BULLETIN NO. 1.

SURPLUS STOCK

— FROM —

The Huntsville Wholesale Nurseries.

HUNTSVILLE, ALA.

Shipments from St. Louis, Mo.,

.....AT.....

ONE DAY'S NOTICE.

WE have for the past twenty-three years offered in assorted lots at St. Louis in Spring such stock as we had in surplus. Herein is a schedule of what we now have in St. Louis for immediate shipment. The stock is exclusively of our own growing, at Huntsville, Alabama, fresh dug this Spring, and packed in the best manner in moss and warranted in fine condition. Everything is fine of the grade, with full fibrous roots, and not culled, as we adhere to a strict system of grading.

BELOW THE BLIZZARD LINE.

Our nurseries are far enough south to escape the severe freezing weather. Everything is bright, green and fresh—sound to the tips. Nearly all the sorts offered are standard sorts, such as most nurserymen can use in assortment with their own growing. Orders should be sent in as soon as possible, but the stock need not be shipped until wanted, as we are prepared to hold it in good condition. We have nothing for sale not offered in this list.

It will be noticed by some of our correspondents that we have refused orders the past season for several articles listed. Our fear of overselling and some countermands are responsible for this. We ask attention to the small-sized trees offered for transplanting into nursery rows. All of the small trees, as well as the large ones, are very nicely rooted, and everything is young, smooth and bright.

We can refer to nurserymen who have bought of us in every State and Territory. We can give satisfaction, and guarantee it for those shipments.

TERMS: Cash with order, or 30 to 60 days from date of shipment to responsible, prompt paying parties. In box lots the price of boxes is included, but the price of boxes or orders filled from the Nurseries is extra. The cost of drayage will be charged in both cases.

For convenience in telegraphing a cipher is given. The cipher word stands for one box only in cases where there are more than one in the same assortment.

Address

Care ST. LOUIS REFRIGERATING & COLD STORAGE CO.,

Lewis & O'Fallon Streets, ST. LOUIS, MO.

ST. LOUIS, MO., February 28, 1903.

HEIKES--HUNTSVILLE--TREES.

Address **W. F. HEIKES, Manager,**
Care ST. LOUIS REFRIGERATING & COLD STORAGE CO.,
Lewis & O'Fallon Streets, ST. LOUIS, MO.

Be careful to give this address in full.

Use the Nurserymen's Telegraphic Code in telegraphing. Any one not in possession of a copy will be supplied upon application.

ASSORTED LOTS.

We offer the following assortments in box lots at low prices to insure quick sales. We will not open or repack anything. The stock is of the same quality as that sent out by us heretofore. Each box contains an assortment as shown. In ordering one or more boxes, should the particular lot desired be sold, state what substitution will be allowed. The prices quoted include the cost of boxes and the freight from Huntsville to St. Louis—the drayage charges are to be paid by the purchaser. When the postoffice address and the railroad station differ, always give explicit marks for the boxes when ordering.

PERFECT DORMANT CONDITION.

Our stock is all in perfect dormant condition, and we are prepared to keep it so until the end of the season, as everything is now in cold storage.

INSPECTOR'S CERTIFICATE.

Our card with Inspector's Certificate is placed on all boxes and packages. Any one ordering from a State where more than this is required should inform us in ample time to comply with the law. Should any one desire this card removed before shipping, it should be stated in the order.

FREQUENT BULLETINS.

We will issue Bulletins from St. Louis, weekly during March and April. Any one failing to receive them regularly will please write for copies.

TERMS AND CONDITIONS.

For further terms and conditions concerning risk of transportation, claims, etc., see our monthly Price List.

ROSES--Dormant. Field Grown.

Own Roots and Grafts.

The No. 1 plants will have three or more branches and will be cut back to 18 or 20 inches. The roots are very fine. We make a grade of Roses called No. 1½. This grade will be made up of plants just under No. 1, such as do not have the required number of branches or slightly under weight and height, and make a very nice grade for mailing.

No. 2 PLANTS FOR TRANSPLANTING AT ONE-HALF THE PRICE OF No. 1. The tops of No. 2 plants will be cut back to 2 or 3 inches, as they are only intended for transplanting
