madame Abel Chatenay. The color is a warm, soft pink. A very attractive Rose. 25 cents each; \$1.50 per dozen.

AURORA.

The flower resembles in shape a high built Chrysanthemum. The color is light pink. A very pleasing shade. 25 cents each; \$1.50 per dozen.

ALBERT STOPFORD.

This is an improved Don Silene. Color dark crimson rose. A very vigorous, free blooming variety. 25 cents each; \$1.50 per dozen.

CLIMBING BELLE SIBRECHT.

Identical with Belle Sibrecht, except that it is a vigorous climber. Its delicate, bright pink flowers measure five to six inches in diameter. A gem. 35 cents each; \$2.50 per doz.

DUCHESS D'ARENBERG.

This Rose resembles that charming variety Grace Darling, having the same delicate shades, but with the advantage over that variety in its being a more vigorous grower. 25 cents each; \$1.50 per dozen.

GARDENIA.

A novelty which must not be confused with Manda's Hybrid Wichuraiana. This is one of the prettiest and daintiest of garden Teas. It is fine in foliage; very free in bloom. Its buds are slender and pointed, as they open showing a flesh pink center surrounded by snowy white. The open flower recurves its pet-

als, which are of heavy texture, and its form is like a Cape Jasmine, hence its name. The open flower is the purest paper white. A free grower and very free in bloom. 25 cents each; \$2.00 per dozen.

JOHANNA WESSENHOFF.

This is the finest grand bedding yellow Rose. It is a deep golden yellow, and is such a good bedding Rose that it is already called by some the *Bedding Perle*. It is certainly fine. 35 cents each; \$2.50 per dozen.

LIBERTY.

This new red Rose has been so overworked that we do not believe it will give general satisfaction until it has had a few seasons' rest. The Rose is naturally a vigorous grower, but is now decidedly weak and sickly. 35 cents each; \$2.50 per dozen.

META.

This is a grand, high colored variety. It has all the different shades of color, with a few additions, that Luciole has. Coppery yellow, suffused with pink and crimson. 25 cents each; \$1.50 per dozen.

MADAME E. DURANTHIN.

This is one of the most unique colored Roses in existence. It combines the delicate shades of Princess Beatrice with the more ruddy coloring of Madame Margottin. This is indeed a beauty. 35 cents each; \$2.50 per dozen.

MADAME BOULLET.

A very delicate pink colored Rose. Somewhat of the Testout type. 25 cents each; \$1.50 per dozen.

MADAME HUSSON.

A light colored Rose with yellow center, like Madame Caroline Kuster, only deeper and richer. 25 cents each; \$1.50 per dozen.

PIERRE MIGNON.

A very delicate shade of light pink. Has decided merits. 25 cents each; \$1.50 per dozen.

No. 19.

This is a new French forcing Rose, and we have not yet received the disseminator's name for it. It is by all odds the very best new Rose that has been introduced in years. It resembles in color American Beauty. Buds and flowers of the largest size. It is a strong, vigorous grower, producing its handsome buds and flowers on long stems. It forces equal to Bride or Bridesmaid. Never comes "off color" or with misshaped buds. This is the nearest approach to the ideal forcing Rose. Don't fail to try this grand variety. When named, we will notify our customers of the fact. 35 cents each; \$2.50 per doz.

PSYCHE, THE NEW RAMBLER ROSE.

Received the award of merit of the Royal Horticultural Society of England. A cross between Crimson Rambler and the Polyantha Rose Golden Fairy. In growth and habit it much resembles Crimson Rambler. The flowers are produced in clusters of eight to thirty-five and are two to two and a half inches across when fully expanded. The color is white suffused with salmon rose and pink, with yellow base to the petals. A real companion to Crimson Rambler. The horticultural press of England gives it very flattering comment as described at the various exhibitions. 35 cents each; \$3.00 per dozen.

QUEEN OLGA OF GREECE.

This Rose comes to us very highly praised. So far we have failed to detect what these merits are. It may improve with a longer acquaintance. The color is light pink. 25 cents each; \$1.50 per dozen.

SOUV. DE MD. EUGENE COUVIN.

We think highly of this Rose. It is a fine grower and free bloomer. Flowers when open flat. It combines shades of white and yellow in pleasing harmony, with center of flower deeper yellow. Very desirable. 35 cents each; \$2.00 per dozen.

SUNRISE.

The most gorgeous Rose of its class yet introduced. This has made a sensation in England and taken first honors wherever shown. In close bud form it shows the high, brilliant colors seen only in the Austrian Copper, scarlet and yellow. As it opens the color deepens, the scarlet turning darker red, the yellow to orange and copper, the inside of the petal golden yellow. The open Rose is large, perfectly double and of grand form. The foliage is glossy and thick, the new growths being the darkest and most beautiful found among roses. The form and color of bud, its freedom of growth and bloom will give Sunrise a high place among forcing Roses. A novelty is earnestly wished for by cut-flower growers and here is a novelty of the highest quality. 50 cents each; \$5.00 per dozen.

MRS. MAWLEY.

This grand variety embodies so many good qualities that it is difficult to describe it. We could say no more in its praise than to say it is like Maman Cochet, only several shades lighter in color. 25 cents each; \$1.50 per dozen.

Roses Our Specialty.

SOME OF THE NEWER ROSES.

ADMIRAL DEWEY.

