Souvenir de Bonn.

ANOMUM MELEGUEITA.

Belongs to the Ginger family; produces the Cardamon seeds of commerce. In growth it represents a miniature Canna; Makes a very pretty pot plant. Foliage quite fragrant. Price, 50c per dozen; \$4 per 100.

ALOYSIA CITRIODORA—Lemon Verbena.

Indispensible for the delightful fragrance of its leaves in the construction of bouquets, etc. Price, 50c per dozen; \$4 per 100.

ASPARAGUS SPRENGERI.

When introduced, at a high price, a little over a year ago, this variety was received with some hesitation as to its desirability, but after only a limited trial it has come forward with such prominence that the supply will be inadequate to the demand for some time to come. Not only is it useful for cutting in sprays for fine cut-flower work, more particularly in connection with large roses, etc., but grown in suspended pots it makes one of the prettiest decorative house plants we know of. Used in decorations, as, for example, in the decorations of mantels, nothing can equal it. Fine 2½-inch pots, 75c per dozen; \$5 per 100.

Asparagus Springeri.

**New Abutilon...
Souvenir de Bonn.**

This is entirely different from anything we have had before in the way of variegated Abutilons. It is a strong, upright grower, with large, bright-green foliage, distinctly edged with a broad band of creamy-white and yellow. Flowers very large, on stems eight to nine inches in length. Color bright orange-red, very effective with its beatifully variegated foliage. It is one of the most distinct and showy ornamental foliage plants that has come to our notice in years, and when better known it will be used in large quantities in connection with Palms, Dracenas, Rubbers, etc., for decoration purposes. Fine plants, 50c per dozen; \$4 per 100.

Abutilon, GOLDEN BELLS.

(Golden Fleece.)

A bright golden-yellow Abutilon of strong, vigorous habit and very free flowering. There have been a number of yellow Abutilons introduced during the past few years, but they all lack richness of color. The variety now offered combines large size, fine form and depth of coloring, and will become the leading yellow variety. Price, 50c per dozen; \$4 per 100.

ABUTILONS.

General collection of the best market kinds. Price, 10c each; 50c per dozen; \$4 per 100.

ANTHERICUM VITATUM—Folia Variegata.

A beautiful plant with recurved, graceful foliage, which attains a growth of about three feet. The leaves are dark-green, beautifully marked with broad stripes and bands of creamy-white color. Price, 4-inch pots, 75c per dozen.

Araucaria Excelsa.

ARAUCARIA EXCELSA.

(Norfolk Island Pine.)

Various names have been selected for this grand plant to properly convey to the mind the appearance of it. Some have called it the "Christmas Tree Palm" from its resemblance to a Christmas tree; others have called it the "Star Palm," because the leaves are arranged to form a perfect star, but no descriptive name can give any adequate idea of its beauty. It has deep-green, feathery foliage, arranged in whorls, rising one above the other at regular distances; its symmetry of form, grace and beauty of foliage are unequalled in the vegetable kingdom. It is easily grown in the house and is highly ornamental. (See cut.) Fine plants, 5-inch pots, 12 to 15-inch, 3 and 4 tiers, price, \$1 each.

ALYSSUM.

Double White—Has large, double white flowers. Price, 40c per dozen; \$3 per 100.

VARIEGATA—Variegated foliage, double flowers. Price, 40c per dozen; \$3 per 100.

Asparagus**Plumosus Nanus.** **Asparagus Plumosus Nanus.****ASPARAGUS PLUMOSUS NANUS.**

One of the handsomest of our foliage plants. The leaves are a bright green, gracefully arched, and as finely woven as the finest silken mesh. Their lasting quality, when cut, is remarkable, retaining their freshness for weeks, hence it ranks as the most valuable plant we have for this purpose, surpassing Maiden Hair Fern in grace, fineness of texture and richness of color. See illustration. Price, 60c per dozen; \$5 per 100. Fine 3½-inch pots, \$1 per dozen; \$8 per 100.

Asparagus Tenuissimus—We cannot too highly praise this beautiful plant. If so desired, it can be grown like a Smilax or on a trellis. Its fine filmy foliage is indispensable in bouquets, and will keep for several days after being cut, without wilting or changing color. Price, 60c per dozen; \$5 per 100.

Acalypha Sanderli.**..AGERATUMS..**

A good collection, containing the following sorts:
Price, 40c per dozen; \$3 per 100.

White Cap—New. It is, without doubt, the best white variety ever introduced.

Variegatum—Beautiful variegated leaves.

Tapis Blue—This is the best blue Ageratum for bedding, etc., yet produced. Price, 40c per dozen; \$3 per 100.

Ageratum...**Princess Pauline.**

A most distinct and novel variety of dwarf, compact habit, rarely exceeding five inches in height, its peculiarity being that both colors, blue and white, are combined in the same flower; the body of the flower being white, while the stamens are of a lightsky-blue, giving the flower a pretty variegated appearance. One of the most distinct new bedding plants that has come under our observation this season. Price, 5c each; 50c per dozen; \$3 per 100.

ACHYRANTHUS.

Indispensable for bedding purposes, either in massing or ribboning, their brilliant-tinted leaves forming a marked contrast with all other plants, being much harder than Coleus. They are considered preferable for massing and ribbon lines. Price, 60c per dozen; \$2.50 per 100.

Acalypha Tricolor.

Acalypha Tricolor—A beautiful plant, with large highly-colored leaves. Bright red, with blotches of crimson-bronze. See cut. Price, 5c each; 60c per dozen; \$4 per 100.

Acalypha Marginata—Dark bronze, with rose-margined foliage. This variety equals the showiest varieties of Coleus in effect, and has besides a decided advantage over any Coleus—namely, to be harder and not liable to wilt in the hottest and driest weather. Price, 6c each; 50c per dozen; \$4 per 100.

