Fall, 1901.

IN presenting our price-list for the Fall of 1901, we wish to thank all our patrons for past favors, and we hope by honorable dealing, to merit a continuance of their esteemed orders.

All orders received by us have our personal and prompt attention, and we guarantee reasonable satisfaction in every case, as thousands of unsolicited testimonials now on file fully attest.

We have endeavored to make our prices as low as any for the same class of stock. All stock sent out by us is carefully selected for the different sizes and grades.

We are prepared to offer special inducements to planters buying in large quantities.

With our large storage cellars and packing houses, and a complete system of water-works, distributing water to all parts of our packing grounds, we feel that our facilities for the careful and proper handling of Nursery stock are not excelled by any nursery establishment in the country.

Notwithstanding our nurseries have been properly inspected by the State Entomologist, as will be seen by his certificate on last page of this catalogue, yet on account of the great prevalence of insect pests throughout the country, a sure remedy for which is Hydrocyanic Acid Gas, and having provided ourselves with buildings for this purpose, all our stock will be fumigated before shipment, and thus secure our customers against all danger on this point.

Our shipping facilities are unexcelled. Bloomington being an important railroad center, we are able to forward promptly to all sections. With the Illinois Central R. R., Chicago & Alton R. R., Lake Erie & Western R. R., and the C. C. C. & St. L. R. R. (Big Four), and their branches, we have direct communication with Chicago, St. Louis, Cincinnati, Kansas City, Indianapolis, Dubuque, Cairo, and LaFayette, by daily freight trains, without transfer. On account of our unusual facilities we are also enabled to obtain very low freight rates to all points. We ship with flattering results to Australia, Mexico, New Zealand, Nova Scotia, Oregon, Washington, California, Maine, and all the other states in the Union.

We exercise great care to have all articles true to name.

PHOENIX NURSERY COMPANY.

TERMS AND CONDITIONS.

Terms of Payment—Cash, satisfactory security, or references before shipment of stock. All orders to be sent by express, "C. O. D." must be accompanied by ONE-FOURTH THE AMOUNT IN CASH.

Remit by Postal or Express Money Orders, Bank Drafts on New York, Chicago or St. Louis, payable to order of PHOENIX NURSERY COMPANY, or currency by express prepaid.

Orders and Conditions of Sale—Please order EARLY, with order legible and separate from body of letter, with name of Postoffice, County and State, and how you wish packages directed on the ORDER.

Long specified lists are subject to special prices. Needed specifications as to age, size, style, etc., state *on the order*, to save the trouble of referring to previous correspondence.

Particular varieties named in order furnished as far as practicable. Orders forbidding substitution we fill so far only as we can supply the sorts specified.

Prices—Prices herein are limited to the Fall of 1901 and rule only when the number specified is taken, but when the order amounts to \$10 or more, 5 will be furnished at 10 rates; 50 at 100 rates; and 500 at 1000 rates.

PACKING—We make no charge for packing and delivering goods at the depot here and thus enable our customers to remit the exact amount of money with their orders, and save us and them much time, trouble and correspondence regarding small balances due for packing. On lots by mail postage will be added.

Shipping—We usually commence shipping in the Fall about October 1.

We prefer parties ordering should indicate the route by which they wish stock sent. In absence of particular directions, we forward to the best of our judgment; but in no case do we assume any responsibility after consignment to purchaser, unless for our own mistakes. When losses occur by detention en route, claims should be made on the carriers immediately.

It is our custom, when sufficient time is given, to obtain through Freight or Express Rates on all Shipments.

To our customers at a distance we would state that the postal rate on Trees and Plants has been reduced from 16 cents to 8 cents per pound, and can be shipped in any number of four pound packages to one address. We ship a great many root grafts, seedlings, cions, greenhouse plants, etc., in this way.

Direct all letters to PHOENIX NURSERY COMPANY, P. O. BOX 625, BLOOMINGTON, ILLINOIS.

See list of varieties of Standard and Dwarf Pears on page 4.

FRUIT TREES—Continued.

