BEAUTIFY AND IMPROVE YOUR HOMES.

U. S. Department of Agriculture.

Winthrop Gardens

MARY E. CUTLER, PROPRIETOR.

HOLLISTON, MASS.

ESTABLISHED 1846.

J. N. FISKE, PRINTER, HOLLISTON, MASS.

BEAUTIFY AND IMPROVE YOUR HOMES.

PRICE ❀ LIST ❀ FOR ❀ 1901.

In presenting this Annual Price List of Fruit and Ornamental Trees, Shrubs, Plants, Vines Etc., the Proprietor desires to call your attention to the fact that all the products of Winthrop Gardens are thoroughly acclimated and much superior to those grown elsewhere, in either warmer or colder climates, which require from one to two years to arrive at a growing state, while stock transplanted from these Gardens is exposed to the air but a few hours at the most and suffers little or nothing from the change, the growth thereby continuing uninterrupted.

Another advantage in patronizing Winthrop Gardens is, that you see and select everything you buy, thus avoiding much trouble and disappointment which attends purchasing by sample, or from highly colored illustrations, or from agents who are unknown to you and only care to make their commission.

The best inducements are offered to Village Improvement Societies and for Roadside Planting. Specimen Ornamental Trees, Shrubs and Hedges are growing on the grounds. The Fruits are also growing and bearing, consequently well tested.

You are cordially invited to visit the Gardens and consult with the Proprietor as to Varieties, Time of Planting, and make your own selections.

Electric cars pass Highland Street every half hour which is only five minutes walk from the Gardens.
