FOR THE TRADE ONLY

THE HUNTSVILLE WHOLESALE NURSERIES PRICE LIST.

Terms and Conditions Governing Quotations in the Price List of the Huntsville Wholesale Nurseries.

RATES.—As we send this list to the trade only, we make the difference in prices between the 10, 100 and 1000 rates very slight—simply sufficient, as a rule, to cover the difference in the expense of handling in the smaller numbers. We uniformly tie in bunches of 10, when consistent with the order, and we suggest to our customers to make their orders for varieties in multiples of 10 as far as practicable. Orders for 50 and not over 300 trees, if for not less than 10 of a variety, will be charged at the rate per hundred. Orders requiring 300 trees or more, and not less than 10 of a variety, will be filled at the lowest quoted prices. Orders for less than 10 trees of one variety, will be charged at the rate per ten.

SEASON.—Our packing and shipping season begins by the 20th of September, and continues until about the first of March.

We have great advantages to offer here in early shipments for the North in Spring. We do not accept orders for trees we do not grow, as we never buy trees to sell again. You can depend upon us for fresh dug trees. Each order is taken up separately, and not until it is wanted for shipment.

SHIPPING DIRECTIONS.—We respectfully beg our patrons to furnish us with explicit *directions as to shipping*, and the mode of conveyance by which they desire trees forwarded. When no particular directions are given, we forward according to the best of our judgment. *But in no case do we assume any responsibility as to safe delivery and condition of Trees and Plants after a proper shipment by us.*

RELEASE.—When prepayment of freight is not required, we will Release and Guarantee, and take forwarder's receipt and mail to consignee. It is left to the option of the shipper of trees over some railroads, whether he will release them or not under the clause "Value less than \$5.00 per 100 lbs." If released under this clause, the freight is less on roads governed by this classification, and we will assume it to be proper to make this release, without reference to the value of the trees, unless instructed to the contrary. This clause does not apply upon roads under some of the district classifications, and because of this confusion we will not be held responsible for any oversight to release, unless instructed by our customers. Claims for delay or loss must be made to the forwarders.

PACKAGES.—The cost of package must be added to the prices quoted in this list, as follows:

Boxes 30 inches square, from 7½ to 9 feet long, as the trees may require, each \$2.50; boxes 24 inches, \$2.00; boxes 18 inches, \$1.50; bales from 25c. to 75c. each.

PACKING.—Goods will be packed in moss, and especial care taken to insure their arrival in the best condition.

ASSORTMENTS.—We do not require customers to take an assortment they do not wish, but will sell one variety alone if desired. If any substitution can be allowed, either in grade or variety, it should be so stated when making the order. As a rule we do not substitute without permission.

CAUTION.—We accept all orders upon the condition that they shall be void, should any injury befall the trees from frost, hail, storm, fire, or other causes over which we have no control.

TERMS.—Cash. When desired, we will allow 30 to 60 days from date of shipment to responsible,

prompt-paying customers. Parties with whom we have had no business transactions, will save time by sending reference, with order. We wish it expressly understood that payment is expected from the first collections made, and the time named is only intended as so many days of grace in which to make returns. To northern customers, who wish to lay in stock for Spring trade, we will ship late in Fall or early in Spring, and allow time for payment till May 15th. If shipment is required in the Fall for Spring use, a note is to be given upon receipt of the trees. We do not allow any discount for cash, but we make our prices low to command cash, or prompt returns. In orders when the time is not mentioned, 30 days is to be understood. Interest at the rate of 8 per cent. per annum must be paid on over due accounts. Should prices be changed, either higher or lower, during the season, the prices ruling at the time the order is made, are expected to stand.

FORMS OF PAYMENT.—All bills are payable at the office of the seller, and remittances should be made by drafts on New York, Chicago or St. Louis, or by money orders on some Express Company, or by postal orders. We will, however, accept checks from those of our customers who may be located at places having no banking, express or postal facilities, provided they make them in every case payable "with exchange", or add ¼ of one cent, to the amount of the bill for the cost of collection.

GRADES.—We grade very carefully, in some cases by caliper, in others by height. When graded by both caliper and height, the caliper must govern, as the height then named is only to be considered approximately. When graded by height or caliper, we include the lower number and exclude the higher. Instance: in a grade of 4 to 5 feet trees, the 4 feet trees are included, but not the 5 feet trees. If 5 feet trees are wanted, the 5 to 6 feet grade must be ordered.

GUARANTEE OF GENUINENESS.—While we exercise the greatest diligence and care to have all our Trees, etc., true to label, and hold ourselves in readiness, on proper proof, to replace all trees, etc., that may prove untrue to label, free of charge, or refund the amount paid, it is mutually understood and agreed to, between the purchaser and ourselves, that our guarantee of genuineness shall in no case make us liable for any sum greater than that originally received for said trees, etc., that shall prove untrue.

ACCEPTANCE.—Notice should be sent us by telegraph, at our expense, if there is any cause of complaint, or should the trees be refused, stating reasons. Claims for deduction, from whatever cause, will receive consideration only when made promptly upon the receipt of the trees. If trees show any signs of shrivelling upon arrival, they can usually be restored by being thoroughly watered and buried entirely under the ground for two or three days. Should there be any frost in the trees upon arrival, they should not be removed from the box until the frost is all out. The box should be placed in the cellar or protected in some other way. The presence of frost in the boxes is not to be considered an evidence of bad condition, as we pack to secure the trees against damage, if the frost is allowed to come out in the natural way. Goods will be considered accepted if removed from the boxes in which they are packed, without notice of complaint to us and without our orders for their disposition.

PEACH TREES—On Peach. Leading Varieties.