In color this is among the most beautiful of pink Roses, a delicate daybreak blush, clear and distinct and very captivating, nothing weak or watery in color. It is a sport from Madame Caroline Testout, is more vigorous in habit and a very free bloomer. Like Testout, the flowers are very perfect in form, a little lacking in fullness when fully expanded, forces finely and is very fragrant, a fine cold weather Rose of enormous size. 25 cents each; \$2.00 per dozen; \$12.00 per hundred.

ANTOINE RIVOIRE.

A handsome new Rose of vigorous habit of growth, with large, full, Camellia-shaped flowers. Color rosy flesh, on a yellow ground, shaded with a border of carmine; flowers five inches in diameter. A remarkable variety of great worth. 10 cents each; 75 cents per dozen.

BARDOU JOB. The Saucer Rose.

This is not strictly speaking, a new Rose, but its merits have only been discovered in the past year. It is scarce, and will be so for some time to come. It is of a semi-climbing habit, being quite vigorous and strong. The foliage is large and leathery. The flowers are very large, and resemble a saucer in shape, semi-double. The color is the deepest, richest velvety crimson of all Roses. We know of nothing in the Rose family so rich in color. A well grown bunch of these Roses will startle you. 15 cents each; 75 cents per dozen.

CLIMBING PAUL NEYRON.

(Madame Wagram.)—A grand new Rose. Paul Neyron has always been known as the largest Rose extant. In Climbing Paul Neyron we have this large size, coupled with its bright, fresh pink color, that no Rose excels. And it is also a true perpetual bloomer. The freest of all climbers. This rose is a wonder. Be sure to try it. 10 cents each; 75 cents per dozen; \$4.00 per hundred.

BEAUTE INCONSTANTE.

A MOST WONDERFUL ROSE. This new ever-blooming Rose from France is very remarkable in many respects, but the most notable is its ability to change its color. We have seen bushes of this wonderful variety bearing at the same time copper yellow, deep rose, bluish pink, mottled yellow and apricot, light and dark crimson Roses. These beautiful colors will sometimes be mottled in a single flower. A plant of this beautiful Rose when in full bloom presents a sight that is at once novel and pleasing. The buds and flowers are large, delightfully fragrant, and as may be imagined, are exquisitely beautiful. It is a Tea Rose, and is, therefore, a constant bloomer. Its fragrance is delicious, and its being a vigorous grower makes it valuable for garden culture. This Rose produces a sensation wherever seen, and will, without doubt, head the list as a charming novelty for years to come. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

BALDUIN.**BALDUIN.**

One of the most remarkable Roses of recent date, as strong growing as the best of the Hybrid Perpetuals, with large, handsome foliage, flowers of the fullest form and largest size, which is equaled in profusion by no other Rose of its size that we have seen. The colors are bright, glowing carmine, and if this Rose were constant in shade, it would outrank all others of its color. Its one and only defect is that it at times comes "off color." The bud is long and elegantly pointed; it is as sweet as a June Rose. Its many good qualities will make friends for it despite its one fault. 25 cents each; \$1.50 per dozen; \$10.00 per hundred.

CLARA WATSON.

A free blooming Tea Rose of English origin with many distinct features. The flowers are very graceful, resembling Bridesmaid in form, and are produced in remarkable profusion. For freedom of bloom this variety is specially valuable. The buds are very beautiful, and are supported on long stems, making it desirable for cutting. The color is salmon pink, very difficult to describe. Will take a place among the best Roses. **10 cents each; 50 cents per dozen; \$3.50 per hundred.**

CARMINE PILLAR. (The Butterfly Rose.)

Hardy climber. The flower is from three and a half to four inches across, of the brightest possible rosy carmine, and produced very abundantly. The display lasts for several weeks. Quite hardy. One of the very finest of ornamental shrubby Roses. Of the freest growth. It is so dainty and graceful as to be given the name of the Butterfly Rose. **10 cents each; 50 cents per dozen; \$3.50 per hundred.**

CLIMBING MALMAISON.

This is identical with the old Malmaison, except that it is a vigorous climber. Indeed, it is the most rampant of all the ever-blooming climbers. This is already a fixture in our list of climbing Roses, from its decided merits. **10 cents each; 60 cents per dozen; \$4.00 per hundred.**

A Rose Among Roses,**CLIMBING BRIDESMAID.**

If there is one rose more beautiful than another, that Rose is Bridesmaid. It is the standard pink cut-flower Rose of America. It has many rivals, but as yet it holds its own as one of the grandest Roses in commerce. It represents the highest degree of beauty yet attained in Roses of its class. It is distinct in form, distinct in growth, and equally distinct in color. When we first offered this new variety as a sport from Bridesmaid, its popularity was assured. We proceeded to grow as many as we could, but the demand kept the supply down. Not until this year have we been able to get it in such quantity as would allow us to bring it into prominent notice and offer it at popular price. We want our customers to try this Rose, more especially those whose Winters are not too severe. It is quite hardy, but where the Winters are very cold and long, it should be carefully protected in open ground. It grows rapidly and strongly, and blooms as freely as does its parent, Bridesmaid, which is practically all the time. The flowers are simply beautiful (identical with Bridesmaid), clear dark pink; in bud they are superb beyond anything we have ever seen. This is one of the most valuable additions to the Climbing Tea Roses made in recent years. **10 cents each; 75 cents per dozen; \$4.00 per hundred.**

THE BURBANK ROSE. A Perfectly Hardy, New, Ever-Blooming Rose.