The Following are Our Leading Sorts of Standard Pears:

BELLE LUCRATIVE, BARTLETT, BARTLETT-SECKEL, BESSEMIANKI, BEURRE BOSC, BEURRE CLAIRGEAU, BEURRE EASTER, BEURRE D'ANJOU, BUFFUM, CLAPP'S FAVORITE, DOYENNE BOUSSOCK, DUCHESS D'ANGOULEME, DUCHESS D'BORDEAUX, DOYENNE DE ETE, EARLY HARVEST, FREDERICK CLAPP, FLEMISH BEAUTY, GARBER'S HYBRID, GOODALE, HOWELL, IDAHO, KOONCE, LOUISE BONNE D'JERSEY, LAWRENCE, LAWSON, LE CONTE, MT. VERNON, MANNING'S ELIZABETH, OSBAND'S SUMMER, PETITE MARGERITE, PRESIDENT DROUARD, SHELDON, SECKEL, SOUVENIR DU CONGRESS, TYSON, VERMONT BEAUTY, VICAR OF WINKFIELD, WASHINGTON EARLY, WILDER'S EARLY, etc.

The Following are Our Leading Sorts of Dwarf Pears:

BARTLETT, BEURRE D'ANJOU, CLAPP'S FAVORITE, DUCHESS D'ANGOULEME, FLEMISH BEAUTY, HOWELL, IDAHO, KEIFFER'S HYBRID, LOUISE BONNE D'JERSEY, MT. VERNON, TYSON, VICAR OF WINKFIELD, WILDER'S EARLY, etc.

ROSSNEY PEAR.

The best and handsomest pear yet produced. Hardy and productive. Ripens two weeks after Bartlett. Strong grower. Luther Burbank, the most noted horticulturist of the age, says under date of October 5, 1895: "The samples of Rossney Pear arrived in due season. The large size, handsome form, and creamy yellow skin with crimson blush gives the fruit a tempting appearance; and the tender, creamy flesh, of just the right texture, with no hard spots and an unusually small core, with its superior flavor, makes it about the best pear so far seen. If the tree is vigorous, healthy and productive, would prefer it to any other, even the standards, Bartlett or Seckel." See price, page 3.

LONGWORTH'S No. 1 PEAR.

The Pear for the Northwest.

This is a very hardy Seedling Pear of recent introduction; originated at DuBuque, Iowa, and was grown from seed some forty years since by the veteran nurseryman and horticulturist, Wm. Longworth. The tree is a strong, upright grower, entirely FREE FROM BLIGHT, and an enormous bearer. Fruit, medium to large, nearly round; skin yellow with warm blush on the sunny side; flesh rather coarse, juicy, sugary, good flavor. Ripens from first to middle of September.

Having thoroughly tested this variety, we have no hesitancy in recommending it to the public for general planting. This pear has withstood our severest winters without the slightest injury, while other varieties were frozen to the ground. Being free from blight and EXTREMELY HARDY, it is a very desirable variety, and should be planted largely. See price, page 3.

BLACKBERRIES.

	Each	10	100	1000
Mersereau —This early Mammoth ironclad blackberry originated in Northwestern New York, where the mercury falls from 15 to 25 degrees below zero, and where it has stood in open field culture for a great many years without the slightest protection and has never been injured. It has proved hardy here, very prolific, and the fruit is large, sweet, and of good color. We consider it superior to Snyder, our standard here in the West. It is hardy and quite as prolific as Snyder, and the fruit is much larger and better.....	\$.15	\$1.00	\$3.50	\$25.00
Kittatinny —grown from root cuttings.....	.15	1.00	1.50	12.00
Needham's White	.15	1.00		
Lawton —grown from root cuttings.....	.15	1.00	2.00	14.00
Snyder —The berry of the West. Strong grower, very hardy, very productive. Never fails to bear a full crop; seven acres yielded 43,000 quarts. First class...	.15	.75	1.50	9.00
Early Harvest —grown from cuttings.....	.15	1.00	2.00	12.00
Taylor's Prolific —grown from root cuttings.....	.15	1.00	2.00	12.00
Stone's Hardy —grown from root cuttings.....	.15	1.00	2.00	12.00
Erie —Very large and very early. Prolific.....	.15	1.00	2.50	18.00
Eldorado —Among the good points of this valuable new blackberry are great productiveness, hardiness, extra fine quality and sweetness of flavor; without core. The berries are large, jet black, borne in clusters and ripen well together. Sweet, melting, rich and pleasant to the taste. From all indica- tions it is the best blackberry grown.....	.15	1.00	2.50	20.00
Minnewaska —Very large, productive, small-core. Hardy. Ripens with Snyder....	.15	1.00	2.00	15.00

DEWBERRIES.