Our Peach trees are budded on seedlings grown from Tennessee and Alabama natural pits. They are free from aphid, Root-Knot and Crown-Gall. We can supply beautiful large, medium and small-sized trees. The land upon which our peach trees are grown produce a well-matured tree, with fine fibrous roots. Our peach trees have been grown with especial reference to the Southern trade, where medium or small sizes are mostly wanted. The San Jose Scale, Yellows and Rosette are unknown in this section, and we have been careful not to bring in any buds from affected localities.

Inspector's Certificate.

This is the nurserymen's paradise. There are no injurious insects on nursery stock,—no slugs on pears, no aphid on cherries, plums, nor peaches, no San Jose Scale, Root-Knot, nor Crown-Gall on anything. There are some borers in peach roots; but everybody knows how to get them. We have Inspector's certificate showing our nurseries to be free from San Jose Scale and other pernicious insects.

The Huntsville Wholesale Nurseries.

The Nursery Tract comprises 1021 acres, of which 700 acres are now planted in Nursery Stock. In addition to the houses used for nursery purposes and the houses occupied by the superintendent and his assistants, there are twenty-six cottages on the place occupied by the workmen. The cottages are located on the outside line of the nursery tract, separated as widely as possible. The number of hands employed vary from 80 to 150, dependent upon the season of the year. The number of trees now growing in these nurseries are as follows:

155,600 Kieffer Pear Grafts, two years,	510,000 Peaches, one year,
55,000 Pears, 2 yrs., budded, ass'd varieties,	1,250,000 June Budded Peaches

Address all correspondence on business with these Nurseries to
W. F. HEIKES, Manager, Huntsville, Ala.

On stock grown at Biloxi, the freight is to be paid from there by the buyer. The prices of boxing and baling to be added to quotations. Terms and conditions are the same as for the Huntsville Wholesale Nurseries.

On orders sent in by Northern customers for Spring delivery we will pay freight to St. Louis and hold in cold storage there until wanted. We deliver to transfer companies and the cost of drayage will follow as advance charges, or be added to the bill.

We have a very fine stock of Roses at Biloxi this year, especially in the Hybrid Perpetuals Mosses, Crimson Rambler, Marechal Niel and Climbing Perle des Jardins.

The No. 1 plants will have three or more branches and will be cut back to 18 or 24 inches. The roots are very fine.

We make a grade of Roses called No. 1½. This grade will be made up of plants just under No. 1, such as do not have the required number of branches or slightly under weight and height, and make a very nice grade for mailing.

The plants under No. 1½ we class as No. 2. We recommend them for transplanting. The tops of these will be cut back to two or three inches.

Unsolicited Testimonials.

KANSAS, April 13, 1903—"The trees were all in fine shape. Your trees have finer roots than any I have ever got of anyone else."

NEBRASKA, April 11, 1903.—"I send draft for \$200. Will send balance soon. The cherry trees are the best I ever bought."

KANSAS, MO., April 8, 1903.—"The roses arrived in good condition and much better than we had anticipated; in fact they were more than satisfactory."

IOWA, April 6, 1903.—"The plums received and in very good order."

WISCONSIN, April 4, 1903.—"We note your shipment of the third box of plums as ordered. We received the other two boxes all right and the same are O. K."

KANSAS, April 4, 1903—"Box trees received. Never saw better cherry and pear. Regret you could not furnish all the stock we wanted."

MISSOURI, March 4, 1903.—"I have already bought of _____, but would much prefer your trees if I had known I could have got them."

TEXAS, February 19, 1903—"The trees we got of you were the best of that grade that I ever saw. Every one was more than pleased."

GEORGIA, January 10, 1903—"The trees arrived on last night's freight. We opened them up this morning and found them in good condition—in fact we think it as nice a lot of trees as we have ever seen. We were pleased with the shipment."

GEORGIA, February 7, 1903—"The people here in this locality are highly pleased with your trees."

MISSOURI, January 4, 1903—"The car load of trees we got of you last Spring grew finely."

GEORGIA, March 27, 1903—"All who have seen the trees we bought of you this season pronounced them to be as fine a lot of trees as they have ever seen. We do not want you to think we are given to flattery too much, but we did not see any trees that were shipped to this point that in any way compared with them."

IOWA, March 16, 1903—"Your goods arrived to-day and are all O. K."

GEORGIA, Jan. 2, 1903.—"I found the trees very fine."

TENNESSEE, Jan. 5, 1903.—"I have bought trees for my orchards the past few years from many different places, and I find those received from you superior to any others."

GEORGIA, Dec. 29, 1902—"Trees came to-day and they are a fine lot. Enclosed find \$60 to pay for them."

TEXAS, December 22, 1902.—"This finishes your delivery at this place and everybody is well pleased with the trees. All say the trees came in the best shape they ever saw before from anywhere. I think I can sell more for you next year than I did this."

TEXAS, Dec. 10, 1902.—"All our customers are well pleased with the peach trees. They are the finest ever delivered here."

DELAWARE, July 9, 1902.—"Years ago I sold a lot of your Japan Plums. They are giving us splendid results. Please quote me prices."

IOWA, June 30, 1902—"I am very sorry you are sold out of peach trees. I would like to have had some more like I got of you last Spring. They gave the best satisfaction of any trees I ever sold."

NEW JERSEY, June 3, 1902—"It seems to me you must put a dressing on your trees to give them a nice color. Is my idea correct?"

ILLINOIS, March 24, 1902—"The stock came to hand and opened up all right, and was well pleased with the stock."

MISSOURI, March 23, 1902.—"Been buying trees of you occasionally for 20 odd years and never received a bad lot. Wonder how you can produce such uniformly fine roots."
