Wholesale List of Vegetable Seeds for Market Gardeners

In this condensed Price List we offer all Wheeler's Reliable Seeds at much lower prices than in our regular Retail Catalogue. It is for large buyers only—men who plant for profit, or those who get up clubs. Small orders from private planters can only be filled at regular prices, quoted in our Retail Catalogue.

We could not afford to fill small orders at these rates, but we recognize the justice of giving to market gardeners, and those who make their living by growing seeds, lower prices than to those who grow simply for their own amusement. Market gardeners may, therefore, send small additional orders at any time, to be filled at prices herein quoted. We make a specialty of Market Gardeners' trade, and have built up a large business with discriminating growers who want only the best.

Our seeds have earned the reputation of being *reliable*, which reputation we jealously protect by offering only the best *tested* seeds—those which we know to be good. Such perfect confidence have we in our seeds, that we warrant them to the full extent of the purchase money, and agree to refill any order free, or refund the amount paid for the same, should it be proved that the seeds were not true, pure and of high germinating power. This should assure even the doubtful that our seeds are reliable, for there can be neither honor nor profit to us in selling inferior stock.

Our prices will be found to be rock-bottom, for the best quality.

IMPORTANT NOTICE.—Prices quoted in this list are net. We deliver free to express or freight offices in Bridgeport, the purchaser to pay all other transportation costs. We make no charge for packages, with the exception of two-bushel cloth bags, which are charged at cost, 15 cents each. When ordered by mail, postage must be added at the rate of 8 cents per pound. For Peas and Beans add at the rate of 15 cents per quart, and for Corn at the rate of 10 cents per quart.

All seeds are furnished in 5-cent packets at the rate of 8 for 25 cents. Half-pounds will be supplied at pound rates, half-bushels at bushel rates, and half-pecks at peck rates.

TERMS: Cash with Order.

With every planter, especially the market gardener, it is not the original cost of seeds that counts, but what he gets for the money paid. "Wheeler's Seeds are Quality Seeds," and produce profitable results.

OUR GREAT SPECIALTY

Southport

Globe Onion Seed

We Are
GROWERS
of This
Famous Onion
Seed

SOUTHPORT, THE HOME OF THE GLOBE ONION, IS BUT FIVE MILES FROM BRIDGEPORT.

Wheeler's Genuine Southport-Grown Globe Onion Seed is Superior to Any on the Market.

THE SOUTHPORT GLOBE ONIONS are admitted to be the onion of the future. They are the handsomest, most **ATTRACTIVE IN APPEARANCE**, being perfectly globe-shaped, with clear, brilliant skins, of uniform size, large, clean, plump and solid. They are enormous and early yielders. They are most **PROFITABLE TO GROW**, as they occupy no more space in the row than the flat varieties, but **MEASURE** and **WEIGH MORE**. They always bring **HIGHER PRICES** than other varieties. Another of their points of excellence is that they do not have the long, wasteful and detrimental neck and bottom so characteristic of many Western varieties.

Wheeler's Southport-grown Globe Onion Seed is the best possible to grow. Only the **LARGEST** and **FINEST** bulbs are used to raise this seed. Only **EXPERTS** in onion seed have the handling of the crops.

We are right in the heart of the most noted onion growing district in the world. Southport, the home of the Globe Onion, is but five miles from Bridgeport. Here undivided attention has long been given to its production and improvement; until, by constant selection and care, **WHEELER'S** true Southport Globe Onion stands unrivaled.

EVERY POUND of our onion seed is raised in this famous section, and we know that for **PURITY** and **VITALITY** it cannot be surpassed. **NO OTHER CROP** depends so entirely upon the seed for its value than the onion. **GOOD SEED IS IMPERATIVE**. A few dollars saved in the purchase of cheap onion seed may result in the loss of hundreds of dollars,

INFERIOR SEED IS DEAR AT ANY PRICE. Do not infer from these remarks about **CHEAP** seed that our price is high. Our price is as low as good, honest seed can be grown for. We invite comparison of our prices with those of any other reliable seed house. **WE GROW OUR OWN SEED** and **SUPPLY IT DIRECT TO THE PLANTER, ENSURING THE BEST SEED, TRUE TO NAME, AT FIRST COST.**

THE THREE LARGEST AND FINEST

American Onions

The Southport White, Red and Yellow Globes. Sure Croppers, Enormous Yielders, Long Keepers. Universally acknowledged the best in the world. Wheeler's genuine Southport-grown seed is a thoroughbred strain of matchless quality.

Wheeler's Southport White Globe★

The handsomest Onion grown. A beautiful silvery white and perfectly globe-shaped onion, of large and uniform size, commanding the highest prices in the New York market. We have known

The Onions shown here are reproductions of photographs of Southport Globe Onions grown from our seed.

Wheeler's Southport Yellow Globe★

The best large Yellow Globe Onion. Produces large perfectly globe-shaped bulbs of the same size, handsome form and excellent qualities as the White Globe, except in color, which is a delicate straw color. Its attractive appearance and mild flavor ensure it a ready market. Pkt. 5c., oz. 15c., $\frac{1}{4}$ lb. 45c., lb. \$1.50.

Had we the space we could fill pages with enthusiastic reports from large growers praising Wheeler's Southport Onion Seed.

the Southport White Globe to be in demand at \$10 per barrel, when other varieties were selling for one-fourth of this amount. Its flesh is firm, fine grained, and of mild, pleasant flavor. Pkt. 5c., oz. 20c., $\frac{1}{4}$ lb. 55c., lb. \$2.

Wheeler's Southport Red Globe★

The finest red sort in cultivation. Of the same large size and perfect form as the two preceding varieties. The color is an extra deep rich red. A heavy cropper, tender and mild. It is very profitable, always bringing the highest market prices. Pkt. 5c., oz. 15c., $\frac{1}{4}$ lb. 45c., lb. \$1.50.

CLOVERS AND GRASS SEEDS

The value of these seeds fluctuates greatly, and any price we might quote at the time this catalogue is printed would be misleading. We therefore omit prices. When ready to buy, write us for prices, stating varieties and quantities wanted, and we will promptly furnish quotations at lowest market rates.

All our clover and grass seeds are of the crop of 1902. They are strictly the finest grade the market affords; pure and free from weed seeds, and of highest germinating power.