Lucretia Dewberry—Best of all. Each, 15c.; per 10, \$1.00; per 100, \$2.50; per 1000, \$12.00.

STRAWBERRIES.

We will furnish 10,000 strawberry plants made up of following varieties for \$30.00.

Barton's Eclipse —New, large, very productive.....	\$.75	\$3.50
Brandywine —This is the handsomest berry grown. Fancy market variety of fine rich flavor and large size. It is dark red to the center.....	.75	3.50
Beder Wood —Most productive. Considered the very best early variety.....	.75	3.50
Bubach's No. 5 —Very strong, vigorous, and exceedingly stocky.....	.75	3.50
Captain Jack —Vigorous, hardy, very early.....	.75	3.50
Crescent Seedling —Celebrated, wonderful bearer.....	.75	3.50
Chas. Downing —Old reliable, one of the best.....	.75	3.50
Clyde —New. Abundant bearer, fruit large. Strong grower, succeeds everywhere.....	1.00	6.00
Haviland Seedling —Said to be the earliest large berry yet produced.....	.75	3.50
Jessie —From Wisconsin. It has no defects worth naming.....	.75	3.50
Manchester —Vigorous, enormously productive, fruit large, firm, late.....	.75	3.50
Ruby —Strong, healthy plant; large staminate blossom; uniformly productive; fruit of largest size; dark red color clear through; firm enough to ship well; a fine keeper after being picked; bears a full crop first season after planting; of the highest excel- lence.....	.75	5.00
Splendid —From Northern Illinois. The best berry for home market and table use yet produced. Better and larger than Crescent and ripens one week ear- lier. Berries even in size, all ripening about the same time. Very prolific. Flavor excellent. Self fertilizer.....	.75	4.00

STRAWBERRIES—Continued.

	100	1000
Sharpless Seedling—Largest, most productive of all strawberries.....	\$.75	\$ 3.50
Timbrell—Berries large to very large, dark crimson. Very firm, good shipper, plant strong and healthy. Very prolific.....	.75	3.50
Warfield's No. 2—Most highly esteemed for its large, uniform size and good shipping qualities.....	.75	3.50
Wilson's Albany—Enormous bearer, reliable.....	.75	3.50

RASPBERRIES.

	Each	10	100	1000
Cuthbert—One of the best, most profitable berries for general planting; upright, very hardy, prolific; fruit brilliant red, juicy, excellent quality..	\$.10	\$.75	\$1.00	\$ 5.00

Hilborn—New, Black Cap, superior quality, fruit large; very hardy; originated in Canada.....	.10	.75	1.00	8.00
Kansas—New; ripens just after Souhegan; berry as large or larger than the Gregg. Very vigorous and productive; tips.....	.10	.75	1.00	7.00
Loudon—The best red raspberry yet introduced and the most productive. Large size, bright color, very hardy, good shipper.....	.15	1.00	2.00	12.00
Mammoth Cluster—Old and reliable, large Black Cap, tips..	.10	.75	1.00	7.00
Miller—New, red, large and very productive.....	.10	.75	1.00	8.00
Nemaha—New, Black Cap, very hardy, ripens with Gregg and resembles it in fruit.....	.10	.75	1.00	7.00
Shaffer's Colossal—New, purple, large, very promising, tips..	.15	.75	1.50	12.00
Souhegan—Early, Black Cap, very productive.....	.10	.75	1.00	7.00
Turner—Upright, almost thornless, vigorous, red, bears 125 to 150 bushels to the acre.....	.10	.60	1.00	5.00
Tyler—Black Cap, early.....	.10	.75	1.00	7.00

GRAPES.