Acalypha Sanderli—Known also as *Philapene Medusa* or *Chenille Plant* (*Comet Plant*). A sensational novelty. Silver medals have been awarded it at Boston and New York. Leaves are dark green, from the axil of which springs a long, drooping spike of glowing crimson-scarlet flowers, nearly an inch in diameter and from eighteen to twenty-four inches long, very velvety in texture, reminding one of a long piece of brilliant chenille. An exceedingly curious and interesting novelty; unlike any other decorative plant. This plant is never out of bloom. It is bound to have a large sale on account of its oddity and rarity. Price, 25c each; \$2.50 per dozen.

NEW ACHILLEA THE PEARL.

We take much pleasure in calling special attention to this new plant, as it is one of the most beautiful and useful. It is a hardy perennial, the top dying down to the ground every winter. A plant will produce hundreds and even thousands of flowers the first summer, but when established the second year frequently have more than five hundred perfect flowers on the plant at the same time. It commences to bloom early in July, is a perfect mass of beautiful flowers till frost, the same bloom keeping perfect two or three months. Its flowers are pure white, perfectly double, and produced in large sprays, making it one of the finest cut flowers for bouquets, vases, baskets, etc. Price, 40c per dozen; \$4 per hundred.

BEGONIA ARGENTEA GUTTATA.

This variety is an introduction of M. Lemodie, and is cross between Olbia and Alba Picta. This beautiful sort has the silvery blotches of Alba Picta and the grace and beauty of growth of Olbia. It has purple-bronze leaves, oblong in shape, with silver markings, and is in every way a most beautiful

New Achillea, the Pearl.

Begonia. It produces white flowers in bunches on ends of growth stems. Price, 50 cents per dozen; \$3 per hundred.

BEGONIA THURSTONI.

This Begonia is a cross between B. Metallica and B. Sanguinea, having the bright red foliage and veining underneath the leaves, and bright metallic green, shading to red, in the younger growth on top, with the deep veinings of the Metallica and smooth glossy leaves and red stems of the Sanguinea; the flowers are beautiful deep pink in bud, but when expanded become a beautiful shell pink. Price, 50 cents per dozen; \$4 per hundred.

BEGONIA VERNON.

This excellent variety is of unusual merit as a bedding sort; foliage rich glossy green, often shaded deep bronze, changing to a beautiful clear rose in the open flower. Price, 50 cents per dozen; \$3 per hundred.

CRIMSON-LEAVED BEGONIA, SANGUINEA.

A showy variety, with very large leaves; upper side of which is a rich olive, under side crimson, and of a peculiar leather-like substance, dainty flowers, light rose to white. Price, 50 cents per dozen; \$4 per hundred.

BEGONIA RUBRA.

One of the finest Begonias in cultivation. Its dark, glossy green leaves, combined with its free flowering habit, make it one of the very best plants for house or conservatory decoration. The flowers are a scarlet rose color. Price, 50 cents per dozen; \$4 per hundred.

BEGONIA M. DE LESSEPS.

A charming variety on the order of Argentea Guttata, the leaf being four times the size seen in that variety, while the silky texture is the same, and it is beautifully spotted with silver. A very strong, free growing variety that will succeed with any ordinary care, growing rapidly and seeding out quantities of leaves. Price, 50c per dozen; \$4 per hundred.

BEGONIA ERFORDIA.

A sterling novelty for florists. Begonia Erfordia has all the good qualities of the famous bedders, Vernon and Dew-drop, and is a novelty we can strongly recommend. It will stand the strong sun in summer, and is one mass of bloom from June until frost. It is also a very showy pot plant for spring sales. Habit of growth strong and compact; color deep rosy pink. We have a splendid stock and offer it at an exceptionally low price. Price, 50c per dozen; \$3 per hundred.

On the approach of cool weather remove to a warmer situation, the parlor or greenhouse, but keep them near the light. CARNATIONS

MRS. GEO.

M. BRADT.

Color clear white, heavily edged and striped with bright scarlet, giving it a very bright and cheerful appearance. Flowers enormous and full, with center petals standing erect, giving the bloom a well-rounded form. Habit strong and vigorous, but dwarf enough for side benches. A constant bloomer from early to late, and is probably the most striking carnation of recent introduction. A grand commercial carnation. Its blooms sell at the highest prices in all markets. No variegated carnation yet introduced can equal the enormous striking blooms produced by this variety. Unquestionably the best of all variegated carnations. Price, plants, 75 cents per dozen; \$6 per hundred; rooted cuttings, \$4 per hundred.

JUBILEE.

Color intense scarlet; very large flower, on long, slender, but stiff stems; strong, non-bursting calyx. This variety is doing well with a number of growers. Seems to do best when grown inside all summer, as then it is not so much affected with rust as when lifted, and also does best on a strong, stiff soil. Price, plants, 50 cents per dozen; \$3 per hundred; rooted cuttings, \$1.50 per hundred.

DAYBREAK.

Delicate salmon-pink; vigorous grower. Color, when at its best, very soft, clear and pleasing. Flower will not stand in full sun, as the color bleaches and should be shaded when sun is strong. A very popular variety, which seems to give a paying crop in nearly all localities. Does well on nearly all soils. Should be grown cool to give best results. Price, plants, 50 cents per dozen; \$3 per hundred; rooted cuttings, \$1.50 per hundred.

WM. SCOTT.

Bright pink; one of the most productive large flowered pink Carnations; flower medium to large size, two to three inches, on long stems, of good substance and stiffness. More generally grown than any other carnation. Price, plants, 50 cents per dozen; \$3 per hundred; rooted cuttings, \$1.50 per hundred.

FIREFLY.

Deep scarlet, resembling Garfield; early, continuous bloomer; large, well-formed flower, 2½ inches and more in diameter; strong, vigorous foliage covered with heavy bloom. Introductor claims it to be disease proof. Price, plants 50c per dozen, \$3 per 100; rooted cuttings, \$1.50 per 100.

FLORA HILL.

Very free in growth and in coming into bloom. Strong calyx, moderately stiff stem, very large flower. Under ordinary culture brings good flowers throughout the season. Stem rather weak with first crop, but stiffens up as season advances. Is doing first-rate in stiff soils, which seems to indicate that it needs a heavy soil. Price, plants 50c per doz, \$3 per 100; rooted cuttings, \$1.50 per 100.

LIZZIE MCGOWAN.

