TRADE PRICE LIST.

NOTICE TO CUSTOMERS.

Beans, Peas, and Corn.

The past season has been more favorable for Peas than for Dwarf Beans and Corn, yet some varieties of Peas are in short supply — Gradus, or Prosperity, in particular. On Dwarf Beans and Corn, no promises can be made, except to fill orders in order as received, while our stock lasts. Nearly all varieties are in very short supply.

One-quarter *bushel*, or more, at *bushel* rates. Less than $\frac{1}{4}$ bushel —

If price is \$2.50 per bu., or less, 15¢ per quart.

If price is \$2.75 per bu. to \$4.25, 20¢ per quart.

If price is \$4.50 per bu. to \$7.25, 25¢ per quart.

If price is \$7.50 per bu., or more, 40¢ per quart.

Liberal packets at 10¢ each.

These prices are for orders by express or freight; if by mail add 15¢ per quart for postage. We supply smaller packets by mail at 10¢ each, post-paid. Bags and barrels used in packing charged at cost, except when cash is sent with order no charge will be made.

Garden Seeds.

In garden seeds, many varieties are in very short supply, — Cucumber, Egg Plant, Muskmelon, and Squash seeds in particular. On these varieties there has been an unusual advance in price, the supply of seed being far less than the quantity required for usual demand.

On all varieties where the price is 40¢ per pound, or more, $\frac{1}{4}$ pound at pound rate.

Where pound price is less than 40¢, $\frac{1}{2}$ pound at pound rate and $\frac{1}{4}$ pound at 10¢.

Where pound price is 50¢ or less, 5¢ per oz.

Where pound price is 55¢ to \$1.20, 10¢ per oz.

Where pound price is \$1.25 to \$2.00, 15¢ per oz.

Where pound price is \$2.25 to \$3.00, 20¢ per oz.

We will supply liberal 5¢ and 10¢ packages of any variety by mail, post-paid when cash is sent with order. Larger ones used on express or freight orders. Where seeds are ordered at pound rates by mail, 10¢ per pound must be added for postage. Bags used in packing will be charged at cost, except when cash is sent with the order no charge will be made.