	Each	10	100	1000
Agawam—(Rogers No. 15) 2 years, old, reliable, large, red, one of the very best.....	\$.20	\$1.50	\$ 7.00	
Blood's Black—Very early, 2 years.....	.25	2.00		
Brighton—2 years; hardy, productive, exquisite flavor, resembling Catawba in color.....	.20	1.50	7.00	
Campbell's Early—New, hardy and vigorous, very prolific, berry large, flavor rich and sweet. Flesh firm but tender. Very early; 2 years.....	.25	2.00	10.00	
Catawba—Late red, 2 years.....	.15	1.00	5.00	
Champion or Talman—Early black, 2 years.....	.20	1.50	5.00	
Christine—(Telegraph) early, hardy, black, 2 years.....	.15	1.00	7.00	
Clinton—2 years.....	.15	1.00	5.00	
Concord—2 years.....	.15	1.00	3.50	\$27.50
Cottage—Seedling of Concord. Sweeter and earlier; 2 yrs	.20	1.50	5.00	
Delaware—2 years.....	.20	1.50	7.00	
Diana—2 years.....	.20	1.50	8.00	
Dracut Amber—Large, early, brown, 2 years.....	.20	1.50	8.00	
Duchess—A new seedling, white grape, 2 years.....	.20	1.50	8.00	
Early Victor—2 years.....	.25	2.00		
Elvira—White, productive, 2 years.....	.20	1.50	5.00	
Empire State—White, 2 years.....	.20	1.50	8.00	
Eaton—A large, showy black grape; ripens before Concord, 2 years.....	.20	1.50	10.00	
Hartford Prolific—2 years.....	.20	1.50	5.00	
Herman—Black, wine grape, 2 years.....	.20	1.50	10.00	
HERCULES—This new black grape which originated in this county was first offered by us. The vine is a strong, healthy grower, hardy and productive; bunch large, long and broad; berries unusually large and round; a shade darker than Worden and covered with a blue bloom; ripens with Concord. The fruit of this variety was exhibited at the World's Fair, 1893, by the New York Experimental Station; where it created a great deal of interest. 2 years.....	.50	4.00	30.00	

ROOT GRAFTS—[Order Early.]

Largest Stock and Assortment in the United States.

Our Season for Making Root Grafts Closes March 1.

Root Grafts are Clons and Roots grafted and tied together, ready for planting in nursery rows. Orders for special lists of sorts. PLEASE SEND EARLY, with one-fourth cash with order, balance before shipment. This is very important to secure best grafts and your selection of sorts, as we take special pains in cutting and putting up clons for early orders. *Please don't forget this.* No extra charge for packing. Even 50's or 100's of each sort will be put up at the following prices. For smaller or broken lists, prices will be given on application.

PRICES INCLUDE PACKING.

	1000	10,000
Apple—Price of assortments.....	\$ 3.50	\$32.50
“ On whole roots. Price of assortments..	5.00	45.00
Pear—On whole roots.....	10.00	
“ Rossney	20.00	
“ Longworth No. 1.....	15.00

We do not recommend the planting of Prune, Plum, and Cherry root grafts. They succeed best from buds.

CLEMATIS.

All Hardy, or Home Grown. On own roots. An unusually fine stock.