This lovely Rose was raised by Mr. Luther Burbank of California, known the world over as the "Wizard of Horticulture," and is the only variety out of seventy-five thousand cross-bred seedlings which he raised that he was willing should bear his name. The Rose is the only rival that the famous variety Champion of the World has. The color is described as cherry crimson—it is, in other words, the very deepest and brightest pink Rose in cultivation. It is peculiarly adapted for both outdoor planting or for blooming in pots in the house during Winter. It is a strong, vigorous grower, making well rounded, bushy plants. The Burbank Rose is perfectly hardy, and will stand our most severe weather. This is a decided point in its favor over so many of our lovely Roses, they being too tender to withstand the extreme cold. The Burbank can be planted anywhere. The Burbank is without doubt the freest flowering Rose in cultivation. It commences to bloom when only a few inches high, and blooms throughout the season until stopped by freezing weather. The flowers are double, three inches across; the whole flower is most pleasing in its rich beauty, and is delightfully fragrant. **10 cents each; 50 cents per dozen; \$3.00 per hundred.**

New Hardy, Ever-Blooming Crimson Rose, CLIMBING WOOTTON.

To our mind this is one of the best Roses in this book, for these reasons: It is hardy, has no weak spots, grows with wonderful vigor, blooms continually throughout the growing season, producing flowers that are nothing less than superb, both in beauty and in fragrance. These we think are the points that make a good Rose, and in this variety we have one. It is a sport from that famous Rose, Souv. de Wootton, and is identical with it except that it is a strong, rampant climber, growing in one season to a height of 10 to 15 feet, and producing in wonderful profusion its superbly formed flowers, which are bright magenta red, passing to violet crimson, richly shaded. The flowers are large, full and regular, with thick, leathery petals, and deliciously scented. Makes beautiful buds. As an outdoor climbing Rose, it will take front rank because of its hardiness, strong growth and freedom of bloom. A well developed bush covered with finely formed flowers is beautiful beyond anything we have ever seen. Truly this is a magnificent and valuable new Rose. **10 cents each; 60 cents per dozen; \$4.00 per hundred.**

CORONET. The Sweetest, Largest, and Freest blooming Hybrid Tea Rose in Cultivation.

It is a cross between that superb variety Paul Neyron and Bon Silene, two grand old favorites. Coronet is a true ever-blooming Hybrid Tea, identical in form and size with Paul Neyron. No description or illustration can do justice to the remarkable beauty and splendor of its flowers. They are grand in every way. From the time the plant is four inches in height it blooms steadily, bearing in unbroken continuity, on good, stiff stems, magnificent large flowers that frequently measure from four to six inches in diameter. The form is full, deep and wonderfully double. It is full to the center, and when entirely open the flowers do not look unlike Paeonies. This resemblance is made all the more striking by the peculiar color, which is absolutely unlike any Rose we know. In the bud the color is a deep, rich carmine, which, as the flowers open, lightens to a soft, clear pink, with each petal distinctly edged with silvery gray. The effect is beautiful. The fragrance is simply delicious. In flower and foliage it resembles Paul Neyron, while in vigor of growth the Bon Silene blood is shown. It is a strong, healthy grower, forming a compact bush. In the open ground, where it is hardy, it does splendidly, commencing to bloom early in the season and continuing until severe freezing weather. Slight protection during Winter will be beneficial. Probably the most valuable and satisfactory Rose for general cultivation sent out for many years. **10 cents each; 60 cents per dozen; \$4.00 per hundred.**

Coronet.

Grand New Velvety Red Rose, CLIMBING METEOR.

The brightest colored of all Roses. It has been called a Perpetual Blooming, Climbing General Jacqueminot. All who know "Gen. Jack" will call to mind its beautiful, high colored, rich, velvety red buds and flowers. Climbing Meteor is the acme of all red climbing Roses. It is a free, persistent bloomer and will make a growth of from ten to fifteen feet in a season. In bloom all the time, as it is a true ever-bloomer. We do not hesitate to place it at the head of the list of all Roses for Summer blooming, as it will make a strong growth, and is literally loaded with its deep, rich red flowers all the time. Its flowers are much larger than Meteor and are richer in color. It is just the Rose to train up to the veranda or around windows, where its great beauty will show up to advantage. Don't fail to plant one or more of Climbing Meteor. **10 cents each; 50 cents per dozen; \$3.00 per hundred.**

EMPRESS OF CHINA—The Apple Blossom Rose.

This is a new, hardy climber that possesses great merit. It is a strong, rampant grower, and a very free bloomer. Flowers of good size, from pointed buds, soft red, turning lighter as it opens. It blooms from May to December in the open ground. It will, in our estimation, become a standard variety for florists' use to bloom in pots for market purposes, as it is such a free and persistent bloomer. Introduced from China. **10 cents each; 50 cents per dozen; \$2.50 per hundred.**

ENCHANTRESS.

This variety belongs among the leaders. It blooms with astonishing freedom, bearing its large, globular, double flowers in immense clusters. It is as free blooming as any Rose in our collection. The color is creamy white, slightly tinted with buff in the center. Of vigorous growth, fine foliage and highly valuable, both in pots for late Autumn and Winter blooming as well as for general planting in open ground during Summer. **10 cents each; 50 cents per dozen; \$2.50 per hundred.**

FRANCIS DUBREUIL.

This is a grand new, red Rose. The color is a deep, vivid crimson, with rich, velvety shadings. Fine for open ground planting. **10 cents each; 50 cents per dozen; \$3.00 per hundred.**

FERDINAND JAMAIN.

