SPRING OF 1904

WHOLESALE TRADE LIST
OF THE
FRAMINGHAM NURSERIES

W. B. WHITTIER & CO.
SOUTH FRAMINGHAM, MASS.

Telephone 142-4, Framingham.

How to Reach Our Nurseries from Boston.

Take train at South Union Station (30 trains daily) to South Framingham, thence by Saxonville electric cars 1 1-2 miles, to within a few minutes walk of our office.

The Boston and Worcester (a new electric line from Boston to Worcester) cars pass in sight and quite near our grounds.

Boston & Worcester cars leave Park Square every 30 minutes (fare 20 cents); also Chestnut Hill cars leaving Park Street Station (subway) every 12 minutes make close connections at Chestnut Hill with the Boston & Worcester.

Corner of Eastern Avenue and Concord Streets is the nearest stopping point on Boston & Worcester line.

COMMONWEALTH OF MASSACHUSETTS.

STATE BOARD OF AGRICULTURE.

Official Certificate No. 15.

BOSTON, August 31, 1903.

TO WHOM IT MAY CONCERN:

This is to certify that I have this thirty-first day of August, 1903, completed the inspection of the nursery stock of W. B. Whittier & Co., grown at South Framingham, State of Massachusetts, and find it to be apparently free from the San Jose scale and other injurious insects and diseases which might be transferred on nursery stock from the nursery to the orchard or garden.

This certificate is good until July 1, 1904.

(Signed) H. T. FERNALD, INSPECTOR.

Inspected by DEPUTIES E. A. BACK AND H. E. HODGKISS.

NOTICE

1. This list is intended for Nurserymen, Landscape Gardeners, Florists and Dealers in Nursery Stock.

Parties unknown to us, when writing for trade lists, should use printed stationery or enclose business card, so that we may know they are entitled to receive them. We will not send wholesale lists to gardeners on private estates.

2. The stock herein offered is strictly first-class in all respects, all nursery grown, and every tree, shrub, plant and vine offered in our list has been transplanted; all shade trees twice, all evergreens three times.

3. We will supply five, fifty and five hundred at the ten, hundred and thousand rates; but we cannot furnish long lists of varieties, two or three of a sort, either at the hundred or ten rates.

4. We commence shipping about April 1st in Spring continuing until about May 20th to June 1st and in autumn usually from about October 1st until the ground freezes.

5. Most varieties of evergreen can be transplanted with safety in August and September.

6. We never substitute unless authorized by the purchaser to do so. In case we are sold out of the variety ordered, the customer is notified at once.

7. To avoid misunderstanding, purchasers should be careful in ordering to state the size, 1 to 2 ft, 2 1-2 to 3 ft, 3 to 4 ft., etc., just as noted in list.

8. Purchasers will please give explicit shipping directions. State in all cases whether you want your goods by freight or express. When no special mode of conveyance is mentioned, we will forward according to our best judgment, but we cannot assume any responsibility after the goods are delivered to the forwarders.

9. We pack carefully in boxes and bales, using damp moss to protect the roots, for which a charge will be made sufficient to cover cost.

10. Terms cash, except that to reliable parties we are glad to allow until June 1st on Spring bills, and December 1st on Fall bills. All Spring bills remaining unpaid June 1st and Fall bills December 1st will be subject to sight draft without further notice, unless special arrangements are made.

11. We will not ship any stock or accept orders from unknown parties without cash in advance, satisfactory reference or security. On receiving orders from such parties we will at once communicate with their references, and if a satisfactory reply is received the plants will be shipped.

12. We will not send goods by express C. O. D. unless twenty-five per cent. of the amount of order accompanies same as a guarantee.

13. All claims for deficiencies or errors of whatever nature, should be made immediately upon receipt of stock, so that the same may be rectified without delay.

14. Freight or express charges will be prepaid, when so directed, and the amount added to the bill. We will ship stock on the day specified, if possible, but it will help us greatly to have a few days' notice before the goods are to be shipped. Early orders are always preferred.

FRAMINGHAM NURSERIES,
W. B. WHITTIER & CO.

Baltimore Belle, 2 yrs, good strong plants	1 25	
Dorothy Perkins, strong field-grown plants	2 50	

(NOTE—We consider Dorothy Perkins *one* of the best, if not the best, Climbing Rose we have ever handled. It has proved hardy here, having stood on our grounds two Winters without any protection. It is a strong grower and free bloomer; color of flowers, a beautiful pink.)

BLOCK OF SUGAR MAPLES, FOUR YEARS OLD.

Three years transplanted from the seed bed. The trees when photographed were seven to nine feet, and show the vigorous growth obtained on our soil.