	Each	10	100
Duchess of Edinburgh —Double white, of vigorous habit, free bloomer, very fragrant, 2 years.....	\$.35	\$3.00	\$25.00
Flamula —Sweet scented. Produces large clusters of small white flowers. Most fragrant of all clematis. Dormant, 2 years..	.25	2.00	15.00
General Grant —This excellent new Clematis originated in this city. It is supposed to be a hybrid of <i>Velutina Purpurea</i> and <i>Gem</i> . Growth very strong and vigorous. Very hardy. Large flowers of the <i>Henryii</i> type. Petals well rounded. Of the brightest velvety reddish purple, shaded with bright red. This is the first American Clematis, of extra fine merit, and undoubtedly new shades of color, in large flowering Clematis. It has been grown here for some years, and has proved to be unusually hardy and free blooming, 2 years.....	.50	4.00	
Henryii —New, and one of the best perpetual hybrids, of robust habit, and very free bloomer. The flowers are large, white, and very showy. 2 years.....	.40	3.50	30.00
Jackmanii —Deep violet purple, flowers produced in masses; one of the best, especially for bedding, 2 years.....	.35	3.00	25.00
Jackmanii Alba —Without exception this is the best hardy climbing plant that has been sent out for many years. It has all the characteristics of the <i>Jackmanii</i> , being free blooming and as vigorous. The flowers are nearly pure white, and make a fine contrast when planted near <i>Jackmanii</i> . It has been tested for years and has always won favor wherever shown. Strong plants. 2 years.....	.40	3.50	30.00
Madam Baron Veillard —The flowers are a satiny lavender pink. 2 years.....	.40	3.50	30.00
Madam Edouard Andre —A new French variety, entirely distinct and most novel. The nearest approach to a bright red yet produced. This clematis was exhibited at the World's Fair, Chicago, in the French department, and attracted great attention, owing to the brilliancy of its flowers. The plant is a strong, vigorous grower, being a hybrid of the popular <i>Jackmanii</i> variety, which it resembles in freedom of bloom, strong, vigorous growth, shape and size of flowers. 2 years.....	.35	3.00	25.00
Magnifica —A magnificent free blooming variety. Color a deep lavender blue; flowers large and finely formed. Strong grower of robust habit. 2 years.....	.40	3.50	30.00
Paniculata —New. A strong, vigorous grower; very free flowering. Pure white. Unusually fragrant. 2 years. Dormant..	.25	2.00	12.00
Ramona —A strong, rampant grower and very hardy. Free and perpetual bloomer; flowers large, color, a deep sky blue; 2 years.....	.35	3.00	25.00
Star of India —A very showy, very free flowering sort, with large flowers, first of a reddish plum color, changing to a violet purple, with turkey red bar in the center of each flower leaf. A distinct variety of great merit. July to October. 2 years.....	.40	3.50	30.00
Virgin's Bower —Common white flowering. 2 years. Dormant.....	.25	2.00	12.00
Viticella —Common purple. 2 years. Dormant.....	.25	2.00	12.00

GREENHOUSE AND BEDDING PLANTS.

ROSES, HARDY AND TENDER BULBS, ETC.

Where practicable, small plants will be sent by mail, cost of postage added; we shall, however, send all packages by express at purchaser's expense, unless specially ordered otherwise. The advantages are obvious. Larger and better plants can be shipped, and they usually arrive in better order, with fibrous roots intact, ready at once to sustain life. By mail, more or less soil is removed, unavoidably breaking roots, compelling the plant to make new roots, which it does quickly if conditions are favorable, or lingers for days or even weeks before it starts, much to the annoyance of the purchaser. With our many years of experience, we claim to be as successful in sending by mail as any. It is, however, the unanimous verdict of all florists, that expressing has many advantages over plants sent by mail. Plants or bulbs of a bulky nature will, in all cases, be sent by express or freight.

Purchaser's selections gladly allowed, as far as practicable, without extra charge.

ROSES.

50 AT 100 RATES. NOT LESS THAN 5 OF A VARIETY.

We make the growing of roses a specialty. Our list of varieties has been carefully selected so as to include only the very best. We are constantly buying the newer varieties and after giving them a fair trial, discard such as are not found worthy of cultivation and distinct character.

OUR ROSES are all of our own growing on their own roots either from cuttings or layers. We do not consider budded roses good for permanent out-door planting, the difference being the Mannetti or stock on which roses are budded makes such a strong growth and sends up so many suckers that it usually kills out the variety to which it is budded the first year, and takes its place, and nothing is left but the common or stock rose, unless of course the grower is very familiar with the cultivation of roses, and knows the difference between the stock and the bud and when to prune and pinch back.

We cannot afford to fill orders for less than \$1.00 at the prices named herein.