Color white. Medium to large flower, on thin wiry stems, frequently not stiff enough to properly support the flower. Very productive and generally grown. Under extra culture on suitable soils this variety produces 3-inch blooms on 16-inch stems, which, however, are hardly stiff enough. Price, plants 50c per dozen, \$3 per 100; rooted cuttings, \$1 per 100.

ARGYLE.

Color, a lovely shade of carmine pink, or rather pure cerise; flowers 2½ to 3 inches in diameter, borne on stems 18 inches long; healthy, and free from rust; perfect calyx; early, continuous bloomer. The flower is of exquisite form; promises to prove a leader among pinks. Price, plants 50c per dozen, \$4 per 100; rooted cuttings, \$2 per 100.

Mrs. George Bradt.

PORTIA.

Brilliant scarlet. An exceptionally bright color in a Carnation. This is not a red, but is like that rich, glowing shade of scarlet so often found among Geraniums. Growth very vigorous and strong. Price, plants 50c per dozen, \$2.50 per 100; rooted cuttings, \$1 per 100.

ELDORADO.

Light clear yellow, petals edged with a narrow band of light pink. A strong, vigorous grower with fine healthy foliage; stems of good length, supporting large finely formed flowers. The color shows up well under artificial light, and does not look white as so many yellows do. Price, plants 50c per dozen, \$3 per 100; rooted cuttings, \$1.50 per 100.

EMMA WOCHER.

Color a lively shade of carmine pink. Flowers medium size. A fine variety for side benches. Good sturdy grower. Price, plants 50c per dozen, \$3 per 100; rooted cuttings, \$1 per 100.

ALASKA.

Purest white, seedling of McGowan, and like its parent in growth; flowers larger and more symmetrical. Many first premiums have been awarded to this variety. Price, plants 50c per dozen, \$3 per 100; rooted cuttings, \$1 per 100.

It is a wonderfully free-blooming plant, commencing to flower as soon as born. The flowers are not more than half an inch in diameter, but they are produced in such great abundance that a few plants present a dense mass of bloom, which continues without interruption and with increasing vigor from September until June. PALMS...

We offer a list of the more easily handled Palms. They are nice, thrifty, clean stock, and when potted will soon bring four or five times the price at which they are here offered.

NOTE—It may be well to state here that in mentioning the number of leaves to each size, it has reference to embryo, not character leaves.

PHOENIX CANARIENSIS.

(The Canary Island Date Palm.) No other Palm has gained so speedily in public favor the last few years as this handsome habitue of the Canary Islands. This Palm belongs to the pinnate class, which means that its branches are feather-shaped. These branches are long, gracefully arched, and, as the picture shows, are borne in luxuriant abundance. The color of the foliage is dark, glossy-green. The Canary Islands Date Palm is of rapid growth, and soon attains large size. Price, 2½-inch pots, 12 inches, 4 and 5 leaves, 50c per dozen; \$4 per 100; 3½-inch pots, 12 to 14 inches, 75c per dozen; \$6 per 100.

KENTIA FOSTERIANA.

This is one of the finest pot plants imaginable, and the easiest to grow of any of the Palm family. Being almost hardy, it is not injured by slight changes in the temperature and its stiff, glossy leaves enable it to stand the dry, hot air of the living room without injury. The leaves are a deep, glossy-green, fan shaped, split deeply into segment. This, without exception, the most hardy of its class. It is very graceful for table decoration. Scarcely has its equal. Price, 2½-inch pots, 8 to 10 inches, 3 leaves, \$1.50 per dozen; \$10 per 100; 3-inch pots, 12 inches, 3 and 4 leaves, \$2 per dozen; \$15 per 100; 4-inch pots, 12 to 18 inches, \$3 per dozen; \$20 per 100.

NEW OTAHEITE DWARF ORANGE.

Among the new varieties of oranges that have been recently introduced from Japan and other countries, there is one dwarf free-flowering variety, which is suitable for pot culture, and which with anyone proves one of the most desirable pot plants it is possible to possess. We refer to the Japanese Otaheite. While it will grow three or four feet high and branch freely, it is not an uncommon thing to see little cutting plants five or six inches high full of bloom, and even bearing one or two medium-sized oranges. The fruit at their best are not more than half the size of an ordinary orange, but are very bright and beautiful in color, delicious in quality; but it is for its flowers more than its fruit which commands it to general cultivation. When it blooms it is so full that it seems to be all flowers. The pure waxy-white blossoms emit a delicate yet powerful fragrance, which is surpassed by no other flower. Price, 2½-inch pots, 40c per dozen; \$3 per 100; 4-inch pots, \$1 per dozen; \$8 per 100.

Latania Barbonica—The well-known favorite Fan Palm, beautiful in all stages of growth. THE NEWER ROSES AND ROSES OF SPECIAL MERIT.

White Maman Cochet.

New Tea Rose, GEN. ROBT. E. LEE.

(Introducers' description.) This is the first Rose we have introduced, and we are sure it will please all who try it. It is in color an orange-yellow, after the color of La Capucine, only richer and better. It is a good grower, has elegant, long buds, borne on long stems, and will produce more buds than any other Rose we know of. It forces easily, being at its best in mid-Winter. There is no variety that will compare with it in all the qualities that go to make up the ideal Rose. The color is so peculiar and rich that it attracts attention wherever seen. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

New Tea Rose, MISS WENN.

This charming variety is noticed at once for its exquisite color, which seems entirely distinct from almost all other Roses of our acquaintance. We can call it a clear coral-pink, a most novel and distinct shade of color very difficult to describe. The French call it China pink. It is certainly a very beautiful color, and full and exquisitely Tea scented. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Crimson Forcing Rose, METEOR.

A velvety red ever-bloomer of the deepest glowing crimson. As fine as a Hybrid; flower of medium size, very double, and petals slightly recurving. A beautiful open Rose, a free bloomer and promising well as a pot Rose. It has no tinge of violet or purple to mar its beauty. It promises to be a reliable ever-bloomer, free from bad qualities. The best rich red Rose that was ever introduced for florists' use. The usual demand for this forcing Rose has caused us to grow them in large quantity, and we offer them in two sizes. Nice, strong two-and-a-half inch pots, 6 cents each; 50 cents per dozen; \$4 per hundred.