A strong, vigorous grower and free bloomer of the Hybrid Tea class. Flowers large, full and globular. Color rosy carmine, shaded with salmon. The center of the Rose is light, while the color graduates and deepens to their very tips, resembling a halo of glory. **10 cents each; 75 cents per dozen; \$4.00 per hundred.**

THE GREAT FORCING ROSE, . . .**GOLDEN GATE.**

This variety, while not new, has recently attracted considerable attention, and is considered by many one of the most valuable Winter flowering Roses now grown. It does best in a temperature that grows fine Bridesmaid. Under favorable conditions its shapely blooms are often as large as American Beauty, and are borne on strong, heavy canes, stiff as reeds. When well grown it is of exquisite color—shell pink, shading to creamy flesh on outer petals. This Rose has been grown quite largely in the vicinity of Washington, where it has been received with great favor. It is a favorite with both grower and retailer, and commands the highest prices of any Tea Rose. **10 cents each; 50 cents per dozen; \$3.00 per hundred.**

GRUSS AN TEPLITZ.

As a bedding Rose this is one of the finest and most useful varieties ever sent out. Many of our customers who bought it the past Spring are realizing its value and singing its praises. It will take rank with Hermosa or Souper. The color is brightest scarlet, shading to deep, rich, velvety crimson. It is very fragrant. The freest grower and the most profuse bloomer of any ever-bloomer. The mass of color produced is wonderful, and the foliage is extremely beautiful, all the younger growth being a bronzy plum color. A queen among scarlet bedders. It is a perfect sheet of richest crimson scarlet all Summer. It will undoubtedly supersede Agrippina, Queen's Scarlet, and others of this class. **15 cents each; \$1.00 per dozen; \$6.00 per hundred.**

GENERAL ROBERT E. LEE.

This is the first Rose that we have introduced, and we are sure it will please all who try it. It is in color an orange yellow, after the style of Ma Capucine, only richer and better. It is a good grower, has elegant, long buds, borne on long stems, and will produce more buds than any Rose we know of. It colors up much deeper and richer in cloudy weather, which will make it a useful Rose for Winter forcing. The color is so peculiar and rich that it attracts attention wherever seen. Try it. **10 cents each; 50 cents per dozen; \$2.50 per hundred.**

HELENE CAMBIER.

This lovely coppery yellow Hybrid Tea Ever-blooming Rose will fill a long-felt want, from the fact that everybody has been looking and longing for a good yellow Rose that combined vigorous hardiness with rich color and free blooming qualities. This Helene Cambier does. It is a new Rose of French origin, destined, we believe, to find a prominent place among the highest grade ever-blooming Roses, both for Summer and Winter blooming. The growth is free and vigorous, very free blooming, flowers of splendid substance and a delightful shade of deep, rich, coppery yellow. In extreme heat comes a deep amber color. The buds are full and firm, lasting a long time when cut. As the flowers expand the center of the Rose discloses depths of golden yellow, with light orange tints, while the older petals lessen to lemon yellow, giving a combination of tints and tones unequalled in their beauty. Without question this is a charming Rose for the garden. **10 cents each; 75 cents per dozen; \$3.00 per hundred.**

HELENE, The New Rambler.

A seedling from Crimson Rambler, originated by a famous German rosarian from whom we obtained our stock. Flowers larger than those of Crimson Rambler, nearly double and borne in clusters of twenty to fifty. Color soft violet rose, yellowish white at base of petals. Anthers pure yellow and numerous. Habit fully as strong as Crimson Rambler, but more graceful. Foliage like Crimson Rambler. Hardy. **10 cents each; 60 cents per dozen; \$4.00 per hundred.**

MRS. ROBERT PEARY.
See description page 6.

GOLDEN
GATE.

LADY DOROTHEA.

The Greatly Improved
Sunset.

One of the most beautiful of Roses. Color hard to describe, but perfection in tint. It is a sport from *Perle des Jardins*, and is a lovely mingling of pink and tawny buff. A warm, bright color, but lacking the coppery red found in *Sunset*. A very distinct and valuable variety. The finest of the *Perle* family. Foliage as handsome as the flower. A fine forcing variety. **25 cents each; \$1.50 per dozen; \$10.00 per hundred.**

MURIEL GRAHAM.

The latest addition to the *Mermet* family, being a sport from that fine variety, identical with it in everything except color, which is creamy white, suffused with delicate pink. A color intermediate between *Mermet* and *Bride*, and as dainty as possible to imagine. A nice addition to our forcing varieties. **10 cents each; 50 cents per dozen; \$3.50 per hundred.**

MAID OF HONOR.

The Brighter Bridesmaid.

Advertised as *Miss Clara Barton*. This grand sport from *Bridesmaid* originated with the *Hoffmeisters* of Ohio. They say of it: "After rigid tests, during the last two years, we are able to state—1st. That its color is a rich, glowing pink, darker than *Bridesmaid*. 2d. That it is an excellent keeper, and sells over the counter better than *Bridesmaid*. 3d. That it is a most prolific bloomer, with all perfect buds. **10 cents each; 60 cents per dozen; \$3.50 per hundred.**

Mrs. Robert Garrett.