ROSES—Dormant.

HYBRID PERPETUAL—On own roots—Leading, hardy varieties; dormant; from the open ground; 2 years, strong

HARDY HERBACEOUS FLOWERING PLANTS.

The following assortment embraces the most desirable kinds and varieties, and in great demand for permanent planting. They are all showy, beautiful plants, of easy cultivation, and flower at different periods so that a succession of bloom will be obtained, from early in summer until after frosts in the fall. They do not have to be taken up in the fall, or replaced every spring, but remain in the ground for years. To obtain the best results they should be cultivated the same as other plants.

	Each	10	100
Anemone Whirlwind —A new, semi-double form of <i>Anemone Japonica Alba</i> , which is supposed to be a cross between this beautiful variety and a <i>Japonica Rosea</i> . In general style and habit it is identical with the white <i>Anemone</i> . It is of the same strong habit of growth, and is even more free-flowering than the original type. The flowers, which are $2\frac{1}{4}$ to 3 inches across, have several rows of pure white sepals, and the advantage of lasting much longer than the single varieties.....	\$.20	\$1.50	\$10.00

Pardanthus —CHINENSIS. (Blackberry Lily.) Easily grown in ordinary garden soil, 4 feet, June to September. Showy orange-red flowers, spotted with purplish brown spots....	.15	1.00	7.00
Pyrethrum Uliginosum —This is considered by many the finest autumn flowering plant we have, growing 4 feet high, and covered with a profusion of large white flowers. Resembles the Paris Daisy in form of flowers. Very useful for fall cutting; August to frost.....	.15	1.00	7.00
Phlox —HARDY PERENNIAL. The improvement made in this beautiful class of plants the past few years is perhaps more marked than in any other section of the Hardy Herbaceous family. Instead of the small flowers produced by the older varieties, which were almost limited in color to lilac and white, we now have gorgeous flowers combining all the various tints of rose, carmine, red, purple, white and salmon, with their distinct eyes. They require no care but dividing and resetting every second year. Their vigorous growth and freedom of bloom make them very useful plants. Perfectly hardy everywhere. We have the following named varieties: AUGUSTA RIVERIE, salmon red, very large; ATHIS, light salmon rose; AMPHIO, large rosy salmon; CROSS OF HONNEUR, deep rose and white striped; CONSUL M. FIRST, red, white eye; ELNA, red shaded salmon; FIREFLY, very bright crimson; FLEUR DE NIEGE, white shaded lilac; GLORY ST. MARC, rosy lilac; HOFF GARTNER M. DECKER, deep rose; ISABELLA DUPLY, white, large white eye; JEANNE DE ARC, dwarf white; JAPONICA, red shaded lilac; JAS. MAGNUS, lilac rose; MOLIERS, salmon flushed rose; MADAGASCAR, red shaded lilac, large; PERRIE LATI, deep crimson shaded lilac; PANTHEON, large, rosy salmon; PAUL & LOWE, pink, white eye; SIMPLON, red shaded pink; THE PEARL, fine pure white; VIRGO MARIE, white, large and fine; WILLIAM ROBINSON, deep rosy salmon, small crimson eye. Named varieties, strong, 2 years, from open ground.....	.25	2.00	12.00
Mixed “ “ 2 years, “ “ “ “.....	.20	1.50	10.00
From 2 inch pots.....	.15	1.00	6.00
Rudbeckia Double , “GOLDEN GLOW.” A glorious new plant and one that will find a place in every garden here and abroad; of fine habit, vigorous growth, with early, continuous and immense blooming qualities; it will be found excellent also for cut flower purposes, inasmuch as the stems are long, and often carry a dozen flowers furnished with most beautiful foliage. A large vase filled with these flowers is a beautiful sight. Clumps.....	.15	1.00	5.00
Sanguinaria —CANADENSIS; Bloodroot, pure white flower, valuable for planting in shaded or damp spots.....	.15	1.00	6.00
Vinca —MINOR; Common Periwinkle or Myrtle, well known.....	.15	1.00	6.00
Violets —Hardy, Russian, double, large blue.....	.25	2.00	15.00
Veronica —Amethystica, lavender blue, Augustifolia, white. Very desirable border plants.....	.25	2.00	10.00
Yucca Filamentosa —SPANISH BAYONET; 4 feet; June and July Foliage evergreen and somewhat resembling the Century plant in habit of growth. The flower spikes are many branched and the flowers are borne in huge panicles above the sword shaped foliage. Large, white, waxy blooms. 5 year roots.....	.15	1.00	6.00

HERBACEOUS PAEONIES.