The Beautiful New White Tea Rose, ~~~~

White Maman Cochet.

The finest rose of the year. Like its parent, the growth is vigorous, with rich, healthy foliage, producing large, fine flowers of the purest white; in fact, it is an exact counterpart of the beautiful Maman Cochet, and all who have tried it pronounce it the finest bedding Tea Rose in existence. We would advise all who love choice roses to plant at least one of this beautiful new rose. Price, 50 cents per dozen; \$4 per hundred.

New Tea Rose,

J. B. VARRONE.

A fine grower, flowers very large and double, with high center, opening from long buds. Color a soft China rose, changing to bright, deep carmine of even shading. An extra good Rose and very sweet. Much superior to Luciole, which it greatly favors, but of a better growth and much freer in blooming qualities. A grand new Rose. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

Forcing Rose, THE BRIDE:

This is decidedly the most beautiful white Tea Rose. It is a sport from Catharine Mermet, with which it is identical in growth and shape of flowers. The flowers are very large and double, on long, stiff stems, of fine texture and substance, and last a long time in a fresh state after being cut, making it one of the best varieties for corsage wear or bouquets. During the extreme hot weather it becomes a pinkish-white, at other times a beautiful pure white. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

The Meteor.

The Great Tulip Rose of
Europe,
**THE BEAUTIFUL
Madame de
Watteville.**

This grand new ever-blooming Rose is one of the most beautiful varieties we have ever sent out, and is very largely planted by those who know its beauty. The color is a remarkable shade of creamy yellow, richly colored with rosy blush. The petals are large and each one widely bordered with bright crimson, which gives it a very striking and beautiful appearance. The flowers are large, very full, and highly perfumed. This is the Tulip Rose so, called because of the feathery shading of bright rose around the edge of every petal, the body of the petal being creamy-white and of heavy texture. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

**Ever-Blooming Tea Rose,
MRS. D'GRAW.**

Everybody wants a hardy, ever-blooming Rose, and we now offer the grandest of this class. From early Summer till frost it can be depended upon to produce flowers of large size and exquisite fragrance in lavish abundance. In color it is a rich, glossy-pink. It is such a strong grower that it is always impregnable against attacks of insects. For garden or cemetery it has no equal. Price, 6 cents each; 50 cents per dozen; \$4 per hundred.

**Tea Rose,
SNOWFLAKE.**

It is a lovely new white Tea; the freest flowering Rose we have ever seen. The Rose was introduced by C. Straus & Co., of Washington, D. C., and by them grown in large quantities for cut flowers; they claim it is the most profitable white Rose they grow; that they had counted one hundred and fifty-three buds and flowers on one plant in a single day, and the plant less than a year old. Price, 6 cents each; 50 cents per dozen; \$3 per hundred.

Madame de Watteville. (The Tulip Rose.)

New Tea Rose, MADAME ELI LAMBERT.

A beautiful new Tea Rose. Flowers extra large, fine globular form, very full and well built up. Color is somewhat in the way of Madame de Watteville, but deeper, rich, creamy white, faintly tinted with pale, golden-yellow, and exquisitely bordered and shaded with soft, rosy flesh, exceedingly beautiful and very sweet, petals large and of good substance, constant and profuse bloomer, strong, vigorous and healthy grower—in short, a magnificent Rose in every way. Price, 50 cents per dozen; \$4 per hundred.

New Forcing Rose, MAID OF HONOR.

(The Brighter Bridesmaid.) Advertised as Miss Clara Barton. This grand sport from Bridesmaid originated with the Hoffmeisters of Ohio. They say of it, "After rigid tests, during the last two years, we are able to state—first. That its color is a rich, glowing pink, darker than Bridesmaid. Second, That it is an excellent keeper, and sells over the counter better than Bridesmaid. Third, That it is a most prolific bloomer, with all perfect buds." Price, 75 cents per dozen; \$5 per hundred.

Helen Gambier.

New Tea Rose, Helen Gambier—Of medium size, very full and of varying colors, from salmon rose to coppery rose, often of a handsome saffron hue, becoming lighter as the flowers open. Goes under the name of Klondyke. This we consider very valuable; will become one of our standard bedding Roses. Try it. Price, 50c per doz; \$4 per 100.

New Tea Rose, Mme. Abel Chatenay—(Pernet-Ducher.) This promises to become great Rose. It is a fair grower and a free bloomer. Flowers of medium size, rosy carmine with darker shadings. Full, double, and of splendid substance. Price, 50c per dozen; \$4 per 100.

New Tea Rose, Sunset—A grand variety. The flowers are of large size, fine, full form, very double and deliciously perfumed; the color is a remarkable shade of rich golden-amber, elegantly tinged and shaded with dark, ruddy-copper. Intensely beautiful and resembling in color a splendid "After-glow." It is a constant and profuse bloomer. Price, 50c per dozen; \$4 per 100.

New Climbing Rose, Empress of China—This is a new Climbing Rose of the greatest excellence. It was brought to this country by a gentleman from China, who says of it that it commences to bloom in May, and is loaded with its elegant blooms until December. Think of it! There is no other Rose like it that will bloom for so long a time. This has been a great objection to Climbing Roses, that they bloom once and then are done. But here we have a Rose that blooms continuously for over seven months of the year. Color shell pink. It is perfectly hardy, and is a continuous grower. Price, 50c per dozen; \$3 per 100.

New Rose, Henry M. Stanley—This grand, new, ever-blooming Rose was raised from Madame Lambert and Countess Riza du Parc, and named in honor of the great African explorer, and is recommended as a charming variety of unusual beauty and permanent value. The color is a rare shade of amber rose, delicately tinged with apricot-yellow toward the center. Reverse of petals clear buff-rose. The flowers are of good substance, extra large, finely formed, and very full and fragrant. Price, 60c per dozen; \$2 per 100.

Grand New Velvety Rose,

..Climbing Meteor..