A beautiful, large Rose of exquisite shape, finish and blending of colors. It was raised by Mr. John Cook of Baltimore, Md., the result of a cross between *Sombreuil* and *Madame Caroline Testout*. It partakes largely of the latter variety in habit of growth, in foliage, spines and stems, and in shape of flowers shows a complete blending of both parents. The flowers are very large, on strong stems, clothed with clean, heavy foliage and strong spines. The buds are long and pointed in shape, and open up beautifully into a full, rounded flower. In shape of bud and half-open flower it very much resembles *Souv. President Carnot*, but is very much larger; color, a glowing shell pink, very deep in the center; the fragrance is delicate and pleasing. A correspondent of the *American Florist*, in commenting on this Rose last March, says: "The exhibit of Mr. Cook was a departure from the rest, as it was a vase of Roses. But such Roses! They towered above the *Carnations* on strong stems clothed with heavy foliage, and were as large as *American Beauties*, but of a beautiful clear pink, almost light enough to be called a shell pink." **10 cents each; 50 cents per dozen; \$3.00 per hundred.**

Mrs. Robert Peary,

Or CLIMBING KAISERIN.

This is without doubt the grandest of all white climbing Roses. It is the first and only pure white, hardy, ever-blooming climbing Rose, and as such meets a demand that has never before been supplied. Small plants bloom continually the first season, just as its parent, *Kaiserin Augusta Victoria*, does. It is as hardy as any Hybrid Perpetual or Moss Rose, and will withstand, unprotected, the most severe Winters. It is a strong, rapid grower, without a weak spot, growing to perfection in open ground, and throwing up numerous shoots ten to fifteen feet high in a single season. The flowers are something grand. They are the equal of the finest and most beautiful cut-flower Roses. Of splendid substance. They are extra large, full, deep and double, and are produced on long, stiff stems, like a forcing or cut-flower Rose. The buds are long and pointed, exquisitely modeled and gracefully finished. Both in bud and flower it is truly beautiful. It has a fragrance that is delicious, just like *Cherry blossoms*. If you want a quick growing, absolutely hardy, climbing, sure-to-bloom Rose, one that will give you flowers this season, this is the only white variety that will do. Be sure to get this wonderful variety. Its magnificent flowers, freedom of bloom and healthy growth will astonish you. This is the greatest of all climbing Roses. See cut page 5. **10 cents each; 60 cents per dozen; \$4.00 per hundred.**

MRS. ROBERT
GARRETT.

**MADAME ABEL
CHATENAY.**

Forcing Rose.

The celebrated Rose which the Washington, D. C., society people have used almost exclusively during the past season in their social events. This is a wonderfully strong, healthy growing variety, with rich, bright foliage. A grand bedding Rose, as it is a profuse and continuous bloomer. Flowers large and full, petals recurved and of a beautiful creamy rose, shaded with rose vermillion and tinged with salmon; the base of the petals is very highly colored, being a combination of the foregoing shades strongly accentuated. This will undoubtedly make a fine garden Rose because of its substance and hardness. The flowers are borne on long stems, so that it is exceedingly well adapted for vases of cut flowers. **10 cents each; 50 cents per dozen; \$3.00 per hundred.**

MOSELLA, OR YELLOW SOUPERT.

Mosella is a stronger grower, flowers are a little larger than *Clothilde Soupert*, but appear the same way in clusters and on single stems. The color is a chrome yellow in the center, getting creamy white on the edges of the petals. It will make a great bedder and perfectly hardy. **10 cents each; 50 cents per dozen; \$2.50 per hundred.**

PRINCESS VENOSA.

A strong grower, producing a long bud, flower large and beautifully formed. Color nanken yellow, with shadings of carmine. A most remarkable combination of colors. **10 cents each; 50 cents per dozen; \$3.00 per hundred.**

**PRESIDENT CLEVELAND, or Climbing Marie
Guillot. A Glorious New Rose.**

This Rose has been grown around Houston, Texas, for several years under the name of *President Cleveland*. If you have never seen *Marie Guillot* growing at its best in the open ground, you cannot conceive of the beauty of its large, bold, handsome white flowers. It has been termed the "*Queen of White Roses*," and while there are many white varieties of unquestionable excellence, there are none more reliable for outdoor cultivation than *Marie Guillot*. Climbing *Marie Guillot* possesses all the valuable features of its famous parent, with which it differs only in habit of growth. It is one of the most rapid growing and vigorous Climbing Roses we have ever seen, small plants making a growth of ten to twenty feet in five months. It is an exceedingly healthy Rose, possessing every attribute that a perfect Rose should have. It blooms continuously throughout the season, the first and every year. The flowers are magnificently made, extra large, deep and double. The buds are particularly beautiful and the fragrance delightful. The color is pure snow white, sometimes faintly tinged toward the center with pale yellow. It will prove moderately hardy with protection, but it will be seen at its best in the South, Southwest and Pacific Coast States (where the Winters are mild). It will bloom the whole year around in the far South, and wherever *Marechal Niel* is grown, this variety will undoubtedly equal it in beauty of flowers and surpass it in vigor of growth. It is one of the really grand Roses. **15 cents each; \$1.00 per dozen; \$6.00 per hundred.**

PRINCESS ALICE DE MONACO.

A most charming new ever-blooming Rose that must take prominence for Summer bedding, as its habit is perfection, strong, upright growth, with clean, healthy foliage. The flowers are produced in wonderful profusion on long straight shoots, are deliciously fragrant, large size, double to the center and of fine form, so that perfect flowers may be had during the hottest Summer days. The coloring is exquisite, a creamy white on the outside of the petals, with a faint rosy blush on the edges. As the flowers expand they disclose a charming shade of opaline pink, deepening to rich blush. **10 cents each; 50 cents per dozen; \$3.00 per hundred.**

ROYAL CLUSTER. Hardy Climber.

