Wholesale Prices

For the

Trade.

January,

1903.

TO OUR PATRONS.

Our firm has been in the seed growing business for 57 years, the business handed down from father to son and is one of the oldest seed firms in the country. The business was established in 1845 by Thomas Griswold, senior (now deceased), and has since been carried on by his sons, who were brought up on their father's seed farm, making the growing of seeds their life study, and by their painstaking and fair dealings have built up an extensive and growing business. We are situated in the seed growing section of Connecticut, where tons of Garden Seeds are grown annually, not only by ourselves, but also by experienced growers near by who grow for us and under our observation, and we feel confident that the seed we place on the Market will give good satisfaction. We give our personal attention to the business, both in the selection and care of our stocks; also in the execution of every order. We make specialties of Onion Seed and Sweet Corn.

Our stocks are very carefully selected and the seed thoroughly cleaned and prepared for market, and none offered that we do not think is true and reliable; but as good results from the planting of seed depend so largely upon the time and manner of planting, also condition of the soil, weather, etc., which are beyond our control, we do not give warranty expressed or implied, and will not be responsible for the crop. If anyone will consider for a moment they will see that it would not be for our own interest to place inferior seeds on the market, for if we did, our business would soon be ruined.

Our office and warehouses are situated on our seed farms near a shipping station, making our expenses very light compared with the amount of business we do and we place our seeds on the market at very low prices for first-class goods.

Trusting that you will favor us with your orders, which will receive our best attention, we are

Yours respectfully,

THOS. GRISWOLD & CO.,

So. WETHERSFIELD, CONN.

OFFICE OF
THOS. GRISWOLD & CO.,
 GROWERS OF

First Class Garden Seeds.

SOUTH WETHERSFIELD, CONN., Jan. 20th, 1903.

Terms of Sale.

All bills due June 1st without regard to date of invoice when credit is allowed.

In order to furnish first-class seeds at these reasonable prices we cannot afford to run any risks in collections, and when dealing with parties unknown to us and that have no commercial rating, we must have remittance with order or recommend from some reliable business house in your vicinity, when credit is desired. An allowance of five per cent. will be made on all orders amounting to five dollars or more, accompanied by a cash remittance.

Post-Office Money Orders should be made payable at Wethersfield.

When Seeds are wanted by mail postage must be added at the rate of 8c. per pound for seeds, 10c. per quart for corn and onion sets and 15c. per quart for beans and peas.

Prices are subject to market fluctuations and changes without notice, but will compare favorably with other reliable houses.

Five pounds and over of the same variety will be charged at the hundred pound rate; one-quarter pound and one-quarter bushel at the pound and bushel rate.

Bags, barrels etc., free of charge. No charge for cartage. Purchasers pay their own freight unless otherwise agreed.

Parties purchasing from us and wishing reference as to our business integrity are respectfully referred to R. G. Dun & Co's and Bradstreet's Mercantile Agencies; also to our Postmaster or Town Officers.

Shipping Instructions.

Shipping instructions should accompany each order. If no such instructions are received we will ship by the best and cheapest route known to us.

After shipping in good order our responsibility ceases. Claims for damages or miscarriage must be laid on the carriers.

Onion Seed is one of our principal crops and we are very careful to keep it pure and true to name.

**GRISWOLD'S MEDIUM
EARLY RED GLOBE.**

This is one of the best Varieties of Onion grown for the market. It is nearly round in shape, having a bright red color, Medium Early, (ripening about two weeks before the Southport Red Globe), very productive and a good keeper.

This onion has been thoroughly tried and gives excellent satisfaction.

Market Gardeners would do well to try it.