All who know "General Jack" will call to mind its beautiful, high-colored, rich, velvety-red buds and flowers. Climbing Meteor is the acme of all red Climbing Roses. It is a free, persistent bloomer and will make a growth of from ten to fifteen feet in a season; in bloom all the time, as it is a true ever-bloomer. We do not hesitate to place it at the head of the list of all Roses for Summer blooming, as it will make a strong growth and literally loaded with its deep, rich, red flowers all the time. Its flowers are much larger than Meteor and are richer in color. It is just the Rose to train up the verandas or around windows where its great beauty will show up to good advantage. Price, 50c per dozen; \$3 per 100.

New Tea Rose, MURIEL GRAHAM.

This superb Rose is from that favorite variety Catherine Mermet, and is perfectly distinct in color from anything extant, which is a pale cream, faintly blushed rose. The habit of growth is similar to its parent. Sent out by Alexander & Sons, Belfast, Ireland, who consider it one of their best introductions. Well worth our best recommendation. Price, 50c per dozen; \$4 per 100.

New Tea Rose, ENCHANTRESS.

This is beyond question one of the best of recent European introductions. We have given it a trial, and find it to be of unusual merit. It blooms with astonishing freedom, bearing its large, globular flowers in immense clusters; it is as free blooming as any Rose in our collection. The color is creamy-white, slightly tinged with buff in the center; vigorous growth; fine foliage and highly valuable; both in pots for late Autumn and Winter blooming as well as for general planting in the open ground during Summer. Price, 50c per dozen; \$4 per 100.

New Tea Rose, MAURICE ROUVIER.

Very full and exceedingly sweet; the color is bright pinkish rose, elegantly tinted with shades of buff, prettily veined with deep shining crimson, while many of the petals have a wide border of silvery-white, which gives the flower a lighter effect than the color would indicate. It is a good, strong grower and most prolific bloomer, well worthy of high commendation. Price, 50c per dozen; \$3 per 100.

Empress of China.

"Mosella."

LEONIE OSTERRIETH, or WHITE SOUPERT. . .

We have given this Rose an extended trial, and believe there is no better white Rose grown. The buds are of a good size and flower full and double, and deliciously fragrant. Pure porcelain white, with deep center. In freedom of bloom this charming variety rivals the Polyanthas. Price, 50 cents per dozen; \$3 per hundred.

White Hermosa.

THE CHARMING NEW YELLOW ROSE, **MOSELLA.** THE YELLOW SOUPERT.

This splendid novelty is almost identical with that of the original Soupert, a cross of the Polyantha and the beautiful Tea Rose, Madame Falcot. It blooms in profuse clusters of three to five flowers, which are very double, ball shaped and open like a Camellia flower. The petals are tinted white, on beautiful light yellow ground, extending to the middle of the petals. The plant is dwarf, bushy and free blooming. It is sure to be a popular companion to the original Clothilde Soupert. Price, 50c per dozen; \$3 per hundred.

The Superb Blooming Rose,

CLOTHILDE SOUPERT.

The Best Market Pot Rose.

This Rose originated with Messrs. Soupert & Notting, Luxembourg, Belgium. It is a strong, vigorous grower. The flowers are large, double, beautiful in form, with the style of the beautiful Rose, "Ball of Snow." The flowers are borne in sprays and the color blends from a soft shell pink to a pure satiny white Rose; both of these colors are produced on the same plant at the same time. This Rose is destined to take high rank as a pot Rose, for bedding purposes, and with the increased taste for Roses in clustered sprays, will be profitable as a cut flower. No other Rose approaches it in flowering qualities, not even the grand old Hermosa. Price, 50c per dozen; \$3 per hundred.

TEA ROSE, VISCOMTESSE DE WAUTIER.

Rosy yellow upon the exterior of the petals, rosy white in interior. The center is a dark Rose, and this color is often lined into the lighter shades above, producing a charming effect. A grand Rose. Price, 6c each; 50c per dozen; \$3 per hundred.

THE BEAUTIFUL PINK SOUPERT.

This bright new Rose is a very free flowering variety, much resembling Hermosa, but more double and flowering more freely; it shows the Polyantha blood in the full cluster of bloom, and it will make a handsome contrast, bedded or grown with the C. Soupert. The flowers are not quite so large, full and handsome as our original Soupert, but fill a place because of their brightness and freedom. The habit of the plant is almost identical with C. Soupert. Price, 50c per dozen; \$3 per hundred.

NEW TEA ROSE, THE QUEEN.

A most charming Tea Rose; the offspring of that fine old Rose, Souvenir d'un Amie, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely formed buds; is quite full, showing the center but slightly. Price, 6c each; 50c per dozen; \$4 per hundred.

TEA ROSE, PROFESSOR CANIVIAT.

Vigorous in growth and free in bloom. Flower double and of good form; of the color of Souvenir Therese Levet. Price, 6c each; 50c per dozen; \$3 per hundred.

THE FINE EVER-BLOOMER, MARIE LAMBERT, or WHITE HERMOSA.

Pure white. It has been called the White Hermosa, as it resembles Hermosa in form and freedom of bloom, and is quite as valuable; for, though no claim has been made for it as a fancy Rose, its persistence in bloom will make it a very popular white variety for bedding or for pots. This Rose is fast becoming popular, as there is no better white Rose. It is the finest blooming white Rose we offer. Price, 6c each; 50c per dozen; \$3 per hundred.

COPYRIGHTED 1894
BY B. MCGREGOR.

Maman Cochet.

The Magnificent Rose, ETOILE DE LYON.

This magnificent Tea Rose is a rich golden-yellow, a strong, healthy and vigorous grower, immense bloomer, bearing flowers and buds early and late. The flowers are very deep, rich and full; excellent substance; very sweet. Surely one of the very best and most beautiful yellow Tea Roses for general planting ever introduced. Remarkably hardy, both as to heat and cold, frequently standing the Winters here uninjured in open ground without protection, and blooming nicely all through the hottest part of the Summer. Price, 50c per dozen; \$3 per hundred.