"The name 'Royal Cluster' has been given because of the great size and beauty of its clusters. One hundred and nineteen flowers and buds have been counted in one cluster at a time. The flowers are white, generally tinted with blush when breaking; of medium size, quite double, beautifully formed and durable; making *Royal Cluster* the very best companion for the *Crimson Rambler* yet introduced, and it no doubt will become a popular forcing Rose. *Royal Cluster* is a vigorous climber and a free bloomer, continuing a long time in bloom. It is a sterling novelty." **10 cents each; 50 cents per dozen; \$3.00 per hundred.**

Souv. de President Carnot.

With all our admiration for the hosts of beautiful Roses, this variety is so fascinating that we believe it to be, everything considered, one of the greatest introductions of the last ten years. It is superb in every way. The flowers are large, full and double, exquisitely shaped, with heavy, thick, shell-like petals. The buds are wonderfully beautiful—long and pointed like Niphetos—perfection in every line. The color is a new, delicate rosy blush, shaded a trifle deeper at center of flower. Fragrance delicious, strong grower and free bloomer; has no weak point; will become one of the most popular of all Roses. **10 cents each; 50 cents per dozen; \$3.00 per hundred.**

White Maman Cochet, or Priscilla.

The Charming New White Tea Rose.

Another new American Rose, but as widely different from all other white Roses as one can well imagine. It belongs to the Tea class, being a child of that grandest of bedding or outdoor Roses, Maman Cochet, and is hardy here in northern Ohio, with slight protection in Winter. Its habit is exceedingly strong and upright, like its parent, and it possesses the same large, beautiful, healthy foliage, and is a most profuse and constant bloomer. The flowers are of enormous size, remarkably round and full, pure, clear, snowy white throughout, and are delightfully Tea scented. It is by far the finest and most reliable white bedding Rose yet produced, and should be planted by everybody. By planting a few plants of it, anyone can have the very finest Roses for cutting and for use in vases, upon altar, dining-table, in parlor, etc., all Summer and Autumn. Without question the largest white Rose, both in bud and flower. No other Rose of its color approaches it in size. It is startling. This Rose will disappoint no one who plants it. **10 cents each; 50 cents per dozen; \$2.50 per hundred.**

A magnificent new Rose, identical in every respect with its parent, La France, except in two particulars—it is much stronger in growth, and the flowers are beautifully striped and shaded a delicate white. The coloring is exquisite, and we think this Rose will please cut-flower buyers. It forces freely, and produces magnificent large buds and flowers. **10 cents each; 50 cents per dozen; \$2.50 per hundred.**

MADAME DE VATRY.

One of the brightest roses. We consider this splendid variety to be one of the very best and most satisfactory Roses for general planting, especially outdoors. The people in the South fairly rave over its great beauty. In New Orleans it is a prime favorite. Makes big, clean buds of great beauty and opens well, showing the large, full, double flowers to great advantage. The color is a rich red, changing to silvery peach—reminds one of the delicate hues seen on the inside of the finest deep sea shells—rosy flesh bathed in golden amber, broad, shell-like petals, bright and beautiful. In every way a fine Rose. **10 cents each; 50 cents per dozen; \$2.50 per hundred.**

MADAME ELIE LAMBERT.

SNOWFLAKE, Marie Lambert.

This is a lovely white Rose, a pure Tea, but a foreign seedling, the freest flowering white Rose we have seen. It will be especially useful in set designs. For a pot plant it cannot be excelled, as it possesses every quality of a pot Rose. We counted on one plant one hundred and forty-three buds and flowers in a single day, and the plant was only nine months old. It can be used in place of white Carnations for set pieces at an immense saving, because it can be bloomed profitably at one dollar per hundred buds. Not only will it cover twice and three times the space in a funeral design, for instance, that a Carnation covers, but it will give greatly superior results. Try it. 10 cents each; 50 cents per dozen; \$2.50 per hundred.

SUNSET.

The color is a remarkable shade of rich, golden amber, elegantly tinged and shaded with dark, ruddy copper, intensely beautiful, and resembling in color a splendid "afterglow." 10 cents each; 50 cents per dozen; \$3.00 per hundred.

VISCOUNTESS FOLKESTONE.

VISCOUNTESS FOLKESTONE.

CRIMSON RAMBLER.

Imported from Japan, the land of wonders. It is a rapid grower, and very quickly makes heavy canes of great length, covered with peculiar, shining foliage. Blooms are produced in great bouquets, and are of a most peculiar and lovely shade of crimson. It has proved perfectly hardy even in our trying Ohio climate. A bed of this pegged down and requiring little attention would be very useful to the general florist at blooming time. It also makes a fine pot plant, treated and brought on like the early blooming Hybrid Perpetuals, and forms a perfect bouquet of bloom. This is without question the handsomest plant of any description for Easter blooming. Grow in the field one or two years, the latter age is the best, dig and pot and keep cool at night for about six weeks, until root action is active, then gradually increase temperature. Treated this way this Rose produces, from the very pot to its topmost branches, huge bunches of from fifty to two hundred blooms in a cluster, and is a sight not soon to be forgotten. 50 cents per dozen; \$2.50 per hundred.

CLIMBING PEARL OF THE GARDENS.

