"NURSERYMEN'S TELEGRAPHIC CODE"
IN TELEGRAPHING.

TO THE TRADE

In presenting our Semi-annual Trade List for the fall of 1902 we wish to thank our many patrons for their liberal patronage during the past year, and assure them that we are much better prepared to handle their business than we have been in the past, having completed our large frost-proof packing house, which is 200x150 feet and thoroughly ventilated, with a railroad switch running into the building. We respectfully solicit a share of your patronage.

LOCATION.

Our Nurseries are situated 54 miles southwest from Kansas City, on new slope lands along the Marais des Cygnes river, the banks of which are skirted with a heavy growth of timber, affording a splendid wind break and protection to young trees. Thus we are enabled to produce clean, thrifty stock, at one and two years, suitable for the market. Our railroad and packing facilities are as good as the best, being on the main lines of the Missouri Pacific and A. T. & S. F. railways, with a switch to our packing ground.

Our Nurseries embrace over 500 acres, closely planted, including apple, standard and dwarf pear, cherry, plum and peach, as well as a general assortment of ornamental trees and shrubs.

PACKING.

Our Packing Season begins from the 1st to the 10th of October in the fall, and from the 1st to the 10th of March in the spring. We pack all stock in the most thorough manner, for which a moderate charge—sufficient to cover the cost—will be made.

Boxes packed and paper lined will be charged as follows: 30 inches square, 8 to 10 feet long, as the trees may require, at \$3 each; 24 inches square, at \$2.50; 18 inches square, at \$1.75. Bales at from 25c to 75c each.

SHIPPING DIRECTIONS.

Please furnish us with explicit shipping directions, mentioning the route, and whether you wish shipment by express or freight. When no particular directions are given we will use our judgment, but in no case do we assume any responsibility as to safe arrival and condition of trees and plants, after a proper shipment.

Under our present western classifications, we are entitled to a lower freight rate by releasing to a value of \$5 per 100 pounds. When not instructed to the contrary, we will release accordingly.

OTTAWA STAR NURSERIES.

Economic and Systematic Botany

GRADES.

We grade carefully; in some cases by caliper, others by height; when by both, the caliper must govern. The lower number is included and the higher number excluded. For instance, in a grade of four to five feet, four-foot trees are included, but five-foot trees go into the next grade higher. If plump five-foot trees are wanted, the order must be for five to six feet. When desired, we will send samples to prospective customers.

TERMS.

Cash, or satisfactory security before shipment. Remit by Kansas City or eastern exchange, or express money order. Orders to be sent C. O. D. must be accompanied by at least one-fourth of the amount of the order.

To prompt-paying customers the usual 30 to 60 days will be allowed from the date of shipment; but where the time is not especially agreed upon, 30 days is to be understood. Interest will be charged upon all over-due accounts. Should prices be changed, either higher or lower, during the season, the prices ruling at the time the order is made are expected to stand.

When the order amounts to \$50 or over, the articles will be figured at thousand rates.

Prices are subject to change without notice.

GUARANTEE OF GENUINENESS.

While we exercise the greatest diligence and care to have all our trees and plants true to label, and hold ourselves in readiness on proper proof to replace all trees that may prove untrue to labels, free of charge or refund the amount paid, it is mutually understood and agreed to between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than originally received.

A Health Certificate will be furnished with each shipment.

F. H. STANNARD & CO., Ottawa, Kansas.

KANSAS EXPERIMENT STATION,
E. A. POPENOE, Official Entomologist.

OTTAWA, KANSAS, Sept. 4th, 1902.

This is to Certify, That I have this day made an examination of the Nursery Stock now growing on the grounds of F. H. STANNARD & Co., Ottawa, Kansas, and that I find thereon no San Jose Scale or evidence of its former presence, and, moreover, I find that this stock is apparently in excellent condition as to growth, health, and freedom from noxious insects or fungous diseases.

E. A. POPENOE,
State Nursery Inspector.

FRUIT DEPARTMENT.

APPLES.

Two and Three Years, Smooth.

	Code Word.	Per 100.	Per 1000.
5 to 6 ft., $\frac{3}{4}$ in. and up.....	Gable	\$8 50	\$80 00
4 to 6 ft., $\frac{5}{8}$ in. to $\frac{3}{4}$ in.....	Gadder	6 50	60 00