Crimson Rose, Princess Sagan—Flowers of this variety are the richest crimson of any Rose in our vast collection. A single bud or blossom will catch the eye at a great distance, so brilliant is the color. Indeed, it is unmatched in its velvety richness; could well be termed "The Velvet Rose." It is as free in blooming as Bon Silene. Price, 50c per dozen; \$3 per hundred.

New Tea Rose, Golden Gate—This magnificent Rose is a cross between the old greatly admired varieties, Safrano and Cornelia Cook, and while combining the good qualities of both is vastly more beautiful than either. It is a strong, healthy grower, excellent for both bedding and house culture. Produces a profusion of long, pointed buds, opening to very large double Roses of creamy-white, beautifully tinted with soft yellow at the base of the broad petals, which are exquisitely bordered with clear rose. We heartily recommend it. Price, 50c per dozen; \$4 per hundred.

New Hybrid Tea Rose, President Carnot—It is a Rose of the largest size, beautiful both in bud and open flower. The buds come on long, stiff stems, in clusters of from 6 to 12. Each individual flower stands out distinct on its stem. No crowding as in the case of so many Roses that bloom in clusters. The color is distinct and novel, a lovely fawn, shading to pearl. It often measures 5 to 6 inches in diameter. We have no hesitancy in saying that this charming Rose will become as popular as La France, as it has all the good qualities of that Rose, and at the same time is distinct in every feature. Price, 50c per dozen; \$4 per hundred.

Climbing Perle Des Jardins—Few Roses have as firm a hold in popular favor and are so highly prized by the professional and amateur Rose growers alike as the Perle des Jardins. It is not only admirably adapted for forcing, but thrives well in the open air, blooming freely in either case. Its large, full, well-formed, golden-yellow flowers, borne on stiff stems, makes this variety especially desirable for bouquets and artistic floral decorations, while the dark and glaucous foliage of the plant furnishes an excellent setting for the fragrant delicate hued blossoms. Hardy South. Price, 50c per dozen; \$4 per hundred.

NEW TEA ROSE MAMAN COCHET

One of the best new Roses. The growth is vigorous, with rich, healthy foliage. The extra large flowers are produced on long stems; are very double, and the buds and half expanded flowers are simply exquisite in their graceful form, delicate color and rich fragrance. The color is deep rose pink. Price, 60c per dozen; \$3 per hundred.

Tea Rose, PERLE DES JARDINS.

Without doubt the finest Rose in cultivation. Canary or golden-yellow flowers and beautifully formed. Handsome in every stage of development, from the smallest bud to the open flower. Price, 6c each; 50c per dozen; \$4 per hundred.

GUSTAVE NADAUD.

(Souper et Notting.) A free branching grower, with large, double flowers. The outside petals are large and rounded, giving it an exquisite cup shape. Color, vermillion, with clear touches of carmine-lake, and soft pink center. Price, 6c each; 50c per dozen; \$4 per hundred.

LA FRANCE.

We have always given this the first place—the Queen of Roses. Accounts come to us from all quarters every year describing the great profusion of its bloom from June until frost, and extolling its fragrance and immense size. It is of superb form, and double as a Rose can be. No variety can surpass it in delicate coloring—silvery-rose shades, with pink. It has a satin sheen over all its petals. It is most universally regarded as the most useful of Roses, for it is hardy beyond question. It blooms continuously. The flower is large, finely built, endures for a great length of time, is exquisitely colored and fragrant in the highest degree. Price, 50c per dozen; \$4 per hundred.

Climbing Pearl of the Garden.

Marechal Niel.

New Rose...

THE RAINBOW.

This new Rose from California was awarded a silver cup by the State Floral Society. Color a lovely shade of deep coral pink, striped mottled in most unique manner with intense crimson, elegantly colored with rich golden-amber at the center of base of petals; makes beautiful buds; flowers extra large, sweet and of great depth and substance. Price, 50c per dozen; \$3 per 100.

The Fine Pink Forcing Rose...

CATHERINE MERMET.

One of the finest Roses grown. Its name is the synonym for all that is delicate and beautiful. Its buds are inimitable, faultless in form and charming in their every shade of color, from the purest silvery-rose to the exquisite combining of yellow and rose, which illumines the base of the petals. It is, beyond doubt, the Rose of all Roses, and you should not fail to have a Mermet in your collection. Price, 50 cents per dozen; \$3 per 100.

Forcing Rose...

BRIDESMAID.

A new Rose. A sport from that old standard, Catherine Mermet. This variety retained all the good qualities of the parent, besides adding charms not possessed by the sweet Catherine. All know that Catherine Mermet takes precedence as a pink Rose. More plants of it are cultivated by the amateur and more cut blooms are sold by the flower dealer of it than any pink Rose. Why? Because the bud is of exquisite shape and contour, so solid and firm, and the stems are so solid and stiff that no other Rose will compare with it in keeping qualities after being cut. It has, though, with all these good qualities, a serious defect; namely, "off color." This is more noticeable in dark, cloudy weather, but it is true of the Rose at all times. Now, this is why the Bridesmaid will supersede the Mermet. It is about two shades deeper in color, just enough to make it bright; and it is the same color all the time, under every condition of weather and surroundings. Price, 50c per dozen; \$3 per 100.

The Superb *Marechal Niel* Yellow Rose

The most popular of all. A Rose so famous as to really require no description. Its magnificent golden-yellow buds are worn the world over; they illustrate the globular form in its last perfection, and are almost massive in dimensions. The reports from Southern growers tell of single plants showing one and two thousand blooms of Marechal Niel at a time. It is almost universally held to be the finest climber for indoors or out, where the climate admits of its cultivation. Price, 50c per dozen; \$3 per 100.

New Tea Rose, GOLDEN GATE

This magnificent Rose is a cross between the old greatly admired varieties, Satirano and Cornelia Cook, and while combining the good qualities of both is vastly more beautiful than either. It is a strong, healthy grower, excellent for both bedding and house culture. Produces a profusion of long, pointed buds, opening to very large double Roses of creamy-white, beautifully tinted with soft yellow at the base of the broad petals, which are exquisitely bordered with clear rose. We heartily recommend it. Price, 50c per dozen; 4 per 100.

