CERTIFICATE OF INSPECTION OF NURSERY STOCK.

This is to certify that the stock in the nursery of ELLWANGER & BARRY, of Rochester, County of Monroe, State of New York, was duly examined in compliance with the provisions of chapter 519 of the Laws of 1902, and it was found to be apparently free in all respects from any contagious or infectious plant disease or diseases, or the San Jose scale or other dangerously injurious insects pest or pests. This certificate expires June 30, 1903.

Dated, Albany, N. Y., July 24, 1902.

C. A. WIETING,

Commissioner of Agriculture.

SPRING OF 1903.

WHOLESALE CATALOGUE

OF THE

MOUNT HOPE NURSERIES

ROCHESTER, N. Y.

ELLWANGER & BARRY, PROPRIETORS.

ESTABLISHED, 1840.

We take pleasure in presenting herewith our Wholesale Catalogue for the Spring of 1903.

The stock herein offered is of the best quality in all respects and well worthy the attention of Dealers, Nurserymen, and Planters.

We keep all our departments fully up to the times, adding every new variety of merit as soon as we are satisfied of its value.

Our collections are carefully examined every year, and such things as seem to have little or no value are discarded. In this way we offer to our customers assortments which we can recommend with the greatest confidence.

The extent and completeness of the collections of both Fruit and Ornamental Departments of these Nurseries, their reputation for accuracy, which is scrupulously maintained; the long experience of the Proprietors and their assistants, in digging, packing, shipping, and in every detail of Nursery work, are well worthy the consideration of purchasers. No pains will be spared to insure satisfaction to those who favor us with their orders. Special attention is directed to the articles in this Catalogue in full-faced type.

NOTE.—Prices heretofore quoted *per dozen* are now quoted *per ten*.

THE SPRING PACKING SEASON.

The Spring packing and shipping season usually opens here about the first of April and continues into the month of May. The planting season is not regulated by any particular month or day, nor by the state of vegetation where the planting is to be done, but by the condition of the trees to be planted. Hence, trees can be sent with safety from Rochester to localities several degrees south, even if they do not arrive until after the ordinary transplanting season in that locality has passed.

DIRECTIONS FOR SHIPPING.

Parties ordering are requested to state explicitly the mode of conveyance by which they desire their trees forwarded. When no route is designated, we exercise our judgment; but in no case do we assume any responsibility after the packages are shipped, unless for our own mistakes. When losses occur by detention, claims should at once be made on the forwarder.

CONDITIONS OF SALE.

FIRST—The articles in the following list will be furnished at the annexed prices only when the quantity specified shall be taken. *Five hundred* will be furnished at the *thousand* rate, fifty at the hundred rate, and five at the rate per ten. *In no case will we supply long lists of selected varieties, two or three of each, of either Fruit or Ornamental Trees or Plants, to Nurserymen or others, at wholesale rates, but at such a discount from retail prices as circumstances will justify.* Ordinarily a discount of from 20 to 33½ per cent. from retail single prices will be allowed on such lists. *Special rates given on very large orders.*

SECOND—In furnishing assortments of Fruit Trees, as well as Ornamental Trees, Shrubs and Plants, at the prices in this Catalogue, we reserve the right of selecting varieties, but these will be of leading popular sorts, and in all cases we will give the purchaser his choice as far as practicable.

THIRD—While we exercise the greatest care to have all Trees, Shrubs and Plants genuine and reliable, and hold ourselves prepared to replace, on proper proof, all that may prove untrue, we do not give any warranty, expressed or implied; and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the goods.

FOURTH—The terms of payment, CASH, or satisfactory security before delivery or shipment of trees.

The prices annexed do not include boxes or bales, which we charge for, at cost, as follows:

Boxes (including packing)	12 feet long by 30-inch ends.....	\$3 50
“ “ “	12 “ “ 28 “	3 25
“ “ “	10 “ “ 30 “	3 00
“ “ “	10 “ “ 28 “	2 75
“ “ “	10 “ “ 24 “	2 50
“ “ “	9 “ “ 30 “	2 75
“ “ “	9 “ “ 28 “	2 50
“ “ “	9 “ “ 24 “	2 25

Bales, according to size, 15 cents to \$2.50.

No charge is made for conveyance from the nursery to the Railroad Station.

CATALOGUES.

OUR GENERAL CATALOGUE of *Trees, Shrubs, Roses, etc.*, carefully revised, beautifully illustrated with half-tone engravings, contains accurate and trustworthy descriptions of the most valuable varieties in cultivation, and is replete with practical hints, indispensable to planters. *Free on request.*

WHOLESALE CATALOGUE OR TRADE LIST, issued semi-annually, *free.*

FRUIT TREES, SMALL FRUITS, ETC.

NOTE.—In filling orders at the prices annexed, we reserve the right of selecting the varieties, but will consult the wishes of our customers as far as we can. Orders for select varieties will be charged at special rates. Such articles as are not enumerated in this list can be supplied in retail quantities only.