Few Roses have as firm a hold in popular favor and are so highly prized by the professional and amateur Rose growers alike as the Pearl of the Gardens. It thrives well in the open air, blooming freely. Its large, full, well-formed golden yellow flowers, borne on stiff stems, make this variety especially desirable for bouquets and artistic floral decorations, while the dark and glaucous foliage of the plant furnishes an excellent setting for the fragrant, delicate hued blossoms. It will no doubt be as much of a surprise to our readers as it has been to us to learn that this stately Rose has recently evolved itself into a form which, while retaining the excellent qualities of its progenitors, has assumed a climbing habit. On the original plant the lateral growth is eighteen feet in each direction from the stem, and the plant has carried at one time over one thousand buds and flowers. If there is any perceptible difference between the two it is only that the Climbing Pearl of the Gardens is even more vigorous and floriferous than the bush form. Climbing Pearl of the Gardens will supersede Marechal Niel, as the buds and flowers are as large and the color as deep a golden yellow as that variety, while it is as vigorous a climber, and will produce one hundred flowers to Niel's one. It is hardy in the South. A most remarkable Rose, and without doubt the best yellow Rose ever seen. 10 cents each; 50 cents per dozen; \$3.50 per hundred.

CRIMSON RAMBLER.

CLIMBING LA FRANCE.

Hitherto the hardy climbing Roses have been almost totally devoid of perfume, and none of them have that form and substance deemed requisite in a high-class Rose. With the advent of the climbing La France these objections vanish, for it excels even its parent (La France) in size and quality of flower; it retains the charming peach pink color and the exquisite fragrance which have made La France the favorite it is. Small plants set out June 13 had attained a growth of fifteen feet by October 15, a growth unsurpassed by any climbing Rose on our grounds. The Climbing La France is equally as hardy as its parent, and so may be safely planted in open ground even in Northern latitudes. It is a true, ever-blooming, hardy climbing Rose, which will make it equally valuable for the North and South. Be sure to try it. **60 cents per dozen; \$3.50 per hundred.**

Nothing can compare with this for beauty of bud and foliage, and it literally lavishes in the greatest profusion its beautiful, rich, red flowers of magnificent size. It has our highest praise.

WILLIAM ALLEN RICHARDSON.

Yellow Rambler, Aglaia.

PHOTOGRAPH OF YELLOW RAMBLER. Grown as a Pot Plant.

Rosarians have been for many years crossing or hybridizing various Roses with a view to obtaining a hardy yellow climbing Rose, but the combination of climbing habit and yellow coloring with hardiness was one that it seemed impossible to obtain, and was almost despaired of. The Yellow Rambler has been found to successfully withstand, without protection, a continued temperature of from zero to two degrees below, which proves it to be far harder than any other yellow climbing Rose yet introduced, and we believe that by laying the plants down in the Winter it can be successfully grown in nearly all the northern parts of the United States; in fact, anywhere that other Roses succeed at all well. Did we say nothing more about the Rose we think this would be sufficient to establish its value, for what lover of Roses in the North has not bewailed the severity of the climate which nearly deprives his garden of the most attractive color of all—yellow. The flowers are borne in immense clusters, after the same manner as the Crimson Rambler, often as many as one hundred and fifty blossoms in a bunch, and the trusses have the same handsome pyramidal shape as those of the Crimson Rambler. The color is a decided yellow. **\$2.50 per hundred.**

MANDA'S NEW EVERGREEN MEMORIAL ROSES.

PRICE, 15 CENTS EACH; 60 CENTS PER DOZEN; \$4.00 PER HUNDRED.

HYBRID WICHURAIANA MEMORIAL ROSES.

What Mr. Manda says: "The most remarkable achievement and improvement of a new and distinct type of Hardy Roses that has been made for a generation. The growth is remarkable for its freedom, a single plant, four years old, covering a space of two hundred and forty square feet with long shoots, twelve to twenty-five feet in length, completely covering the ground with its bright, glossy foliage and showy, fragrant flowers. The same plant has made one hundred and eight new growths of remarkable strength during the Summer. The foliage of all is leathery in texture, shining, and not only proof against insects, but evergreen; that is, keeping the foliage all Winter—a characteristic in Roses never before obtained. The flowers are produced most profusely, are all of large size, very fragrant, and can be easily used for cut flower purposes, as much as any greenhouse Tea Rose, especially when in bud. The use of these

Roses will be unlimited—for trailing or covering ground where nothing else would grow, to cover roots, stumps and stems of trees, walls and trellises, for cut flower purposes, and also for forcing as pot plants during Spring, especially for Easter."

JERSEY BEAUTY. Extremely vigorous grower; foliage thick, of leathery substance; flowers singly or in clusters of two to four; large, single, three inches in diameter, opening pale yellow with clusters of bright yellow stamens, which give it a novel appearance; fragrant and produced in greatest profusion, covering the plant entirely and having the appearance of a yellow Cherokee Rose. Great acquisition to Roses and the most striking variety of the set.

GARDENIA. Strong grower with large, green foliage; flowers produced singly on stems one-half to one foot long, when in bud hardly distinguishable from Perle des Jardins, bright yellow, and when open cream color, three to three and one-half inches in diameter, incurving towards evening to perfect imitation of a Gardenia or Cape Jasmine as to shape and color, hence its name; flowers delightfully fragrant and produced freely. A grand Rose for any purpose.

EVERGREEN GEM. The most wonderful grower of the set, not only evergreen, but growing during mild weather in perfect imitation of a Gardenia or Cape Jasmine as to shape and color, hence its name; flowers delightfully fragrant and produced freely. A grand Rose for any purpose.

ACALYPHA SANDERII.

ACALYPHA SANDERII.