Fine Crimson Tea Rose, PAPA GONTIER

A grand red Tea, of fine crimson shade and silken texture (as distinct from velvety texture). The bud is fine size and graceful form, and you would never suspect from it that the rose is only semi-double. Extremely free, both in growth and bloom. Very long and beautifully leaved stems can be cut, the foliage very dark and heavy. One of the best, and a perfect bedder. Price, 50c per dozen; \$4 per 100.

MARIE VANHOUTTE.

Of a fine, faultless, straw-yellow color, with the outer petals washed and outlined with a bright rosy-crimson; occasionally the whole flower will be suffused with light pink. It grows vigorously, blooms profusely, and is most deliciously scented; in cold weather it almost changes color, taking on gorgeous crimson tints. A beautiful and superb Rose. Price, 50c per dozen; \$3 per 100.

MADAME WELCHE.

An extra fine variety, very large, double, and of beautiful rounded form, a soft, pale yellow, sometimes cream, with short inner petals of glowing orange and copper. Not to be forgotten if once seen. Price, 50c per dozen; \$3 per 100.

New Tea Rose, MAURICE ROUVIER.

Flowers of enormous size and quite double; splendid form; color a soft tender rose, shaded and variegated with red. Price, 50c per dozen; \$3 per 100.

A Vase of Bridesmaid Roses.

MANDA'S TRIUMPH.

This grand Rose is of free growth, luxuriant foliage, and produces large clusters of double, pure white flowers, beautifully imbricated and well formed, two inches in diameter and sweetly scented. Price, 50c per dozen; \$3 per hundred.

SOUTH ORANGE PERFECTION.

(Manda.) This is a gem, growing freely close to the ground, and having multitudes of the most perfectly formed double flowers, about one and a half inches in diameter, soft blush-pink at the tips, changing to white. It lasts a long time in perfection. Price, 50c per dozen; \$3 per hundred.

PINK ROAMER.

(Manda.) This is without question a hybrid between the Sweet brier, and carries these characteristics in bloom, while the growth, which is very important, and the luxurious foliage, partake more of the Wichuriana. The single flowers, which are produced in close heads, are nearly two inches in diameter, bright, rich pink, with almost a white center, which lightens up the orange-red stamens. Price, 50c per dozen; \$3 per hundred.

Hardy Ever - Blooming Rose, MRS. DeGRAW.

Everyone wants a hardy, ever-blooming Rose. From early summer until frost it may be depended upon to produce flowers in abundance. In color it is a rich glossy pink, delightfully fragrant, and is such a strong, vigorous grower that it is almost impregnable against attacks of the insects which usually destroy some of our finest Roses; thus it is certain to be unequalled for the garden or cemetery. A Royal Rose. It is a wonderfully prolific blooming variety. Every shoot is loaded with flowers. Price, 50c per dozen; \$4 per hundred.

Tea Rose, CORNELIA COOK.

Old favorite. The buds are of immense size, borne up high on massive stems, and with their round, full, heavy form carry an air of grace and dignity quite unusual. The flowers are of the clearest, snowiest white. Price, 50c per dozen; \$4 per hundred.

ETOILE DE LYON.

This is considered one of the finest yellow bedding Roses for outside planting; it is moreover, one of the hardest in the Tea section. It blooms freely, and every flower is a gem. It equals Marechal Niel in size, on strong bushes. A deep chrome-yellow. A remarkable Rose, deserving extensive culture. Price, 50c per dozen; \$3 per 100.

New Tea Rose, MME. SCHWALLER.

Like Puritan, this Rose has the strong, firm growth of the Hybrid Perpetuals, the same form and finish of flowers, being especially beautiful when full blown. It is very free in bloom, and has the fragrance of the old June Roses. The color is a bright rosy flesh, paler at the base of the petals, and deepening at the edge. Apt to come in clusters, which are excellent for cutting. A Rose from which we hear very flattering reports from all directions. This grand Rose has more perfume than any that we offer. Try it, it is magnificent. Price, 50c per dozen; \$3 per 100.

Madame Schwallier.

Pernet's Triumph.

The Beautiful New Rose, ..Pernet's Triumph..

The Finest All-Round Crimson Rose to Date.

Originated and sent out by Jean Pernet, one of the most celebrated Rose growers of France, who has already given us some very beautiful Roses, but considers this the triumph of his life (the name translated would read "Triumph of Father Pernet"), and besides his endorsement it has received the commendation of the highest European authorities, and as far as we can judge it is well worthy of them, and promises to be one of the very finest of the Hybrid Tea class. The flowers are extra large, having broad, thick petals and long, tapering buds, with delicious Tea fragrance. Color a fine, clear magenta-red, sometimes passing to a bright crimson. Very striking and beautiful, and of such a good substance that the flowers retain their beauty for a long time. Price, 50c per dozen; \$3 per 100.

New Rose, MRS. ROBERT GARRETT.

A magnificent new Rose originated by John Cook. The size is enormous; indeed, the flowers are larger than any Tea Rose we have ever seen, while the form, both in bud and full blown flower, is most artistic and beautiful. The buds are unusually long and pointed; the open flowers full and double. The color is a pleasing soft, pink, a little deeper than Daybreak Carnation, totally distinct and unlike anything yet seen in Roses. It is a strong, vigorous grower, producing its flowers on long, stiff stems. We regard this as one of the great new Roses, which will attain instant popularity as soon as its merits become known. Price, 75c per dozen; \$5 per 100.

... THE BURBANK ROSE ..

A perfectly hardy, free flowering, ever-blooming Rose, raised by Mr. Luther Burbank, known the world over as the "Wizard of Horticulture." The only Rose which he was willing should bear his name. The Burbank is without exception the freest-flowering Rose in cultivation. The flowers are double, of fine form, nearly three inches across. The color is a deep rose-pink, shading to beautiful soft rose the center. The petals are well incurved so that the center is hidden. In September and October the outer petals change to a deep, rich carmine. The whole flower is most pleasing in its rich, graceful beauty and is delightfully fragrant. Price, 50c per dozen; \$3 per 100.

