Ferns and Herbaceous Plants

Several thousand fine nursery-grown Ferns and Herbaceous Plants in best varieties of natives for wild planting, at 2 cents each, my selection. Lists on application. Collected at 1 cent each.

Rhododendrons, Kalmias and Leucothoës

FOR LANDSCAPE WORK

As is well known, we collect large Rhododendrons, Kalmias and other plants of this character in fine clumps by the car-load, in sizes for producing immediate effect. Special prices made and correspondence solicited.

Collecting

So great has been the demand for my collected stock, particularly Hemlocks, that I have decided to abrogate all previous prices and offers in this line, but special contracts can be made where necessary.