We have an unusually fine stock of the following named varieties: Price, strong roots, 2 and 3 eyes, each 30 cents; per 10, \$2.50; per 100, \$18.00. GREENHOUSE AND BEDDING PLANTS.

Prices, except as noted, are for first-class plants of shipping sizes.

NEW GERANIUM—E. H. Trego.

This is the best scarlet geranium yet produced. It was grown by careful hybridization from seed of Mrs. E. G. Hill, crossed by P. Crozy, by the noted florist, A. Shriver. We have tested this variety for the past four years and can truly say it is the largest flower and brightest scarlet geranium we have yet seen, and that it cannot be excelled for bedding purposes. The color is a deep scarlet of exquisite shade; the florets are regular in form, more than semi-double, and about two and a half inches in diameter. Trusses, enormously large on long stems. Foliage and habit are all that could be desired. It has also proved to be an excellent winter bloomer. We are the first to offer this magnificent sort to the public, and do so with the fullest confidence that every customer will be more than pleased. Price, from 2½ and 3 inch pots, 25c each; \$2.00 per 10. From 4 inch pots 30c each; \$2.50 per 10.

	Each	10	100
Abutilons —6 sorts from 2½-inch pots.....	\$.10	\$.50	\$4.00
SOUV. DE BONN—Variegated. From 2½-inch pots...	.10	.50	4.00

of rosy carmine. From 2½ and 3-inch pots	.15	1.00	6.00
" MARGINATA. Foliage large, reddish brown, margin			
bright carmine. From 2½-inch pots.....	.15	1.00	6.00
Auracaria —EXCELSA. From 6-inch pots; 4 to 5 tiers; 16 to 20			
inches high.....	2.50		
Ageratum —IMPERIAL. A splendid strong growing bedding vari-			
ety. Color, dark blue. Height 1½ to 2 feet. From			
2½-inch pots.....	.10	.60	4.00
" PRINCESS PAULINE. A most distinct and novel vari-			
ety of dwarf; compact habit, rarely exceeding five			
inches in height, its peculiarity being that both colors,			
blue and white, are combined in the same flower; the			
body of the flower being white, while the stamens are			
of a light sky blue, giving the flower a pretty varie-			
gated appearance; one of the most distinct new bed-			
ding plants that has come under our observation this			
season. From 2½-inch pots.....	.10	.60	4.00
" STELLA GURNEY. This new Ageratum is a very			
short, compact grower, well branched. An extremely			
free bloomer. The individual tufts are very large			
and dense. The color is intense blue, the most beau-			
tiful ever seen in Ageratum. Continuous bloomer,			
unequalled as a bedding plant. From 2½-inch pots...	.10	.60	4.00

GREENHOUSE AND BEDDING PLANTS—Continued.

