Market Gardeners' Supplies of Every Description,

112 South Pearl Street,

ALBANY, N. Y.

Our experience in the Seed business, and our knowledge as practical Gardeners and Truckers, has enabled us to offer to Market Gardeners the very best seed that can be procured in Europe or America, regardless of cost.

All our seed stock is positively known to us, before offered to the trade, by having been grown in our trial grounds accessible to the firm. All new varieties are tested before appearing on our list.

The germination of all seed is tested regardless of time of purchase, and the seed will surely grow.

A trial order of our High-Grade Tested Seeds will make you a permanent customer.

While we exercise the greatest care to have all seeds pure and reliable, we do not give any warranty, express or implied, and will not be in any way responsible for the crops. If the purchaser does not accept the seeds on these conditions, they must be returned at once.—S. & E.

Our superior Lawr. Grass Seed will be found invaluable for Golf Grounds and Lawn, as it contains various grasses that will flourish during different months of the year, and will remain green and fresh a long time in the hot summer months.