New Scarlet Rose, CLIMBING WOOTON.

This elegant new Climbing Hybrid Tea Rose is one which promises to be a prime favorite wherever introduced. Everything good that can be said of the grand Rose, Souvenir de Wooton, can be said of this Rose, and more too. The flowers are large and of a beautiful velvety-red color, and the perfume is elegant. Whether open, half open or in bud, the flowers are of fine shape. The flowers are borne at the terminus of long shoots, which render them especially good for cutting, much better, in fact, than the flowers of its parent, Souvenir de Wooton. There is always a demand for a good, hardy Climbing Tea, inasmuch as there are exceedingly few to be had. This Rose we believe to possess a very considerable degree of hardiness, and should, with protection, stand the Winter almost anywhere. We consider this one of the best new Roses introduced for years, and as it can be planted out of doors or in, doing equally well in either place, there is no question but that it will soon become immensely popular. Order a good plant now, so as to have the first one in your neighborhood. Price. 50c per dozen; \$3 per 100.

DUTCHESS de BRABANT

A bright China Rose, with coppery-yellow center, ends of petals suffused with carmine. A charming, beautiful combination of coloring, as each color blends nicely with the other. This variety ranks with the best, and is a Rose of decided merit. Free bloomer, and in size and length of buds equal to the best Teas. Price, 50c per dozen; \$3 per 100.

New Tea Rose, FRANCISKA PRIES.

One of the most robust growing varieties among the Teas, not climbing, but making long and sturdy shoots. Flowers medium sized; color cream white, shaded with amber; exceedingly free blooming. Price, 6c each; 50c per dozen; \$4 per 100.

New Tea Rose, MADAME PHILEMON COCHET.

A very thrifty, strong-growing Tea Rose, producing cup-shaped flowers in the greatest profusion. Color rose, shaded with salmon, and suffused with a lighter shade. Price, 2½-inch pots, 6c each; 50c per dozen; \$4 per 100.

Coquette de Lyon.

New Tea Rose, COQUETTE de LYON.

No Rose like it for freedom of bloom. The plant is a fine grower and carries numbers of flowers on every shoot. A fine yellow Rose, large, not at all formal, very attractive. Called the Yellow Hermosa from its free flowering character. Price, 6c each; 50c per dozen; \$3 per 100.

White Tea Rose, MARIE GUILLOT.

Perfection in form; flowers large and double to the center. This variety holds first place among white Tea Roses in purity of color; depth of petals and queenliness in shape; grows well and is healthy. The best white Rose for general purpose grown. Price, 6c each; 50c per dozen; \$3 per 100.

ISABELLA SPRUNT.

A bright canary-yellow, large, beautiful buds, suitable for cut flowers, a very sweet Tea scent, profuse bloomer. It is no doubt the freest blooming of all yellow Roses. This variety has been a favorite, in all gardens where good yellow Roses are planted, for the past twenty years. There are none better. Price, 50c per dozen; \$3 per 100.

SOUV. De La MALMAISON.

This grand old variety, when used as a bedding Rose in Summer, has no equal, as it produces the most perfect flowers in the hottest weather. Its rich, flesh-colored flowers are of immense size, are produced in abundance, and have the requisite form and substance to withstand our hot, dry Summers. Price, 50c per dozen; \$4 per 100.

New Crimson Tea Rose, CHRISTINE de NOUE.

This beautiful new red Tea is a very charming Rose, and promises to be one of the best of recent introduction. It is particularly valuable because red has been a very scarce color among Tea Roses, and this one seems exceptionally fine. It is a splendid grower, making a large-sized, graceful bush, with bright deep green foliage; a constant and very free bloomer; the flowers are well borne upon strong stems, and are unusually strong and handsome; the buds are long and finely pointed, and the color a clear, rich maroon, or deep purplish-red, passing to lake, center sometimes streaked with silvery-white. Price, 50c per dozen; \$3 per 100.

The Famous New Hardy
Climbing Rose,

Crimson. ❀❀

❀❀ **Rambler**

The plant is of a very vigorous growth, making shoots from eight to ten feet during the season, rendering it a charming pillar Rose. It is also magnificent in bush form, and for covering buildings, trellises, etc., it cannot be excelled. One of the striking characteristics of this Rose is its remarkable color, which is of the brightest crimson, which remains undimmed in the end, showing none of the objectionable purplish tint so common in crimson Roses. The flowers are produced in great pyramidal panicles, or trusses, each carrying from thirty to forty blooms, the individual flowers measuring about one to one and a half inches in diameter, and remaining perfect on the plant for upwards of two weeks with their freshness of color unimpaired. The foliage is a bright green and glossy, and contrasts finely with the bright crimson of the flowers. It is said to be exceedingly hardy, having successfully withstood the tests in exposed situations of two very severe winters in England. It is hardy in every latitude yet tried as far north as the lakes. As a decorative pot plant it cannot be excelled. Price, 50c per dozen; \$3 per hundred; \$25 per thousand; 4-inch pots, fine, \$8.00 per hundred.

The Yellow Rambler (Aglaia)

The advent of the Yellow Rambler marks a very important epoch in the Rose world. It was originated by the prominent Rose grower, Mr. Peter Lambert, who has carefully tested it for some eight years, and first offered it to the public only this last season. Its production is a great triumph in the art of hybridizing. The Yellow Rambler has been found to successfully withstand, without protection, a continued temperature of from zero to two degrees below. The flowers are borne in immense clusters, after the same manner as the Crimson Rambler, often as many as one hundred and fifty blossoms in a bunch, and the trusses have the same handsome pyramidal shape as the Crimson Rambler. The color is a decided yellow. Many Roses which are described as yellow have really only a creamy tinge, but the Yellow Rambler is clear, decided yellow. The flowers are very sweet-scented; habit of growth is very vigorous, well-established plants often making shoots from eight to ten feet in height in a single season. The plants do not bloom at quite so early an age as the Crimson Rambler, but as soon as well established they more than make up for this by the magnificence of the flowers they produce. Price, 50c per dozen; \$3 per hundred; \$25 per thousand.