	Each	10	100
Solanum Jasminoides Grandiflora —A beautiful plant of climbing habit, attaining a height of three to five feet, but can be grown in bush form. Its flowers are star-shaped and borne in clusters, large, pure white, with a violet tinge on back of petals and on the buds. In pots it is a continuous bloomer, both summer and winter; but its greatest value is for outdoor culture, trained against a wall or trellis. From 2½ inch pots.	\$.10	\$.75	\$ 5.00
Strobilanthes Dyerianus —A new house and bedding plant. Exquisitely beautiful, both in foliage and in flower. 2½-inch pots.	.10	.75	5.00
Swainsonia Galegifolia Alba —A native of Australia; extremely graceful; trained at a window or on a trellis, presents a lovely sight; of light green foliage, and a splendid profusion of flowers resembling sweet peas in form.			
From 2½-inch pots.	.10	.75	5.00
From 3-inch pots.	.15	1.00	6.00
From 4-inch pots.	.20	1.50	8.00
Tritoma — UVARIA GRANDIFLORA (Red Hot Poker) from open ground.	.20	1.50	8.00
Tradescantia — MULTICOLOR . This variety is very suitable for hanging-baskets. Of rapid growth. 2½ inch pots.	.10	.50	4.00
Valotta Purpurea —A beautiful flowering, bulbous plant, adapted for pot culture, blooming in July and August. Spikes of brilliant scarlet, lily like flowers. 3-inch pot.	.20	1.50	8.00
Vinca Alba —A pretty shrubby plant, with white flowers and crimson eye. Perpetual summer bloomer. 2½-in. pots.	.15	1.00	6.00
" VARIGATA MAJOR . Variegated trailing vine.	.15	1.00	6.00
Verbenas —A fine collection. From 2-inch pots.	.10	.50	4.00
Violets — DOUBLE MARIE LOUISE . We have a nice lot from open ground.	.20	1.50	7.00

NEW TROPÆOLUM PHŒBE.

A most attractive and deliciously-scented new variety, producing flowers throughout the winter and summer seasons, of a deep golden-yellow, with a rich crimson-feathered blotch in each segment, outer edges notched or scalloped, the whole forming into an exquisitely-shaped blossom. A free, vigorous grower. When in the height of its perfection, strings of growth 8 to 10 feet long, resplendent with its parti-colored flowers, can be cut for decoration. A grand trailer for the greenhouse in early spring, or out-doors during the summer. From 2½-inch pots, each 10c; per 10, 75c. per 100, \$6.00.

CARYOPTERIS MASTACANTHUS.

(Blue Spirea.)

A pretty ornamental shrub, hardy here; neat, compact grower; blooms in July and August, and continues for weeks, loaded with pale blue flowers. From 2½ inch pots, each, 10c; per 10, 60c; per 100, \$4.00. Bushy plants, 18 to 24 inches Each 25c; per 10, \$2.00; per 100, \$14.00.

EVER-BLOOMING SPIREA, A. WATERER.

This is a true perpetual bloomer, bearing large clusters of bright crimson flowers all through the season, or as long as kept in growing condition. Valuable for bedding and borders, also as a market plant; and it is a splendid forcing plant. We have a particularly fine stock of two year plants, each 25c; per 10, \$2.00; per 100, \$10.00. From 2½ inch pots, each, 15c; per 10, \$1.00; per 100, \$6.00.

MIKADO FERN BALL.

[Imported from Japan.]

The grandest Fern Novelty introduced in many years. They do not require planting but start to make a beautiful growth of dark green foliage in a surprisingly short time after having been given water, grow and thrive under the most unfavorable conditions.

This beautiful novelty is an importation from Japan and is certainly the finest addition to the Fernery yet introduced. The Ball is composed of the Japanese Island Fern Roots and Sphagnum Moss, and so constructed as to send out leaves of beautiful emerald green from every point. They grow rapidly, and make a handsome ornament for the home, conservatory, or greenhouse.

Directions for Starting—Place ball in water for 15 minutes and then suspend in any desired position; repeat every two days until growth is started, after which sprinkle occasionally as required. To use in fern dish, cut ball in halves, placing flat side down, thus getting two dishes of beautiful ferns. The Fern Ball may be allowed to dry up at any time and set away, and started again by watering as before. Price, each 75c.

THE ROSSNEY PEAR

For Price and Description

OFFICE OF THE ILLINOIS STATE ENTOMOLOGIST.

Urbana, Ill., July 9, 1901.

This is to certify that the growing nursery stock and premises of the Phoenix Nursery Company, situated at Bloomington, Ill., have been inspected according to the provisions of an Act to prevent the introduction and spread in Illinois of the San Jose Scale and other dangerous insects and contagious diseases of fruits, approved and in force April 11, 1899, and that no indications have been found of the presence of the San Jose Scale or other dangerous insect or plant disease. This certificate is invalid after June 1, 1902.