This plant goes under various names, such as "Chenille Plant," "Philippine Medusa," "Comet Plant," "Dewey's Favorite Flower," "Bloody Cat Tail," etc. Without doubt the most sensational new plant introduced for many years, and one of the most striking flowering ornamental plants we have ever seen. It is of strong, free growth, with large, dark green leaves from each axil of which rope-like spikes, from one to two feet long and nearly one inch thick, are gracefully suspended, as shown in our illustration, which conveys but a faint idea of the beauty and distinct warm coloring of this splendid acquisition. But the remarkable floriferousness and the great size of the spikes of flowers (compared to the plant) is fairly well shown. The plant is in flower the year round, and is as easily grown as a Coleus, simply requiring a warm temperature to develop its full beauty. 10 cents each; 60 cents per dozen; \$4.00 per hundred.

ARAUCARIA EXCELSA.
Norfolk Island Pine.

Various names have been suggested for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm," from its resemblance to a Christmas tree; others have called it the "Star Palm," because the leaves are arranged to form a perfect star, but no descriptive name can give an adequate idea of its beauty. It has deep green, feathery foliage, arranged in whorls, rising one above the other at regular distances; its symmetry of form, grace and beauty of foliage are unequaled in the vegetable kingdom. It is easily grown in the house and is highly ornamental. It requires the same culture as the Palm. Fine plants, four-inch pots, ten to twelve inches high, three to four tiers of leaves, \$1.00 each; \$9.00 per dozen; extra fine plants, six tiers, \$1.50 each.

ARAUCARIA EXCELSA, Norfolk Island Pine.

ASPARAGUS SPRENGERI.

ASPARAGUS SPRENGERI.

A most desirable new species, especially useful to grow as a pot plant for decorative purposes, or for planting in suspended baskets. It will make an excellent house plant, as it withstands dry atmosphere, and will succeed in almost any situation. 50 cents per dozen; \$3.50 per hundred.

ASPARAGUS PLUMOSUS NANUS. The Climbing Lace Fern.

This graceful climber has, to a great extent, taken the place of the once popular Smilax in all fine decorations. It possesses the advantage of being much more graceful—its foliage being finer than that of the most delicate Fern, and will last for weeks after being cut, the whole plant being of a bright, cheerful green. It is an excellent house plant, succeeding under almost any condition. 50 cents per dozen; \$3.50 per hundred.

CLEMATIS PANICULATA. Japanese Virgin's Bower.

One of the most beautiful of our hardy flowering vines. The flowers are pure white, and are borne in great panicles or clusters of bloom, fairly covering the plant, so that it is a mass or sheet of fleecy white. The clusters are borne on long, slender stems, which stand out boldly from between the glossy green leaves, and the gentle breeze causes wavy crests of white to flow gently over the surface. The fragrance is delicious, resembling the English Hawthorn blossoms, and is so subtle and penetrating that a large plant in bloom will fill the air with fragrance. It begins to bloom late in August or early in September, at a time when most other hardy climbers are out of bloom, an inestimable advantage. It is a strong, rapid grower, quickly reaching a height of from fifteen to twenty feet, and spreading out when trained to wires or string. It is perfectly hardy in all sections of the country, and we can unhesitatingly say that it is, in our opinion, the most valuable among hardy climbing vines. 60 cents per dozen; \$4.00 per hundred.

It comes to us from James Veitch & Son, England, which in itself is sufficient guarantee of its great value. It is certain to become popular with flower lovers everywhere, owing to the high decorative value of plant and flower. It is a sturdy, upright grower, and is exceedingly floriferous, plants from small pots blooming profusely and continuing to do so throughout the season until they reach a height and width of three feet. The dense flower heads are of a rich lavender blue, a rare color among flowers. 50 cents per dozen; \$2.50 per hundred.

SANSEVIERA ZEYLANICA.**A New Decorative Plant of Great Beauty and Value.**

A beautiful plant, splendidly adapted for the decoration of drawing-rooms or halls, as it stands drouth and dust with impunity, and requires scarcely any water. The leaves grow to a length of three or four feet, and are beautifully striped crosswise with broad, white variegations on a dark green ground. A rare and beautiful plant which should be abundantly grown for positions out of the reach of sunlight, where other plants will not thrive. When you consider that it can be placed in any position in any room and do well, its great usefulness is at once apparent. It has a singular beauty for decorative purposes which other plants do not possess, and is useful both Winter and Summer. Though grown mainly for the beauty of its foliage, it is by no means an insignificant flowering plant. It blooms usually during May and June, sending up great plume-like spikes a foot or more in length. The flowers are numerous and composed of long, narrow petals which recurve gracefully and are of a creamy white color. It is difficult to find a more unique or ornamental plant than this, especially when it is in bloom. 50 cents per dozen; \$2.50 per hundred.

PALMS.

A Large Stock to Select From.

Our Palms are fine, sturdy stock, free from disease, grown cool, with plenty of room, no bottom heat being used to advance the same unnaturally. These plants can be shipped with perfect safety, either by express or freight, not advising the latter in extreme cold weather. Goods are entirely at the risk of purchaser after being delivered to forwarders.

Special Notice.—Our measurements of plants, where given, as in the case of Palms, etc., means the height of the plant from the top of the pot to the top of the plant in its natural position. We make this explanation of our way of measuring, as many growers contend that the proper measurement is from the bottom of the pot to the tip of the longest leaf, and make their offers in that way.

ARECA LUTESCENS.
