Priced Catalogue.

OUR CATALOGUE.—It will be noticed that our catalogue is not large; but we believe it contains more that is really valuable for gardening purposes than any published in this country.

HOW TO SEND MONEY.—We will be responsible for money sent by Express, Post Office Money Order, Registered Letter or Draft. If sent in any other way we disclaim all responsibility. Individual checks for amounts less than ten dollars will not be accepted, as we must pay for the collection of them.

ESTIMATES FURNISHED.—Arrangements can be made by those desiring to improve their grounds to have a detailed plan and estimate for the proposed improvement. Persons desiring plans should apply for them prior to April 1, in spring, and any time after June 1, for all work.

ORDERS.—In sending orders, to avoid confusion, the order should be written apart from the text of the letter, followed by directions for sending by freight, express or mail.

HAVE YOUR PLANTS SENT BY EXPRESS.—If a plant is worth buying it is worth paying express charges on. To send plants cheaply by mail they must be so small as to be of little value, and where they are large and strong the shock of removing the soil from the roots, necessary when sending by mail, would make them almost worthless. We always add extras to help pay the express charges.

WE GUARANTEE safe delivery of all Plants or Seeds when sent by express, but all complaints, however, must be made at once on receipt of goods. We will not hold to our guarantee if, a month after, from inattention or other causes, plants have failed, and complaint is then made. Plants sent by mail or freight are entirely at the risk of the purchaser.

SHIPPING CUT FLOWERS.—We ship Cut Flowers and Floral Work with perfect safety to all points, not over twenty-four hours journey by express. Orders by mail or telegraph promptly filled.

WHEN TO ORDER.—We are prepared to fill orders as soon as this catalogue reaches you. Send in your combined order for seeds, trees and plants, and if you do not wish trees and plants sent until time to plant in your locality, will send seeds at once and balance of order later. If you want part or all of order held, state it distinctly, with date when shipment is to be made.

PACKING.—No charge is made for boxes or packing nor for delivery to freight depots or express offices.

ERRORS.—We exercise the utmost care in filling orders, striving to do a little more than we offer, yet in the press of business, errors sometimes occur, in which event we wish to be promptly notified of the fact and we will make such corrections as will be satisfactory.

NON-WARRANTY.—We wish it to be distinctly understood that although we continue to take all possible pains to supply only New, Genuine and Unadulterated Seeds, we still give no warranty, express or implied, as to description, quality, productiveness, or any other matter of any of the seeds we send out and will not be in any way responsible for the crop. Every order received for articles named in this catalogue will be executed on this condition only.

Sweet Peas.

SWEET PEA. Try our special mixture of twenty of the best new and old varieties of Sweet-Pea Seed.

This mixture is the cream of over one hundred and fifty kinds of Sweet Peas and are the varieties we plant for the retail trade. 25 cents per ounce; \$2.50 per pound.

LINCOLN I. NEFF,

218 Sixth street, Pittsburg, Pa.

SWEET PEA, MISS BLANCHE FERRY. No horticultural variety introduced in late years has become so widely known and highly prized as this. Not only are the large, bright pink flowers very beautiful, but the plant is more compact, comes earlier in bloom, produces more flowers, and for a longer time, than any other variety. Recognized not only in this country but in Europe as the best sweet pea in cultivation. Per oz., 10c.; per 1-4 lb., 30c.; per lb., \$1.

SWEET PEA, BUTTERFLY. White or light blue tinged and shaded with lavender, becoming a decided blue on the edge of the standard. A striking peculiarity of this variety is that the standard presents the appearance of a butterfly's wings, being deeply cut on either side. Per oz., 10c.; per 1-4 lb., 30c.; per lb., \$1.

TREES, PLANTS AND BULBS.

FLOWER SEED DEPARTMENT—Continued.

- SWEET PEA, QUEEN OF ENGLAND.** One of the best whites in cultivation; color very pure and true. Per oz., 15c; per 1-4 lb., 40c; per lb., \$1 20.
- SWEET PEA, EMILY HENDERSON.** A sport from the Blanche Ferry; resembles Blanche Ferry in growth; best white in existence. Per oz., 10 cents.
- SWEET PEA, BOREATTON.** One of the best dark colored varieties. Standard large and broad, notched at top; exceedingly rich satin like maroon; the wings about the same color, but lighter in shade and often with a slight tinge of blue; but in effect is a deep rich maroon self-colored flower. Per oz., 10c; 1-4 lb., 30c; lb., \$1.
- SWEET PEA, IGNEA.** This is the newest out in scarlet. Flowers are large and beautiful. We think it the best scarlet. Per oz., 10c; 1-4 lb., 30c; lb., \$1.
- SWEET PEA, ORANGE PRINCE.** Although the flowers are not large nor as good in form as some others, they are so distinct in color that they can hardly be spared from even a small collection. Standard Pink, suffused with orange yellow; wings bright lake pink. Per oz., 10c; 1-4 lb., 30c; lb., \$1.
- SWEET PEA, AMERICAN BELL.** New and entirely distinct. The standard is clear, bright rose of uniform colorings; wings of crystal white with bright, purplish carmine spots; it is neither striped nor mottled but distinctly spotted. Per oz., 10c; 1-4 lb., 25c; lb., \$1.
- SWEET PEA, CAPTAIN OF THE BLUES.** Standard, purple mauve, wings pale blue; first-class. Per oz., 10c; 1-4 lb., 30c; per lb., \$1.
