COLLEGE POINT, NEW
YORK, N. Y. BOROUGH OF QUEENS

P. O. BOX 75

INTRODUCTION.

Low Express Rates on Plants. I am shipping by express lines to all parts of the country, goods packed in closed boxes, at reduction of 20 per cent. from regular rates of merchandise. I always ship this way, unless otherwise instructed, especially in cold weather. It is also very safe to ship by fast freight if not too cold.

Terms of Business. Cash with order, please. Excepting parties with whom I have done business on credit before and transactions have been satisfactory, my terms are 30 days. Unknown correspondents wishing to open an account will please furnish reference to parties in the trade with whom they have had credit relations.

Remittances should be made by Post Office Money Orders, Drafts on New York banks or Jamaica Bank (College Point Branch), or Express Money Orders. Where it is not possible to obtain these, the letter should be registered.

Goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance. All goods are offered subject to being unsold on receipt of order, and I reserve the right to advance price without notice.

For the first time, no charge is made for boxes or packing, nor for delivery to the depot or express at College Point.

Non Warranty. Although I continue to take all possible pains to supply only the best, I cannot give a warranty as to the productiveness or crop of the plants sent. Every order received for articles named in this Catalogue will be executed on these conditions only.

An Invitation. I cordially invite you to visit my greenhouses and nurseries at College Point. My place lies across from L. I. R. R. depot, North Side Division L. P. It can be reached from 34th Street Ferry, New York side, in 30 minutes. My reputation in plant growing is made, and for reference see any of the leading store-keepers in New York City. We count among our customers the most important store-keepers in all large cities. Our plants are naturally grown and not forced, and of a fine dark green foliage.

Hoping to receive part of your esteemed orders, and assuring you of the best of service, I remain, respectfully,

ANTON SCHULTHEIS.

Dear Sir:—Please find enclosed P. O. Money Order in payment for balance due on our account. Case of plants arrived all O. K,

Yours very truly,

BERTERMANN BROS.

Indianapolis, Ind., Oct. 25, 1901.

OUR THREE NEW CARNATIONS.

Tested for the last few years. We are growing two 150-foot houses full of them in preference to other varieties of the same and similar colors.

Seedling No. 1—Wm. Scott, crossed with Day Break. Habit of growth similar to Wm. Scott. Flowers are a beautiful cherry red. A free bloomer; calyx does not burst; stem a good length. Produces nearly twice as many flowers as Wm. Scott and flowers are larger. An excellent, easy selling variety.

Seedling No. 11—Wm. Scott, crossed with Lawson. Flowers are equally as large as Lawson; stem again as long. Color dark pink, and very fragrant. Is a free bloomer. Does not burst like Lawson, and is better in every way. A grand carnation all around.

Seedling No. 19—Wm. Scott, crossed with Lizzie McGowan. Color a bright pink, like Scott. Habit of growth, that of McGowan. Produces immense flowers most beautifully shaped; does not burst; on erect stem 2 ft. high. Does not need supports if grown cool enough. Shape of flower, beautifully globular.

We will deliver rooted cuttings of these varieties, from January 15 on, at the following low prices:

Seedling No. 1, per 100, \$10.00; per 500, \$45.00; per 1000, \$80.00.

Seedling No. 11, per 100, \$15.00.

Seedling No. 19, per 100, \$10.00.

P. S.—I refused an offer of \$1,500 for these three seedlings two years ago. Will sell the whole stock to any party offering a fair price, because I need my houses for my plant trade.
