AN EXCHANGE of nursery and seed lists is desired.

THIS LIST CANCELS ALL PREVIOUS TRADE LISTS ISSUED BY THE PINEHURST NURSERIES.

Address all correspondence and orders to

OTTO KATZENSTEIN,
46 Druid Circle,
ATLANTA, GA.

INTRODUCTION.

Mr. OTTO KATZENSTEIN begs to inform his friends that he has given up the management of the PINEHURST NURSERIES at Pinehurst, N. C., which firm is now to be discontinued.

He expects to devote in future his time and attention particularly to the exploitation of a territory of over twelve thousand acres of very excellent RHODODENDRON catawbiense and KALMIA latifolia, which he has leased.

He now proposes to dispose also of the fine collection of ornamental woody plants growing at the PINEHURST NURSERIES, and takes pleasure to submit the present price list. The stock is in splendid condition, and, being the result of careful selection and of painstaking care in cultivation, it has long been proved very desirable for the use in parks and nurseries. It has been found possible to modify the prices in many instances quite substantially, which ought to be an additional inducement to intending purchasers to make ample use of this rare chance to acquire strictly first-class stock at low prices.

Trees and Shrubs.

S., seedling plants. All others are nursery-grown and transplanted.

	Size	10	100	1000
ABIES ARIZONICA				
ARGENTEA _____	6-9 in.	15.00		
<i>Silver Cork Fir.</i>				
Very rare and finest hardy	9-12 in.	20.00		
conifer under cultivation.	12-15 in.	25.00

	heavy	1.80	6.00	

Agave Applanata Parryi.

I have a nice lot of this *hardy* Aloe which I can furnish in three sizes.

Largest size	\$1.25 each	\$10.00 for 10
Medium size.....	.85 each	7.00 for 10
Small size.....	.35 each	2.50 for 10

Cacti.

I have also a nice collection of hardy and tender cacti, of which I shall with pleasure send a list of kinds, sizes and prices to all who will favor me with an inquiry.

Tree Seeds.

Although there was but a very short crop of tree seeds in 1903, I can furnish nearly all desirable kinds in larger and smaller quantities, and solicit inquiries so that I may quote lowest prices.

Herbaceous Plants.

There is a nice lot of herbaceous plants growing at the Pinehurst Nurseries, mostly kinds from the West, of which I can make very attractive offers.

Collected Plants.

I am in a position now to have collected largest quantities of all kinds of hardy trees and shrubs which grow naturally in the South, and can furnish them at very reasonable prices. My long experience with this class of plants is an assurance that orders will be filled to the entire satisfaction of my clients. I invite correspondence from park and cemetery officials and nurserymen.

Address all communications and orders to

OTTO KATZENSTEIN,

46 Druid Circle,

ATLANTA, GA.

PINEHURST NURSERIES WERE INSPECTED IN JULY, 1903, BY THE ENTOMOLOGIST OF THE NORTH CAROLINA COMMISSION FOR CONTROLLING CROP PESTS, AND A COPY OF THE CERTIFICATE OF INSPECTION ACCOMPANIES EVERY SHIPMENT.

UPON REQUEST, SHIPMENTS WILL BE FUMIGATED WITH HYDROCYANIC ACID.
